LONG DISTANCE SERVICE

TO PLACE A LONG DISTANCE CALL ASK OPERATOR FOR "LONG DISTANCE"

The Southwestern Bell Telephone Company, through its relation with other telephone companies, is enabled to establish communication promptly at reasonable cost to almost any telephone in the United States as well as to telephones in many cities in Canada and Cuba.

Long distance rates and charges are based upon:

- (1) Mileage distance between telephones connected, and
- (2) The length of time the connection is held by the patron.

The different classifications of long distance service are as follows:

STATION TO STATION CALLS

This is the simplest sort of long distance call and consequently can be completed with the greatest speed and at the lowest cost.

This class of service can be used in all cases where it is satisfactory to establish connection when anyone answers at the called telephone. Calls for "one of the firm", or "anyone who can talk business" or for a certain department or for a specified station of a private branch exchange system are "person-to-person" calls.

Charges may be "reversed" without any change in rate when the rate is 25 cents or more. A slight additional charge is made when the initial rate is less than 25 cents.

STATION-TO-STATION "DAY" RATES apply on calls when the conversation begins between 4:30 A. M. and 7:00 P. M.

STATION-TO-STATION "EVENING" RATES apply on calls when conversation begins between 7:00 P. M. and 8:30 P. M., and are about three-fourths of the day rate where the day rate is 40 cents or more with a minimum reduced rate of 35 cents.

STATION-TO-STATION "NIGHT" RATES apply on calls when conversation begins between 8:30 P. M. and 4:30 A. M., and are about one-half of the day rate

where the day rate is 40 cents or more, with a minimum reduced rate of 35 cents.

When a call is completed between points where different times of day apply, the time of day at the calling point governs.

TO PLACE-A-STATION-TO-STATION CALL give the long distance operator your call as follows: If you know the number, say, for example, "I want Dallas, Texas, 2-4568". If you do not know the number, say, for example, "I want Topeka, Kansas, John Doe's Residence at 1422 Swiss Avenue".

TWO-NUMBER CALLS

This class of service can be used in all cases where the telephone number of the desired party is known. To place a two-number call, give the name of the called place, followed by the number of the desired telephone, to the local operator, for example: New Braunfels, 1381. Hold the line until an answer is received from the called number or a report of delay is received from the operator.

PERSON TO PERSON CALLS

A "Person-to-Person" call is one on which a particular person, or some one of a group of persons, or a certain station of a private branch exchange system, is specified to be reached at the called telephone. The rates on "Person-to-Person" calls are approximately 25% higher than the rates on Station-to-Station calls and reduced EVENING and NIGHT rates do not apply.

The charges on Person-to-Person calls may be reversed and billed to the called telephone, if the operator is so instructed when the call is placed, and if the called person accepts the charge.

TO PLACE A PERSON-TO-PERSON CALL give the long distance operator your call as follows: "I want Sedalia, Missouri, 6789, Mr. Jones", or "I want Hannibal, Missouri, Mr. James Warren at 1604 Fremont Street".

REDUCED EVENING AND NIGHT RATES DO NOT APPLY ON TRANSOCEANIC, CUBA OR MEXICO CALLS.

REPORT CHARGES

It is sometimes impossible to establish conversation on Long Distance calls, due to reasons beyond the control of the Telephone Company and although the preliminary work of handling the call is properly performed. In such cases a small charge is made for the work already done. Conditions under which a report charge is made include:

1. Refusal of the called person to talk or allow the charges to be reversed.
2. Inability to reach the called or calling person after the called point has been reached.
3. Inability on the part of the Telephone Company to locate the called person when insufficient information has been supplied by the person placing the call, and

4. On station-to-station collect calls when the charges are not accepted at the called station and the calling party is unwilling to pay the charge for completing the call.

The charge is not made unless a definite report is made within one hour after the call is placed provided that no delay is announced at the time the call is accepted. No charge is made when the reason for not completing the call is because "lines are busy", "out of order" or because the "called telephone does not answer".

Report charges do not apply to station-to-station calls except on collect station-to-station calls where the calling party is unwilling to pay the charge for completing the call if the charges are not accepted at the called station.

RATES

The following table furnishes an example of the difference in rates for the various classes of long distance service. (Unless otherwise indicated, these rates are for a three-minute conversation. Additional minutes are charged for proportionately.)

STATION-TO-STATION RATE			CORRESPONDING RATE	
DAY 4:30 A. M. To 7:00 P. M.	EVENING 7:00 P. M. To 8:30 P. M.	NIGHT 8:30 P. M. To 4:30 A. M.	Person To Person Call	Report Charge For Person- to-Person Calls
\$1.60	\$1.35	\$0.90	\$2.00	\$0.30
.80	.70	.50	1.15	.20
.40	.35	.35	.55	.10
.20	.20	.20	.30	.10

Rates to any point will be furnished immediately on request. Call "Long Distance" and ask for the Rate Clerk.

Reduced evening and night rates do not apply on Transoceanic, Cuba or Mexico calls.

REQUEST FOR CHARGES

If a patron desires notification of the amount of the charge on a message, the long distance operator should be so advised at the time the call is placed. If the request for such information is not made until the completion of the conversation, unavoidable delay results while the operator obtains the rate and computes the charge.

MISCELLANEOUS INFORMATION

ADVERTISING TELEPHONE NUMBERS. Business subscribers often find it convenient to their customers to place their telephone numbers on their stationery, cards, advertising, etc. The telephone company recommends doing this, but the growth of the city and the corresponding growth of telephone facilities sometimes requires the change of telephone numbers. It is therefore suggested that stationery, cards, etc., which show the telephone number, not be printed in quantities that would involve a loss due to changes that might be necessary as a result of the telephone number being changed with a subsequent directory.

Business subscribers who have more than one telephone number will receive the greatest benefits from their service if the telephone numbers are grouped or consecutive, and only the first telephone number of the group is advertised to the public.

EMERGENCY CALLS. Reports to the Fire Department and Police when the patrons do not call by number, are not a part of the service for which the Telephone Company contracts, but are purely an accommodation and may be discontinued at any time. The Telephone Company assumes no liability for mistakes of its employees in rendering this accommodation service, and the patron by requesting such service makes the operator his agent for such purpose.

ERRORS IN DIRECTORY. Great care is exercised in the preparation of this directory, but the Southwestern Bell Telephone Company assumes no liability whatever for damages arising from errors and omissions in the printing of this directory.

CHANGE OF TELEPHONE NUMBERS. The Telephone Company reserves the right to change telephone numbers from time to time as the necessities of the business may require.

MOVING TELEPHONES. As a large amount of telephone equipment has to be moved yearly, it is neces-

sary that subscribers give at least ten days' notice in writing when they are moving to new quarters. Ample notice will enable us to move telephone equipment so that telephone service will be practically uninterrupted. Owing to the large number of move orders on or about May 1st and October 1st, thirty days' notice should be given of moves desired at those times, if possible.

ANY CHANGES IN THE LOCATION OF TELEPHONE INSTRUMENTS and equipment must be made by the employees of the Telephone Company.

WHEN ANSWERING CALLS time will be saved if you immediately give your number or name, as "6358", or "Jones' Department Store". This informs the person calling that the desired connection is established. Please answer the telephone promptly.—Courtesy to the calling party requires it.

UNSATISFACTORY SERVICE. Uniform courtesy and politeness is an imperative rule of this Company, and all employees are required to be courteous and patient at all times. If service is unsatisfactory, prompt report should be made of it by calling "Chief Operator". Do not report unsatisfactory service to the operator, as conversation by operators, beyond that necessary to complete connections impairs the service. Reports of unsatisfactory service should be telephoned, not written, as a more satisfactory investigation is possible when an immediate report is made to the Chief Operator.

This directory is the property of the Southwestern Bell Telephone Company. It is loaned free to the subscriber and must be returned upon delivery of a copy of the new edition.

All persons are cautioned against attaching any unauthorized advertisement to the directory or any device that will obscure or interfere with any authorized advertisement in the directory or on the cover.
