Emergency Calls on Party Lines

WARNING

State law requires you to hang up the receiver of a party line immediately when told the line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency. The law defines an "emergency" as a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential.

types of long distance calls

Station-to-Station

Call station-to-station if you'll talk to anyone who answers. Direct Distance Dialing (DDD) gives you the lowest rate in effect on station-to-station calls. If you place an out-of-state station-to-station call through an Operator, you may be charged a higher rate. Charging begins when the telephone you've called is answered.

Person-to-Person (Dial Operator)

Call person-to-person only when you wish to talk with a particular person or extension. Dial Operator and tell her you wish to make a "person-to-person" call and give her the Area Code for the city you want, the telephone number and the person's name. Rates are higher than for station-to-station calls. Charging starts when conversation begins with the person you've called.

Collect (Dial Operator)

You can call "collect" if the person or firm you're calling agrees to pay the charge. Rates are normally higher than for station-to-station calls. Dial Operator and tell her you wish to make a collect call. Give her the Area Code for the city you want and the telephone number.

Conference (Dial Operator)

You can talk with several people in different places at the same time. Dial Operator and tell her you wish to make a conference call.

Mobile, Marine and Overseas Service (Dial Operator)

You can make local and Long Distance calls to automobiles, trucks, aircraft, boats and ships. Ask the Operator for the Mobile, Marine or High Seas Operator. For information on other Communications Common Carriers, consult the Yellow Pages or other business guides. On overseas calls, dial Operator and give her the name of the country you're calling. She will handle the call for you or connect you with the Overseas Operator.

Inward WATS

Station-to-station Long Distance calls may be made without charge to you to those customers who have Inward Wide Area Telephone Service. They offer this service to their customers calling from specific locations. Dial "1" plus Area Code 800 plus the special numbers of customers with this service. To reach Directory Assistance for inward WATS dial "1" plus Area Code 800 plus 555-1212.

You will not be charged:

If you call Directory Assistance in another city.

If you reach a wrong number. (Dial Operator and tell her. She'll see that you're not charged for the call.)

If the telephone you called is busy or does not answer.

If you hang up before dialing the complete number.

general information

TARIFF PROVISIONS

The communication services furnished by Southwestern Bell Telephone Company are public utility services which are offered by the Company subject to the rules, regulations and charges set forth in its tariffs. The Company's tariffs are subject to change and are made available for inspection at Company business offices during office hours. Some tariff matters of special interest are:

ABUSE OF TELEPHONE SERVICE

The tariffs provide for suspension or termination of telephone service because of abuse or fraudulent use of service. Abuse or fraudulent use includes the use of service or facilities of the Telephone Company to transmit a message or to locate a person or otherwise to give or obtain information without payment of a Long Distance charge. Other abuses include charging Long Distance calls to a false number or to another number without permission or to a false or unauthorized credit card number; use of extension telephones not connected by the Telephone Company or authorized by its tariffs.

DIRECTORY ACCURACY

Every effort is made to make the directory as accurate as possible. In case of error or omission the liability of the Company, if any, is limited to the amount of actual impairment of the customer's service and may not, in any event, exceed the amount paid for the service during the period covered by the directory in which the error or omission occurred.

TELEPHONE RECORDERS

A short intermittent "beep" tone on your telephone means your conversation is being recorded. This signal is provided for your protection by recorder-connector equipment furnished by the Telephone Company. It is unlawful to record a two-way telephone conversation without the "beep" tone.

CUSTOMER-PROVIDED EQUIPMENT

Customer-owned and maintained terminal devices or communication systems may be used in conjunction with the Company's facilities and equipment provided such use complies with the Company's tariffs. The telephone network control signaling functions shall be per-

formed by the Telephone Company. These regulations were developed in the interest of good telephone service and to prevent hazards to customers and Company employees. Violation of the regulations could result in the removal of the devices or systems or in the suspension of your telephone service. You should contact your local business office or your Southwestern Bell Communications Consultant for further information concerning these regulations.

PAYMENTS FOR SERVICE

The customer is responsible for all Long Distance calls placed from his telephone. The holder of a credit card is responsible for the security of his credit card number and will be required to pay for all Long Distance calls correctly charged to that number until the company is notified in writing that the customer's credit card has been lost, stolen or is being used by an unauthorized person.

YOUR TELEPHONE NUMBER IS IMPORTANT

It's smart to make it easy for your customers to reach you. Include your telephone number on your stationery, statements and all advertising pieces. Show your Area Code, too — it helps distant parties call you faster: For example, 512 352-3601.

TELEGRAMS BY TELEPHONE

You may send telegrams, cablegrams or radiograms by telephoning Western Union Telegraph Company; the charges will appear on your telephone bill. You may also telephone your Western Union telegrams from coin telephones, paying as you would for a telephone call. See instructions shown under the listing of Western Union in this directory.

IDENTIFICATION OF TELEPHONE EMPLOYEES

Every Southwestern Bell employee is issued an identification card bearing his signature and photograph. If you have reason to question the identity of any telephone employee seeking to enter your home or place of business, ask him to show you his identification card.

OUT-OF-TOWN DIRECTORIES

Directories of other cities may be obtained by calling the business office.

WHICH OF THESE EXTENSION TELEPHONES WOULD YOU LIKE?

The choice is yours.

Perhaps you fancy the glamorous new Princess phone, with its space-saving size, elegant styling and special dial light that ends fumbling for the phone in the dark forever.

Or maybe you'd prefer a wall phone to add color and convenience to your kitchen. It's perfect for the workshop and den, too.

Or is it a table model color phone you'd like? Perhaps a soft color to blend with the living room drapes. A bright color for the family room.

Having trouble deciding? Why not call the telephone business office. They'll give you full details on all the wonderful colors available, suggestions on which phones might be best for you.

As we said, the choice is yours.

Save one-third Call station-to-station

Take full advantage of bargain Long Distance rates by calling station-to-station (a call to a distant number rather than a particular person).

Station-to-station rates are about one-third less than person-to-person rates. Let you talk longer for less, call out-of-town friends and relatives more often.

Isn't there someone, somewhere, you'd like to call?

WARNING

The law of the State of Texas provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

DIALING INSTRUCTIONS

1. LIFT THE RECEIVER AND LISTEN FOR DIAL TONE—a steady "hum-m-ming" sound.
2. DIAL THE FIRST TWO LETTERS THEN THE FIVE FIGURES IN THE NUMBER.
3. WHEN DIALING PULL DIAL AROUND UNTIL FINGER STRIKES THE FINGER STOP. Remove finger and allow dial to return without interference. DO NOT MISTAKE THE LETTER "O" FOR THE FIGURE "0" NOR THE LETTER "I" FOR THE FIGURE "1". THE RINGING SIGNAL (an intermittent "burr-ing" sound) OR THE BUSY SIGNAL (a steady "buzz-buzz-buzz") should be heard soon after the dialing is completed. If you do not hear either sound, hang up, and after a reasonable wait, try the call again.

TO CALL ANOTHER PARTY ON YOUR LINE

Dial "77", then dial the last digit of your number, and the last digit of the number you are calling. Replace your handset. Your telephone will ring along with the telephone of the party being called. When your telephone stops ringing, pick up your handset and answer.

WHICH OF THESE EXTENSION TELEPHONES WOULD YOU LIKE?

The choice is yours.

Perhaps you fancy the glamorous new Princess phone, with its space-saving size, elegant styling and special dial light that ends fumbling for the phone in the dark forever.

Or maybe you'd prefer a wall phone to add color and convenience to your kitchen. It's perfect for the workshop and den, too.

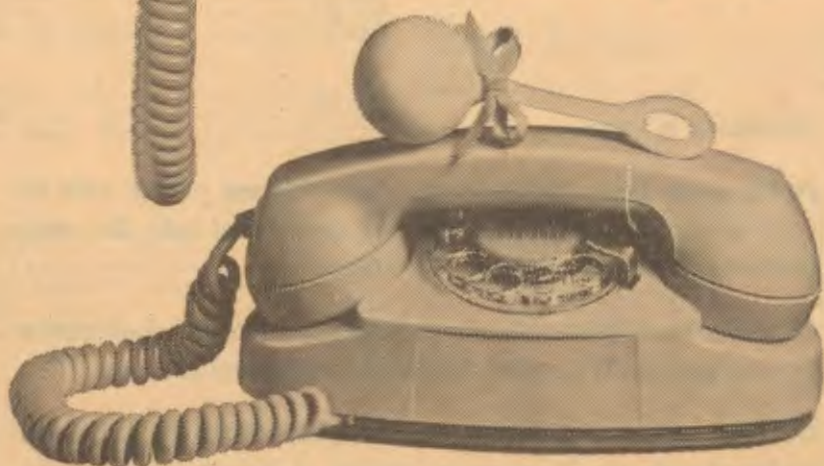

Or is it a table model color phone you'd like? Perhaps a soft color to blend with the living room drapes. A bright color for the family room.

Having trouble deciding? Why not call the telephone business office. They'll give you full details on all the wonderful colors available, suggestions on which phones might be best for you.

As we said, the choice is yours.

**Will your
first phone
resent your
new extension?**

Relax! Sibling rivalry is unknown among telephones. There's nothing better for a busy mother than an extension phone to save her steps and time, help her run the house and raise the kids. The cost? For just pennies a day more than you're paying now for one phone, you can have two, and double your telephone convenience. Just call your telephone business office—or ask your telephone man.
