EMERGENCY CALLS On Party Lines

WARNING:

The law of the state of Texas provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

DIALING A LOCAL CALL

1

LOOK UP and
UNDERLINE the number.

2

HEAR the **DIAL TONE**
before you dial.

3

DIAL the
SEVEN NUMERALS

Be careful not to confuse the
numeral "0" (zero)
with the letter "O".

4

AFTER DIALING
you will hear—

The Ringing Signal

A soft "burr-r-ring" sound repeated at regular intervals means that the telephone you dialed is ringing. Give your party time to answer, about 10 rings, before you hang up.

The Busy Signal

A steady "buzz-buzz-buzz" sound means the called line is in use. Hang up and call again later.

FOR NUMBERS NOT LISTED IN THIS DIRECTORY

If you cannot find the number in this directory or in your personal list of telephone numbers, dial 113 for Information. When the Information Operator answers, first give her the name of the city or locality you are calling. Then give her the name and address of the party whose number you want. By first specifying the city or locality, you will insure faster service.

CALLING ANOTHER PARTY ON YOUR LINE

Dial Operator and ask for instructions.

IF YOU HAVE DIFFICULTY IN DIALING
or need assistance — **DIAL "OPERATOR"**

A Helpful Hint

It's always a good idea to keep a handy list or notebook of telephone numbers that you and your family frequently call. Keep it right by the phone. You'll find it's a great timesaver.

TELEPHONE NUMBERING PLAN MAP

The United States and Canada are divided into over 100 "Dialing Areas." Each area has a 3-digit "Area Code" assigned to it. When you place a long distance call, the operator dials the appropriate 3-digit code, then the telephone number you want. In making an out-of-town call, give the operator the Area Code and the Telephone Number you are calling. Your call will go through faster.

Automatic **ANSWERING SET**

Certain telephones are equipped with an automatic device, known as an Automatic Answering Set, which answers the telephone mechanically when no person is available to answer and then makes a recorded announcement.

If your call is answered by an Automatic Answering Set, listen carefully for the announcement which will be self-explanatory. Some of these sets will also receive and record a message from the caller.

When You Hear A **"BEEP" TONE**

If you hear a short "beep" tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the Telephone Company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the "beep" tone.

TARIFFS

Tariffs which show rates, rules and regulations for telephone service and facilities are available in our Business Offices for public inspection.

Your

TELEPHONE NUMBER

Is Important

It's smart to make it easy for your customers to reach you. So why not include your telephone number on your stationery, statements and all advertising pieces? Show your Area Code, too—it helps distant parties call you faster.

ATTACHMENTS

To Telephones

In the interest of good service, you should not use unauthorized equipment, attachments, devices and gadgets in conjunction with the company's telephone instrument and associated equipment. They interfere with telephone service, and the Telephone Company, in order to maintain good telephone service, reserves the right to remove any such equipment, devices or gadgets which are attached or used in violation of its established tariff rules and regulations.

WARNING

The law of the State of Texas provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

DIALING INSTRUCTIONS

1. LIFT THE RECEIVER AND LISTEN FOR DIAL TONE—a steady "hum-m-ming" sound.
2. DIAL THE FIRST TWO LETTERS THEN THE FIVE FIGURES IN THE NUMBER.
3. WHEN DIALING PULL DIAL AROUND UNTIL FINGER STRIKES THE FINGER STOP. Remove finger and allow dial to return without interference. DO NOT MISTAKE THE LETTER "O" FOR THE FIGURE "0" NOR THE LETTER "I" FOR THE FIGURE "1". THE RINGING SIGNAL (an intermittent "burr-ing" sound) OR THE BUSY SIGNAL (a steady "buzz-buzz-buzz") should be heard soon after the dialing is completed. If you do not hear either sound, hang up, and after a reasonable wait, try the call again.

TO CALL ANOTHER PARTY ON YOUR LINE

Dial "77", then dial the last digit of your number, and the last digit of the number you are calling. Replace your handset. Your telephone will ring along with the telephone of the party being called. When your telephone stops ringing, pick up your handset and answer.

Save one-third Call station-to-station

Take full advantage of bargain Long Distance rates by calling station-to-station (a call to a distant number rather than a particular person).

Station-to-station rates are about one-third less than person-to-person rates. Let you talk longer for less, call out-of-town friends and relatives more often.

Isn't there someone, somewhere, you'd like to call?

**extensions
are for
people who have
everything...**

like...

stairs to climb

beds to make

meals to cook

kids to feed

rooms to clean

clothes to wash

Personal extension phones cost just pennies a day and they're so convenient. To order yours, call the telephone business office or ask your telephone service man.

When you're building
for tomorrow...
Plan your telephones today

If you're building or remodeling, plan for the telephone service you will want, both now and in the future. While the walls are still open, provide for telephone wiring neatly concealed within the walls. We'll gladly help you plan ahead—whether for home or office. For full details, call the telephone business office.

DID YOU KNOW THAT:

- ... 9 out of 10 Industrial buyers use the Yellow Pages every year.
- ... they refer to the Yellow Pages an average of 85.8 times each in a 12-month period.
- ... and 90% of these references are followed up with action—either a personal visit, a phone call or a letter.

Look into a Yellow Pages advertising program for your business. It pays.
