City Manager's Message

Signs of new construction projects mean good economic news for the community. These properties will add value to the tax rolls, both property and sales tax. Some of the major projects are mentioned in this issue.

Increased efforts are being made to step up communications to the community. Each household should have received a copy of *Impressions*, delivered by the *Taylor Daily Press* that features an annual report of the City.

"Ask Me" is a new service featured on the city's website: www.taylor.tx.gov. Citizens are encouraged to email ask@taylor.tx.gov on any topic. My door is always open.
