DIALING INSTRUCTIONS

1. LIFT THE RECEIVER AND LISTEN FOR DIAL TONE—a steady "hum-m-ming" sound.
 2. DIAL THE FIRST TWO LETTERS THEN THE FIVE FIGURES IN THE NUMBER.
 3. WHEN DIALING PULL DIAL AROUND UNTIL FINGER STRIKES THE FINGER STOP. Remove finger and allow dial to return without interference. DO NOT MISTAKE THE LETTER "O" FOR THE FIGURE "0" NOR THE LETTER "T" FOR THE FIGURE "1."
- THE RINGING SIGNAL (an intermittent "burr-ing" sound) OR THE BUSY SIGNAL (a steady "buzz-buzz-buzz") should be heard soon after the dialing is completed. If you do not hear either sound, hang up, and after a reasonable wait, try the call again.

EMERGENCY CALLS On Party Lines

WARNING:

The law of the state of Texas provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

FRONT COVER—In its block-square setting of lush grass, flowering shrubs and shady trees, the Taylor City Hall symbolizes the fertile blacklands and the progressive, hard-working people who call Taylor home. The building is as practical as a farm tractor to serve the needs of Taylor's 11,000 citizens. It was built in the Depression days of 1935, when C. O. Dallet was mayor, to replace an outmoded structure. The men and women who staff the Hall handle city affairs under a 1914 charter, Taylor being one of the first cities in the Southwest to adopt the city manager-commission form of government.

FACTS ABOUT LONG DISTANCE SERVICE

To assist you in choosing the service to use

STATION-TO-STATION CALLS

The rates are lower on these

On the lower-priced station-to-station calls, you talk to anyone who answers at the number called. To make a station-to-station call:

Dial "Operator" and give her the name of the town to which you want to talk, and the telephone number, if you know it. For example, say "San Antonio, Texas, 512, Walnut 2-4568" or "San Antonio, Texas, 512, Mr. John Smith's residence at 1500 Broadway." Do not give the number from which you are talking until requested to do so by the operator.

Be sure **not** to specify any particular person, or the number or location of any Private Branch Exchange station (such as Room 711, Grand Hotel, or Shipping Department). Such calls take the higher person-to-person rate.

Facts About Station-to-Station Calls:

1. Rates are lower than on person-to-person calls except on collect calls to near by points. A small additional charge is made on these calls when placed collect.
2. They are usually more quickly completed than person-to-person calls.
3. The initial period of conversation without additional charge is three minutes.
4. The call is timed from the moment the called telephone is answered.
5. See rate table on inside front cover of this directory.

PERSON-TO-PERSON CALLS

You talk to a particular person

On the higher rate person-to-person calls, you talk to a particular person or a particular extension, such as "Mr. John Jones, Grand Hotel" or "Room 711, Grand Hotel." This service assures your getting the person or telephone you want. To make a person-to-person call:

Dial "Operator" and give her the town, the telephone number or address, and the name of the person or department you want. For example, say "San Antonio, Texas, 512, Walnut 2-4568, Mr. John Smith" or "San Antonio, Texas, 512, Walnut 2-4568, Extension 711." Do not give the number from which you are talking until requested to do so by the operator.

Facts About Person-to-Person Calls:

1. Charges do not begin until you start talking with the exact person or extension telephone with whom you wish to speak.
2. All initial periods are for three minutes.
3. If you do not reach the person to whom you wish to talk and do not wish to speak to an alternate person, you may cancel the call without charge and place it again later at your convenience.

COLLECT CALLS . . .

You may "reverse" charges; that is, have them billed to the called telephone. Simply tell the operator you want to place the call "collect." If the called party agrees to pay the cost, charges will be billed to his telephone.

FOR FASTER SERVICE . . . CALL BY NUMBER . . .

If you know the number of the distant telephone, give it to the "Operator." It will speed your calls. If you don't know the number in the distant city, the operator will get it for you. Ask your telephone business office for a free long distance number booklet. You will find it convenient to jot down your out-of-town numbers.

RECORDING OF TELEPHONE CALLS

If you hear a short "beep" tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the "beep" tone.

Call Long Distance *Faster, Easier* with Area Code Numbers

Using area code numbers is an easy, convenient way to get your Long Distance calls through faster. They are simply three-digit numbers which automatically route your calls to the proper area in the United States or Canada.

When you tell the operator the area code number of the city you're calling, she can dial your call almost immediately. No waiting while she looks up the number.

Suppose you want to call Dallas, RI 7-5311. Just tell the operator "Area Code 214 RI 7-5311." (No need to mention Dallas.)

When you give your telephone number to someone from out of town also give your area code number. Then your friends may call you more easily.

Following are area code numbers for many of the cities you may be wanting to call.

Save one-third Call station-to-station

Take full advantage of bargain Long Distance rates by calling station-to-station (a call to a distant number rather than a particular person).

Station-to-station rates are about one-third less than person-to-person rates. Let you talk longer for less, call out-of-town friends and relatives more often.

Isn't there someone, somewhere, you'd like to call?

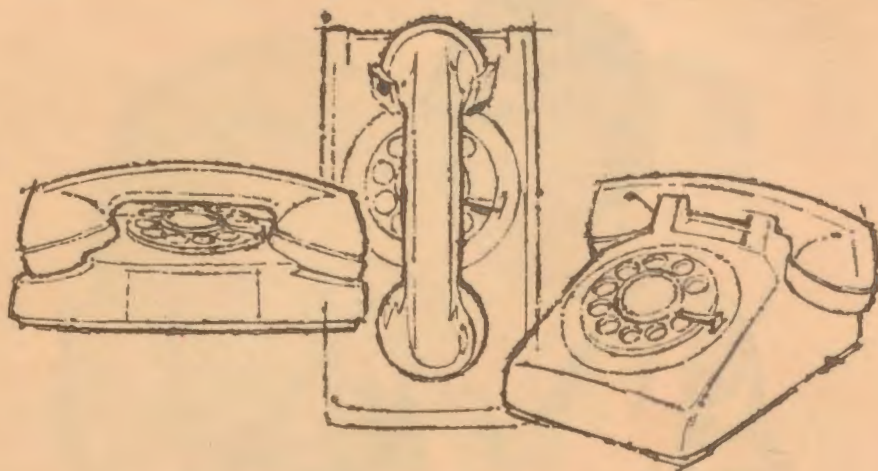

SAVE YOURSELF AN EXTRA CALL

You'll save time, avoid wrong numbers, if you'll always look in the directory before calling.

And for extra convenience, keep a list of frequently called numbers near your phones.

For a free Blue Book in which to keep frequently called numbers and area codes, just call the telephone business office.

WHICH OF THESE EXTENSION TELEPHONES WOULD YOU LIKE?

The choice is yours.

Perhaps you fancy the glamorous new Princess phone, with its space-saving size, elegant styling and special dial light that ends fumbling for the phone in the dark forever.

Or maybe you'd prefer a wall phone to add color and convenience to your kitchen. It's perfect for the workshop and den, too.

Or is it a table model color phone you'd like? Perhaps a soft color to blend with the living room drapes. A bright color for the family room.

Having trouble deciding? Why not call the telephone business office. They'll give you full details on all the wonderful colors available, suggestions on which phones might be best for you.

As we said, the choice is yours.

**BEFORE
 YOU BUILD...**
*Plan for Built-in
 Telephone
 Service*

Built-in concealed telephone wiring when your new home or office is being built costs little yet gives you completely hidden connections. No unsightly wires on the walls and you can have a telephone outlet in every room.

Just call the telephone business office and ask for "Telephone Planning Service." There's no charge for this service.
