Emergency Calls on Party Lines

WARNING

State law requires you to hang up the receiver of a party line immediately when told the line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency. The law defines an "emergency" as a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential. The penalty which may be imposed by the state for either offense shall be a fine of not more than \$500 or imprisonment for a term not exceeding one month, or both.

Llamadas de Emergencia en líneas compartidas

ADVERTENCIA

La ley del Estado de Texas establece que cuelgue el auricular inmediatamente, de una línea compartida, cuando se le avise que dicha línea se necesita para hacer una llamada de emergencia al Departamento de Bomberos, al Departamento de Policía, o para solicitar ayuda médica o el servicio de ambulancias. También se considera ilegal el conseguir una línea compartida diciendo falsamente que es necesaria para hacer una llamada de emergencia. La ley define como "emergencia", una situación en la cual un ser humano o alguna propiedad corren peligro y el auxilio rápido es esencial. El castigo al que el infractor se hará acreedor, por parte del estado, al cometer cualquiera de estas dos violaciones será: una multa no mayor de \$500 (US.cy) o ir a prisión por un período no mayor a un mes; o ambos.

CUSTOMER GUIDE

1

SOUTHWESTERN BELL IS CHANGING TO SERVE YOU

In recent months, significant changes have altered the way we traditionally have served you. In the following Customer Guide we have outlined the services we now provide and have given you information on how to do business with us.

Throughout the year, you will hear more about changes in your telephone service. We'll keep you informed of these changes, and you can always call your service representative if you have questions. The numbers are on your bill and on this page.

ON THE COVER:

Based on actual experience, *After the Storm* is a bronze sculpture depicting a telephone lineman repairing a broken pole and crossarm after a 1949 ice storm swept through West Texas. Its creator, Pampa artist Gerald Sanders, is a renowned sculptor of Western art and a retired Southwestern Bell lineman. In authentic detail, Sanders recreates the lineman's leather cap, body belt, boots, gaffs (boot spikes) and other tools of the craft. The lineman's dedication and determination to get the job done, in spite of snow and biting cold, are intricately detailed in this bronze. Southwestern Bell commissioned this sculpture for display in the new Dallas headquarters building. Sanders has won numerous awards for his bronze sculptures. His works also include a collection of elk horn carvings. (The photograph is by Fort Worth photographer David Wharton.)

Safety Alert

Southwestern Bell is trying to locate and replace, free of charge, all telephone light transformers of a type which could burst and cause a fire. The transformers were manufactured by AULT, Inc.

KS-20426 L3 TRNSF
MADE BY AULT, INC.
FOR WESTERN ELECTRIC
105-129V 60Hz
SEC. 5.78-7.3V
5.5VA CLASS 2

Please check to see if you have one or more of the small box-shaped transformers pictured above. If you do find an AULT, or if you can't read the markings, call repair service listed on Customer Guide page 1. **DO NOT TRY TO REMOVE THE TRANSFORMER YOURSELF.**

Be sure to make a thorough inspection in your home. Check all electrical outlets including any you may have in basement, attic, garage, closets or behind your washer, dryer, refrigerator or bed.

Use of the telephone near water

The telephone should not be used while you are in a bathtub, shower or pool. Immersion of the telephone or handset in water could cause an electrical shock.

SERVICES AND EQUIPMENT

Applying for New Service or Moving Residence Service

Business office

Service representatives in your business office can help with orders for service and equipment, billing matters, rates and inquiries or complaints (other than repair). Our representatives and their supervisors are there to see that you are completely satisfied.

Information needed for your order

1. Complete street address (apartment number if applicable).
2. The type of home telephone service you want.
3. How you would like your directory listing to appear.
4. Information about previous telephone service. Tell the service representative about any premium items (for example, Touch-Tone® Service or long cords) for which you've previously paid. You may be credited for these at the new location.
5. Other credit information, including employment.
6. Locations of phone plug-in jacks in your home.
7. Any special needs you may have, such as service for a disabled member of the household or cost considerations.

A deposit may be required

Each residential and business customer applying for service with Southwestern Bell must satisfactorily establish credit. Credit may be established as explained in the next column. Or, if requested, by payment of a deposit not exceeding an amount equivalent to one-sixth (1/6) of your estimated annual billing, or a letter of

guarantee. To maintain satisfactory credit, a customer must make prompt payment on all telephone bills.

If the customer's actual charges are at least twice the amount of the estimated billings, an additional deposit may be required. If the additional deposit is not made within five (5) days, Southwestern Bell may disconnect the service after proper notification.

Deposits earn 6% interest

A deposit, with six percent simple interest per year, is refunded after one year to a residential customer and after two years to a business customer if the customer is not delinquent in the payment of the current bill and has not been delinquent in the payment of a bill on more than two occasions. If telephone service is disconnected, the deposit with interest is applied to the final bill.

Residential service credit

Applicants for residential service may establish credit through prior telephone service, by age, or by other satisfactory means. Credit history shall be applied equally for a reasonable period of time to a spouse, or former spouse who shared the prior service.

(1) Credit through prior residential telephone service. If an applicant has been a residential customer of any U.S. telephone company during the two years immediately preceding the local service request, Southwestern Bell will check with that telephone company or location concerning credit information. Satisfactory credit will be established if the credit check establishes:

- (a) The applicant was served by that company; and

SERVICES AND EQUIPMENT

- (b) Applicant is not currently delinquent in payment to that company; and
- (c) During the last 12 months of service with that company, the applicant did not have more than one delinquent monthly bill; and
- (d) Telephone service with that company was never disconnected for nonpayment.

The applicant must provide adequate information to Southwestern Bell to allow a check of previous service. That information should include the former telephone number and/or name under which service was billed; the date service was disconnected; and how long the applicant had service.

(2) Credit as the result of age. An applicant for permanent residential service who is 65 years of age or older will be considered as having established credit if the applicant does not have an unpaid account with any telephone company during the past two years. The applicant may be required to furnish proof of age.

(3) Credit if the residential applicant furnishes in writing a satisfactory guarantee to secure payment of bills for the service requested.

(4) Credit if the residential applicant demonstrates a satisfactory credit rating by appropriate means, including, but not limited to, the production of generally acceptable credit cards, letters of credit reference, the names of credit references which may be quickly and inexpensively contacted by the utility, or ownership of substantial equity.

Business service credit

If the credit of an applicant for business service has not been established satisfactorily to Southwestern Bell, the applicant may be required to make a deposit or provide a satisfactory letter of guarantee.

Prompt payment means good credit

Your credit standing is determined by your promptness in paying your telephone bill. Payments should be received at the telephone company by the payment date on your bill. No telephone credit information is given out to other businesses.

Types of Service

Local (exchange) telephone service is offered, depending on customer location and available equipment and facilities, in the following types:

- Suburban Four-Party — available in outlying areas; customers generally share a single telephone line with up to three other customers; the least expensive service offered.
- Measured Business Service — not widely available; customers are charged a monthly flat rate plus a charge for each outgoing call over 100.
- Two-Party Residence Service — available to residential customers in certain rate groups; customers share a single line with another customer; higher rates than for Suburban Service.
- One-Party, or individual line, Service — available in certain locations; only one customer to a line; rates are higher than for Two-Party Service.

Basic local (exchange) telephone monthly rates are for the access line only and vary, depending on the total number of access lines in the local calling area. In some suburban and rural areas, mileage charges may also apply. Telephones are available at additional monthly charges.

We'll pre-wire a new home or addition

If you are building a new home or remodeling your home, we can install telephone wires before the wall is put up. Often this means your telephones can be installed more neatly. Call your service representative for this service.

Charges to Install or Change Your Home Telephone Service*

These charges apply when you install, move or change home service, and may vary depending on the type of work that is done. If you prefer, you may spread payments from two to four months without interest or carrying charges. Here is how we figure the charges:

Service ordering charge . . . \$40.00

The charge for processing your order when you install or make changes in telephone service. This charge varies with the type of order processed.

Central office access charge . . . \$24.00

The charge for work we do when we connect your line from your home to our switching office.

Trip charge . . . \$5.05

Charge applies when it is necessary for an installer to visit your home.

Premises wiring charge . . . \$10.55

The per-instrument charge for placing, changing or rearranging the wiring in your home to provide service for each jack location requested.

Jack charge . . . \$12.20

The charge for installing each standardized modular outlet, or jack, in your home. This charge varies with the type of jack required.

Station handling charge . . . \$3.85

A per-instrument charge for connecting, moving or changing telephone equipment on your premises.

Please contact your telephone business office for specific charges on work you want done. Your service representative can explain other options that are available to you.

*The rates on this page are regulated by the Texas Public Utility Commission and were correct as of the date this directory was compiled. These rates and charges are subject to change by order of the Commission. Current rates and charges are always available from your business office.

No charge to disconnect service

There is no charge to disconnect service. Call your service representative to disconnect your phone.

You may be eligible for a credit on your final bill if you return your telephones to an authorized company location. Ask your service representative.

You may be charged for telephone sets that are not recovered from your residence or business after service has been disconnected.

Repair of defective equipment

If you are paying Southwestern Bell for your telephone equipment on a monthly basis, you can return defective phones to an authorized company location and they will immediately be replaced. (Does not apply to Design Line® telephones or sets in the Decorator line. See below.) To qualify, your phones must be "modular". They must plug and unplug as pictured on page 9. Also, the problem must be a defect in the equipment itself, such as a cracked handset, broken dial, burned out light (on Princess® or Trimline® phones) or cut cord. If in doubt, call repair service.

When the problem is the cord, you have another option. If you prefer, we will mail you a new cord which you can easily install yourself. Call repair service.

Damaged Design Line telephones may be taken to the nearest authorized company location where they will be returned to the factory for repair. Unless the set is under warranty or covered by a maintenance agreement, there will likely be a charge for the repair.

Telephones in the Decorator series are handled differently. Southwestern Bell will replace damaged Decorator sets during the first 30 days of ownership. If repairs are necessary after that time the customer is responsible for returning the set directly to the manufacturer. Charges will depend on the stipulations of the manufacturer's warranty.

Special Services for Disabled People

If you are disabled or if you know someone who has a physical problem in using a telephone, we want to help. The solution may be provided by special services we already have available. (Some are listed below.) If not we will do our best to help design an effective solution. Call our business office. There is no charge for the consultation to help solve your specific problem.

In addition, Southwestern Bell provides operator assistance to its customers who use Telecommunications Devices for the Deaf (TDD/TTY). Any TDD/TTY user making Calling Card (credit card), collect, directory assistance or other operator-assisted calls should call
1 + 800 + 855-1155.

People with teletypewriters can conduct business with the company by calling toll-free
1 + 800 + 292-7222.

For people with impaired hearing or speech:

Portable teletypewriter, volume control handsets, tone ringer, bells in many frequencies, artificial larynx, Signalman, telephone adapter.

For people with motion impairments:

Touch-Tone® Service (where available)
Touch-a-matic® telephone
Speakerphone

Optional Services at Additional Charge

Current rates and charges are available from your service representative. Call your local business office.

Touch-Tone® Service (where available)
Push-button calling.

Non-published number

Your number is not in the directory and is not available through Directory Assistance.

Additional listings

A separate and distinct additional listing in the telephone directory.

Consumer Rights

How to complain

Your service representative is available to answer your questions and resolve your problems. If you're not satisfied, feel free to ask for a supervisor. If your problem can't be solved by the supervisor, ask for the manager or higher levels of management. If you prefer, you may write to:

Southwestern Bell Telephone Company
Post Office Box 90
San Antonio, Texas 78287

If you are still not satisfied, you have the right to file a formal or informal complaint with the Texas Public Utility Commission, which regulates Southwestern Bell in Texas. The address is:

Texas Public Utility Commission
7800 Shoal Creek Blvd.
Suite 400N
Austin, Texas 78757

Tariff Review

The Company's tariffs are available for inspection at Company business offices during office hours. Copies may be obtained for a reasonable reproduction charge.

Tariff Provisions

Communication services furnished by Southwestern Bell Telephone Company are public utility services which are offered by the Company subject to the rules, regulations and charges set forth in its tariffs, which tariffs shall at all times control the provision of such communication services. Every effort is made in the Customer Guide section of this directory to accurately portray information showing certain terms, conditions, and charges by which communication services are furnished. In the event of a conflict between such tariffs and the information contained in this Customer Guide, the tariffs shall prevail. The Company's tariffs are subject to change and are available for inspection at Company business offices during office hours.

Consumer Responsibilities

Providing your own equipment

Under the Federal Communications Commission's registration program, you may supply your own telephone or other terminal equipment and connect it directly to the nationwide telephone network.

The equipment must be approved by the FCC and you are responsible for its proper connection, maintenance and repair. FCC rules also require that you notify the telephone company before connecting your equipment.

Private equipment may not be connected to coin phone service and party lines.

Discontinuance of service

A customer's telephone service may be disconnected if the bill has not been paid or a deferred payment agreement entered into within 22 days from the date of issuance.

If a customer is asked to make an additional deposit and does not do so within five (5) days, service may be disconnected.

Southwestern Bell will provide the customer seven (7) days written notice prior to disconnecting service for nonpayment of the bill and/or deposit.

Service also may be disconnected if a customer tampers with telephone equipment or misuses services in a manner which interferes with the service of others.

In case of tampering or misuse, the company normally will provide reasonable notice before disconnecting service. If tampering or misuse continues after notification, the service may be disconnected.

Also, if a dangerous condition should arise as a result of customer tampering or misuse, the company may disconnect service without notice and leave the service disconnected until the dangerous condition is corrected.

For Your Protection

Our employees carry company identification cards

For your safety every Southwestern Bell employee is required to carry an identification card showing his or her name, and a photograph. If you have any doubt whether people are from the phone company, please ask to see their card.

How to handle obscene or harassing calls

If you receive obscene, harassing or threatening calls, follow these suggestions:

1. **Hang up** at the first obscene word or if the caller doesn't say anything the second time you say hello.
2. **Give no information** such as your name and address until the caller has been identified.
3. **Advise your children** to give no information to strangers. If you're not home, they should say "Mother/Father can't come to the phone right now."
4. **If calls persist** call your Southwestern Bell business office or your police department.

It is a crime under both Texas and federal laws for anyone to make obscene or harassing phone calls. These laws impose penalties of fines and/or imprisonment.

How to handle unwanted sales calls

If you do not want to talk with a person selling a product or service by telephone, just say "No thank you," and hang up.

Fraudulent callers are subject to prosecution

It is illegal for another person to charge long distance calls to your number or Calling Card (credit card) without your permission. Persons placing such calls are subject to prosecution and if convicted are subject to imprisonment and/or fine.

Leave phones on the hook

At times you may not want to be disturbed by a ringing phone. However, leaving a phone off the hook prevents emergency calls from getting through and ties up equipment needed to complete other customers' calls.

Recorded calls require a beep tone

If your conversation is being recorded for business or other reasons you will hear a beep tone every 15 seconds. Use of a recorder without a recorder-connector containing a beep tone warning device is not permitted, except on emergency reporting systems, including police and fire department lines. Under certain restrictions, an exemption to this tariff applies to federally-licensed commercial broadcast stations.

Automatic Dialing-Announcing Devices

The Texas Public Utility Commission has specific rules governing the use of Automatic Dialing-Announcing Devices. Those rules require: (1) the device may not be used unless there is prior written agreement between the called and calling parties, or (2) the device must disconnect

the called party's line within 15 seconds after the called party hangs up and create a disconnect signal which allows the called party's line to be released; the device must terminate all calls and create a disconnect signal when the call is not completed within 30 seconds; the recorded message must begin or be preceded by a statement announcing the name, address, and telephone number of the calling party, the purpose of the message and the fact that the message is a recording; such calls are not to be made to emergency telephone numbers; such calls may not be made before 9 a.m. or after 9 p.m.; and the device may not create substantial impairment of telephone service, as determined by Southwestern Bell.

These rules do not apply to any automatic device for security, emergency, health, environmental or other monitoring purposes. Violation of these rules can result in interruption of service by Southwestern Bell until the noncompliance is remedied. The company may terminate service if the noncompliance continues.

More detailed information on these rules is available through the business office or the Texas Public Utility Commission at 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757.

Unlawful wiretapping is subject to prosecution

It is a crime under federal law for any person, including a telephone subscriber, to unlawfully wiretap or otherwise intercept a telephone call. Properly authorized law enforcement officers can engage in interceptions when proceeding under court orders issued pursuant to applicable provisions of federal law. Under federal law, the penalty for illegal wiretapping can be imprisonment for five (5) years, a \$10,000 fine, or both.

How to connect or disconnect your phones 9

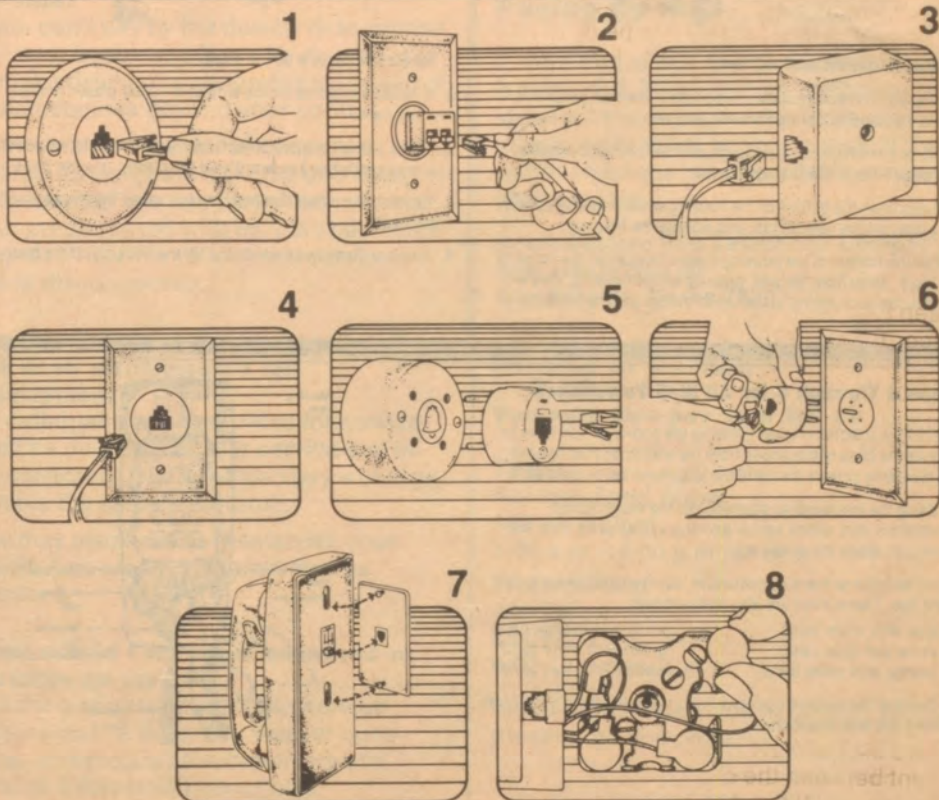

These drawings show you how to install or disconnect your telephones.

Drawings one through four show standard wall sockets, or jacks, for modular telephone cords. To install your phone, match the plug at the end of the cord with the jack, and insert. To disconnect your phone, squeeze the clip on the plug and pull it out of the jack.

Drawings five and six show different kinds of jacks, called non-standard jacks. A special converter can be provided to permanently change the non-standard jacks into modular outlets to use with your modular cord. Plug the converter into the jacks, then plug the cord into the converter.

A jack for a wall mounted telephone is shown in drawing seven. To connect your wall phone, match the holes in the back of the phone with the rivets on the wall mounting. Push the phone lightly against the mounting and slide it down into place. To disconnect, slide the phone up to lift it off the rivets, then pull it away from the wall.

If your house or apartment has "hard-wired" telephone outlets, you may be able to save time and money on installation by changing them to modular "plug-in" outlets yourself with a modular jack converter, drawing eight. Modular outlets let you plug in or move your own telephones. For more information, call your service representative.

Removing non-modular 10 wall telephones

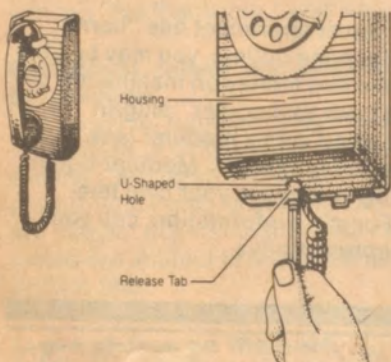

These instructions are for non-modular wall telephones only. If your wall telephone is modular, please see the preceding page.

Prevent incoming calls by lifting the handset off the hook. You can do this at the wall phone you are removing or at any other phone connected to the same number. Ignore any tones you hear through the handset. You will need a screwdriver and a pair of

insulated wirecutters. Follow steps 1-5 below for the type of wall telephone you have. Then follow steps 6-8 for all types of wall phones.

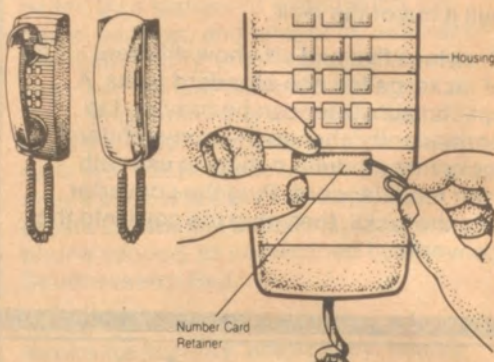

Do not attempt to remove your wall telephone during severe weather conditions, such as thunderstorms.

Steps 1 Through 5 for Traditional Wall Telephones (Rotary Dial)

1. Be sure handset is off the hook.
2. Find the U-shaped hole in the bottom of the wall telephone, where the handset cord enters the wall set.
3. Place a small blunt object, such as a pencil eraser, against the release tab in the U-shaped hole.
4. Press in on the bottom of the housing while pressing up with the eraser on the release tab, and release the housing.
5. Pull the bottom of the housing toward you: when the housing is 1" to 2" away from the wall, push up on the housing. This will unhook the latch spring at the top of the set and the housing will be removed.

Steps 1 Through 5 for Other Wall Telephones (e.g. Push Button and Trimline® Sets)

1. Be sure handset is off the hook.
2. Find the small hole on the side of the clear plastic number retainer card.
3. Insert a small pointed object, such as a straightened paper clip, and gently bend outward until the plastic retainer pops out.
4. Remove the paper number card to expose the two screws underneath.
5. Remove these two screws and lift the housing off the base.

Steps 6 Through 8 for All Wall Telephones

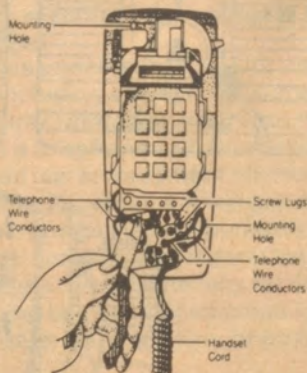

6. Find the telephone wires entering the phone. (If you have to remove the base of the phone from the wall to do this, remove the mounting screws that hold the telephone set to the wall.)

7. Using the insulated wirecutters, cut the four colored conductors (red, green, yellow and black) that come from the wires just above the screw lugs.

If your telephone has six conductors, use the wirecutters to cut them, too. These wires are also color-coded:

blue with white band	white with orange band
white with blue band	green with white band
orange with white band	white with green band

8. Remove the mounting screws holding the phone in place, and remove the wall telephone.

Billing & Payment

11

Questions About Your Bill

How am I billed?

Charges for your local service and equipment are billed from the current billing date to the next bill date. Message units, long distance and telegrams are billed on a current basis.

What is the due-by date?

This is the date by which Southwestern Bell should have your payment. It appears on your bill.

What happens if I can't pay my bill on time?

If you can't pay by the due-by date, please call your business office. We may be able to make payment arrangements in case of circumstances beyond your control.

Southwestern Bell does not apply an extra charge for bills paid after the due date, but repeated late payments may damage your credit record with us. Late payments may also result in your phone service being disconnected.

How can I get service restored if it has been disconnected for nonpayment?

All delinquent charges billed for service must be paid before your service can be reconnected. You must also pay a charge to have the service restored.

You may also have to reestablish your credit. As a result, a deposit may be required.

What should I do about questions or mistakes on my bill?

Call the business office. Your service representative there can answer questions, investigate possible errors and provide information about bills.

In the event of a dispute between you and the company concerning a billing charge, you shall not be required to pay the amount of the charges in dispute until the company's investigation is completed.

What happens if I pay my bill with a check that my bank will not honor?

Southwestern Bell will charge an administrative fee of \$10 whenever a check or draft presented for payment for service is not accepted by the institution on which it is written. The fee will be billed to you automatically the following month.

Paying By Mail

A return envelope is included with each monthly bill. Please return the payment sheet with your payment or note your telephone number on your check. If the return envelope is not available, address payments to:

Southwestern Bell Telephone Company
Post Office Box 90
San Antonio, Texas 78287

Paying In Person

You may also pay your bill at:

Taylor

Fuentes Food Store
100 W. Walnut
7:00 a.m.-10:00 p.m., M-Sun.
Western Auto
421 Talbot
8:00-5:30 p.m., M-F
8:00-1:00 p.m., Sat.

When payment is made in person, please present the complete bill.

Total charges for all long distance calls

How to Call Directory Assistance

For local numbers dial:

1 + 411*

For numbers within the 512 area dial:

1 + 555-1212*

For numbers outside the 512 area dial:

**1 + Area Code
+ 555-1212**

For the telephone numbers of businesses and people who have "800" numbers dial:

1 + 800 + 555-1212

Customers who use Telecommunications Devices for the Deaf (TDD/TTY) can reach an operator for assistance in making long distance calls by dialing:

1 + 800 + 855-1155

* Calls to Directory Assistance for numbers within the same Area Code may be subject to charge. See next column for additional information.

Errors in Directory Listings

If your listing is incorrect or omitted from this directory, please contact your Southwestern Bell business office.

Every effort is made to make the directory as accurate as possible. In case of error or omission the liability of the Company, if any, is limited to the amount of actual impairment of the customer's service and may not, in any event, exceed the amount paid for the service during the period covered by the directory in which the error or omission occurred.

Charges for Directory Assistance*

Under a plan designed to require the frequent users of Directory Assistance to pay for the costs of providing that service, single line residential and business customers pay 25 cents for each direct-dialed call to Directory Assistance after the first 10 direct-dialed calls each month. In addition to the 10-call allowance, one direct-dialed call to Directory Assistance in the home area code is allowed at no charge for each home area sent paid toll call completed. For all other types of service, different rules apply as set forth in the Company's tariffs. There is no charge for Directory Assistance calls outside the 512 Area Code.

Exceptions

Calls from hospital patients' bedside services and coin telephones are exempt from the charge. Customers whose physical or visual handicaps prevent them from using the telephone directory also are exempt. They may apply for an exemption certificate by contacting their local business office.

LONG DISTANCE CALLING

How to dial long distance calls

15

Dialing Direct Costs the Least

By dialing your own long distance calls, you will pay the lowest rate and pay for only the minutes you talk (one-minute minimum).

To place a direct-dialed call:

within the 512 area dial

1 + phone number

outside the 512 area dial

1 + Area Code

+ phone number

Calling Card (Credit Card) Calls

If you have a Calling Card (credit card), you can place long distance calls economically and have them charged to your regular monthly bill. The minimum charge for a Calling Card call is one minute. There are two ways to place Calling Card calls.

1. To place a Calling Card call from any phone:

within the 512 area dial

0 + phone number

outside the 512 area dial

0 + Area Code

+ phone number

When the operator comes on the line say you're placing a Calling Card call and give your card number.

2. To place a Calling Card call from Touch-Tone* phones only:

within the 512 area dial

**0 + phone number
(wait for tone)**

+ Calling Card number

*Trademark of AT&T Co.

73234 © Southwestern Bell Telephone Company 1983

outside the 512 area dial

0 + Area Code

**+ phone number
(wait for tone)**

+ Calling Card number

After you hear a special tone, dial your full 14-digit number, unless the number you're calling is the same as the first 10 digits. In that case, dial only the last 4 digits of the full number, and your call will go through. If you happen to misdial, you'll get a recorded announcement telling you the correct procedure. You can obtain a Calling Card from your telephone business office.

Operator-Assisted Calls

Long distance calls requiring an operator are the most expensive. The minimum charge for an operator-assisted call is one minute.

To place an operator-assisted call:

within the 512 area dial

0 + phone number

outside the 512 area dial

0 + Area Code

+ phone number

Customers who use Telecommunications Devices for the Deaf (TDD/TTY) can reach an operator by dialing:

1 + 800 + 855-1155

Examples of Operator-Assisted Calls

Collect calls

You may call collect if the person or firm you are calling agrees to pay the charges. Dial the call and when the operator comes on the line, say you're placing a collect call and give your name. The operator will leave the line when the person you've called accepts the charges.

Third-number calls

You may have long distance charges billed to an authorized third telephone number. Dial the call and when the operator comes on the line say you'd like to charge your call to a third number and give the operator that number including the Area Code. On calls originating from public telephones (coin and coinless), the operator may verify that the third-number party agrees to pay the charges before completing the call.

Time and charges

When placing a long distance call you may ask the operator to tell you the length of time you talked and how much it cost. Dial the call and when the operator comes on the line say that you will want time and charges when the call is completed.

Person-to-person calls

This is the most expensive type of long distance call. Call person-to-person when you wish to reach a particular person or extension number. Dial the call and when the operator comes on the line, say you are making a person-to-person call and give the name of the person you want to talk to. The operator will leave the line when the person you're calling has answered the telephone.

"800 Service" telephone numbers

Long distance calls can be made without charge when calling those businesses and people who have "800 Service" numbers. They offer this service to customers calling for specific locations.

To call an "800" number dial

1 + 800 + phone number

You can get the telephone numbers of those businesses and people who have "800" numbers by dialing:

1 + 800 + 555-1212

Calls to mobile phones

You can make local and long distance calls to automobiles, trucks, aircraft, boats and ships which have phones. Calls can be completed in some cases by dialing direct or calling the operator. For information on other communication companies look in the Yellow Pages.

Conference calls

You can talk with several people in different places at the same time by dialing the operator and saying you wish to make a conference call. Give the operator the names and telephone numbers of the people you want to talk to. You may want to arrange a calling time in advance.

International calls

You can call practically anywhere in the world by dialing the operator. However, some customers can dial overseas calls directly to many countries. See the International Calling section for more information.

Texas Area Codes

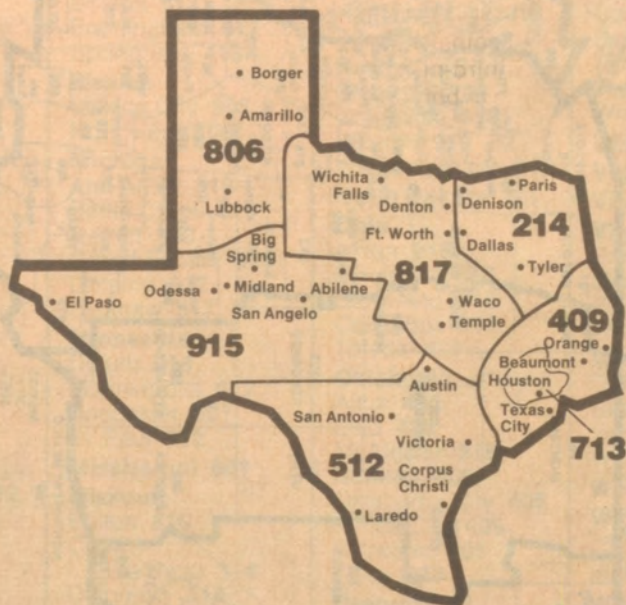

Each area has a three-digit Area Code. The Area Code for this directory is indicated on the front cover and on your telephone.

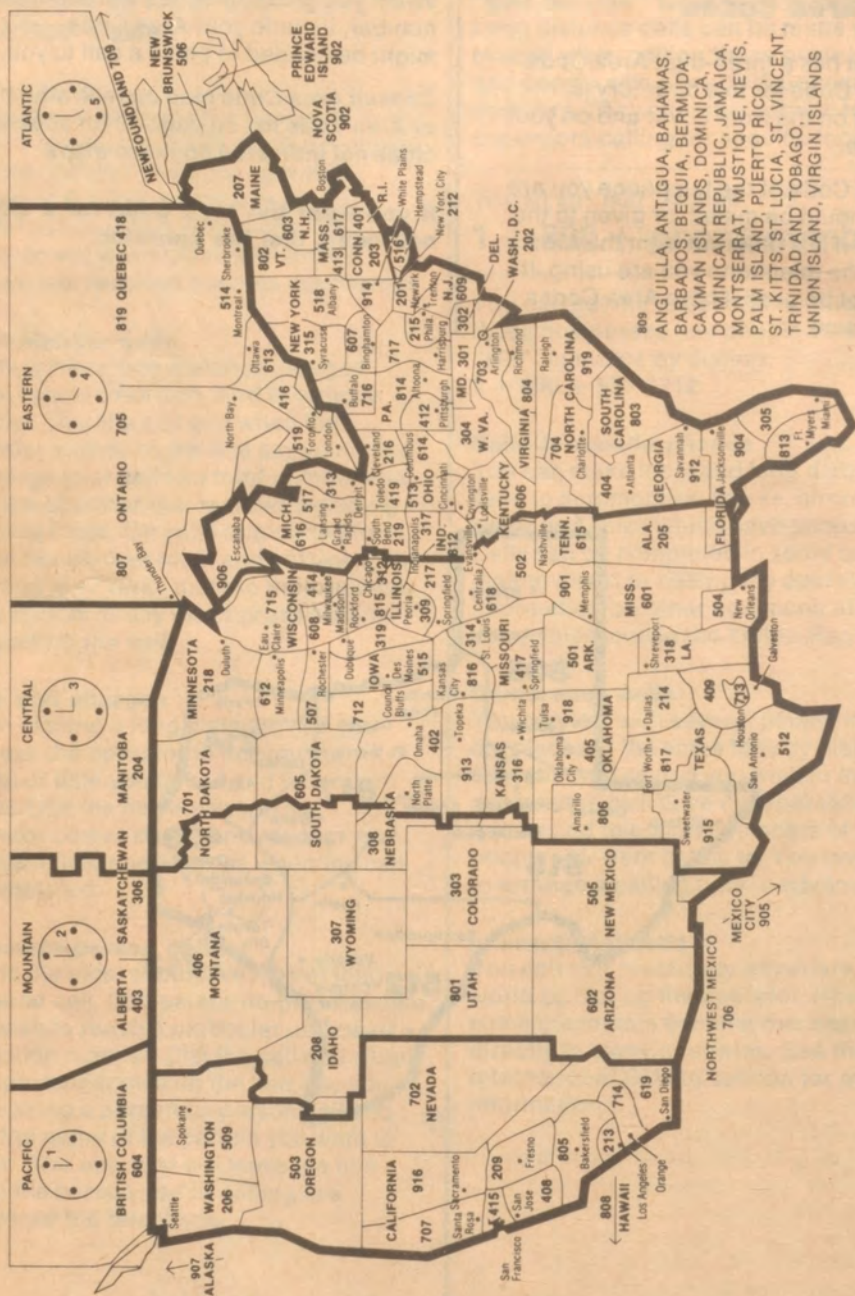

The Area Code of the telephone you are calling should be dialed, or given to the operator, if it is different from the Area Code of the telephone you are using. It should not be used if both Area Codes are the same.

When you give someone your telephone number, include your Area Code — it might be needed to place a call to you.

Consult Area Code map on following page or Area Code list on page 19 for specific cities not indicated on these maps.

If you want the Area Code for a city not listed, dial the operator.

Lowest Rates— Dial-Direct One-Minute Rates

Dial-direct calls are those completed from a residence or business phone without operator assistance.

Dial-direct rates also apply on calls placed with an operator from a residence or business phone where dial-direct facilities are not available.

On dial-direct calls, the initial rate period is **one minute** any time of day or night.

**Additional savings apply
evenings, nights and weekends.**

	.24	.24
	.25	.26

Holiday rates

On New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas Day, the evening rate applies all day on dial-direct calls unless a lower rate would normally apply (night & weekend).

*The rates and charges on these pages are regulated by the Texas Public Utility Commission.

Examples shown do not include taxes. Additional minute rates illustrated are approximations due to rounding. Charges are based on rates in effect at the time of connection at the point where the call originates. This also includes calls beginning in one rate period and ending in another.

Higher Rates— Calling Card (Credit Card) and Operator-Assisted One-Minute Rates

Calling Card (credit card) calls cost more than dial-direct, but less than operator-assisted calls. Operator-assisted calls are those requiring the assistance of an operator to complete the call, such as person-to-person.

The initial period for all Calling Card and operator-assisted calls is **one minute**. The initial period is charged at dial-direct rates, including discounts applicable to the time period when you call, plus a service charge (see chart below).

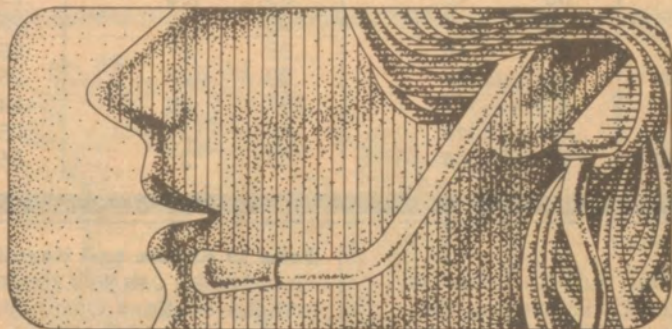

Additional minutes are charged at dial-direct rates and include the same discount applicable to the time period when you call. Discounts do not apply to service charges.

To determine the cost of some sample Calling Card or operator-assisted calls, first figure the dial-direct rate for a specific call from the chart on the preceding page. Then add the amounts from the chart below to that rate.

For example:
An operator-assisted station-to-station call at the weekday rate from **Taylor** to **El Paso** would cost .42 + 1.10 service charge, or 1.52 for the first minute. Additional minutes are .42 each.

Service Charges

Dial-direct rate plus ▶	Calling Card (credit card)	Operator-assisted Station-to- station	Person-to- person
	.35	1.10	2.65

Tariff Provisions

Communication services furnished by Southwestern Bell Telephone Company are public utility services which are offered by the Company subject to the rules, regulations and charges set forth in its tariffs, which tariffs shall at all times control the provision of such communication services. Every effort is made in the Customer Guide section of this directory to accurately portray information

showing certain terms, conditions, and charges by which communication services are furnished. In the event of a conflict between such tariffs and the information contained in this Customer Guide, the tariffs shall prevail. The Company's tariffs are subject to change and are available for inspection at Company business offices during office hours.

Lowest Rates— Dial-Direct One-Minute Rates

Dial-direct calls are those interstate calls (excluding some Alaska locations) completed from a residence or business phone without operator assistance.

Dial-direct rates also apply on calls placed with an operator from a residence or business phone where dial-direct facilities are not available.

On dial-direct calls, the initial rate period is **one minute** any time of day or night.

**Additional savings apply
evenings, nights and weekends.**

Holiday rates

On New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas Day, the evening rate applies all day on dial-direct calls unless a lower rate would normally apply (night & weekend).

*The rates and charges on these pages are regulated by the Federal Communications Commission.

Calls to Alaska and Hawaii

The operator can give you rates for calls to these locations. Discounts of 40% (evening) and 55% (night & weekend) apply.

*Federal Excise Tax is not included in rates shown on these pages. Discount rates illustrated are rounded. Charges are based on rates in effect at the point where the call originates. When a call is established in one rate period and ends in another, the rate in effect in each rate period applies to the portion of the call occurring within that rate period.

Higher Rates— Calling Card (Credit Card) and Operator-Assisted One-Minute Rates

Calling Card (credit card) calls cost more than dial-direct, but less than operator-assisted calls. Operator-assisted calls are those requiring the assistance of an operator to complete the call, such as person-to-person.

The initial period for all Calling Card and operator-assisted calls is **one minute**. The initial period is charged at dial-direct

rates, including discounts applicable to the time period when you call, plus a service charge (see chart below).

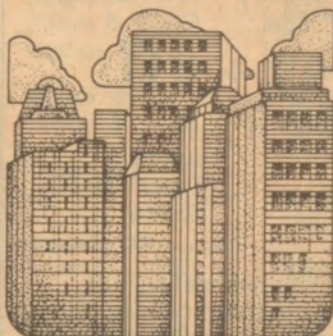

Additional minutes are charged at dial-direct rates and include the same discount applicable to the time period when you call. Discounts do not apply to service charges.

To determine the cost of some sample Calling Card or operator-assisted calls, first figure the dial-direct rate for a specific call from the chart on the preceding page. Then add the following amounts to that rate:

Service Charges

Dial-direct rate plus ▶	Calling Card (credit card)	Operator-assisted Station-to-station	Person-to-person
	.60 1-10 miles	.75 1-10 miles	3.00 all mileages
	.80 11-22 miles	1.10 11-22 miles	
	1.05 23 miles and beyond	1.55 23 miles and beyond	

For example: An operator-assisted station-to-station call at the weekday rate from **Taylor to Atlanta, GA**, would cost $.62 + 1.55$ service charge (based on mileage), or 2.17 for the first minute. Additional minutes are .43 each.

Tariff Provisions

Communication services furnished by Southwestern Bell Telephone Company are public utility services which are offered by the Company subject to the rules, regulations and charges set forth in its tariffs, which tariffs shall at all times control the provision of such communication services. Every effort is made in the Customer Guide section of this directory to accurately portray information

showing certain terms, conditions, and charges by which communication services are furnished. In the event of a conflict between such tariffs and the information contained in this Customer Guide, the tariffs shall prevail. The Company's tariffs are subject to change and are available for inspection at Company business offices during office hours.

INTERNATIONAL CALLING

How to dial most international calls

24

Dialing Instructions*

You can dial many international calls directly if your phone number begins with: 352

Station-to-station calls

To dial international calls, dial in sequence:

1. The International Access Code — 011.
2. The Country Code — a two- or three-digit number.
3. The City Routing Code — a one- to four-digit number.
4. The local telephone number.
5. The “#” button — if the telephone is equipped with Touch-Tone® dialing.

For example:

To place a call to Frankfurt, Germany, to telephone number 123456, you would dial:

International Access Code	Country Code	City Routing Code		
011	+	49	+	611
+	123456	+	#	
Local number			button if Touch-Tone® dialing*	

*You can place international calls on either dial or Touch-Tone® phones. If you use a Touch-Tone® phone, your call will go through several seconds faster if you push the “#” button.

Operator-assisted calls

To dial person-to-person, collect, Calling Card (credit card) and billed to a third number international calls, follow the instructions given above but use “01” for the International Access Code. After the call is dialed, the operator will come on the line to ask for information such as the name of the person you are calling or your Calling Card number.

After dialing any international call, allow at least 45 seconds for the ring to start.

Additional assistance or information

Dial “0” (operator) if you need assistance:

1. To obtain a telephone number you don't know.
2. To obtain City Routing Codes not listed in this section.
3. For help in completing a call.
4. For credit on a call on which you had difficulty, e.g., reached a wrong number.
5. For rates on international calls.

To call Mexico

Most locations in Mexico can be reached by using the international dialing (011+) instructions.

If you cannot use international dialing from your telephone, some Mexican cities can be dialed using special access codes with city codes. (See list on following page for some city codes.)

Mexico City: Dial **1+90+5** (the city code)+ seven-digit local number

Northwest Mexico: Dial **1+70**+city code (two or three digits beginning with “6”)+ local number

To call other locations in Mexico, dial the operator. (Mexico directory assistance

operators include the city code when giving a local number. The city code should not be dialed twice.)

To call the Bahamas, Bermuda, Canada, Puerto Rico and the Virgin Islands

Calls to these points can be dialed in the same way as long distance calls within the United States. Simply dial "1" plus the appropriate Area Code and the local number.

Reduced night and weekend rates apply on calls to some, but not all, countries. For rates on calls to international points and information on lower rates, please call the operator. A brochure on international calling is also available from your business office.

Codes for Some Countries and Cities

Numbers beside countries are "Country Codes." Numbers beside cities are "Routing Codes." For all other international points not listed in this section, dial "0" and tell the operator the country you are calling.

The logo features a large dollar sign (\$) to the left of the words "Money Saving Tips" in a stylized, bold font. The entire logo is enclosed within a rounded rectangular border.

Tips to save you money, time and worry **26**

Dial direct and save

It costs less when you dial long distance calls yourself, the One-Plus way.

Collect, Calling Card (credit card) and coin phone calls require the services of an operator; so do requests for time and charges and calls billed to another number. Calling person-to-person always costs the most.

Call during bargain times*

Rates on some direct dial long distance calls are lower during evening, night and weekend hours. Also, take advantage of holiday rates on New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas Day. See the rates in the long distance calling section, Customer Guide pages 20 and 22.

Take and save when moving

If you are moving, ask your service representative about our Take and Save Plan. You may save money by returning your phone to us. Ask your service representative for details.

Bill inserts

Many of the pamphlets which come with your telephone bill contain money-saving ideas. Others let you know about important changes in your telephone service, such as new rate information, new dialing instructions and new bill payment locations.

Look in the book

You can avoid Directory Assistance charges by looking up your own numbers in the directory. Underline or circle them so they will be easy to find again. Jot down frequently-called numbers and keep them

next to your telephone. We will give you a free booklet for listing numbers you call often. Just call your service representative.

List your number

There is a monthly charge for non-published residence numbers. You can save money by having your number listed. And you don't have to wait until the next directory is printed. Call your service representative.

Play it safe

If a stranger appears at your door and asks to use your telephone, there's a way you can be a Good Samaritan without taking risks with your personal safety. Ask him to please wait outside while you go to place the call yourself.

Spread payments without penalty

On many telephone services and items of equipment, you can spread payments at no extra charge. Ask your service representative.

Ask for credit for wrong numbers

When you dial long distance and reach a wrong number, hang up and dial "0" (operator) right away. Explain what happened so the operator can arrange for the proper credit. The faster the problem is reported, the easier it will be to give you credit.

If you are billed for a long distance call that you did not make, call your business office.

Busy signals

There are two kinds of busy signals. The slow kind means the telephone you're calling is in use. A faster signal indicates that all circuits are busy. This situation will usually be corrected by the time you hang up and try again.

*Check the International Calling section, Customer Guide pages 24 and 25, for information concerning international calling. Rates and discounts, if any, vary. For information concerning rates, call the operator.

CONSUMER TIPS ON GUARANTEES AND WARRANTIES

A careful comparison of guarantees and warranties (which are basically the same) should be an important step in making any buying decision. Because a guarantee isn't worth much unless it tells you exactly what is being guaranteed. Don't wait until the product or service fails or needs repair to find out about the guarantee. The time to become familiar with the terms of a guarantee is **before** you buy the item or service. Be particularly wary of so called unconditional warranties. There are virtually always conditions.

Before you buy any product or service that is covered by a warranty, consider these points:

- What is covered? The entire product? Only certain parts? Is labor included?
- Who do you call when you need repairs that are covered by the warranty? The manufacturer? The dealer? A service agency?
- Must repairs be done by a "factory" or "authorized dealer" service to keep the warranty in effect? If yes, is such a dealer conveniently located?
- Who pays for parts, labor, and shipping?

- How long does the warranty last on the entire product or service? On parts and assemblies?
- If the warranty provides reimbursement, is it in cash, or credit towards a replacement?
- Will a substitute product be provided while yours is being repaired?

Keep your warranty and the sales receipt for future reference. Write down the date of purchase and the date of installation. Be sure to register your product with the card provided. And remember, your best guarantee of a good guarantee is the care you take in making your purchase.

Business Customers ----- (Call Collect) 0 + 817 526-7151

Buried Cable Information "Call Killeen Collect" ----- 0 + 817 628-4999

WARNING

EMERGENCY CALLS ON PARTY LINES

It is unlawful to refuse the use of a party line to another person for the purpose of permitting such person to report a fire or summon police, medical aid or ambulance service in an emergency situation where property or human life is in danger. It is also unlawful for anyone to falsely claim an emergency to gain access to a party line. The maximum penalty, upon conviction, is imprisonment for 30 days or a fine of \$500 or both.

DIALING INSTRUCTIONS

FOR PARTY LINE USERS

Always listen to make sure the line is not in use before you attempt to dial.

HOW TO CALL ANOTHER PARTY ON YOUR LINE

Dial "77" then dial the last digit of your number, and the last digit of the number you are calling. Replace your handset. Your telephone will ring along with the telephone of the party being called. When your telephone stops ringing, pick up your handset and answer.

HOW TO PLACE LONG DISTANCE CALLS

Please refer to Call Guide pages on How to Place Your Long Distance Calls.

PARTY LINE COURTESY PAYS

When several persons are sharing the use of a telephone line, consideration and courtesy are important to all. Everyone will receive better service if each subscriber on the line will observe these simple rules of courtesy. Be as brief as possible... space your calls so that the other party can place his calls... and give up the line to the neighbor who needs it for an emergency use.

DIALING INSTRUCTIONS FOR EXTENDED AREA SERVICE

HUTTO CUSTOMERS MAY CALL CUSTOMERS IN THE TAYLOR EXCHANGE
BY DIALING THE 7 DIGIT TAYLOR NUMBER.

International Symbol of Access for the Handicapped

This universal symbol tells handicapped persons — especially those using wheelchairs — that a building or facility is accessible and can be entered without fear of architectural barriers.

Wherever the symbol is displayed, the handicapped can be assured that they will not be barred by thoughtless obstacles or prohibited from participating in the mainstream of society.

Source: President's Committee on Employment of the Handicapped and the National Easter Seal Society for Crippled Children and Adults.

Kick the number-fumbler habit!

If misplaced telephone numbers give you problems, here are suggestions that can help you.

- 1 ☐ Underline those special numbers in your directory.
- 2 ☐ Keep the directory near the phone.
- 3 ☐ Have a pencil and paper handy when you talk so you can jot down numbers you may need again.
- 4 ☐ Maintain your own personal directory of frequently called numbers.

These suggestions can save time and make calling easier.

Your ad in the Yellow Pages keeps your
business at the buyer's fingertips 24 hours
a day, 365 days a year.

A CONSUMER TIP

On all major purchases or
repair work, get estimates
from more than one
company. But
don't let price be
your only guide.

Keeping up with the Jones'?
Why not? Whether your competitor's
name is Jones or Smith or whatever—
don't let him have the
unnecessary advantage of a
larger Yellow Page ad. Compete
with him on the street *and* in the
Book...take out a larger ad and tell
more about you!

Keeping up with the Jones?
Why not? Whether your competitor's name is Jones or Smith or whatever—don't let him have the unnecessary advantage of a larger Yellow Page ad. Compete with him on the street and in the Book...take out a larger ad and tell more about you!

A CONSUMER TIP

Don't be rushed into signing a contract if you are unfamiliar with its terms.

Ask for a copy so you can carefully review it at home.

Does your business do business by giving
estimates or bids? Your ad in the Yellow
Pages tells people you're big enough and
ready to do the job. Tell them you give
estimates—you'll get more calls and that
will mean more sales.

An Open Letter to Customers
Who Buy Advertising by Telephone:

- Most advertising in this directory has been sold by written agreement. Some of the listings and advertisements appearing in this directory, however, have been sold by telephone. The following terms and conditions define the rights and obligations of Company and Customer when advertising has been sold without written agreement.
- The advertising ordered by the Customer, if in compliance with the Company's publishing standards, is accepted by the Company only under the terms and conditions of this notice, and not otherwise.
- The advertising ordered by the Customer shall continue from issue to issue of this directory until cancelled by the Customer. Rates are subject to change without notice. The Company shall be limited, however, to an annual rate increase of no more than 25% of the rate presently being agreed to by the Customer.
- While the Company makes every effort to prevent errors or omissions in its directories, it cannot promise they will not be made. Those Customers who have bought listings or advertising in this directory by telephone agree that the Company's liability, if any, for errors in or omissions of such listing or advertising, shall not exceed an amount equal to the charge for the listing, or the proportionate charge for the item of advertising omitted or in which errors occur, for the issue life of this directory.
- The Company assumes no obligation to notify its directory subscribers of any error or omission.
- The Customer shall pay for advertising charges when due. If the Customer does not pay his monthly bill when due, the entire annual charge for the advertising shall be due and payable.
- While the Company anticipates that the issue life of this directory shall be approximately 12 months, it may extend or shorten the issue life by up to six months. If the issue life is extended, the Customer agrees to continue to pay the monthly charge through the extended period.
- The Customer shall remain liable for all advertising ordered so long as the Customer has at least one working number remaining in service during the issue life of this directory.
- If all telephone service to the Customer is discontinued during the issue life of this directory, the Customer shall not be liable for any payment thereafter. If any service is reconnected, however, the Customer shall resume paying the full charges as of the reconnection date.
- The Company is not obliged to submit proof copy to the Customer before publication; and Customer's obligation to make payment for advertising shall not be contingent upon receipt of proof copy for approval.
- If the Customer belongs to a recognized profession, he acknowledges that the advertising ordered complies with all standards governing his profession.

Patricia A. Clayton

Manager — Telephone Advertising
