TO ADD VALUE TO YOUR TELEPHONE SERVICE

ANSWER PROMPTLY . . .

When your telephone rings, answer promptly. A delay may cause you to miss an important call.

IDENTIFY YOURSELF . . .

When you answer, identify yourself immediately with some such phrase as "132" or "Smith Department Store." Answering in this manner eliminates needless questioning . . . saves time.

ALLOW TIME TO ANSWER . . .

When you place a call, give the called party time to get to his telephone from another part of the house, or even from the yard. Wait at least a minute.

SPEAK DISTINCTLY . . .

Talk directly into the telephone. Your lips should be about half an inch from the mouthpiece. Use a natural, pleasant voice. Don't whisper. Don't shout.

RECORDING OF TELEPHONE CALLS

If you hear a short "beep" tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without this signal is unlawful. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the "beep" tone.

FACTS ABOUT LONG DISTANCE SERVICE

To assist you in choosing the service to use

STATION-TO-STATION CALLS

The rates are lower on these

On the lower-priced station-to-station call; you talk to anyone who answers at the number called. To make a station-to-station call:

Call "Long Distance." Give the Operator the name of the town to which you want to talk, and the telephone number, if you know it. For example, say "Galveston, Texas, 5-4568" or "Galveston, Texas, Mr. John Smith's residence at 1500 Broadway."

Be sure **not** to specify any particular person, or the number or location of any Private Branch Exchange station (such as Room 711, Hotel Excelsior, or Shipping Department). Such calls take the higher person-to-person rate.

Facts About Station-to-Station Calls:

1. Rates are lower than on person-to-person calls except on collect calls to nearby points. A small additional charge is made on these calls when placed collect.
2. They are usually more quickly completed than person-to-person calls.
3. Generally the initial period of conversation without additional charge is three minutes; on some calls to nearby points the initial period is five minutes.
4. The call is timed from the moment the called telephone is answered.
5. See rate table on inside front cover of this directory.

PERSON-TO-PERSON CALLS

You talk to a particular person

On person-to-person calls, you talk only to a particular person or a particular extension, such as "Mr. John Jones, Grand Hotel" or "Room 711, Grand Hotel." This service assures your getting to talk to the person you want. To make a person-to-person call:

Call "Long Distance." Give the Operator the town, the telephone number or address, and the name of the person or department you want. For example, say "Galveston, Texas, 5-4568, Mr. John Smith" or "Galveston, Texas, 5-4568, Extension 711."

Facts About Person-to-Person Calls:

1. Charges do not begin until you start talking with the **person** or extension telephone with whom you wish to speak.
2. All initial periods are for three minutes. The rate for person-to-person calls is somewhat higher than for station-to-station calls.
3. We will make repeated attempts on the same or a later day to reach the person with whom you want to talk, at different telephones or even in different towns. No additional charge is made for this service.

COLLECT CALLS . . .

You may "reverse" charges; that is, have them billed to the called telephone. Simply tell the operator you want to call "collect." If the called party agrees to pay the charges, they will be billed to his telephone.

FOR FASTER SERVICE . . . CALL BY NUMBER . . .

If you know the number of the distant telephone, give it to "Long Distance." It will speed your calls.

What kind of a party-line neighbor are you?

Leave the receiver off the hook so no one else can call.

Even in an emergency, refuse to give up the line.

Make it a habit to place one call after another.

Only consider yourself—never look out for a neighbor.

Never hear a conversation without jiggling the receiver.

Prefer to extend little courtesies to the other fellow.

Educate children to use the telephone properly.

Always space calls a few minutes apart.

Consider your party-line neighbor—follow the golden rule.

Hang up promptly and gently when the line is in use.

PLEASE..

Take good care of me and I'll serve you well

I'm your telephone directory. If you treat me carefully, I'll help you get good telephone service.

But if my pages get curled or folded, I'm hard to handle. If my pages get smudged or torn loose, I may be no help at all.

The telephone company will try to replace me if I am damaged, but sometimes it may not be possible. So, please, take good care of me.

I can help you most if you keep me near your telephone. If you can't find a number, call Information and ask for it. Then make a note of it on your telephone call list, so you'll have it next time you want to call.

For speed and convenience on business calls, look in the Yellow Pages. Dealers are listed under the products and services they furnish.
