TO ADD VALUE TO YOUR TELEPHONE SERVICE

ANSWER PROMPTLY ...

When your telephone rings, answer promptly. A delay may cause you to miss an important call.

IDENTIFY YOURSELF ...

When you answer, identify yourself immediately with some such phrase as "132" or "Smith Department Store." Answering in this manner eliminates needless questioning ... saves time.

ALLOW TIME TO ANSWER ...

When you place a call, give the called party time to get to his telephone from another part of the house, or even from the yard. Wait at least a minute.

SPEAK DISTINCTLY ...

Talk directly into the telephone. Your lips should be about half an inch from the mouthpiece. Use a natural, pleasant voice. Don't whisper. Don't shout.

FACTS ABOUT LONG DISTANCE SERVICE

To assist you in choosing the service to use

STATION-TO-STATION CALLS

The rates are lower on these

On the lower-priced station-to-station call, you talk to anyone who answers at the number called. To make a station-to-station call:

Call "Long Distance." Give the Operator the name of the town to which you want to talk, and the telephone number, if you know it. For example, say "Galveston, Texas, 4568" or "Galveston, Texas, Mr. John Smith's residence at 1500 Broadway."

Be sure **not** to specify any particular person, or the number or location of any Private Branch Exchange station (such as Room 711, Hotel Excelsior, or Shipping Department). Such calls take the higher person-to-person rate.

Facts About Station-to-Station Calls:

1. Rates are lower than person-to-person calls except on some collect calls where the rate is 25 cents or less. See rate table on inside front cover of this directory.
2. They are usually more quickly completed than person-to-person calls.
3. Where the rate is 25 cents or less, you are permitted a five-minute conversation without additional charge except on some collect calls. Where the rate is over 25 cents, the initial period is three minutes.
4. The call is timed from the moment the called telephone is answered.

PERSON-TO-PERSON CALLS

You talk to a particular person

On person-to-person calls, you talk only to a particular person or a particular extension, such as "Mr. John Jones, Grand Hotel" or "Room 711, Grand Hotel." This service assures your getting to talk to the person you want. To make a person-to-person call:

Call "Long Distance." Give the Operator the town, the telephone number or address, and the name of the person or department you want. For example, say "Galveston, Texas, 4568, Mr. John Smith" or "Galveston, Texas, 4568, Extension 711."

Facts About Person-to-Person Calls:

1. Charges do not begin until you start talking with the **person** or extension telephone with whom you wish to speak.
2. All initial periods are for three minutes. The rate for person-to-person calls is somewhat higher than for station-to-station calls.
3. We will make repeated attempts on the same or a later day to reach the person with whom you want to talk, at different telephones or even in different towns. No additional charge is made for this service. However, on calls within the state if your party cannot be reached for reasons beyond the control of the Telephone Company, or your call is cancelled, a "report" charge is made.

COLLECT CALLS...

You may "reverse" charges; that is, have them billed to the called telephone. Simply tell the operator you want to call "collect." If the called party agrees to pay the charges, they will be billed to his telephone.

FOR FASTER SERVICE...CALL BY NUMBER...

If you know the number of the distant telephone, give it to "Long Distance." It will speed your calls.

ADDITIONAL LISTINGS

Information says:

“PLEASE LOOK”

(perhaps the number's in the book)

**When this caution goes unheeded,
Lots of extra time is needed.**

1 1 1

**Circuits crowded in this way,
Often cause undue delay.**

1 1 1

**Check your number — when you do,
ONE call does the work of TWO!**

1 1 1

**Hence, the moral of this rhyme
Is “use the book and
you’ll save time.”**

Co-operation pays on party lines

**Party-line neighbors reap dividends in
better telephone service when they make
calls brief...allow time between calls...
replace receiver properly when finished.**

I've got your number!

Just keep me in a handy place, near your telephone, and I can help you a lot.

You see, that's what I was made for, to give you correct telephone numbers. Oh yes, I can give you the correct spelling of names and I can verify your neighbor's initials. But giving you correct telephone numbers is my main job.

It's always a good idea to be sure of a telephone number before you call. One wrong number wastes more of your time than it takes to look up half a dozen right numbers.
