Emergency Calls on Party Lines

WARNING

The law of the state of Texas provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

general information

TARIFF PROVISIONS

Communication services furnished by Southwestern Bell Telephone Company are public utility services which are offered by the Company subject to the rules, regulations and charges set forth in its tariffs. Rules, regulations and charges referred to herein are those in effect at the time this directory was compiled for publication. The Company's tariffs are subject to change and are available for inspection at Company business offices during office hours.

ABUSE OR FRAUDULENT USE OF TELEPHONE SERVICE

The tariffs provide for suspension or termination of telephone service for abuse or fraudulent use. Abuse or fraudulent use includes the use of Telephone Company service or facilities to transmit a message, locate a person or otherwise give or obtain information without payment of a Long Distance charge. Abuse or fraudulent use also includes charging a Long Distance call to a false number, to an unauthorized credit card number or to another number without permission. For your protection, new equipment and procedures enable the Telephone Company to detect and investigate fraudulent use of telephone facilities. Federal and state laws provide that no person shall defraud the Telephone Company of its lawful charges. Violators, upon conviction, are subject to imprisonment, fine or both.

DIRECTORY ACCURACY

Every effort is made to make the directory as accurate as possible. In case of error or omission the liability of the Company, if any, is limited to the amount of actual impairment of the customer's service and may not, in any event, exceed the amount paid for the service during the period covered by the directory in which the error or omission occurred.

DIRECTORY ASSISTANCE

Under a plan specifically approved by the Public Utility Commission of Texas for the purpose of "reducing the burden" on basic telephone users "for the costs generated by parties who use such service excessively," there is a charge of 20 cents for each direct-dialed call to Directory Assistance after the first 10 direct-dialed calls each month. In addition to the 10-call allowance, one direct-dialed call to Directory Assistance in the home area code is allowed at no charge for each home area sent paid toll call completed.

Calls from hospitals and coin telephones are exempt from the charge. Customers whose physical or visual handicaps prevent them from using the telephone directory also are exempt. They may apply for an exemption certificate by contacting their local telephone company business office.

TELEPHONE RECORDERS

A short intermittent "beep" tone on your telephone means your conversation is being recorded. This signal is provided for your protection by equipment furnished by the Telephone Company. It is a violation of Telephone Company tariffs to record a two-way telephone conversation without the "beep" tone. Under certain restrictions, an exception to this tariff applies to federally licensed commercial broadcast stations.

CUSTOMER-PROVIDED EQUIPMENT

Telephone customers have the option of using (1) telephone equipment which is provided by the telephone company, or (2) their own FCC-approved equipment. Equipment from either source may be directly connected to the telephone network through telephone company-provided jacks (see Call Guide page 17). The use of approved, customer-provided equipment is subject to company's tariffs which require, among other things, notice to the company before such equipment is connected to the network. Customers who use their own equipment are responsible for its maintenance and repair. Additional information concerning these regulations and the use of customer-provided equipment is available through the local business office.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, mailgrams, cablegrams or radiograms from your home or business telephone to the Western Union Telegraph Company. The telegraph charges will appear on your telephone bill.

IDENTIFICATION OF TELEPHONE EMPLOYEES

Each Southwestern Bell employee is issued an identification card bearing his or her signature and photograph. If you have reason to question the identity of any telephone employee seeking to enter your home or place of business, ask to see that employee's identification card.

COMPLAINTS

Any customer who has a complaint about rates and/or service is encouraged to speak to a service representative in the local business office. If the problem is not resolved, he or she may appeal to higher levels of supervision. Customers may also contact the Public Utility Commission, 7800 Shoal Creek Blvd., Austin, Texas 78757. Complaints should be in writing and include as much factual information as possible.

TYPES OF SERVICE

Local (exchange) telephone service is offered, depending on customer location and available equipment and facilities, in the following types:

- Rural Eight-Party Service — primarily available in rural, and/or sparsely settled areas only; customers generally share a single telephone line with up to seven other customers; the least expensive service offered.

general information (continued)

• **Suburban Four Party**—also primarily available in outlying areas; an improvement of Rural Service; customers generally share a single telephone line with up to three other customers; slightly higher rates than eight party service.

• **Measured Business Service**—not widely available; customers are charged a monthly flat rate plus a charge for each outgoing call over 100.

• **Two-Party Residence Service**—available to residential customers in all rate groups; customers share a single line with another customer; higher rates than for Suburban and Rural Service.

• **One Party, or individual line, Service**—available in all locations; only one customer to a line; rates are higher than for two-party service.

Basic local (exchange) telephone service rates include (1) a monthly line access charge, which varies depending on the total number of access lines in the exchange, and (2) a \$1.00 per month instrument charge. (Under some circumstances, the instrument charge may not apply. In some suburban and rural areas, mileage charges may also apply.) Additional telephones (extensions) are available at additional monthly charges. Touch-Tone® Service (push-buttons rather than a dial) and a number of other styles of telephones (Princess®, Trimline®, etc.) are also available at additional monthly charge and a one-time charge. There is no additional one-time charge for standard color telephones.

SERVICE CONNECTION CHARGES

Standard charges for installing and rearranging telephone service are in effect in all Southwestern Bell locations in Texas. The one-time service charges are based on a multi-element plan under which the customer pays only for work actually performed in connecting or rearranging service. (Each element is defined below.)

The multi-elements and the charge for each include:

	Residence	Standard Business
Service Order Charge	\$11.75	\$11.75
Trip Charge	7.50	7.50
Central Office Access Charge	12.50	12.50
Station Handling Charge	4.25	5.50
Premises Wiring Charge	6.40	9.40
Jack Charge**	2.10**	2.10**

* Different charges will be applicable for certain complex business installations.

** Jack charges may vary depending on type jack required by customer.

Definitions

Service Ordering Charge—for processing a customer's request which does not require a visit to the customer's premises.

Trip Charge—for a customer's request for work requiring travel to the customer's premises.

Central Office Access Charge—for necessary work in central office equipment.

Station Handling Charge—for work associated with connecting, moving or changing terminal equipment on the customer's premises.

Premises Wiring Charge—for work associated with installing, moving, or changing inside wire on the customer's premises to provide for connection of terminal equipment at the locations requested.

Jack Charge—for each modular outlet installed to provide for connection of terminal equipment.

ANNOYANCE CALLS

Section 42.07 of the Texas Penal Code provides that a person commits an offense if he intentionally communicates by telephone in vulgar, profane, obscene or indecent language, in a coarse and offensive manner or threatening language and by this action intentionally, knowingly or recklessly annoys or alarms or **intends to alarm the recipient**; or places one or more telephone calls anonymously, at an unreasonable hour, in an offensive and repetitious manner, or without legitimate purpose and by this action intentionally, knowingly, or recklessly annoys or alarms the recipient or intends to do so. A person places a telephone call as soon as he dials a complete telephone number, **whether or not a conversation ensues**. Violation of this law is punishable by a fine not to exceed \$1,000 and/or confinement in jail for a term not to exceed 180 days. Anyone wishing to report such unlawful calls should contact the Telephone Company business office. If a threat is involved, the Police should also be notified.

TELEPHONE CREDIT

Each residential and business customer applying for service with Southwestern Bell must satisfactorily establish credit. Credit may be established as shown below, or, if requested, by payment of a deposit not exceeding an amount equivalent to one-sixth of your estimated annual billing, or a letter of guarantee. To maintain satisfactory credit, a customer must make prompt payment on all telephone bills.

Residential Service Credit

Applicants for residential service may establish credit through prior telephone service, by age, or by other satisfactory means. Credit history shall be applied equally for a reasonable period of time to a spouse, or former spouse who shared the prior service.

(1) Credit through prior residential telephone service. If an applicant has been a residential customer of any U.S. telephone company during the two years immediately preceding the local service request, Southwestern Bell will check with that telephone company or location concerning credit information. Satisfactory credit will be established if the credit check establishes:

- The applicant was served by that company; and
- Applicant is not currently delinquent in payment to that company; and
- During the last 12 months of service with that company, the applicant did not have more than one delinquent monthly bill; and
- Telephone service with that company was never disconnected for nonpayment.

The applicant must provide adequate information to Southwestern Bell to allow a check

general information (continued)

of previous service. That information should include the former telephone number and/or name under which service was billed; the date service was disconnected; and how long the applicant had service.

(2) Credit as the result of age. An applicant for permanent residential service who is 65 years of age or older will be considered as having established credit if the applicant does not have an unpaid account with any telephone company during the past two years. The applicant will be required to furnish proof of age.

(3) Credit through other means. Satisfactory credit will be established if the applicant personally produces and authorizes verification of:

- (a) Generally-accepted credit cards; and/or
- (b) Letters of credit reference; and/or
- (c) Ownership of substantial equity; and/or
- (d) Names of credit references which may be quickly and inexpensively checked; and/or
- (e) Other appropriate means of credit verification.

Business Service Credit

If the credit of an applicant for business service has not been established satisfactorily to the telephone company, the applicant may be required to make a deposit or provide a satisfactory letter of guarantee.

DEFERRED PAYMENT PLAN

Telephone bills are due and payable 15 days after the bill is issued. (A "due by" date is shown on the bill.) However, if a customer is unable to pay a bill in full within a reasonable period of time, the company may, if appropriate, arrange installment payments. Any installment arrangement must be made by the customer with the appropriate telephone company business office. An installment plan will include customer agreement to prompt payment of current bills each month, plus reasonable installments on the outstanding bill.

Factors to be considered in determining whether an installment payment plan is appropriate include:

- (a) Size of customer's delinquent account;
- (b) The customer's ability to pay;
- (c) The customer's payment history;
- (d) Time that the debt has been outstanding;
- (e) Reasons why the debt has been outstanding;
- (f) Other relevant factors.

No interest or penalty charges will be made to the customer if an installment payment plan is used.

If a customer does not fulfill agreed terms of an installment payment agreement, Southwestern Bell has the right to disconnect service after appropriate notification to the customer.

Any installment plan agreed to by the company and customer shall be based on pertinent payment factors, and customer participation in such a plan shall not be refused on the basis of race, color, creed, sex or marital status.

DISCONTINUANCE OF SERVICE

A customer's telephone service may be disconnected by Southwestern Bell under the following circumstances:

Non-Payment

If a bill has not been paid, or a deferred payment agreement has not been made, within 20 days of the date the bill was issued, service is subject to disconnection. Southwestern Bell will provide the customer five days written notice prior to disconnecting service for non-payment.

Non-payment also includes failure to pay a deposit or provide a satisfactory letter of guarantee.

Misuse of Service

If a customer tampers with telephone equipment, or misuses service in a manner which interferes with the service of others, the tampering or interfering customer's service may be disconnected. The company normally will provide reasonable notice (usually five days) to the customer to stop such activity. However, if tampering or misuse continues after notification, the service may be disconnected.

Also, if a dangerous condition should arise as a result of customer tampering or misuse, the company may disconnect service without notice and leave the service disconnected until the dangerous condition is corrected.

Date of Disconnection

A customer's service will not be disconnected on a Friday, Saturday, Sunday, holiday or day before a holiday. This is to allow payment to avoid disconnection, or to allow prompt reconnection of service if payment is made. However, if a dangerous condition exists (as described above), service may be disconnected on a Friday or a day before a holiday. In such an instance, an appropriate telephone employee will be available as a contact, if needed, on the weekend or holiday following the disconnection.

Reconnection

Service will be reconnected after the disconnected customer has:

- (a) Reestablished credit as necessary; and/or
- (b) Made appropriate payment arrangements; and/or
- (c) Has ceased tampering with equipment or misusing service.

types of long distance calls

Station-to-Station

Call station-to-station if you'll talk to anyone who answers. Rates are lower than for person-to-person calls. Charging begins when the phone you've called is answered.

Person-to-Person

Call person-to-person when you wish to talk to a particular person or extension. Rates are higher than for station-to-station calls. Charging starts when conversation begins with the person you've called or with an alternate person or extension.

Credit Card

Customers who have Bell System Credit Cards may place calls and charge them to their credit card numbers. These calls require "OPERATOR" assistance to note the credit card number, and may be station-to-station or person-to-person. Customers may apply for a credit card by calling their local Business Office.

Bill To Third Number

Customers may place calls and transfer the charge to another telephone. This service requires "OPERATOR" assistance to note the number to be billed. The calls may be either station-to-station or person-to-person.

Collect

You can call "collect" only if the person or firm you're calling agrees to pay the charge.

Conference

You can talk with several people in different places at the same time. Dial Operator and say you wish to make a conference call.

Mobile, Air, Land, Marine

You can make local and Long Distance calls to automobiles, trucks, aircraft, boats and ships. Ask the "Operator" for the Mobile, Marine or High Seas Operator. For information on other Communications Common Carriers, consult the Yellow Pages under **PAGING & SIGNALING**, and **RADIOTELEPHONE COMMUNICATIONS** headings.

International Calling

You can call practically any telephone in the world. Tell the Operator you wish to place an International call and state the name of the country you are calling. (Reduced rates apply on calls to many points during certain night hours and/or Sundays.)

Inward WATS

Station-to-station Long Distance calls may be made without charge to those customers who have Inward WATS numbers. They offer this service to their customers calling from specific locations. Dial "1" plus the Area Code 800 plus the special numbers of customers with this service. To reach Directory Assistance for Inward WATS numbers, dial "1" plus Area Code 800 plus 555-1212.

Coin

Public coin telephones are maintained for customer convenience and necessity in making local and Long Distance calls. Consult specific calling instructions on each coin phone before attempting to place a call.

Time and Charges

Customers placing calls may also request from the "OPERATOR" the amount of time and the charge for the call. This service requires "OPERATOR" assistance.

how to place long distance calls

Before you call, consider the following:

- **Coin Phones:** Look at the instruction card on the phone.
- **Area Codes:** Your Area Code is 512 (see Call-Guide pages 10-13 for others).
- **Telephone Numbers:** If you don't know the telephone number, you may dial Directory Assistance for the distant city, as follows:
 "1" plus Area Code (if different from yours) plus 555-1212.
- When the Directory Assistance Operator answers, give the city or town, then the name and address you wish to call. Jot down the number for future reference.

Making your call:

• **STATION-TO-STATION:**

Dial "1" plus Area Code (if different from yours) plus telephone number.

• **ALL OTHER CALLS:**

Dial "0" (Operator) plus Area Code (if different from yours) plus Telephone Number.

When you have completed dialing, the operator will come on the line and ask pertinent calling information:

- **Person-to-Person** — State the name of the person you are calling.
- **Collect Call** — State the call is collect and give your name.
- **Credit Card, bill to third number and special billing** — State the number to which the call is to be billed.

• **CALLING TIPS:**

If the phone you call is busy, wait at least five minutes before replacing the call.

If the party you have called doesn't answer, wait at least 30 minutes before replacing your call.

You will not be charged:

- If you hang up before the complete number is dialed.
- If the phone you called is busy or does not answer.
- If you reach a wrong number, providing you dial the Operator, who will see that you're not charged for the call.

If you need assistance:

- Dial Operator, who will be glad to help you.

long distance rates to other states except Alaska and Hawaii

LOWEST RATES • DIAL-DIRECT ONE-MINUTE RATES

Dial-direct calls are those interstate calls (excluding Alaska and Hawaii) completed from a residence or business phone without Operator assistance.

Dial-direct rates also apply on calls placed with an Operator from a residence or business phone where dial-direct facilities are not available.

On dial-direct calls *you pay only for the minutes you talk*. The initial rate period is *one-minute* any time of day or night.

Additional savings apply if you dial-direct during the "discount" time periods indicated on the chart below.

8 A.M.	MONDAY THROUGH FRIDAY		SATURDAY	SUNDAY
5 P.M.	WEEKDAY	FULL RATE Minimum charge: 1 minute	35% DIS- COUNT	
11 P.M.	EVENING	35% DISCOUNT from Full Rate Minimum charge: 1 minute		
8 A.M.	NIGHT & WEEKEND	60% DISCOUNT from Full Rate Minimum charge: 1 minute		

HIGHEST RATES • OPERATOR-ASSISTED THREE-MINUTE RATES

Operator-assisted calls are those requiring the assistance of an Operator to complete the call. These include person-to-person, coin, collect, credit card, billed to a third number, hotel guest, time and charge calls.

The initial period for all Operator-assisted calls is *three minutes*.

Additional minutes are charged at dial-direct rates and include the same discount applicable to the time period when you call.

HOLIDAY RATES

New Year's Day/July 4th/Labor Day/Thanksgiving/Christmas Day.

On these legal holidays, the evening rate applies all day on dial-direct calls unless a lower rate would normally apply (nights and weekends). On Operator-assisted calls, the dial-direct discount rate applies on additional minutes.

CALLS OUTSIDE CONTINENTAL U.S. (Including Alaska and Hawaii)

There are different dial-direct rates that apply on calls to Hawaii, Puerto Rico, U.S. Virgin Islands, Canada and the Bahamas.

Other locations capable of being dialed direct are Alaska and parts of Mexico, including Mexico City.

For calls to all other points outside Continental U.S., dial "0" and ask the Operator to place your call. The Operator can also give you rates for calls to these locations.

helpful telephone tips

how to save time and money when you call

DIAL IT YOURSELF AND SAVE

You can save money by dialing your calls direct without involving an operator. We offer lower rates on dial-direct calls to anywhere in the United States except Alaska.

CALL DURING BARGAIN TIMES AND SAVE FROM 35% TO 60%

Rates on interstate dial-direct calls are lower during evening, night and weekend hours. You can save from 35% to 60% by dialing during these low rate periods. Check the chart on page 8.

IF YOU USE THE OPERATOR, LONG DISTANCE CALLS COST MORE

Collect, credit card, coin phone calls, time and charges and calls charged to another number require the services of an operator. These "operator-assisted" calls cost more than dial-direct calls.

PERSON-TO-PERSON CALLS COST THE MOST

Calling person-to-person can cost nearly twice as much as other operator-assisted calls. And many times more than our lowest dial-direct rate! Compare the rates yourself.

TAKE ADVANTAGE OF HOLIDAY RATES

Our 35% discount evening rates apply when you dial-direct out-of-state on these legal holidays: New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas Day—and that's all day, not just evenings. If you're calling nights or weekends, you get the 60% discount for dialing direct. See the rate chart on page 8.

SCHEDULE YOUR CALLS

If you call someone frequently, try to arrange a specific time when he or she will be there to take your call. That way you can dial-direct and save!

PLAN YOUR CONVERSATION

Whether it's business or personal, jot down the things you want to talk about, the questions you want to ask. You'll save calling time — and you won't forget something you wanted to say.

DON'T PAY FOR WRONG NUMBERS

If you reach a wrong number, we don't want you to pay for it. Let the operator know right away so that you won't be charged for it. If you call from a coin phone, we'll mail you a refund.

LET IT RING

When you make a call, give your party time to answer — at least 10 rings — before you hang up. This could save you having to make a second call later.

BAD CONNECTION

If you get a poor connection or are cut off on a Long Distance call, both parties should hang up. Whoever placed the call should tell the operator about the bad connection so that the operator can reestablish the call for you and adjust the charge so you aren't billed for the interrupted time.

USE AREA CODES

Be sure to use the correct area code when dialing outside your own area code. You will avoid reaching a wrong number. Area codes for many cities are listed on pages 10-13.

VACATION RATES

If you are going away for a month or more, you may save money by temporarily suspending your home or business telephone service. The suspended service rate is lower than most regular rates.

MOVING DAY SPECIAL

If you have residence service and are planning a move, you can save money by having your main phone and all extensions put in at the same time. This saves our installer an extra trip and saves you a charge for an extra installer visit.

TAKE YOUR PHONE BOOK WITH YOU WHEN YOU MOVE.

It'll save you lots of time when you want to call back to friends or business associates you left behind — you'll already have their numbers and won't have to waste valuable time calling for Long Distance Directory Assistance.

EMERGENCY NUMBERS

You'll find a place for listing emergency numbers for Police, Fire, Ambulance and others on the inside front cover of this phone book. If you can't find the number in an emergency, dial "0" (Operator) for assistance.

TEACH THE CHILDREN TO DIAL "0" IN EMERGENCIES

Show your children how to use the phone in an emergency by teaching them how to dial "0" for the operator. Also, make sure they know their home phone number and encourage them to always call home if they're going to be late. Give them change to carry for emergency calls.

COIN PHONE REFUNDS

If one of our coin phones collects your money and doesn't complete your call, jot down the number and report it to us. Just dial "0" (Operator) from another phone and we will mail you your refund and repair the phone that is out of order.

how to connect or disconnect your phone

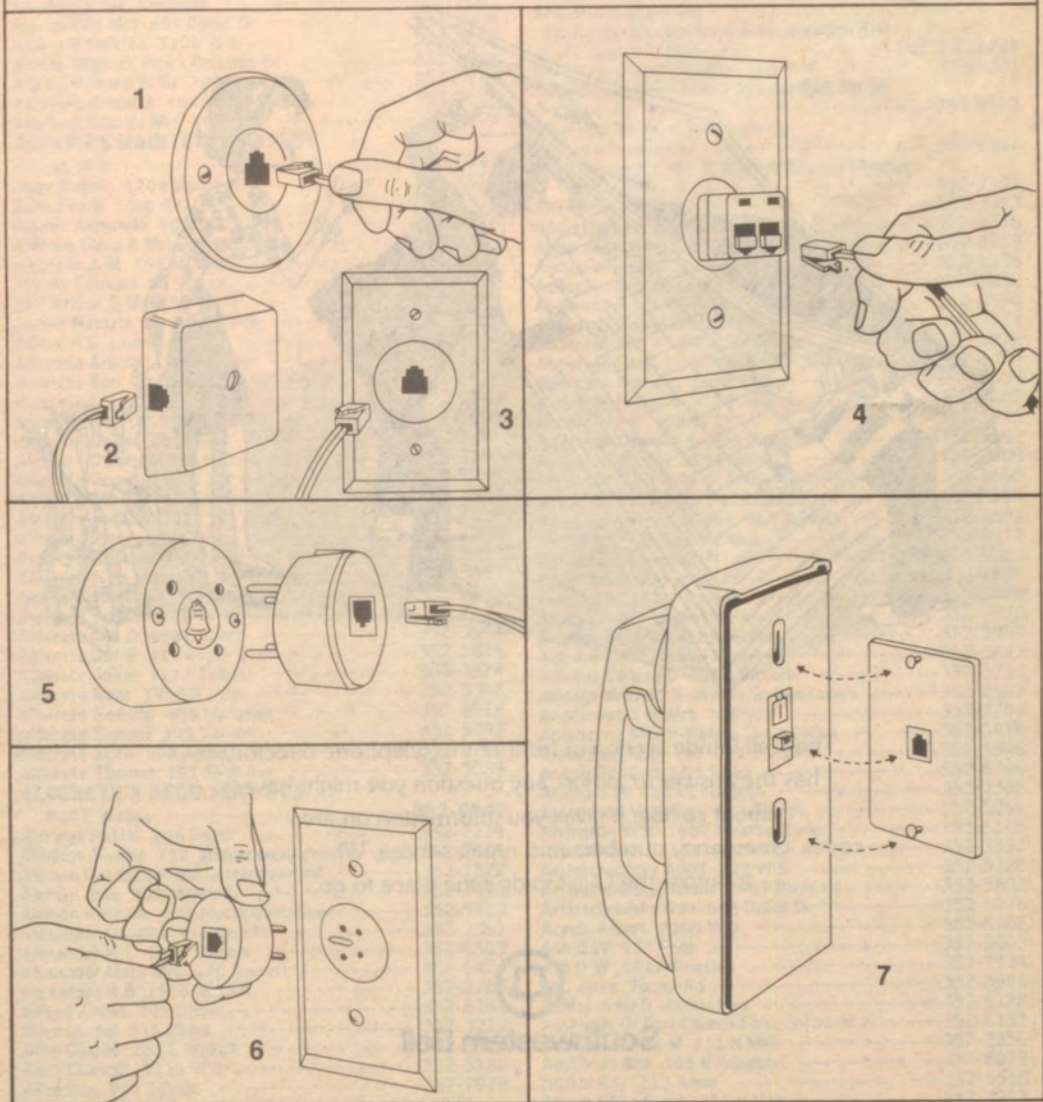

The illustrations below should be helpful to you when installing or disconnecting your telephones.

Illustrations one through four show wall receptacles (standard jacks) which can accommodate modular telephone cords. To install your phone, match the plug at the end of the telephone cord with the receptacle and insert. To disconnect the phone, squeeze the clip on the plug and pull out of the receptacle.

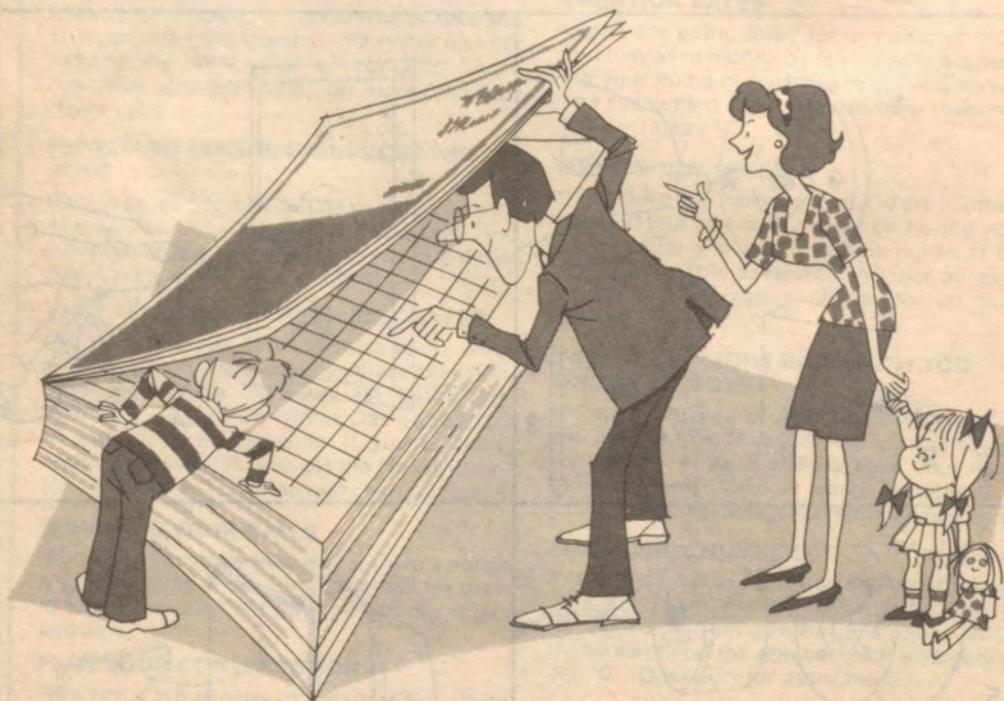

Illustrations five and six show receptacles (non-standard jacks) which can be made to accommodate modular telephone cords by the

use of adapters. The adapters simply plug into the receptacle. With the adapter in place, follow the above steps to install your phone.

A receptacle for a wall mounted telephone is shown in illustration seven. To connect your wall phone, match the holes in the back of the telephone with the rivets on the wall mounting, push the telephone lightly against the mounting while sliding it down into place over the rivets. To disconnect, slide the telephone up to lift it off the rivets, then pull the phone away from the receptacle.

Questions about calling? Check the Call-Guide!

The Call-Guide section in front of this telephone directory has the answer to almost any question you might have about calling. It gives you information on area codes, emergency numbers and repair service. When you want to know, the Call-Guide's the place to go.

WARNING!

EMERGENCY CALLS ON PARTY LINES

It is unlawful to refuse the use of a party line to another person for the purpose of permitting such person to report a fire or summon police, medical aid or ambulance service in an emergency situation where property or human life is in danger. It is also unlawful for anyone to falsely claim an emergency to gain access to a party line. The maximum penalty, upon conviction, is imprisonment for 30 days or a fine of \$500 or both.

DIALING INSTRUCTIONS

FOR PARTY LINE USERS

Always listen to make sure the line is not in use before you attempt to dial.

HOW TO CALL ANOTHER PARTY ON YOUR LINE

Dial "77", then dial the last digit of your number, and the last digit of the number you are calling. Replace your handset. Your telephone will ring along with the telephone of the party being called. When your telephone stops ringing, pick up your handset and answer.

How to place long distance calls

Please refer to Call Guide pages on How to Place Your Long Distance Calls

PARTY LINE COURTESY PAYS

When several persons are sharing the use of a telephone line, consideration and courtesy are important to all. Everyone will receive better service if each subscriber on the line will observe these simple rules of courtesy. Be as brief as possible . . . space your calls so that the other party can place his calls . . . and give up the line to the neighbor who needs it for an emergency use.

DIALING INSTRUCTIONS FOR EXTENDED AREA SERVICE

HUTTO CUSTOMERS MAY CALL CUSTOMERS IN THE TAYLOR EXCHANGE BY DIALING THE 7 DIGIT TAYLOR NUMBER.

Kick the number-fumbler habit!

If misplaced telephone numbers give you problems, here are suggestions that can help you.

- 1 ☐ Underline those special numbers in your directory.
- 2 ☐ Keep the directory near the phone.
- 3 ☐ Have a pencil and paper handy when you talk so you can jot down numbers you may need again.
- 4 ☐ Maintain your own personal directory of frequently called numbers.

These suggestions can save time and make calling easier.

One-Plus Dialing gets you there quickly,
easily. And there's no cheaper way to
call. Simply dial one, the Area Code (if
different from your own), plus the
number.

Confused about Long Distance
rates? Don't worry. Just remember
there's no cheaper way to call
Long Distance than with One-Plus
Dialing. Just dial one, plus the
Area Code (if different from your
own), plus the number. One-Plus.
You can't beat it.

Telephone calls used to be a
scream. But today, a normal
voice will do. The difference
is improved transmission—
better ways to get your voice
from here to there. Simply
talk in a normal tone of voice
into the receiver and your
words will go a long way.

Not sure of the correct number?

Don't guess or take a chance.

Look it up before you dial.

You'll save yourself

(and others) valuable time.

Owe your relatives a visit? Call, in-
 stead. Ask the operator to set up a
 conference call and put all of you
 on the line at the same time. That
 way, everyone can talk to everyone
 else. To speed connections, arrange
 the call in advance.

Telephone calls used to be a
scream. But today, a normal
voice will do. The difference
is improved transmission —
better ways to get your voice
from here to there. Simply
talk in a normal tone of voice
into the receiver and your
words will go a long way.

Telephone calls used to be a scream. But today, a normal voice will do. The difference is improved transmission—better ways to get your voice from here to there. Simply talk in a normal tone of voice into the receiver and your words will go a long way.

Planning to Build?

Call for free consulting service

Increased use of telephone service makes planning for concealed cable and equipment an important part of building design.

Call our Building Industry Consulting Service for prompt technical assistance in designing modern telephone facilities for commercial, industrial and high-rise apartment buildings.

Why not call
Long Distance today?

Kick the number-fumbler habit!

If misplaced telephone numbers give you problems, here are suggestions that can help you.

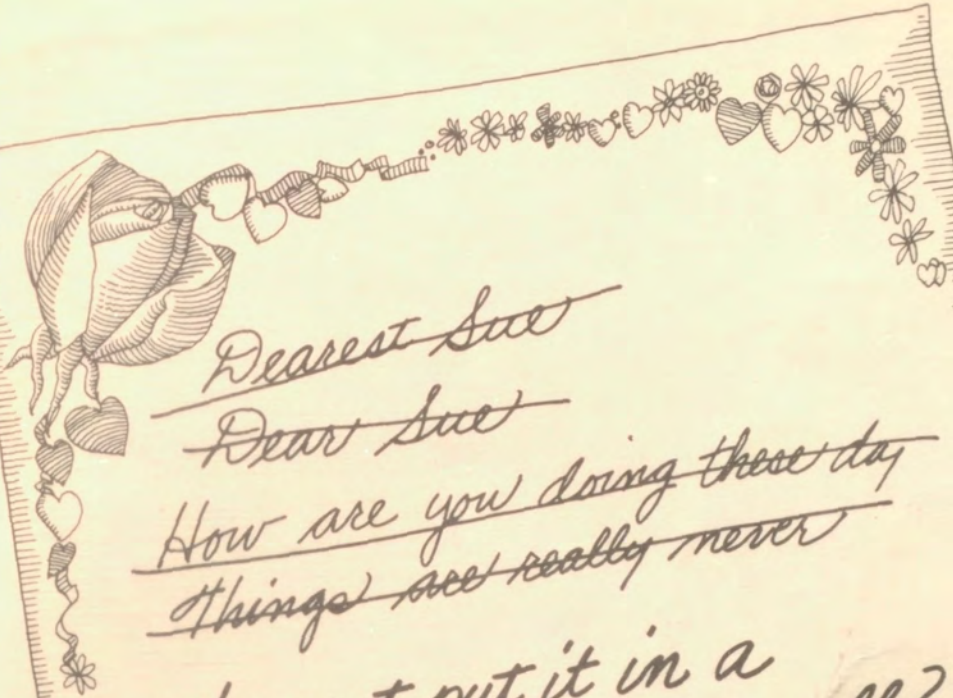

- 1 ☐ Underline those special numbers in your directory.
- 2 ☐ Keep the directory near the phone.
- 3 ☐ Have a pencil and paper handy when you talk so you can jot down numbers you may need again.
- 4 ☐ Maintain your own personal directory of frequently called numbers.

These suggestions can save time and make calling easier.

use when certain hearing
aids are not compatible
with some telephones.

Now you can choose a phone that's as individual as you are. Because our telephones are available in more styles and colors than ever before.

There's one to match any decor in your home or office.

Matching telephones to the needs of customers . . . that's our style. For more information, call your Southwestern Bell business office today.
