how to make calls

PLACING CALLS WITH OPERATOR

When you place your Long Distance calls with the operator, give her the Area Code and the telephone number.

If you do not know the Area Code, give the name of the town and state.

If you do not know the telephone number, give the name and address of the person you are calling, and tell the operator whether it is a station-to-station or person-to-person call.

Give your own telephone number only when the operator asks for it. Giving it to her before she is ready to receive it may delay the handling of your call.

EMERGENCY CALLS On Party Lines

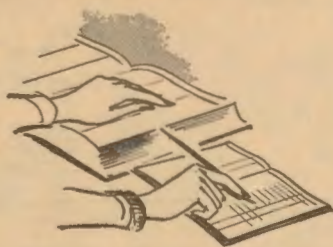

WARNING:

The law of the state of Texas provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

FRONT COVER — In its block-square setting of lush grass, flowering shrubs and shady trees, the Taylor City Hall symbolizes the fertile blacklands and the progressive, hard-working people who call Taylor home. The building is as practical as a farm tractor to serve the needs of Taylor's 11,000 citizens. It was built in the Depression days of 1935, when C. O. Dallet was mayor, to replace an outmoded structure. The men and women who staff the Hall handle city affairs under a 1914 charter, Taylor being one of the first cities in the Southwest to adopt the city manager-commission form of government.

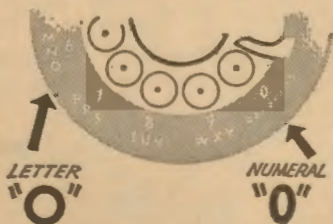

DIALING A LOCAL CALL

- ① **LOOK UP** and
JOT DOWN the number.

- ② **HEAR the DIAL TONE**
before you dial.

- ③ **DIAL the TWO LETTERS**
and then the
FIVE NUMERALS

Be careful not to confuse the
numeral "0" (zero)
with the letter "O".

- ④ **AFTER DIALING**
you will hear—

The Ringing Signal

A soft "burr-r-ring" sound repeated
at regular intervals means that the
telephone you dialed is ringing. Give
your party time to answer, about 10
rings, before you hang up.

The Busy Signal

A steady "buzz-buzz-buzz" sound
means the called line is in use. Hang
up and call again later.

TO GET A NUMBER FROM INFORMATION

If you cannot find the number in your
directory or in your personal list of
telephone numbers, Dial 113 and ask
for Information. When the Informa-
tion Operator answers, first give her
the name of the city or locality you
are calling. Then give her the name
and address of the party whose num-
ber you want. By first specifying the
city or locality, you will insure faster
service.

CALLING ANOTHER PARTY ON YOUR LINE

Dial "Operator" and ask for
instructions.

IF YOU HAVE DIFFICULTY IN DIALING or need assistance—

DIAL "OPERATOR"

TELEPHONE NUMBERING PLAN MAP

The United States and Canada are divided into over 100 "Dialing Areas." Each area has a 3-digit "Area Code" assigned to it. When you place a call here in Taylor, the operator determines the appropriate 3-digit code. She dials it, then the telephone number you want. In making an out-of-town call, give the operator the city, the Area Code and the telephone number you are calling. Your call will go through faster.

Automatic **ANSWERING SET**

Certain telephones are equipped with an automatic device, known as an Automatic Answering Set, which answers the telephone mechanically when no person is available to answer and then makes a recorded announcement.

If your call is answered by an Automatic Answering Set, listen carefully for the announcement which will be self-explanatory. Some of these sets will also receive and record a message from the caller.

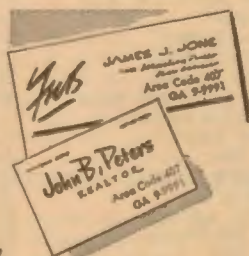

When You Hear A **"BEEP" TONE**

If you hear a short "beep" tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the "beep" tone.

TARIFFS

Tariffs which show rates, rules and regulations for telephone service and facilities are available in our Business Offices for public inspection.

Your **TELEPHONE NUMBER** *Is Important*

It's smart to make it easy for your customers to reach you. So why not include your telephone number on your stationery, statements and all advertising pieces? Show your Area Code, too—it helps distant parties call you faster.

ATTACHMENTS *To Telephones*

In the interest of good service, you should not use unauthorized equipment, attachments, devices and gadgets in conjunction with the company's telephone instrument and associated equipment. They interfere with telephone service, and the Telephone Company, in order to maintain good telephone service, reserves the right to remove any such equipment, devices or gadgets which are attached or used in violation of its established tariff rules and regulations.

 YOU BUILD...
 Plan for Built-in
 Telephone
 Service*

When your new home or office is being built, plan for built-in telephone service. Built-in telephone wiring by means of conduit arrangements costs little. And, it gives you completely hidden connections. No unsightly wires on the walls and you can have a telephone outlet in every room.

Just call the telephone business office and ask for "Telephone Planning Service." There's no charge for this service.

*You can **SAVE TIME...***

SAVE MONEY...

SAVE EFFORT...

...if you shop the Yellow Page way

Because the Yellow Pages of your telephone directory:

Are the most complete, up-to-date buyers' guide in town—

Are filled with people ready and eager to serve you—

Are classified by type of business or service to make it easy to find what you want—

Are more useful than ever before, because they contain more listings and more information.

If you're already a Yellow Page user, you know how helpful they can be—but if you haven't yet formed the Yellow Page habit, turn now to the Yellow Pages and see how easy it is to find the product or service you want.

Yellow Pages tell who buys-sells-rents-repairs

MR. BUSINESSMAN

People who are "ready to buy" look in the **YELLOW PAGES**. Other businessmen check the **YELLOW PAGES** for wholesalers, distributors, manufacturers . . . for all types of supplies and services.

Will they find your ad there?

**P.S. Whatever your need —
you'll find it fast in the **YELLOW PAGES****

Yellow Pages...

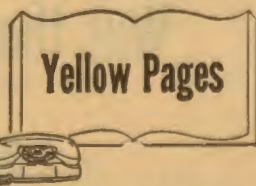

**9 out of 10
shop this
easy way**

Find every product and service you want—from air conditioning to zippers—listed in the Yellow Pages. Get valuable information on brands, services, special features, dealer locations, business hours.

And remember, you save time, temper, tires—and your feet, when you shop the easy Yellow Pages way!

P. S. Mr. Businessman: Make sure you're represented in the Yellow Pages under all the products and services you handle. You'll make it easy for people to find you when they're ready to buy.

For a permanent and more convenient record, ask your telephone business office for a FREE long distance numbers booklet — and use it to jot down your out-of-town numbers.

Farm Interphone

Farm Interphone ties your whole farming operation together . . . gives you both regular telephone service and intercom from strategically located points around your farmstead. With it, you can talk and hear over a wide area without taking a step or interrupting your work. Your wife can handle calls and talk with you without running to the farm buildings. You have no installation or maintenance problems . . . trained technicians from the telephone company install your system and keep it in perfect working order.

Telephone Planning for present and future needs

If you're building or remodeling, plan for the telephone service you will want, both now and in the future. Provide for your needs while the walls are open. The telephone company will gladly help you plan ahead—whether for home or office.

Directory Listings

Make it easy for people to reach other members of your household, relatives who live with you, teen-age children—or key people or department heads in your business.

Speakerphone

A special microphone and small loudspeaker associated with this telephone enable you to carry on a conversation without lifting the receiver. The sensitive microphone picks up your voice from several feet away and frees both hands while talking. It can also be used as a regular telephone.
