TELEPHONE DIRECTORY

OF

TAYLOR, TEXAS.

MARCH 1916

Please

Call By

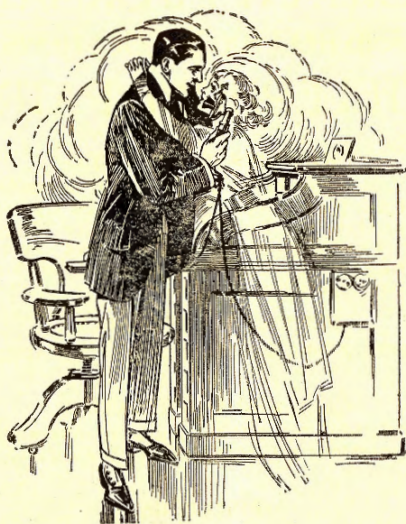

Number

Edward Sorensen, Local Manager

GENERAL OFFICES: WACO, TEXAS

The attention of the subscriber is called to the "Important Information" and "Suggestions" on pages 3, 4 and 5. Knowledge of these will insure more efficient service.

The Clear Transmission

of our toll lines eliminates distance, and bring you closer together.

Call
"Long Distance"
The Texas Long Distance
Telephone Co.

(LEASED LINES)

IMPORTANT INFORMATION AND HELPFUL SUGGESTIONS FOR TELEPHONE PATRONS

REPORTS OF TROUBLE

Reports of telephone out of order should be made either by telephone or in writing; if by telephone, call "Chief Operator," if in writing address, "Manager, The Texas Long Distance Telephone Company, Taylor, Texas." The telephone company cannot be responsible for delay in repairing trouble when same is not properly reported by the subscriber, as above specified.

SERVICE COMPLAINTS.

To make local or long distance service complaints, call the Manager's office.

CALL FOR INFORMATION

Call "Information" for new telephone numbers wanted, or to get answers to any questions regarding subscriber's name, number or address.

OPERATORS.

Operators are forbidden to visit over the line. Their exclusive business is to answer calls. Please do not engage them in conversation or explanation; it impedes the service. The Information Operator will gladly give you all desired information.

"THE LINE IS BUSY"

Does not mean that the operator is busy, but, on the contrary, that the subscriber with whom you wish to communicate is busy talking to someone else and you therefore cannot be connected with his telephone until such conversation is finished.

Very many of our subscribers are of the opinion that the operator gives out the statement quoted above in order to save herself the trouble of making the connection.

The incorrectness of this impression can best be demonstrated by a visit to our exchange, where it can readily be shown that the operator will have one-half the connection completed before she responds with the request for "Number, please." Again, a subscriber who receives report "The line is busy," will naturally call again, thereby requiring the operator to do additional work which could have been avoided had line not been previously reported busy. It can therefore be seen that it entails much less exertion and labor for the operator to call the party desired than to report "THE LINE IS BUSY."

PAYMENT OF ACCOUNTS

Bills for local service are due and payable monthly in advance on the first day of each month.

MOVING TELEPHONES.

When a telephone is installed it is located according to the directions of the subscriber. If afterward moved by request, a charge will be made covering the actual cost of moving. This charge the subscriber must pay in advance of the move.

USE THE DIRECTORY.

Never guess at a Telephone number. If you have the least doubt about the number look it up and thus save time and trouble. Be brief but courteous to the Operators. We require them to be so to you. They have no time to converse with you. Do not try to engage them in conversation.

TAYLOR PUBLIC LIBRARY
TAYLOR, TEXAS

GENERAL.

All persons calling from any pay stations will be requested to deposit money as soon as the number called for answers, regardless of whether or not the person wanted answers the telephone.

Call by number in latest directory and thus make it possible for the operator to complete your calls with speed and accuracy.

When operator answers, "Number Please," give your order slowly and distinctly one figure at the time, as four-one-six for 416.

When operator repeats be sure she has correctly received the number asked for.

PARTY LINE SERVICE.

Subscribers on party lines, both city and rural, should remember that the rights of other subscribers on the line must be respected. Do not hold these lines for long conversations. **CONVERSATIONS WILL BE LIMITED TO FIVE MINUTES** after notice is given that the line is desired by others. Service will be discontinued to those who are not willing to respect the rule.

YOUR LOSS IF RECEIVER IS LEFT DOWN.

Remember, if the receiver is left off the hook after conversation has been completed, your line will be reported as "busy," and if allowed to remain off longer than two minutes that any one calling your number will be informed "THE LINE IS OUT OF ORDER." This is a very common form of carelessness and has resulted in the loss of many important messages. Caution your clerks and employees to watch this point, especially where extension telephones are in use.

CHANGE OF NUMBER.

The Telephone Company reserves the right to change the subscriber's telephone number at any time, should it be absolutely necessary to make such change for the benefit of the service.

TO GAIN OPERATOR'S ATTENTION.

Any time during a connection move the hook up and down **SLOWLY** five or six times and repeat until the operator answers. A rapid movement of the hook gives no signal whatever to the operator.

EMPLOYEES OF THIS COMPANY.

are forbidden to receive from anyone any oral or written message for delivery or transmission by telephone. If it is done it will be solely as an agent for the person desiring same and this Company will assume no responsibility for such service.

No attachment of any character is to be made to the instrument or line without the consent of the Company.

LONG DISTANCE SERVICE

TO MAKE LONG DISTANCE CALL.

Call the local operator in the regular way and ask for "Long Distance." When the Long Distance operator answers give her the telephone number from which the call is made and the name of the person making the call. Then give the number of the telephone desired (if known), the city or town, and the state. If a particular person is desired, give his name. If the number of the telephone desired

is not known, give the firm name or the name and initials of the person under whose name the telephone is listed, and, if possible, the street address.

EXAMPLE: "This is number four-six-one, Mr. Brown. I wish to talk to Mr. Stacy, telephone number three-one-seven, Austin," or, "I wish to speak with Mr. J. L. Smith of Smith-Jones Co. at Fort Worth—if he is not there, I will talk with Mr. Jones." The operator, after repeating any details of which she is not certain, will say: "The operator will call you." Then hang up your receiver until the operator calls back. If you are obliged to go out before you are called, leave word **JUST WHEN** you expect to return or where you can be reached by telephone.

MESSENGER CALLS.

If the person desired is not connected by telephone, a messenger will be sent to his address to request him to come to a telephone, provided the party calling guarantees payment for the messenger service. The exact amount disbursed for the messenger service will be charged in addition to the Company's tariff rates.

APPOINTMENT CALLS.

Appointment to talk at a specified time may be made by notifying the long distance operator of the time at which the connection is desired. No extra charge will be made for appointment calls (except for messenger service when such service is involved), but the Company cannot guarantee the completion of the connection at the exact time specified.

COLLECT CALLS.

The charges on a long distance call, including messenger charges, if any may be made against the telephone called, provided the charges are accepted by the party called. Requests to have the charges collected from the telephone called should be made when the call is given to the Long Distance operator.

LEAVE WORD CALLS.

If a person with whom you wish to talk is not immediately reached at the telephone called, word may be left (without charge) to have him call when ready to talk.

REPORTS.

In case delay is encountered in completing a call, the long distance operator will advise the person calling at reasonable intervals regarding the cause of the delay. If the report is desired, call the long distance operator, and ask her for the information desired.

RATES AND CHARGES.

Rates for long distance service are based upon an initial period of two minutes, and the two minute rate will be charged for connections not exceeding two minutes. For overtime, beyond the initial period of two minutes, charge will be made by the minute for each additional minute or fractional part thereof. The long distance operator will not interrupt conversation to notify subscribers of the expiration of the first two minutes.

SUBSCRIBER'S RESPONSIBILITY.

Subscribers will be held responsible for toll calls originating at their telephone, whether made by themselves, their clerks, or guests. If conversation is not satisfactory, notify the toll operators immediately, otherwise no refund will be allowed.

Help
Us
Improve
Your
Service

By speaking directly into the Transmitter. When your voice is directed away from the transmitter the result is the other party cannot hear you as well as he should.

Your Share In the Telephone

When a new subscriber is handed his telephone there is given over to his use a share in the lines, cables and switchboards and every other part of the apparatus of a telephone plant.

It is obvious that this equipment could not be installed for each new subscriber. It would mean constantly rebuilding of the plant, with enormous expense and delay. Therefore practically everything but the telephone instrument must be in place at the time service is demanded.

Consider what this involves. The telephone company must forecast the needs of the public. It must calculate increases in population. It must figure the growth of the business districts. It must estimate the number of possible telephone users and their location.

The plant must be so designed that it may be added to in order to meet the estimated requirements of five, ten or even twenty years in advance of the demand for them.

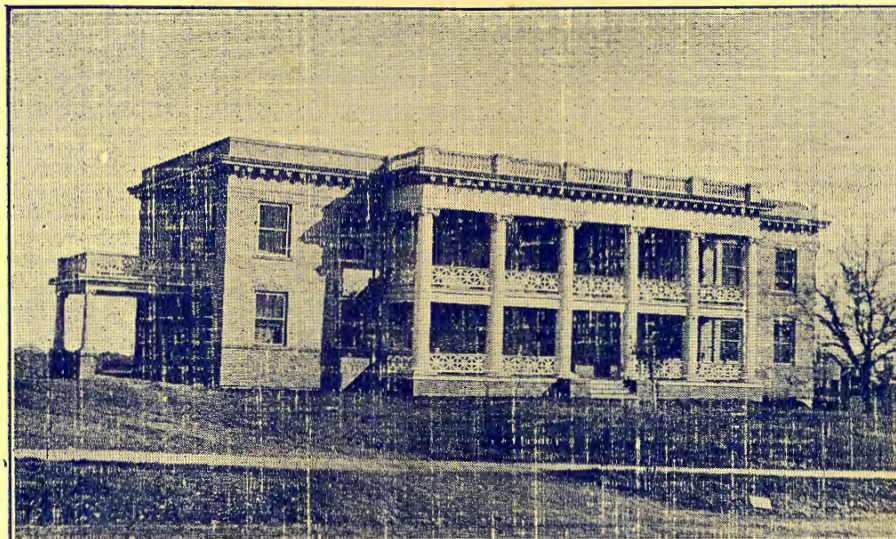

The investment of a telephone company in facilities that must lie idle for a considerable length of time is enormous but the company that does this is contributing its part toward the growth and development of the community which it serves.

TAYLOR PUBLIC LIBRARY
TAYLOR, TEXAS

The Taylor Sanitarium

WEST SEVENTH STREET
