LONG DISTANCE CALLS

To reach the Long Distance operator Dial Operator

types of calls

STATION-TO-STATION

Call station-to-station if you will talk with anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

PERSON-TO-PERSON

Call person-to-person when you must talk to a particular person or extension telephone. Rates are higher than station-to-station. Charging begins when the called person or extension answers.

COLLECT

Most calls can be made "collect" if the person you are calling agrees to pay the charge. If you want the call made collect, please be sure to tell the operator when you give her the call.

how to make calls

PLACING CALLS WITH OPERATOR

When you place your Long Distance calls with the operator, give her the name of the town, the Area Code and the telephone number.

If you do not know the Area Code, give the name of the town and state.

If you do not know the telephone number, give the name and address of the person you are calling, and tell the operator whether it is a station-to-station or person-to-person call.

Give your own telephone number only when the operator asks for it. Giving it to her before she is ready to receive it may delay the handling of your call.

LONG DISTANCE RATES from TAYLOR

These typical rates are for the first 3 minutes and do not include the Federal Excise Tax. Rates are lower every night after 5 and all day Sunday, Thanksgiving, Christmas and New Year's Day. Time at the calling point governs the application of these rates. For rates to other points, dial the Long Distance operator.

EMERGENCY CALLS On Party Lines

WARNING:

The law of the state of Texas provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

FRONT COVER — In its block-square setting of lush grass, flowering shrubs and shady trees, the Taylor City Hall symbolizes the fertile blacklands and the progressive, hard-working people who call Taylor home. The building is as practical as a farm tractor to serve the needs of Taylor's 11,000 citizens. It was built in the Depression days of 1935, when C. O. Dallet was mayor, to replace an outmoded structure. The men and women who staff the Hall handle city affairs under a 1914 charter, Taylor being one of the first cities in the Southwest to adopt the city manager-commission form of government.

DIALING A LOCAL CALL

- ① **LOOK UP** and
JOT DOWN the number.

- ② **HEAR** the **DIAL TONE**
before you dial.

- ③ **DIAL** the **TWO LETTERS**
and then the
FIVE NUMERALS

Be careful not to confuse the
numeral "0" (zero)
with the letter "O".

- ④ **AFTER DIALING**
you will hear—

The Ringing Signal

A soft "burr-r-ring" sound repeated
at regular intervals means that the
telephone you dialed is ringing. Give
your party time to answer, about 10
rings, before you hang up.

The Busy Signal

A steady "buzz-buzz-buzz" sound
means the called line is in use. Hang
up and call again later.

TO GET A NUMBER FROM INFORMATION

If you cannot find the number in your
directory or in your personal list of
telephone numbers, dial 113 and ask
for Information. When the Informa-
tion Operator answers, first give her
the name of the city or locality you
are calling. Then give her the name
and address of the party whose num-
ber you want. By first specifying the
city or locality, you will insure faster
service.

CALLING ANOTHER PARTY ON YOUR LINE

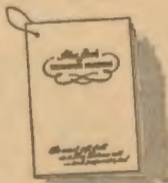

Dial "Operator" and ask for
instructions.

IF YOU HAVE DIFFICULTY IN

DIALING or need assistance—

DIAL "OPERATOR"

BLUE BOOK OF TELEPHONE NUMBERS

For faster service this
attractive Blue Book of
Telephone Numbers
provides a handy place
for keeping your person-
al list of local and out-
of-town numbers. To obtain without charge,
just call, write or visit your business office.

TELEPHONE NUMBERING PLAN MAP

The United States and Canada are divided into over 100 "Dialing Areas." Each area has a 3-digit "Area Code" assigned to it. When you place a call here in Taylor, the operator determines the appropriate 3-digit code. She dials it, then the telephone number you want. In making an out-of-town call, give the operator the city, the Area Code and the telephone number you are calling. Your call will go through faster.

Automatic ANSWERING SET

Certain telephones are equipped with an automatic device, known as an Automatic Answering Set, which answers the telephone mechanically when no person is available to answer and then makes a recorded announcement.

If your call is answered by an Automatic Answering Set, listen carefully for the announcement which will be self-explanatory. Some of these sets will also receive and record a message from the caller.

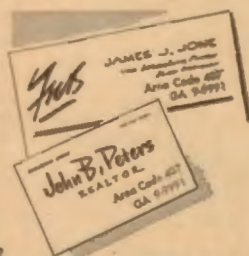

When You Hear A "BEEP" TONE

If you hear a short "beep" tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the "beep" tone.

TARIFFS

Tariffs which show rates, rules and regulations for telephone service and facilities are available in our Business Offices for public inspection.

Your TELEPHONE NUMBER Is Important

It's smart to make it easy for your customers to reach you. So why not include your telephone number on your stationery, statements and all advertising pieces? Show your Area Code, too—it helps distant parties call you faster.

ATTACHMENTS To Telephones

In the interest of good service, you should not use unauthorized equipment, attachments, devices and gadgets in conjunction with the company's telephone instrument and associated equipment. They interfere with telephone service, and the Telephone Company, in order to maintain good telephone service, reserves the right to remove any such equipment, devices or gadgets which are attached or used in violation of its established tariff rules and regulations.

Save one-third Call station-to-station

Take full advantage of bargain Long Distance rates by calling station-to-station (a call to a distant number rather than a particular person).

Station-to-station rates are about one-third less than person-to-person rates. Let you talk longer for less, call out-of-town friends and relatives more often.

Isn't there someone, somewhere, you'd like to call?

BE QUICK to answer ...

... when your telephone rings, and you won't miss important calls.

BE SLOW to hang up ...

... when calling others. The person you are calling may need time to get to his telephone. Wait a full minute, and get more answers to your calls.

Plan for Built-in
Telephone
Service*

Built-in concealed telephone wiring when your new home or office is being built costs little yet gives you completely hidden connections. No unsightly wires on the walls and you can have a telephone outlet in every room.

Just call the telephone business office and ask for "Telephone Planning Service." There's no charge for this service.

Long Distance—you'll save time.

BRING YOUR STATIONERY UP TO DATE

Be sure to ADD YOUR AREA CODE to all your stationery or other printed material. (These three-number codes identify your dialing area; permit fast Direct Distance Dialing of calls.) Add your Area Code and you'll make it easier for out-of-town customers to reach you.

Any of these styles will work well...

Farm Interphone

Farm Interphone ties your whole farming operation together . . . gives you both regular telephone service and intercom from strategically located points around your farmstead. With it, you can talk and hear over a wide area without taking a step or interrupting your work. Your wife can handle calls and talk with you without running to the farm buildings. You have no installation or maintenance problems . . . trained technicians from the telephone company install your system and keep it in perfect working order.

Telephone Planning for present and future needs

If you're building or remodeling, plan for the telephone service you will want, both now and in the future. Provide for your needs while the walls are open. The telephone company will gladly help you plan ahead—whether for home or office.

Make it easy for people to reach other members of your household, relatives who live with you, teen-age children—or key people or department heads in your business.

Speakerphone

A special microphone and small loudspeaker associated with this telephone enable you to carry on a conversation without lifting the receiver. The sensitive microphone picks up your voice from several feet away and frees both hands while talking. It can also be used as a regular telephone.
