Emergency Calls on Party Lines **WARNING**

State law requires you to hang up the receiver of a party line immediately when told the line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency. The law defines an "emergency" as a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential. The penalty which may be imposed by the state for either offense shall be a fine of not more than \$500 or imprisonment for a term not exceeding one month, or both.

Llamadas de Emergencia en líneas compartidas **ADVERTENCIA**

La ley estatal requiere que Ud. cuelgue el auricular inmediatamente al ser avisado que se necesita la línea para una llamada de emergencia a los bomberos o al departamento de policía, o para ayuda médica, o para un servicio de ambulancia. También se considera contra la ley el conseguir una línea compartida al declarar falsamente que se necesita la línea para una emergencia. La definición legal de "emergencia" contempla una situación en la cual la propiedad o la vida humana está en peligro y es esencial conseguir auxilio inmediato. El castigo que puede ser impuesto por el estado por cualquiera de estas ofensas será una multa de no más de \$500 o encarcelamiento por un período de no más que un mes, o ambos.

Determine The Source Of The Problem

Southwestern Bell Telephone is responsible for the maintenance and repair of the telephone lines to your home or business. It is important to try to make sure the problem is not in your telephone set. If we make a customer requested service call and determine the problem is caused by your telephone set or sets and not by our facilities, you will be billed \$30.00* to cover the cost of the service call. Look for symptoms like cracked plastic housing,

broken or frayed cords or lights that don't work.

- If you have more than one phone, make sure each phone's receiver is on the hook. If none of them are off the hook, unplug every phone. Then start plugging them back into the wall jacks one at a time, checking each phone for a dial tone as you go. The telephone set that causes the line to go dead is the broken one.

- If you have just one phone, unplug it and borrow someone else's. If the borrowed phone works, then the problem is in your telephone set.

- If the phones appear to be in good working order call our Repair Bureau. Many times we can run a test to help isolate the problem while you are on the line.

If It's Your Phone...

Leave the broken telephone unplugged and contact the company you purchased or lease it from for the repair.

Southwestern Bell Telephone is responsible for the maintenance and repair of the telephone lines to your home or business (see page 10 for wiring options). It is important to try to make sure the problem is not in your telephone set, because if we come out and find the

problem is in your set, we will have to charge you \$30.00* for each repair visit. If the problem is not in your telephone set, call toll-free:

Home Wiring Options

Where we once did all installation and repair of wiring inside our Customers' homes, you now have three options:

1. hire Southwestern Bell Telephone to do it,
2. hire another contractor, or
3. save money by doing the work yourself. (Materials are available from numerous retail stores.)

If you choose Southwestern Bell Telephone to do the work, you will be billed Premise Work Charges which includes an initial period of 30 minutes, plus additional increments of 15 minutes, depending on the time required to do

the job. The charges include the necessary materials and differ for installation and repair. These charges are in addition to the service order charge and any other applicable charges.

When we complete the work, you get a 30-day warranty against defects and malfunctions.

You may also purchase an inside wiring maintenance service, InLine® or InLine Plus®. Call your service representative (see page 4 for the telephone number) for details.

Inside wiring is all the wiring inside your home and includes your telephone outlets or jacks.

Establishing or Changing Service

11

Establishing Service

Your service representative (see page 4 for the telephone number to call) will help you with orders for monthly calling services, optional services (including Touch-tone and Custom Calling Services if they are available in your area), home wiring services, Southwestern Bell Telephone Calling Cards, directories and directory listings. They will also answer other questions you have about the services we provide.

Information needed for your order

- Your primary long distance company where Easy Access dialing is

available (see page 31.)

- Information about your previous telephone service such as the telephone number and location.
- Other credit information, including employment. (No telephone credit information is given out to other businesses.)

Telephone sets for customers with multi-party service

Special conditions apply to equipment used for multi-party service. Please call your service representative for details.

Calling Card

When you are away from your home or business phone, a Calling Card/SelectCard® from Southwestern Bell Telephone can be the least expensive and most convenient way to call. The charges are itemized on your regular monthly bill. There is no charge to order a Calling Card (even additional copies) and no monthly service charges. Please call to ask for one.

Disconnecting your service

There is no charge to disconnect service. Call your service representative to make the necessary arrangements.

Credit History

It is our policy to apply a customer's credit history equally for a reasonable period of time to a spouse or former spouse who shared the service. Credit history maintained by a customer will be applied equally to the spouse or former spouse without modification and without additional qualifications (not required of the customer).

A person applying for residential service with Southwestern Bell Telephone must satisfactorily establish credit. Credit may be established in several ways:

- Demonstrate that you have been a residential customer of a telephone company within the last two

years, that you are not delinquent in payment of your account with them and that during the last 12 consecutive months of service you did not have more than one occasion in which your telephone bill was paid after becoming delinquent and never had service disconnected for nonpayment (you are encouraged to obtain a letter of credit history from your previous telephone company before moving).

- Demonstrate a satisfactory credit rating by appropriate means, including, but not limited to, the production of generally acceptable credit cards, letters of credit reference, the names of credit references which may be quickly and inexpensively contacted by us or ownership of substantial equity.

- Pay a deposit. See Deposit information below.

- Furnish in writing a satisfactory guarantee to secure payment of bills for your telephone service.

- Demonstrate that you are 65 years of age or older and that you do not have an outstanding account balance with any telephone company for residential service which accrued within the last two years.

Your service representative (see page 4 for the telephone number to call) can give you more information on any of these methods of establishing credit. To maintain satisfactory credit, a customer must make prompt payment on all telephone bills.

Deposits

Deposit when applying for service

One of the ways a residential or business customer may establish credit is by paying a deposit (see "Credit History" above). We may not require a deposit in excess of one-sixth of your estimated annual billing.

Additional deposits

During the first 12

months of service, if your actual usage is three times your estimated usage (or three times the average usage of your most recent three bills) and your current usage exceeds \$150 and 150 percent of the security we hold, a new deposit requirement may be calculated and we may require you to pay an additional deposit within 10 days after issuance of written notice of termination and requested additional deposit. In lieu of paying

this additional deposit, you may elect to pay for your current usage within 10 days after issuance of written notice of termination and requested additional deposit.

After two billing periods (residence accounts only), if your actual billings are at least twice the amount of your estimated billings and a suspension notice has been issued on a bill within the previous 12-month period, you

Deposits (cont.)

may be required to pay a new deposit within 15 days after issuance of written notice of termination and requested additional deposit. In lieu of paying this additional deposit, you may elect to pay your current bill by the due date of the bill, provided you have not exercised this option in the previous 12 months.

If your service is not connected or after your service is disconnected, we shall promptly and automatically refund your deposit plus accrued interest or the balance, if any, of your deposit is excess of the unpaid bills for service furnished.

When you have paid bills for service for 12 consecutive billings (24 consecutive billings for business service) without having service disconnected for nonpayment of a bill and without having more than two occasions on which a bill was delinquent, and when you are not delinquent in the payment of your current bill, we shall promptly and automatically refund your deposit plus accrued interest in the form of cash or credit to your bill, or void the guarantee.

Where to pay your deposit

Deposits may be paid at authorized payment agencies (see page 27) during their normal business hours.

Deposits earn interest
If we retain your deposit more than 30 days, we will pay simple interest retroactive to the date of deposit. The interest will be at a rate set annually by the Public Utility Commission of Texas, to be effective on January 1 each year. We will pay the interest to you annually if requested by you, or otherwise at the time the deposit is returned or credited to your account. The deposit shall cease to draw interest on the date it is returned or credited to your account.

Call Waiting

Call Waiting lets you answer a second call while you're using your phone.

1. A short tone signals you that someone else is trying to call you while you're on the phone. One reminder tone will sound 10 seconds later if you don't respond to the first. (The person calling will hear a normal ringing tone until you answer.)
2. Depress the switchhook for one second to place the first call on "hold" and answer the second call.
3. Return to the first call by depressing the switchhook again for one second. This leaves the second call on "hold." Alternate between the two calls in this way as often as you like.
4. To end either call, ask one person to hang up. Then depress the switchhook to return to the other call.
5. Cancel Call Waiting — allows you to temporarily cancel the Call Waiting signal. Before you make your call, lift the receiver, if you have a push-button phone, depress the star button (*) then 70, if you have a rotary phone dial 1170. Then dial the phone

number. Anyone calling your number will get a busy signal. Cancel Call Waiting is automatically terminated after each call. (This service is not available in all areas.)

6. If you also subscribe to Three-Way Calling, you can use Cancel Call Waiting after you receive a call. Just depress the switchhook, placing the person you're talking with on hold. If you have a push-button phone, depress the star button (*) then 70. Depress the switchhook again and you can talk without interruptions. (This service is not available in all areas.)

Speed Calling

Speed Calling lets you reach frequently called local or long distance numbers by dialing a one- or two-digit code.

1. Listen for a dial tone.
2. Dial the Speed Calling code. (Codes are 2 through 9 for 8-Code and 20 through 49 for 30-Code Speed Calling.) If you have a push-button phone, you can depress the

number button (#) to eliminate the usual four-second pause after dialing.

3. To enter or change a number on your Speed Calling list:
 - a. Listen for dial tone and dial 74 (for 8-code calling) or 75 (for 30-Code Calling).
 - b. After a four-second pause*, you'll hear a second dial tone. Dial the Speed

Calling code.

- c. Dial the complete local or long distance number you are assigning to that code.
- d. Listen for two spurts of tone to confirm your entry.

Call Forwarding

Call Forwarding lets you transfer your incoming calls to another telephone number.

1. Dial 72. After a four-second pause*, you will hear a second dial tone.
2. Dial the number where you want your calls forwarded. You'll hear two short tones followed by ringing. When the other phone is answered, Call Forwarding is in effect. Tell the person answering that your calls are being forwarded to that number.

3. If the called telephone is busy or doesn't answer, hang up; immediately repeat step one and redial the number where you want your calls forwarded. When you hear two short tones, hang up. The service is in effect.

4. To verify this, dial your own number. If you hear a ringing, the service is working.
5. Your phone still can be used to place outgoing calls. While Call Forwarding is in effect, your phone will ring once when someone calls you. However, calls can only be answered at the phone where they're being forwarded.

6. This service can be used for local or long distance calls. When your phone forwards a long distance call, your number is billed for the portion of the call from your phone to the one where calls are being forwarded.

7. To return to normal service, dial 73. After a four-second pause*, you'll hear two short tones, followed by a dial tone. This indicates that forwarding is no longer in effect.

* If you have a push-button phone, you can eliminate the four-second pause by depressing the number button (#) after dialing the two-digit code.

Three-Way Calling lets you add a third party, local or long distance, to your conversation.

1. Depress the switchhook for one second. This places the original call on "hold."
2. Listen for three rapid tones followed by a dial tone.

3. Dial the number of the person you want to add to your conversations. When that person answers, you can talk privately before bringing the original call back on the line.
4. To add the original call, depress the switchhook for one second.
5. If you try to add a third person and the phone is busy or doesn't answer, cancel that call by depressing the

switchhook twice, releasing immediately each time. This will return you to the original call.

6. To remove either call from your three-way conversation, ask one of them to hang up. You can continue to talk with the remaining person.
7. When you hang up, all calls are disconnected.

18 Information Delivery Services

Calls To 900/976 Numbers Will Result In A Charge Per Call

A number of entertainment and informational programs offered by information providers ("sponsors") are available on telephone numbers that begin with 900/976. There is a charge for such calls.

The amount of the charge for each call to a 900/976 service is determined by the sponsor and can vary among individual 900/976 programs. The charge for a 900/976 program must be clearly stated as part of the

900/976 message. Any advertisement promoting 900/976 service must clearly state the charge for the call.

Programs offered by 900/976 sponsors are recorded only (no "live" two-way conversations). The content of 900/976 programs is developed and produced by the sponsor and not by the telephone company.

But Southwestern Bell Telephone can refuse to allow unsuitable programs or language on its 900/976 network.

Important Billing Information About 900/976 Service Charges

Charges for calls placed to 976 numbers will appear on the customer's monthly Southwestern Bell Telephone bill. Charges for calls placed to 900 numbers may appear on the customer's monthly Southwestern Bell Telephone bill. The customer is obligated to pay such charges. ***A customer's local telephone service cannot, however, be suspended or disconnected for non-payment of 900/976 charges.***

Unpaid 900/976 charges will cease to appear on the customer's telephone bill if unpaid for more than 60 days. At the sponsor's request, Southwestern Bell Telephone will provide the nonpaying customer's name, address and telephone number and other pertinent information to the sponsor for use in collection efforts. Sponsors may refer such nonpaying accounts to collection agencies.

Calls To 900/976 Numbers Can Be Blocked; No Charge

If calls to Dial 900/976 programs are a problem due to unwanted charges, or if a customer wishes to avoid the potential of uncontrolled usage, customers may request 900/976 Call Restriction, which is free, and the telephone company will block access to all 900/976 numbers. Calls to 900/976 services cannot be blocked separately. When access is blocked to one service, the other is automatically blocked also. Some customers' telephone numbers do

not have access to 900 and 976 calls at all. To request the free blocking service, call your local Southwestern Bell Telephone business office. Some restrictions do apply. In addition to the free blocking service, Southwestern Bell Telephone can require mandatory blocking of 900/976 programs for nonpayment of charges incurred by a customer. There is a one-time charge to the customer when mandatory blocking is required.

Consumer Responsibilities

Fraudulent billing can lead to prosecution
It is illegal for a person to charge any calls to

another's number or Calling Card without their permission. Persons placing such calls to avoid payment for service are subject to prosecution, and, if convicted, are subject to

imprisonment and/or fine.

Unlawful wiretapping is subject to prosecution

It is a crime under federal and state law for

Consumer Responsibilities (cont.)

any person, including a telephone subscriber, to unlawfully wiretap or otherwise intercept a telephone call. Properly authorized law enforcement officers can engage in interceptions when proceeding under court orders issued pursuant to applicable provisions of federal law. Under federal law, the penalty for illegal wiretapping can be imprisonment for 2-20 years, a \$10,000 fine or both.

Customer provided equipment

You are responsible for the connection, operation, maintenance and repair of this equipment, and should arrange for these services through the manufacturer, if needed. This equipment cannot be connected to a coin telephone. If you have a party line, contact your service representative.

Recording of two-way telephone conversations

If your telephone conversation is being recorded, one of the following conditions must exist:

1. all parties being recorded must hear a beep or distinctive recorder tone approximately every fifteen seconds, or

2. all parties to the telephone conversation must give their prior consent to the recording of the conversation. The prior consent must be obtained in writing or be part of, and obtained at the start of the recording, or
3. in lieu of #2 above, the recording party can give verbal notification in a clear, unambiguous manner, which is recorded at the beginning and as a part of the call. Under certain restrictions, exemptions to these provisions exist for commercial broadcast licensees, emergency reporting systems and law enforcement authorities.

Leave phones on the hook

At times you may not want to be disturbed by a ringing phone. However, leaving a phone off the hook prevents emergency calls from getting through and ties up equipment needed to complete other customers' calls.

Alternative payment plans — business and residence customers

You are responsible for making your payments in full and on time each month. If you can't pay by the due-by date, please call your service representative. We may

be able to make payment arrangements in case of circumstances beyond your control.

Residence customers

If you are unable to pay all of your bill, you may enter into a deferred payment plan if we have not issued more than two termination notices on your account in the preceding 12 months.

Under the terms of a deferred payment plan, your service will not be terminated if you pay current bills and a reasonable amount of the outstanding bill and the balance in reasonable installments until the bill is paid. You will not be required to pay more than 1/3 of the total deferred amount when entering into a deferred payment plan. If you do not meet the terms of a deferred payment plan, your service may be terminated after proper written notice.

Southwestern Bell Telephone is not required to enter into a deferred payment plan with any customer who has had telephone service for 3 months or less if that customer is lacking sufficient credit or a satisfactory history of payment for previous service.

Please call your service representative for more information on this plan. If the representative does not offer such a

Consumer Responsibilities (cont.)

plan to you, you have the right to request these alternative payment plans.

Telephone Solicitation
Texas law provides certain protections for a person who receives a telephone solicitation at a residence. A telephone solicitor must:

- identify himself or herself by name;
- identify the business on whose behalf he or she is calling;
- identify the purpose of the call;
- identify the telephone number at which the person, company, or organization making the call may be reached.

A telephone solicitor may not call a residence before 9 a.m. or after 9 p.m. on a weekday or Saturday or before noon or after 9 p.m. on Sunday. If a telephone solicitor uses an automatic dialing/announcing device, the machine must disconnect from your line within 30 seconds after termination of the call.

Exceptions

The requirements above do not apply to telephone solicitations made at your request, or solicitations made in connection with an

existing debt or contract, or calls from a telephone solicitor with whom you have a prior or existing business relationship. If you use a credit card to purchase a good or service from a telephone solicitor other than a public charity (an organization exempt from federal income tax under the Internal Revenue Code §501(c)(3), the seller must:

- offer a full refund for the return of undamaged and unused goods within seven days after you receive the goods or service (the seller must process the refund within 30 days after you return the merchandise or cancel your order for undelivered goods or services); or
- provide you with a written contract fully describing the goods or services being offered, the total price charged, the name, address, and business phone of the seller, and any terms and conditions affecting the sale.

Complaints

The Texas Attorney General investigates complaints relating to a violation of this law, which is found at the Business and Commerce Code Chapter 37. If you have a complaint about a telephone solicitor whom you believe has violated this law, contact:

Consumer Protection Division

Office of the Attorney General of Texas
P. O. Box 12548
Austin, Texas 78711
1 + 512 + 463-2070

Another law, found at Texas Civil Statutes Article 1446c, §119 and §120, requires a telephone solicitor to make every effort not to call a consumer who asks not to be called again. Complaints relating to a violation of this law are investigated by the Public Utility Commission of Texas. If you have a complaint about repeated solicitation from a telephone solicitor you have asked not to call you again, contact:

Discontinuance of service

Service may be discontinued for failure to pay local basic rates, or long distance charges from Southwestern Bell Telephone or any long distance provider for which Southwestern Bell Telephone bills.

Your telephone bill is due upon receipt and is considered past due if

Consumer Responsibilities (cont.)

the bill has not been paid or a deferred payment agreement entered into within 16 days after the bill issuance (post-mark) date of the bill. If your bill becomes delinquent, the telephone company must provide a 10-day written notice before discontinuing your service.

If you are asked to make an additional deposit based on your actual usage and you do not pay the deposit or usage within 10 days, service may be disconnected. If you are asked to make an additional deposit

based on your actual billings and you do not pay the deposit or bill within 15 days, service may be disconnected. Refer to pages 12 and 13 "Deposits" for complete information on request for additional deposits.

After proper notice and a reasonable opportunity to remedy the situation, telephone service may also be disconnected if you violate our rules pertaining to the use of service in a manner which interferes with the service of others or to the operation of nonstandard equipment.

Telephone service may be disconnected *without notice* where a known dangerous condition

exists for as long as the condition exists or where service is connected without authority by a person who has not made application for service or without authority following termination of service for nonpayment. Where reasonable, given the nature of the hazardous condition, a written statement providing notice of disconnection and the reason therefore shall be posted at the place of common entry or upon the front door of each affected residential unit as soon as possible after service has been disconnected.

Consumer Information

Our employees carry company identification cards

Every Southwestern Bell Telephone employee is required to carry an identification card with that employee's name and photograph. If you have any doubt that the person contacting you is an employee of our company, ask to see that person's identification card.

Telephone Safety

The telephone is one of the safest appliances in your home or office, but there are a few situations where a telephone user should be cautious.

- Do not use the telephone while you are

in the bathtub, shower or swimming pool. Putting the telephone in water could cause a shock.

Avoid using the telephone during electrical storms in your immediate area. Urgent calls should be brief. Southwestern Bell Telephone uses protective measures to limit electrical surges from entering your home, but absolute protection from lightning is impossible.

- If you suspect a gas leak, report it immediately, but use a telephone away from the area in question. The telephone's

electrical contacts could create a tiny spark when you dial. While unlikely, it is possible that this spark could ignite heavy concentrations of gas.

Annoying or Harassing Calls

It is a crime under state and federal laws for anyone to make obscene or harassing telephone calls. These laws have penalties of imprisonment and/or fine. If you ever receive obscene, abusive, harassing or threatening calls, follow these suggestions:

1. Hang up at the first obscene word. Hang up if the caller remains silent the second time you say hello. Remember, **YOU CONTROL YOUR TELEPHONE**, not the person calling.

2. Do not give any information, such as your name or address, until the caller has been properly identified.
3. Advise your children and guests not to give out any information. If you are not at home, those answering your telephone should be instructed to say, "They're busy right now, may I take a message?"
5. If calls persist, call your local service representative (see page 4 for the telephone number to call) to discuss your options.

Features About Your Bill

Your bill from Southwestern Bell Telephone may include charges from other companies

Other companies that provide long distance calling services may arrange with Southwestern Bell Telephone to do their billing for them. If you subscribe to one or more of these companies, their charges may appear in your monthly telephone bill.

For your convenience, continue to make your payments to Southwestern Bell Telephone in the same way you always have. Even though your bill may include charges from one or more other companies, you make one payment for the total amount to Southwestern Bell Telephone.

For questions about your bill, call the appropriate company

Your bill is separated into sections that describe the charges for each company. Each section includes the telephone number to call if you have a question about that company's portion of your bill. To help you get answers

most efficiently, be sure to call the appropriate telephone number listed on the page you have a question about.

Here are some brief descriptions

- **Southwestern Bell Telephone** will continue to send your bill each month at the regularly scheduled time for your account.
- **Your payments** also will be due at the regularly scheduled intervals.
- **Payment return page** — This is the first page of your bill and should be returned with your payment.

It also shows the total amount due, and includes the mailing address of the location to send your payment.

Bill Summary

This page shows the current status of your account — the amount of your last bill and the amount now due. Total charges are listed here by company for both Southwestern Bell Telephone and other companies we bill for.

Detail of Charges

This section of your bill will show the charges from Southwestern Bell Telephone for the basic monthly charge, a total of "Other Charges" and "Itemized Calls" that are detailed later in the bill.

Other Charges — will show any one-time charges to your account such as service connection charges or Directory Assistance charges.

Southwestern Bell Itemized Calls — will show the charges for long distance calls made within your Southwestern Bell Telephone service area, including the date the call was made, the length of each call, etc.

There will be a separate Detail of Charges section itemizing charges for each company that has arranged with Southwestern Bell Telephone for us to prepare their billing.

Questions About Your Bill

How am I billed?

Charges for your local monthly service are billed one month in advance.

Charges for measured local usage (if applicable), long distance calls and telegrams are based on actual use up to the date your bill is prepared.

Charges for installing or changing your monthly service usually appear on the first bill after your order is completed.

What happens if I can't pay my bill on time?
If you can't pay by the due-by date, please call your service representative. We may be able to make

payment arrangements. See "Alternative payment plans" on page 22 for additional information.

Southwestern Bell Telephone does not apply an extra charge for residence bills paid after the due date, but repeated late payments may damage your credit record with us. You may be requested to pay a deposit or an additional deposit as a result of late payments. Late payments also may result in your phone service being disconnected.

What happens if I pay my bill with a check that my bank will not honor?

Southwestern Bell Telephone will charge an administrative fee of \$10.60 each time a check or draft presented

for payment for service is not accepted by the institution on which it is written. The fee(s) will be billed to you automatically the following month.

How can I get service restored if it has been disconnected for nonpayment?

All delinquent charges billed for service must be paid before your service can be reconnected. You also must pay a charge to have the service restored.

If service is completely disconnected, all charges billed for service must be paid before the service can be reconnected.

You also will have to re-establish your credit. As a result, an advance payment and/or deposit may be required.

Directory Assistance Call Completion (DACC)

In most areas, Directory Assistance Call Completion is a service that provides customers the option of having their local or intraLATA eligible calls automatically completed when they request a telephone listing from the Directory Assistance Operator.*** The call may be completed automatically or by the Directory Assistance Operator.

The DACC portion of the call may either be billed in the same manner as the DA portion or alternatively

nately billed by using a telecommunications company calling card, billing to a third number, or collect.

Where facilities permit, DACC will be offered to all classes of service except from: Private Pay Stations and hospital patients' phones.

Three types of DACC service are offered:

Fully automated — the customer receives the requested directory number from an automated voice system. The customer accepts DACC by depressing "1" from a touch-tone telephone when prompted by the DACC announcement.

Semi-automated — the customer receives the requested directory number and then requests the Operator to provide call completion to the requested number.

Person-to-person — the customer receives the requested directory

number and then requests the Operator to complete the call to a specified person.

Multiple Listing

Directory Assistance
Multiple Listing Directory Assistance allows a customer to receive up to 10 telephone listings from the Directory Assistance Operator upon request. The cost for this service is 30 cents per listing for all calls exceeding the call allowance.

Customers needing more than 10 listings can make an appointment with an Operator to obtain them. The cost is

\$1 per minute with a minimum of 15 minutes.

Ways to save on Directory Assistance charges

- Write down or highlight the telephone numbers that you frequently call.
- To get the number of someone who has recently moved, call the old number. A new number reference is generally provided.
- A second listing is available at no charge. Notify the Operator in advance that you would like to receive

two phone numbers.

- If you are not sure of the name or spelling of a restaurant, theater, store or business, check the yellow pages under the appropriate heading.

Those customers who are eligible for the Directory Assistance exemption are eligible for DACC exemption.

30 Long Distance Calling

Southwestern Bell Telephone Long Distance Service Areas

Southwestern Bell Telephone offers long distance service within specific geographic areas. In Texas, there are 16 Southwestern Bell Telephone long distance service areas (See map on page 32.) However, we do not provide long

distance service from one service area to another, even when both areas are served individually by Southwestern Bell Telephone.

To call between the long distance service areas, customers must use another long distance company. Southwestern Bell Telephone offers access to other long distance networks, as well as access to our local and long distance networks.

The long distance company you use will be determined by the digits you dial at the beginning of each long distance call. Nationwide Area Codes and local telephone numbers will remain the same no matter which company provides your long distance calling services.

Easy Access Dialing Outside Your Service Area

Easy Access Dialing may not be immediately available to everyone. In addition, not all long distance companies will choose to provide this service.

If Easy Access Dialing is not available in your area, in order to use other long distance companies, you may be required to dial an access code plus an authorization code in addition to the number you are calling.

If you have contracted with a company to

provide you with long distance calling services, follow the dialing instructions they have provided you.

Easy Access Dialing may be available in your area. With Easy Access Dialing, you choose one long distance company through which you can make 1+ (or 0+)* calls. To use Easy Access Dialing, you simply dial:

1 (or 0)* + Area Code + phone number

Contact the participating long distance company of your choice to subscribe to Easy Access Dialing.

There's no charge for your initial Easy Access Dialing selection if you make your choice within six months after the

service becomes available to you.

You can also use other long distance companies by dialing:

5-digit access code + 1 (or 0)* + Area Code + phone number

You will need to establish an account with each long distance company you wish to use. Each company will provide you with their five-digit access code.

* Not all long distance companies will choose to offer operator service. Contact your carrier to discuss your operator service options.

Selecting a long distance company

You now have many choices when it comes to selecting a long distance company (see yellow pages). Basically, Southwestern Bell Telephone handles the long distance calls within your service area.

When your calls cross service area boundaries, other long distance companies handle the calls. Here's what to look for when you're selecting your long distance company:

- What are the company's rates? When are special rate periods, if any?
- Does the company offer 24-hour-a-day service?
- Where can you call to and from? Anywhere

or just selected cities in the country?

- Can you make international calls?
- How does the company charge for the calls? By blocks of time? By the minute or portion of a minute?
- When does the company begin charging for the call? When it's answered or when it starts ringing?
- Does the company offer access to long distance Directory Assistance?
- Can you make collect or credit card calls?
- Can you make long distance calls outside your business and still use your carrier's lines? How?
- If you're in an area that's converted to Easy Access Dialing, does the long distance company offer 1+

dialing or do you need to dial a code?

- Do you need any special telephone equipment?
- How are you billed? Are charges itemized? Can you be billed through credit card accounts?
- Are there any monthly fees? Any initial charges? Is there a minimum charge?
- How is the quality of transmission? Do you get credit for bad connections? How?

You may or may not be interested in all the services the long distance company has to offer, like international calling. What's important is to find the service that best suits your needs. A charge usually applies for changing long distance companies.

and uses a TDD, your home phone service may be eligible for special rates on long distance calls that you dial yourself to telephone numbers within your Southwestern Bell Telephone long distance service area. Calls placed during the day are billed at the evening rate, and calls placed in the evening are billed at the night rate.

Calling Card

If you have a Southwestern Bell Telephone Calling Card/SelectCard®, you can place long distance calls economically and have them charged to your regular monthly bill.

The initial period for a Calling Card call is one minute. The initial period is billed at the direct-dial rate plus a service charge (see chart on the next page). Additional minutes are billed at the direct-dial rates and include the same discount applicable to the time period when you call. Discounts do not apply to service charges. There are three ways to place Calling Card calls:

1. To place a Calling Card call:

— Within your Southwestern Bell Telephone long distance service

area, and within the 512 Area Code, dial:

0 + 512 + desired phone number

Within the Southwestern Bell service area but outside the 512 Area Code, dial:

0 + Area Code + desired phone number

When the Operator comes on the line, say you're placing a Calling Card call and give your card number.

2. To place a Calling Card call from touch-tone phones only:

— Within your Southwestern Bell Telephone long distance service area, and within the 512 Area Code, dial:

0 + 512 + desired phone number (wait for special tone) + your Calling Card number

Within your Southwestern Bell service area but outside the 512 Area

Code, dial:

0 + Area Code + desired phone number (wait for special tone) + your Calling Card number

If calling the number to which your card is billed, you need only enter the last four digits of your Calling Card.

3. Sequence calling saves time

— If you are making more than one Calling Card call terminating within your Southwestern Bell service area, and you are using a touch-tone phone, you don't have to hang up between calls. Just depress the "#" sign and dial another telephone number (including the Area Code). After the first call, each call in sequence will be billed to your Calling Card number.

You may obtain a Southwestern Bell Telephone

Calling Card (cont.)

Calling Card/Select-Card® from your telephone business office or by dialing "0" for

a Southwestern Bell Telephone Operator.

Reporting Lost or Stolen SelectCard

If your Southwestern Bell SelectCard is lost or stolen, please notify the SelectCard Security

Center immediately by dialing:

1 + 800 + 438-LOST
(1 + 800 + 438-5678)

This center is open 24 hours a day, 7 days a week.

Operator-Assisted

The initial period for a long distance Operator-assisted call is one minute. The initial period is billed at the direct-dial rate plus a service charge (see chart below).

Additional minutes are billed at direct-dial rates and include the same discount applicable to the time period when you call. Discounts do

not apply to service charges.

Local Operator-assisted calls are billed on an occurrence basis. For example, if you place a local collect call, you are only charged the service charge applicable for Operator assistance.

To place a long distance Operator-assisted call:

— Within your Southwestern Bell Telephone long distance

service area, and within the 512 Area Code, dial:
0 + 512 + desired phone number

Within your Southwestern Bell service area but outside the 512 Area Code, dial:
0 + Area Code + desired phone number

To place a local Operator-assisted call, dial "0" and tell the Operator what you need. (A service charge may apply.)

36 Operator Assistance

Examples of Operator-Assisted Calls

Collect Calls

You may call collect if the person or firm you are calling agrees to pay the charges. Dial 0 + the area code + the desired number. When the Operator comes on the line, say you're placing a collect call and give your name. The Operator will leave the line when the person you've called accepts the charges.

Calling Card Calls

For convenience in placing calls while away from your home or office, you may bill the charges to a SelectCard® or Calling Card.

Simply dial 0 + the area code + the desired number. If you are calling from a touch-tone telephone, key your card number when you hear the prompt tone. Or, when the Operator answers, give your credit card number.

If you do not already have a SelectCard, call your local Business Office (see page 4 for the telephone number to call) or dial "0" and order one today.

Third-number Calls

You can make a long distance call from another telephone and bill it to your own telephone number or another number if that party agrees to pay for

the call. Dial 0 + the area code + the desired number. When the Operator comes on the line, say you'd like to charge your call to a third number and give that number, including the area code. The equipment will automatically check the billing to verify that no restrictions apply. If the number is restricted the equipment will not permit the Operator to process the call.

When making a third number call from a public (coin or coinless) telephone, the Operator must verify the third number charge by calling the third number and confirming that the charges will be accepted. If there is no confirmation, the Operator cannot complete the call unless you make other billing arrangements.

Time and Charges

When placing a long distance call, you may ask the Operator to tell you the length of time you talked and how much it cost. Dial 0 + the area code + the desired number. When the Operator comes on the line, say that you want time and charges when the call is completed. You must remain on the line at the end of the call to receive the time and charge quotation.

Examples of Operator-Assisted Calls (continued)

Person-To-Person Calls

This is the most expensive type of long distance call. Call person-to-person when you wish to speak to a particular person or extension number. Dial 0 + the area code + the desired number. When the Operator comes on the line, say you are placing a person-to-person call and give the name of the person you wish to talk to. The Operator will leave the line when the person you're calling has answered the telephone.

Mobile Calls

You can make local and long distance calls to motor vehicles equipped with phones.

Vehicles traveling within their city of registration may be dialed direct by dialing 1 + the number. Vehicles traveling outside their city of registration (roamers) can only be reached through the Mobile Operator for the desired area. Dial the Operator and ask for the Mobile Operator in the desired city.

Marine Calls

You may make local and long distance calls to vessels with phones. Southwestern Bell provides service to vessels in or near the channels located in Houston, Port Arthur, and Galveston. However, these calls cannot be dialed direct. Dial the Operator and ask for the Marine Operator in the desired city.

Conference Calls

You can talk with several people in different places at the same time by making a conference call. For a conference call within your Southwestern Bell Telephone service area, dial "0," and an Operator will assist you in reaching a Conference Operator. For a conference call outside your Southwestern Bell Telephone long-distance service area, you will need to contact a conference call provider.

Reaching the Right Operator

Southwestern Bell Telephone provides Operator assistance for all local and long distance calls placed within a Southwestern Bell Telephone service area. (See Southwestern Bell Telephone service area map on page 32.)

Dialing 0 + the telephone number is still the most convenient way for obtaining assistance with collect calls, calling card calls, third number billed calls and person-to-person calls. 0+ dialing for these types of services automatically connects you with the appropriate Operator.

When to Dial 0:

- To interrupt a call within your Southwestern Bell Telephone service area (A service charge applies)
- To verify that a number you are trying to reach within your Southwestern Bell Telephone service area is busy (A service charge applies)
- To reach an Operator for assistance in reaching an emergency agency
- To obtain credit for a long distance call placed inside your Southwestern Bell Telephone long distance service area

when you have experienced trouble

- To obtain assistance with a call from a Southwestern Bell coin telephone (a service charge may apply).
- To place an order for a Southwestern Bell Telephone SelectCard.

When to Dial 00:

If your long distance company provides Operator services, dial 00:

- To obtain credit for a call placed to another long distance service area when you have experienced trouble
- If you are having trouble dialing a call outside the shaded area on the map
- If you need dialing instructions for calling overseas or Mexico.

If you are unsure whether you need to dial 0 or 00, dial 0 and a Southwestern Bell Operator will be glad to assist you.

When Calling From Southwestern Bell Telephone Pay Phones:

A number of long distance companies now offer service for long-distance calls made from Southwestern Bell Telephone pay telephones to numbers outside the Southwestern Bell Telephone service area.

Reaching the Right Operator (cont.)

The way you dial calls from Southwestern Bell Telephone pay phones remains the same. This change simply allows other long distance companies to provide service through Southwestern Bell Telephone pay phones. However, you should be aware that the rates charged by long distance companies for service may vary.

This change involves only those pay phones owned by Southwestern Bell Telephone.

Calls dialed within Southwestern Bell Telephone's service area will still be processed by Southwestern Bell Telephone.

Calls dialed to cities outside Southwestern Bell Telephone's service area will be routed

automatically to the long distance company serving the pay phone that you are using. The name of the long distance company will be posted on the pay phone.

If you dial 0+, the Operator who answers your call should identify the long distance company you have reached so you will know which company will handle your call. If you have any questions about rates and billing, you should ask the long distance Operator before placing the call.

Of course, if you need assistance, you may still reach a Southwestern Bell Operator by dialing 0.

International Calls

If you have contracted with a company that provides you with international calling services, follow the dialing instructions they have provided you. The instructions listed below are commonly used to complete international calls.

To place a direct-dial international call from Easy Access Dialing location (where available), dial:

011 + Country Code + City Code + Local Number

To place an operator-assisted call, dial:

01 + Country Code + City Code + Local Number

To call Mexico

Most locations in Mexico can be reached by using the international dialing (011+) instructions.

For example:

011 + Mexico Country Code (52) + City Code + Local Number

Need Further Assistance?

If you have trouble dialing direct using Southwestern Bell Telephone service, (other than a busy signal or the number you are calling doesn't answer) call the Operator and explain the difficulty.

The call will be placed for you, and you will be charged at the direct dialed rate.

Credit for poor connections, wrong numbers, or cutoffs
When you use Southwestern Bell

Telephone long distance service and reach a wrong number, have a poor connection or are cut off, hang up and dial the Operator right away. Explain what happened so the Operator can arrange for the proper credit. The faster the credit is reported, the easier it will be to give you credit. If you are using another company's long distance service, follow the instructions they have provided you.

There's A Message In All Of This.

Get Your Teenagers Their Own Phone Line.

Someone's got your number. It's Bob, Peggy, Gary, Kelly, Tim, Cindy, Shawn and all the kids who leave urgent phone messages for your teenagers. Day in and day out. Messages which take you away from what you're doing when your kids aren't around to take their own calls. Sound familiar?

Then give your teenagers their own phone line, with their own private number, from Southwestern Bell Telephone. That way they'll take

more responsibility for their calls. You won't have to take any more of their messages. And everyone takes care of their own business.

Stop running an answering service for your teenagers. Call to order a second phone line or receive a free brochure. You'll find our message very easy to take.

Call 1-800-234-BELL.

"The One to Call On"®

"Call us. We can help."

We do our best to screen Yellow Pages advertising and are proud of our record for not accepting false or misleading ads. If you feel that an ad is misleading, or have questions or complaints, call us. We want to hear from you.

Businesspersons who want to contact a directory sales representative may also call the Customer Service Center number below. We can provide information concerning directory publication dates and selling periods for Yellow Pages ads and White Pages bold listings.

We can also help with directory advertising bill inquiries and can tell you how to get additional copies of directories.

Keeping up with the Joneses? Why not?

Whether your competitor's name is
Jones or Smith or whatever - don't let
them have the unnecessary advantage
of a larger ad in Swbyp's, the
Southwestern Bell Yellow Pages.
Compete with them on the street and
in the Book...take out a larger ad
and tell more about you!

Keeping up with the Joneses? Why not?

Whether your competitor's name is
Jones or Smith or whatever - don't let
them have the unnecessary advantage
of a larger ad in *Swbyp's*, the
Southwestern Bell Yellow Pages.

Compete with them on the street and
in the Book...take out a larger ad
and tell more about you!

A *Swbyp's* Green Tip**Keep Ground Water Safe
For Drinking...**

Rinse latex paint out of
brushes in the sink, not
outside where it can seep
into ground water. If you
wash up in the sink, the
waste will go to a treatment
facility.

RETAIL SALES STATISTICS SHOW...

IN 10 YEARS, 81% OF A FIRM'S CUSTOMERS ARE LOST!*

Some buyers just move away... and some buyers are lost through indifferent treatment or unresolved grievances.

BUYERS ALSO FORGET**

Thousands of advertising impressions are made – but 1 day later 25% can't remember them, 1 week later 97% can't remember them

BUYERS CHANGE THEIR MINDS.***

49% of the references to the Yellow Pages are made with a specific company in mind, but buyers do change their minds... If they can't find the company they want or if another company's sales message contains the information they are looking for.

An ad in the Yellow Pages keeps a company's message at the buyer's fingertips 24 hours a day...365 days a year.

It pays to keep your Yellow Pages ad up to date with your company's services and products.

It also pays to compare your ads to your competitors' ads. What are they offering your customers?
