WARNING

The law of the state of Texas provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. general information

TARIFF PROVISIONS

The communication services furnished by Southwestern Bell Telephone Company are public utility services which are offered by the Company subject to the rules, regulations and charges set forth in its tariffs. The Company's tariffs are subject to change and are made available for inspection at Company business offices during office hours. Some tariff matters of special interest are:

ABUSE OF TELEPHONE SERVICE

The tariffs provide for suspension or termination of telephone service for abuse. Abuse of service includes the use of service or facilities of the Telephone Company to transmit a message or to locate a person or otherwise to give or obtain information without payment of a Long Distance charge.

GUARDING AGAINST FRAUD

For your protection, new equipment and procedures enable the Telephone Company to detect and investigate fraudulent calls. State and Federal laws provide that no person shall defraud or attempt to defraud the Telephone Company of its lawful charges. Violators, upon conviction, are subject to imprisonment or fine or both.

DIRECTORY ACCURACY

Every effort is made to make the directory as accurate as possible. In case of error or omission the liability of the Company, if any, is limited to the amount of actual impairment of the customer's service and may not, in any event, exceed the amount paid for the service during the period covered by the directory in which the error or omission occurred.

TELEPHONE RECORDERS

A short intermittent "beep" tone on your telephone means your conversation is being recorded. This signal is provided for your protection by recorder-connector equipment furnished by the Telephone Company. It is unlawful to record a two-way telephone conversation without the "beep" tone.

CUSTOMER-PROVIDED EQUIPMENT

Customer-owned and maintained terminal devices or communication systems may be used in conjunction with the Company's facilities

and equipment provided such use complies with the Company's tariffs. The telephone network control signaling functions shall be performed by the Telephone Company. These regulations were developed in the interest of good telephone service and to prevent hazards to customers and Company employees. Violation of the regulations could result in the removal of the devices or systems or in the suspension of your telephone service. You should contact your local business office or your Southwestern Bell Communications Consultant for further information concerning these regulations.

PAYMENTS FOR SERVICE

The customer is responsible for all long distance calls placed from his telephone. The holder of a credit card is responsible for all authorized charges made to that number. If a credit card is lost or stolen, or if the customer suspects that unauthorized use is being made of his credit card number, he should contact the Business Office immediately.

YOUR TELEPHONE NUMBER IS IMPORTANT

It's smart to make it easy for your customers to reach you. Include your telephone number on your stationery, statements and all advertising pieces. Show your Area Code, too — it helps distant parties call you faster: For example, 512 352-3601.

TELEGRAMS BY TELEPHONE

You may send telegrams, cablegrams or radiograms by telephoning Western Union Telegraph Company; the charges will appear on your telephone bill. See the listing of Western Union in this directory.

IDENTIFICATION OF TELEPHONE EMPLOYEES

Every Southwestern Bell employee is issued an identification card bearing his signature and photograph. If you have reason to question the identity of any telephone employee seeking to enter your home or place of business, ask him to show you his identification card.

OUT-OF-TOWN DIRECTORIES

Directories of other cities may be obtained by calling the business office.

types of long distance calls

Station-to-Station

Call station-to-station if you'll talk with anyone who answers. Rates are lower than for person-to-person calls. Charging begins when the phone you've called is answered.

Person-to-Person (Dial Operator)

Call person-to-person when you wish to talk with a particular person or extension number. Tell the Operator you wish to make a "person-to-person" call and give her the Area Code and number you want. Rates are higher than station-to-station calls, and also apply when you talk to an alternate person or extension. Charging starts when conversation begins.

Collect (Dial Operator)

You can call "collect" only if the person or firm you're calling agrees to pay the charge. Tell the Operator you want to make a collect call, then give her the Area Code for the city you want and the telephone number.

Conference (Dial Operator)

You can talk with several people in different places at the same time. Dial Operator and tell her you wish to make a conference call.

Mobile and Marine Service (Dial Operator)

You can make local and Long Distance calls to automobiles, trucks, trains, aircraft and boats equipped for telephone service and to practically all the world's telephones. Some Mobile and Marine calls can be completed by dialing, others must be completed by the Operator.

Overseas Service (Dial Operator)

Tell the Operator you wish to place an overseas call and give her the name of the country you are calling. (Reduced rates apply on calls to many points during certain night hours and/or Sundays.)

Inward WATS

Station-to-station Long Distance calls may be made without charge to you to those customers who have inward Wide Area Telecommunications Service. They offer this service to their customers calling from specific locations. Dial "1" plus Area Code 800 plus the special numbers of customers with this service. To reach Directory Assistance for inward WATS dial "1" plus Area Code 800 plus 555-1212.

how to place long distance calls

Before you call, consider the following:

- **Coin Phones:** Look at the instruction card on the phone.
- **Area Codes:** Your Area Code is 512. (see call-guide pages 6-11 for others)

1+ Area Code (if different from yours) + 555-1212

When the Directory Assistance Operator answers, give her the city or town, then the name and address you wish to call. Jot down the number for future reference.

WARNING

The law of the State of Texas provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

DIALING INSTRUCTIONS

1. LIFT THE RECEIVER AND LISTEN FOR DIAL TONE—a steady "hum-m-ming" sound.
2. DIAL THE FIRST TWO LETTERS THEN THE FIVE FIGURES IN THE NUMBER.
3. WHEN DIALING PULL DIAL AROUND UNTIL FINGER STRIKES THE FINGER STOP. Remove finger and allow dial to return without interference. DO NOT MISTAKE THE LETTER "O" FOR THE FIGURE "0" NOR THE LETTER "I" FOR THE FIGURE "1". THE RINGING SIGNAL (an intermittent "burr-ing" sound) OR THE BUSY SIGNAL (a steady "buzz-buzz-buzz") should be heard soon after the dialing is completed. If you do not hear either sound, hang up, and after a reasonable wait, try the call again.

TO CALL ANOTHER PARTY ON YOUR LINE

Dial "77", then dial the last digit of your number, and the last digit of the number you are calling. Replace your handset. Your telephone will ring along with the telephone of the party being called. When your telephone stops ringing, pick up your handset and answer.
