**ON THE COVER:**

Texas, it seems, has an endless number of colorful men and women who made significant contributions to its history. Some, like Jim Bowie, Davy Crockett and Sam Houston, are virtual household names. Others, among them those portrayed on the front of this directory, are not as

well known, but each played an important role in the State's history. The painting is by Bruce Marshall, Austin artist and historian. The Texas Historical Commission aided in selection of those in the painting. There could have been hundreds of others.

Identification guide: (1) *Father Antonio Margil* (1657-1726), founder of several early missions in Texas, said to have baptized 80,000 Indians. (2) *Jane Wilkinson Long* (1798-1880), left alone at Point Bolivar, she survived rigorous 1821-22 winter despite having to care for sick servant and infant daughter and giving birth to another daughter, became known as "The Mother of Texas." (3) *Henri Castro* (1786-1861), French-born New York banker, founded Texas colonies, most from Alsace-Lorraine. (4) *Santos Benavides* (1823-1891), Laredo merchant and civic leader possibly best known as peace-keeper along Texas-Mexico border, became brigadier general during Civil War. (5) *John O. Meusebach* (1812-1897), leader of German Colonists in 1840s, effected lasting treaty with Comanches. (6) *Richard W. Dowling* (1823-1866), commanded 50-man garrison at Sabine Pass which turned back 5,000-man expedition threatening invasion of East Texas during Civil War. (7) *Elsie Amalie Waerenskjold* (1815-1895), one of Texas' earliest writers and teachers, after migrating from Norway in 1847. (8) *Charles Goodnight* (1836-1929), Army scout, Texas Ranger and one of America's foremost cattlemen, took first cattle into Texas Panhandle. (9) *Quanah Parker* (about 1847-1911), chief of Quahadi Comanches, avoided captivity for several years, eventually became wealthy landholder. (10) *Britton Johnson* (about 1839-1871), free Black man who became orderly and scout at Fort Belknap, famous for daring rescue of his wife and two children captured during Indian battle.

general information

TARIFF PROVISIONS

Communication services furnished by Southwestern Bell Telephone Company are public utility services which are offered by the Company subject to the rules, regulations and charges set forth in its tariffs, which tariffs shall at all times control the provision of such communication services. Every effort is made in the Call Guide section of this directory to accurately portray information showing certain terms, conditions, and charges by which communication services are furnished. In the event of a conflict between such tariffs and the information contained in this Call Guide, the tariffs shall prevail. The Company's tariffs are subject to change and are available for inspection at Company Business Offices during office hours.

ABUSE OR FRAUDULENT USE OF TELEPHONE SERVICE

The tariffs provide for suspension or termination of telephone service for abuse or fraudulent use. Abuse or fraudulent use includes the use of Telephone Company service or facilities to transmit a message, locate a person or otherwise give or obtain information without payment of a Long Distance charge. Abuse or fraudulent use also includes charging a Long Distance call to a false number, to an unauthorized credit card number or to another number without permission. For your protection, new equipment and procedures enable the Telephone Company to detect and investigate fraudulent use of telephone facilities. Federal and state laws provide that no person shall defraud the Telephone Company of its lawful charges. Violators, upon conviction, are subject to imprisonment, fine or both.

DIRECTORY ACCURACY

Every effort is made to make the directory as accurate as possible. In case of error or omission the liability of the Company, if any, is limited to the amount of actual impairment of the customer's service and may not, in any event, exceed the amount paid for the service during the period covered by the directory in which the error or omission occurred.

DIRECTORY ASSISTANCE

Under a plan designed to require frequent users of directory assistance to pay for the costs of providing that service, single line residential and business customers pay 20 cents for each direct-dialed call to Directory Assistance after the first 10 direct-dialed calls each month. In addition to the 10-call allowance, one direct-dialed call to Directory Assistance in the home area code is allowed at no charge for each home area sent paid toll call completed. For all other types of service, different rules apply as set forth in the Company's Tariffs.

Calls from hospital patients' bedside services and coin telephones are exempt from the charge. Customers whose physical or visual handicaps prevent them from using the telephone directory also are exempt. They may apply for an exemption certificate by contacting their local Telephone Company Business Office.

TELEPHONE RECORDERS

A short intermittent "beep" tone on your telephone means your conversation is being recorded. This signal is provided for your protection by equipment furnished by the Telephone Company. It is a violation of Telephone Company tariffs to record a two-way telephone conversation without the "beep" tone. Under certain restrictions, an exception to this tariff applies to federally licensed commercial broadcast stations.

CUSTOMER-PROVIDED EQUIPMENT

Telephone customers with certain types of service have the option of using (1) telephone equipment which is provided by the Telephone Company, or (2) their own FCC-approved equipment.

Equipment from either source may be directly connected to the telephone network through Telephone Company-provided jacks (see Call-Guide page 18).

The use of approved, customer-provided equipment is subject to Company's tariffs which require, among other things, notice to the Company before such equipment is connected to the network. Customers who use their own equipment are responsible for its maintenance and repair.

Additional information concerning these regulations, and the use of customer-provided equipment, is available through the local business office.

IDENTIFICATION OF TELEPHONE EMPLOYEES

Each Southwestern Bell employee is issued an identification card bearing his or her signature and photograph. If you have reason to question the identity of any telephone employee seeking to enter your home or place of business, ask to see that employee's identification card.

COMPLAINTS

Any customer who has a complaint is encouraged to speak to a service representative in the local business office. If the problem is not resolved, he or she may appeal to higher levels of supervision. Customers may also contact the Public Utility Commission, 7800 Shoal Creek Blvd., Austin, Texas 78757. Complaints should be in writing and include as much factual information as possible.

general information *continued*

TYPES OF SERVICE

Local (exchange) telephone service is offered, depending on customer location and available equipment and facilities, in the following types:

- **Rural Eight-Party Service** — primarily available in rural, and/or sparsely settled areas only; customers generally share a single telephone line with up to seven other customers; the least expensive service offered.

- **Suburban Four-Party** — also primarily available in outlying areas; an improvement of Rural Service; customers generally share a single telephone line with up to three other customers; slightly higher rates than eight-party service.

- **Measured Business Service** — not widely available; customers are charged a monthly flat rate plus a charge for each outgoing call over 100.

- **Two-Party Residence Service** — available to residential customers in all rate groups; customers share a single line with another customer; higher rates than for Suburban and Rural Service.

- **One-Party, or individual line, Service**; available in all locations; only one customer to a line; rates are higher than for two-party service.

Basic local (exchange) telephone monthly rates are for the access line only and vary depending on the total number of access lines in the local calling area. In some suburban and rural areas, mileage charges may also apply. Telephones are available at additional monthly charges. Touch-Tone® Service (pushbuttons rather than a dial) and a number of other styles of telephones (Princess®, Trimline®, etc.) are also available at additional monthly charge and a one-time charge. There is no additional one-time charge for standard color telephones.

SERVICE CONNECTION CHARGES

The one-time service charges for installing and rearranging telephone service which are in effect in all Southwestern Bell locations in Texas, are based on a multi-element plan under which the customer pays the charge for the elements associated with the work performed in connecting or rearranging service.

Additional information concerning service connection charges is available through the local business office.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, mailgrams, cablegrams or radiograms from your home or business telephone to the Western Union Telegraph Company. The telegraph charges will appear on your telephone bill.

ANNOYANCE CALLS

Section 42.07 of the Texas Penal Code provides that a person commits an offense if he intentionally communicates by telephone in vulgar, profane, obscene or indecent language, in a coarse and offensive manner or threatening language and by this action intentionally, knowingly or recklessly annoys or alarms or **intends to alarm the recipient**; or places one or more telephone calls anonymously, at an unreasonable hour, in an offensive and repetitious manner, or without legitimate purpose and by this action intentionally, knowingly, or recklessly annoys or alarms the recipient or intends to do so. A person places a telephone call as soon as he dials a complete telephone number, **whether or not a conversation ensues**. Violation of this law is punishable by a fine not to exceed \$1,000 and/or confinement in jail for a term not to exceed 180 days. Anyone wishing to report such unlawful calls should contact the Telephone Company business office. If a threat is involved, the Police should also be notified.

TELEPHONE CREDIT

Each residential and business customer applying for service with Southwestern Bell must satisfactorily establish credit. Credit may be established as shown below, or, if requested, by payment of a deposit not exceeding an amount equivalent to one-sixth of your estimated annual billing, or a letter of guarantee. To maintain satisfactory credit, a customer must make prompt payment on all telephone bills.

Residential Service Credit

Applicants for residential service may establish credit through prior telephone service, by age, or by other satisfactory means. Credit history shall be applied equally for a reasonable period of time to a spouse, or former spouse who shared the prior service.

(1) Credit through prior residential telephone service. If an applicant has been a residential customer of any U.S. telephone company during the two years immediately preceding the local service request, Southwestern Bell will check with that telephone company or location concerning credit information. Satisfactory credit will be established if the credit check establishes:

- (a) The applicant was served by that company; and
- (b) Applicant is not currently delinquent in payment to that company; and
- (c) During the last 12 months of service with that company, the applicant did not have more than one delinquent monthly bill; and
- (d) Telephone service with that company was never disconnected for non-payment.

The applicant must provide adequate information to Southwestern Bell to allow a check of previous service. That information should include the former telephone number and/or

general information *continued*

name under which service was billed; the date service was disconnected; and how long the applicant had service.

(2) Credit as the result of age. An applicant for permanent residential service who is 65 years of age or older will be considered as having established credit if the applicant does not have an unpaid account with any telephone company during the past two years. The applicant will be required to furnish proof of age.

(3) Credit through other means. Satisfactory credit will be established if the applicant personally produces and authorizes verification of:

- (a) Generally-accepted credit cards; and/or
- (b) Letters of credit reference; and/or
- (c) Ownership of substantial equity; and/or
- (d) Names of credit references which may be quickly and inexpensively checked; and/or
- (e) Other appropriate means of credit verification.

Business Service Credit

If the credit of an applicant for business service has not been established satisfactorily to the Telephone Company, the applicant may be required to make a deposit or provide a satisfactory letter of guarantee.

DEFERRED PAYMENT PLAN

Telephone bills are due and payable 15 days after the bill is issued. (A "due by" date is shown on the bill.) However, if a customer is unable to pay a bill in full within a reasonable period of time, the Company may, if appropriate, arrange installment payments. Any installment arrangement must be made by the customer with the appropriate Telephone Company business office. An installment plan will include customer agreement to prompt payment of current bills each month, plus reasonable installments on the outstanding bill.

Factors to be considered in determining whether an installment payment plan is appropriate include:

- (a) Size of customer's delinquent account;
- (b) The customer's ability to pay;
- (c) The customer's payment history;
- (d) Time that the debt has been outstanding;
- (e) Reasons why the debt has been outstanding;
- (f) Other relevant factors.

No interest or penalty charges will be made to the customer if an installment payment plan is used.

If a customer does not fulfill agreed terms of an installment payment agreement, Southwestern Bell has the right to disconnect service after appropriate notification to the customer. Any installment plan agreed to by the Com-

pany and customer shall be based on pertinent payment factors, and customer participation in such a plan shall not be refused on the basis of race, color, creed, sex or marital status.

DISCONTINUANCE OF SERVICE

A customer's telephone service may be disconnected by Southwestern Bell under the following circumstances:

Non-Payment

If a bill has not been paid, or a deferred payment agreement has not been made, within 20 days of the date the bill was issued, service is subject to disconnection. Southwestern Bell will provide the customer five days written notice prior to disconnecting service for non-payment.

Non-payment also includes failure to pay a deposit or provide a satisfactory letter of guarantee.

Misuse of Service

If a customer tampers with telephone equipment, or misuses service in a manner which interferes with the service of others, the tampering or interfering customer's service may be disconnected. The Company normally will provide reasonable notice (usually five days) to the customer to stop such activity. However, if tampering or misuse continues after notification, the service may be disconnected.

Dangerous Condition

If a dangerous condition should arise, the Company may disconnect service without notice and leave the service disconnected until the dangerous condition is corrected.

Date of Disconnection

A customer's service will not be disconnected on a Friday, Saturday, Sunday, holiday or day before a holiday. This is to allow payment to avoid disconnection, or to allow prompt reconnection of service if payment is made. However, if a dangerous condition exists (as described above), service may be disconnected on a Friday or a day before a holiday. In such an instance, an appropriate telephone employee will be available as a contact, if needed, on the weekend or holiday following the disconnection.

Reconnection

Service will be reconnected after the disconnected customer has:

- (a) Reestablished credit as necessary; and/or
- (b) Made appropriate payment arrangements; and/or
- (c) Ceased tampering with equipment or misusing service.

helpful telephone tips

how to save time and money when you call

DIAL IT YOURSELF AND SAVE

You can save money by dialing your calls direct without involving an operator. We offer lower rates on dial-direct calls to anywhere in the United States.

CALL DURING BARGAIN TIMES AND SAVE

Rates on dial-direct calls are lower during evening, night and weekend hours. You can save from 35% to 60% on interstate calls (except Alaska and Hawaii where the discounts are 30% and 55%) and from 25% to 40% on intra-state calls by dialing during these low rate periods. Check the charts on pages 7 and 8.

IF YOU USE THE OPERATOR, LONG DISTANCE CALLS COST MORE

Collect, credit card, coin phone calls, time and charges and calls charged to another number require the services of an operator. These "operator-assisted" calls cost more than dial-direct calls.

PERSON-TO-PERSON CALLS COST THE MOST

Calling person-to-person can cost nearly twice as much as other operator-assisted calls. And many times more than our lowest dial-direct rate! Compare the rates yourself.

TAKE ADVANTAGE OF HOLIDAY RATES

Discount evening rates apply when you dial-direct on these legal holidays: New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas — and that's all day, not just evenings. If you're calling nights or weekends, you save even more by dialing direct. See the rate charts on pages 7 and 8.

SCHEDULE YOUR CALLS

If you call someone frequently, try to arrange a specific time when he or she will be there to take your call. That way you can dial-direct and save!

PRE-WIRE YOUR NEW HOME

If you are building a new home or remodeling your home, we can install telephone wires before the wall is put up. Often this means your telephones can be installed more neatly. Call the Business Office.

DON'T PAY FOR WRONG NUMBERS

If you reach a wrong number, we don't want you to pay for it. Let the operator know right

away so that you won't be charged for it. If you call from a coin phone, we'll mail you a refund.

LET IT RING

When you make a call, give your party time to answer — at least 10 rings — before you hang up. This could save you having to make a second call later.

BAD CONNECTION

If you get a poor connection or are cut off on a Long Distance call, both parties should hang up. Whoever placed the call should tell the operator about the bad connection so that the operator can reestablish the call for you and adjust the charge so you aren't billed for the interrupted time.

USE AREA CODES

Be sure to use the correct area code when dialing outside your own area code. You will avoid reaching a wrong number. Area codes for many cities are listed on pages 10-13.

TAKE YOUR PHONE BOOK WITH YOU WHEN YOU MOVE

It'll save you lots of time when you want to call back to friends or business associates you left behind — you'll already have their numbers and won't have to waste valuable time calling for Long Distance Directory Assistance.

EMERGENCY NUMBERS

You'll find a place for listing emergency numbers for Police, Fire, Ambulance and others on the inside front cover of this phone book. If you can't find the number in an emergency, dial "0" (operator) for assistance.

TEACH THE CHILDREN TO DIAL "0" IN EMERGENCIES

Show your children how to use the phone in an emergency by teaching them how to dial "0" for the operator. Also, make sure they know their home phone number and encourage them to always call home if they're going to be late. Give them change to carry for emergency calls.

COIN PHONE REFUNDS

If one of our coin phones collects your money and doesn't complete your call, jot down the number and report it to us. Just dial "0" (operator) from another phone and we will mail you your refund and repair the phone that is out of order.

how to connect or disconnect your phone

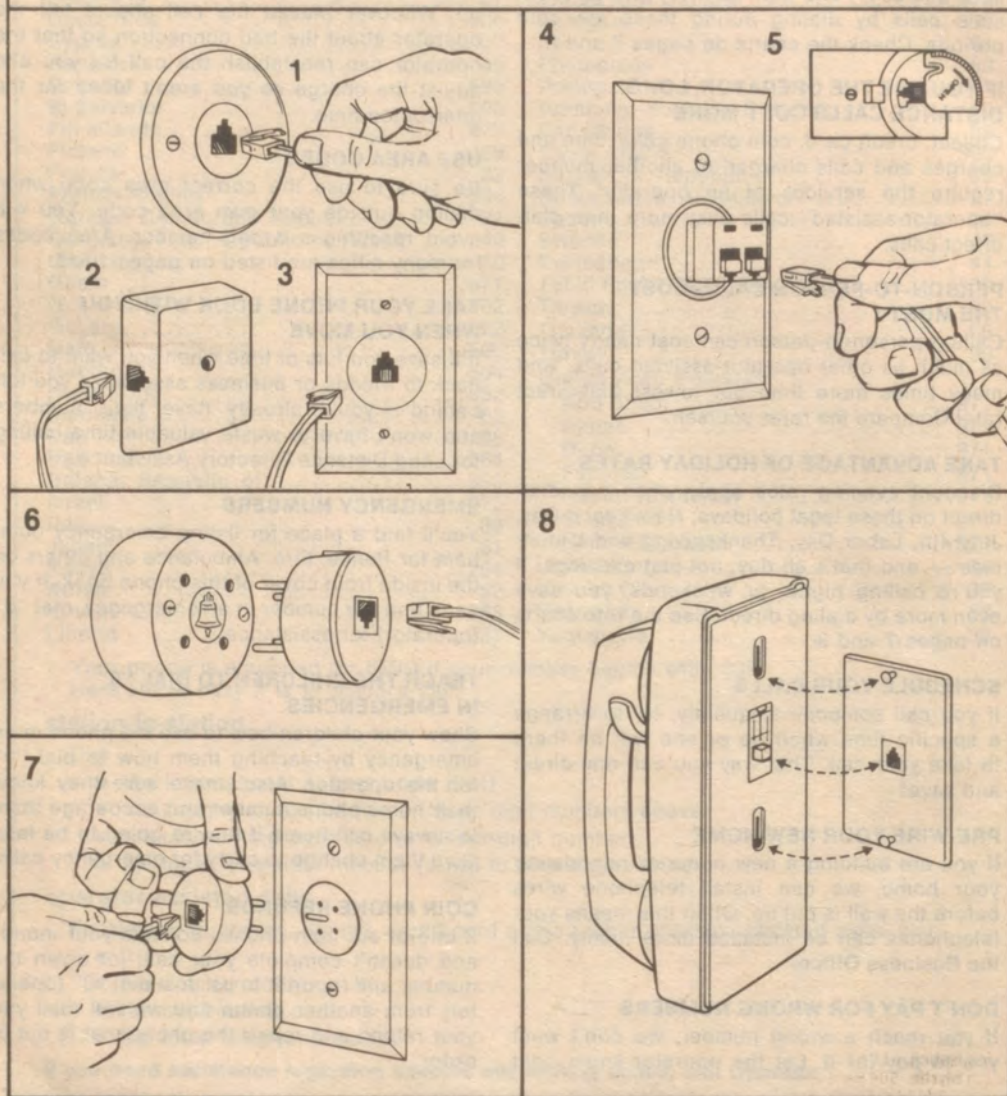

The illustrations below should be helpful to you when installing or disconnecting your telephones.

Illustrations one through four show wall receptacles (standard jacks) which can accommodate modular telephone cords. To install your phone, match plug at end of the telephone cord with receptacle and insert. To disconnect phone, squeeze clip on plug and pull out of receptacle.

Illustration five is also a modular wall jack. To install your phone, move cover in the direction of arrow, exposing receptacle. Plug in modular telephone cord and allow cover to return to position.

Illustrations six and seven show receptacles (non-standard jacks) which can be made to accommodate modular telephone cords by the use of adapters. The adapters simply plug into the receptacle. With adapter in place, follow the above steps to install your phone.

A receptacle for a wall mounted telephone is shown in illustration eight. To connect your wall phone, match holes in the back of telephone with rivets on the wall mounting, push telephone lightly against mounting while sliding set down into place over rivets. To disconnect, slide telephone up to lift it off rivets, then pull phone away from receptacle.

WARNING!

EMERGENCY CALLS ON PARTY LINES

It is unlawful to refuse the use of a party line to another person for the purpose of permitting such persons to report a fire or summon police, medical aid or ambulance service in an emergency situation where property or human life is in danger. It is also unlawful for anyone to falsely claim an emergency to gain access to a party line. The maximum penalty, upon conviction, is imprisonment for 30 days or a fine of \$500 or both.

DIALING INSTRUCTIONS

FOR PARTY LINE USERS

Always listen to make sure the line is not in use before you attempt to dial.

HOW TO CALL ANOTHER PARTY ON YOUR LINE

Dial '77' then dial the last digit of your number, and the last digit of the number you are calling. Replace your handset. Your telephone will ring along with the telephone of the party being called. When your telephone stops ringing, pick up your handset and answer.

HOW TO PLACE LONG DISTANCE CALLS

Please refer to Call Guide pages on How to Place Your Long Distance Calls

PARTY LINE COURTESY PAYS

When several persons are sharing the use of a telephone line, consideration and courtesy are important to all. Everyone will receive better service if each subscriber on the line will observe these simple rules of courtesy. Be as brief as possible...space your calls so that the other party can place his calls...and give up the line to the neighbor who needs it for an emergency use.

DIALING INSTRUCTIONS FOR EXTENDED AREA SERVICE

HUTTO CUSTOMERS MAY CALL CUSTOMERS IN THE TAYLOR EXCHANGE
BY DIALING THE 7 DIGIT TAYLOR NUMBER.

**Will your
first phone
resent your
new extension?**

Relax! Sibling rivalry is unknown among telephones. There's nothing better for a busy mother than an extension phone to save her steps and time, help her run the house and raise the kids. The cost? For just pennies a day more than you're paying now for one phone, you can have two, and double your telephone convenience. Just call your telephone business office—or ask your telephone man.

Kick the number-fumbler habit!

If misplaced telephone numbers give you problems, here are suggestions that can help you.

1. ☐ Underline those special numbers in your directory.
2. ☐ Keep the directory near the phone.

a consumer TIP

The two most important things to know in order to determine the cost of credit are...**one**...the finance charge, and...**two**...the annual percentage rate. The finance charge is the total of all charges, the interest and service or carrying charges, that a creditor levies. The law requires that this finance charge be expressed as an annual percentage rate so that you can really compare credit costs.

Telephone calls used to be a
scream. But today, a normal
voice will do. The difference
is improved transmission-
better ways to get your voice
from here to there. Simply
talk in a normal tone of voice
into the receiver and your
words will go a long way.

Loud or low. There's a control on the bottom of most telephones that enables you to vary the volume of the ring. If your phone is in a noisy location or you have a hearing problem, simply make the bell louder. Or when you want peace and quiet, the bell can be made softer.

Telephone calls used to be a scream. But today, a normal voice will do. The difference is improved transmission—better ways to get your voice from here to there. Simply talk in a normal tone of voice into the receiver and your words will go a long way.

WRECKER SERVICE

Kick the number-fumbler habit!

If misplaced telephone numbers give you problems, here are suggestions that can help you.

1. ☐ Underline those special numbers in your directory.
2. ☐ Keep the directory near the phone.
3. ☐ Have a pencil and paper handy when you talk so you can jot down numbers you may need again.
4. ☐ Maintain your own personal directory of frequently called numbers.

These suggestions can save time and make calling easier.
