Emergency Calls on Party Lines

WARNING

The law of the state of Texas provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

ANNOYANCE CALLS

Section 42.07 of the Texas Penal Code provides that a person commits an offense if he intentionally communicates by telephone in vulgar, profane, obscene or indecent language, in a coarse and offensive manner or threatening language and by this action intentionally, knowingly or recklessly annoys or alarms or intends to alarm the recipient; or places one or more telephone calls anonymously, at an unreasonable hour, in an offensive and repetitious manner, or without legitimate purpose and by this action intentionally, knowingly, or recklessly annoys or alarms the recipient or intends to do so. A person places a telephone call as soon as he dials a complete telephone number, whether or not a conversation ensues. Violation of this law is punishable by a fine not to exceed \$1,000.00 and/or confinement in jail for a term not to exceed 180 days. Anyone wishing to report such unlawful calls should contact the Telephone Company business office. If a threat is involved, the Police should also be notified.

call-guide

FREQUENTLY CALLED NUMBER LIST

1. The first step in the process of developing a business plan is to conduct a thorough market analysis. This involves identifying the target market, understanding the needs and preferences of the target audience, and assessing the competitive landscape. A detailed market analysis provides valuable insights into the potential size and growth of the market, as well as the key factors that will influence the success of the business.

2. Once the market analysis is complete, the next step is to develop a clear and concise business model. This model should outline the core value proposition of the business, the revenue streams, and the cost structure. It should also describe the distribution channels and the marketing strategy. A well-defined business model is essential for attracting investors and securing financing.

3. The third step in the process is to create a detailed financial plan. This plan should include a comprehensive budget, a cash flow statement, and a break-even analysis. It should also project the financial performance of the business over a period of three to five years. A solid financial plan demonstrates the viability of the business and provides a clear picture of the financial requirements and potential returns.

4. The final step in the process is to develop a marketing and sales strategy. This strategy should outline the specific tactics and channels that will be used to reach the target market and generate sales. It should also define the roles and responsibilities of the sales and marketing teams. A well-executed marketing and sales strategy is crucial for the success of the business in a competitive market.

general information

TARIFF PROVISIONS

The communication services furnished by Southwestern Bell Telephone Company are public utility services which are offered by the Company subject to the rules, regulations and charges set forth in its tariffs. The Company's tariffs are subject to change and are made available for inspection at Company business offices during office hours. Some tariff matters of special interest are:

ABUSE OF TELEPHONE SERVICE

The tariffs provide for suspension or termination of telephone service for abuse. Abuse of service includes the use of service or facilities of the Telephone Company to transmit a message or to locate a person or otherwise to give or obtain information without payment of a Long Distance charge.

GUARDING AGAINST FRAUD

For your protection, new equipment and procedures enable the Telephone Company to detect and investigate fraudulent calls. State and Federal laws provide that no person shall defraud or attempt to defraud the Telephone Company of its lawful charges. Violators, upon conviction, are subject to imprisonment or fine or both.

DIRECTORY ACCURACY

Every effort is made to make the directory as accurate as possible. In case of error or omission the liability of the Company, if any, is limited to the amount of actual impairment of the customer's service and may not, in any event, exceed the amount paid for the service during the period covered by the directory in which the error or omission occurred.

TELEPHONE RECORDERS

A short intermittent "beep" tone on your telephone means your conversation is being recorded. This signal is provided for your protection by equipment furnished by the Telephone Company. It is unlawful to record a two-way telephone conversation without a "beep" tone, except by a federally licensed broadcast station for the recording of two-way conversations solely for broadcast over the air.

CUSTOMER-PROVIDED EQUIPMENT

Customer-owned and maintained terminal devices or communication systems may be used in conjunction with the Company's facilities and equipment provided such use complies with the Company's tariffs. The telephone network control signaling functions shall be performed by the Telephone Company. These regulations were developed in the interest of good telephone service and to prevent hazards to customers and Company employees. Violation of the regulations could result in the removal of the devices or systems or in the suspension of your telephone service. You should contact your local business office or your Southwestern Bell Communications Consultant for further information concerning these regulations.

PAYMENTS FOR SERVICE

You are responsible for all long distance calls placed from your telephone. The holder of a credit card is responsible for all authorized charges made to that number. If a credit card is lost or stolen, or if you suspect that unauthorized use is being made of your credit card number, contact the Business Office immediately.

YOUR TELEPHONE NUMBER IS IMPORTANT

It's smart to make it easy for your customers to reach you. Include your telephone number on your stationery, statements and all advertising pieces. Show your Area Code, too — it helps distant parties call you faster: For example, 512 352-3601.

IDENTIFICATION OF TELEPHONE EMPLOYEES

Every Southwestern Bell employee is issued an identification card bearing the employee's signature and photograph. If you have reason to question the identity of any telephone employee seeking to enter your home or place of business, ask to see the identification card.

OUT-OF-TOWN DIRECTORIES

Directories of other cities may be obtained by calling the business office.

types of long distance calls

Station-to-Station

Call station-to-station if you'll talk with anyone who answers. Rates are lower than for person-to-person calls. Charging begins when the phone you've called is answered.

Person-to-Person

Call person-to-person when you wish to talk with a particular person or extension. If you have "zero-plus" calling you may dial these calls yourself. When the Operator comes on the line, explain you're placing a person-to-person call and give the name of the person you want. Otherwise, dial Operator and say you wish to make a "person-to-person" call and give the Area Code for the city you want and the telephone number. Rates are higher than for station-to-station calls. Charging starts when conversation begins with the person you've called.

Collect

You can call "collect" only if the person or firm you're calling agrees to pay the charge. If you have "zero-plus" calling, you may dial these calls yourself. When the Operator comes on the line, explain you're placing a collect call and give your name. Otherwise, dial Operator and say you wish to make a collect call. Give Operator the Area Code for the city you want and the telephone number.

Conference (Dial Operator)

You can talk with several people in different places at the same time. Dial Operator and say you wish to make a conference call.

Mobile and Marine Service (Dial Operator)

You can make local and Long Distance calls to automobiles, trucks, trains, aircraft and boats equipped for telephone service and to practically all the world's telephones. Some Mobile and Marine calls can be completed by dialing, others must be completed by the Operator.

Overseas Service (Dial Operator)

Tell the Operator you wish to place an overseas call and give the name of the country you are calling. (Reduced rates apply on calls to many points during certain night hours and/or Sundays.)

Inward WATS

Station-to-station Long Distance calls may be made without charge to you to those customers who have inward Wide Area Telecommunications Service. They offer this service to their customers calling from specific locations. Dial "1" plus Area Code 800 plus the special numbers of customers with this service. To reach Directory Assistance for inward WATS dial "1" plus Area Code 800 plus 555-1212.

how to place long distance calls

Before you call, consider the following:

- How your phone is equipped: Many phones in your area are equipped for "zero-plus" calling of person, collect, credit card calls and calls charged to a third number, in addition to "one-plus" calling (see instructions below)
- Coin Phones: Look at the instruction card on the phone.
- Area Codes: Your Area Code is 512: (see call-guide pages 6-11 for others).
- Telephone Numbers: If you don't know the telephone number, you may dial Directory Assistance in the distant city, without charge, as follows:

1+ Area Code (if different from yours) + 555-1212

When the Directory Assistance Operator answers, give the city or town, then the name and address you wish to call. Jot down the number for future reference.

Making your call:

• STATION-TO-STATION:

1+ Area Code (if different from yours) + Phone Number.

• PERSON-TO-PERSON, COLLECT, CREDIT CARD, and calls charged to a THIRD NUMBER:

0 (zero) + Area Code (if different from yours) + phone number

When the Operator comes in on the line, state what type of call you've dialed. The Operator will ask for the information necessary to complete the call.

• ALL OTHER CALLS:

Dial Operator. State the type of call you're making, then give the necessary information.

You will not be charged:

- If you hang up before the complete number is dialed.
- If the phone you called is busy or does not answer.
- If you reach a wrong number. (Dial Operator. The Operator will see that you're not charged for the call.)

rate periods for long distance calls

Charges are based upon rates in effect at the time of connection at the calling point. This also includes calls beginning in one rate period and ending in another.

WARNING

The law of the State of Texas provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

DIALING INSTRUCTIONS

1. LIFT THE RECEIVER AND LISTEN FOR DIAL TONE—a steady "hum-m-ming" sound.
2. DIAL THE FIRST TWO LETTERS THEN THE FIVE FIGURES IN THE NUMBER.
3. WHEN DIALING PULL DIAL AROUND UNTIL FINGER STRIKES THE FINGER STOP. Remove finger and allow dial to return without interference. DO NOT MISTAKE THE LETTER "O" FOR THE FIGURE "0" NOR THE LETTER "I" FOR THE FIGURE "1". THE RINGING SIGNAL (an intermittent "burr-ing" sound) OR THE BUSY SIGNAL (a steady "buzz-buzz-buzz") should be heard soon after the dialing is completed. If you do not hear either sound, hang up, and after a reasonable wait, try the call again.

TO CALL ANOTHER PARTY ON YOUR LINE

Dial "77", then dial the last digit of your number, and the last digit of the number you are calling. Replace your handset. Your telephone will ring along with the telephone of the party being called. When your telephone stops ringing, pick up your handset and answer.

Contractors, Excavators:

*Prevent Costly Delays At
Your Construction Site*

When a construction crew accidentally
damages a buried telephone cable, the
result is often a complete work stoppage
while telephone crews move in for repairs.

There is a way to prevent this situation.
Before you start digging, call Operator. Ask
for Enterprise 9800. (No charge for the
call.) A telephone company employee will
pinpoint buried cable near your construc-
tion site.

HOMEOWNERS: Look before you dig.

If you're planning to dig in your yard, check for signs on poles or terminal boxes that show the location of buried telephone cable and wire. Damaged cable or wire usually means a temporary loss of phone service. If you need help in locating buried cable or wire, call the operator and ask for "ENTERprise 9800." The call is free.

Contractors, Excavators:

*Prevent Costly Delays At Your
Construction Site*

When a construction crew accidentally damages a buried telephone cable, the result is often a complete work stoppage while telephone crews move in for repairs.

There is a way to prevent this situation. Before you start digging, call Operator. Ask for Enterprise 9800. (No charge for the call.) A telephone company employee will pinpoint buried cable near your construction site.

Contractors, Excavators:

Prevent Costly Delays At
 Your Construction Site

When a construction crew accidentally damages a buried telephone cable, the result is often a complete work stoppage while telephone crews move in for repairs.

There is a way to prevent this situation. Before you start digging, call Operator. Ask for Enterprise 9800. (No charge for the call.) A telephone company employee will pinpoint buried cable near your construction site.

When you need a telephone number in

another city, 555-1212 is the magic num-

ber. Just dial one, plus the distant Area

Code (if different from your own), plus

555-1212. You'll have your number in a

jiffy. And there's no extra charge.

Contractors, Excavators:

Prevent Costly Delays At
Your Construction Site

When a construction crew accidentally damages a buried telephone cable, the result is often a complete work stoppage while telephone crews move in for repairs.

There is a way to prevent this situation. Before you start digging, call Operator. Ask for Enterprise 9800. (No charge for the call.) A telephone company employee will pinpoint buried cable near your construction site.

NOTICE USE OF CUSTOMER-PROVIDED TELEPHONE EQUIPMENT AND SYSTEMS

GENERAL INFORMATION

Telephone equipment and systems for voice and data transmission not provided by Southwestern Bell Telephone Company may be used with Southwestern Bell Telephone Company's facilities if such use complies with its tariffs.

Generally, the tariffs provide that connection of such equipment and systems with Southwestern Bell Telephone Company's facilities must be made through prescribed protective and signaling devices furnished and installed by Southwestern Bell Telephone Company and for which a charge is made. All such equipment and systems must meet the technical criteria described in the tariffs. The tariffs do not permit wall jacks, plugs, extension cords, etc. not provided by Southwestern Bell Telephone Company to be connected directly to its lines.

A customer's service is subject to suspension or termination when customer-provided equipment or systems are used in violation of the tariffs. A service charge will apply when and if Southwestern Bell Telephone Company makes a service call and the trouble is found to result from the use of customer-provided equipment or systems.

The tariffs are designed in the interest of insuring the compatibility necessary for the provision of good telephone service. They are binding on both Southwestern Bell Telephone Company and the customer.

Does your telephone always seem
to ring where you aren't?
You probably need an extension phone...
or two. For pennies a day,
you get dollars of value.
Call your telephone business office now.

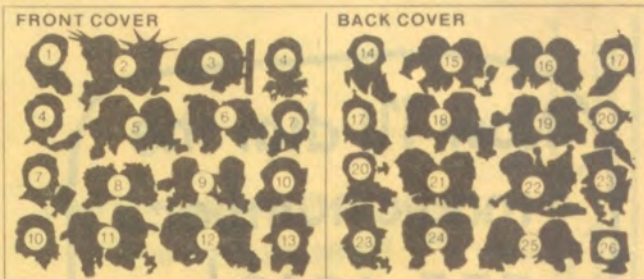

555-1212 is a magic number. You can obtain distant telephone numbers in cities throughout the country, simply by dialing one, plus the area code

(if it's different from yours) plus 555-1212. It's the universal directory assistance number. And there's no extra charge for dialing it.

A Salute to the 200th Birthday of the United States and the 100th Birthday of the Telephone

"Happy Birthday, America!" from your Bell System Telephone Company. That's what the cover of this directory is...a birthday party for the nation. And since 1976 is also the centennial of the telephone, we gave each of the 26 guests of honor on the cover a famous phone from yesterday or today. What are they talking about? The two birthdays, no doubt, with reminiscences, tall tales, best wishes, and perhaps even a little bit of gossip. The list below and the key above identify the cover characters and what kinds of phones they're using.

FRONT COVER

1. Benjamin Franklin (1706-1790). Printer, writer, philosopher, scientist, inventor, diplomat. 1878 but-terstamp phone.

2. Statue of Liberty (Dedicated October 28, 1886). A gift from France commemorating 100 years of American freedom. Bell's 1876 Centennial model phone.

3. Astronaut (circa 1969). Today's pioneers. Modern coin phone.

4. Telephone Operator. The telephone operators of America bind the nation together in speech. Operator's headset (circa 1961).

5. Thomas Jefferson (1743-1826). Sportsman, scholar, musician, architect, scientist, inventor, author of the Declaration of Independence, champion of universal education, founder of the University of Virginia, diplomat, third President of the U.S. 1878 wall phone.

6. American Indian (circa 1890). The native American, depicted here as once commemorated on the nickel. 1954 color desk phone.

7. Abraham Lincoln (1809-1865). Prairie lawyer, soldier, rail-splitter, storyteller, sixteenth President of the U.S., the Great Emancipator, martyr. 1880 desk phone.

8. Shirley Temple (1928-). Bleak thoughts of the Great Depression were left at the box office as America watched her sing and dance. 1968 Touch-Tone® TRIMLINE® phone.

9. John Davison Rockefeller (1839-1937). Industrialist, founder of one of the first great American fortunes, philanthropist. 1897 desk phone.

10. Eskimo. Resident of the largest state, Alaska. 1968 transparent TRIMLINE phone (not commercially produced).

11. Will Rogers (1879-1935). Homespun humorist, cowboy philosopher, motion picture actor, writer. 1910 desk phone.

12. Frederick Douglass (1817-1895). Born a slave; became an abolitionist, writer, publisher, orator, public servant, diplomat. 1937 desk phone.

13. Norman Rockwell (1894-). In many ways, the most American of artists and illustrators. 1949 desk phone.

BACK COVER

14. Paul Revere (1735-1818). Silversmith, industrialist, leader of the Boston Tea Party, best known for his horseback ride warning of the approach of British troops. He's talking into one of his silver candlesticks.

15. Robert E. Lee (1807-1870). Brilliant military commander whose genius, character and grace in defeat make him revered throughout the nation. 1892 desk phone.

16. G.I. Joe (circa 1945). We'll never know if Kilroy was really there, but G.I. Joe was—from Normandy to Iwo Jima. Army field telephone.

17. The Señorita. From the days of Columbus onward, the Spanish people and their culture have helped shape America. 1930 desk phone.

18. Alexander Graham Bell (1847-1922). Teacher of the deaf, scientist, inventor, humanitarian, philanthropist. He changed the way the world communicated with his invention of the telephone in Boston on March 10, 1876. The first phone—a liquid transmitter with tuned reed receiver.

19. Jackie Robinson (1919-1972). Became the first black to play major league baseball when he signed with the Brooklyn Dodgers in 1947. 1949-54 desk phones.

20. Betsy Ross (1752-1836). Philadelphia upholsterer popularly believed to have created the first American flag. 1913 wall phone.

21. Mark Twain (1835-1910). Pseudonym of Samuel Langhorne Clemens, writer, lecturer, creator of Tom Sawyer and Huckleberry Finn. 1954 color desk phone.

22. The Birthday Party. Happy Birthday to Uncle Sam! Happy Birthday to Mr. Bell's Gadget! 1959 Princess® phone.

23. Uncle Sam (1776-). The Spirit of America personified. 1919 desk phone.

24. Marian Anderson (1902-). Concert contralto who was a frequent guest on "The Bell Telephone Hour." 1886 long distance transmitter.

25. George Washington (1732-1799). Surveyor, soldier, gentleman farmer, statesman, first President of the U.S. 1954 color desk phone.

26. Baby 1976, whose biography is not yet written. Visual phone of the future.

About the Artist: New Jersey artist Stanley Meltzoff conceived and created the special birthday cover. Meltzoff says the cover depicts "American heroes, myths and common people talking on the telephone about themselves, their history and their destiny on the birthday of liberty."

Pick the styles. And the colors. There's a wide selection of personal extension phones to choose from. It's a cinch you'll find models just right for your home. To order, call your local telephone business office.

If Touch-Tone® service is not available in your area, all models come with rotary dials.
