Notice

Privacy Considerations... The 911 (nine-one-one) emergency telephone number has been developed to quickly summon emergency service in a crisis situation. Callers should realize that when reporting an emergency by dialing 911, their telephone number (including non-published numbers) and their address may be automatically displayed on a viewing screen located at the 911 answering centers and that this call may also be recorded. This display of the calling number and address enables the emergency agency to quickly locate the caller even if the call is disrupted by the crisis.

Callers who do not wish to have their telephone number or address displayed on the viewing screen should report an emergency by dialing the seven-digit telephone number of the appropriate emergency agency.

Automatic Number Identification... When an 800 or 900 number is dialed from your telephone, your telephone number may be transmitted to the company you have called and may be available to that company's service representative before your call is answered.

**Hutto Customers should refer to their listing section for
emergency numbers, service calls, and dialing instructions.**

Warning

Emergency Calls on Party Lines. . . The telephone number and address of a call from a four-party line will not be automatically displayed on the viewing screen at the 911 answering centers. For this reason, it is important that the four-party customer's telephone number be clearly displayed on the telephone so that the emergency caller can promptly respond with the number when asked by the 911 personnel.

State law requires you to hang up the receiver of a party line immediately when told the line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service. It is also unlawful to take over a party line by stating falsely that the line is needed for an emergency. It is also unlawful to knowingly give false information regarding an emergency. The law defines an "emergency" as a situation in which property or human life is in jeopardy and the prompt summoning of aid is essential. The penalty which may be imposed by the state for either offense shall be a fine of not more than \$500 or imprisonment of both.

NOTE: Texas law requires you to yield a party line if needed for an emergency. Communities not located within a Southwestern Bell service area should consult their local telephone directory for local emergency numbers.

The first additional number will have two short rings. Your second additional phone number will have a short-long-short ring.

Caller ID Services

New EasyOptions® Services*

Calling Number Delivery And Calling Name Delivery

Southwestern Bell Telephone Company is pleased to announce new EasyOptions® services that are available in your area... Caller ID Services. These services include Calling Number Delivery, Calling Name Delivery and Anonymous Call Rejection.

Caller ID lets the Caller ID subscriber know who is calling even before picking up the phone. Caller ID is an optional service which allows you to see the date, time, and phone number (Calling Number Delivery) and/or name (Calling Name Delivery) of most direct-dialed local calls and some long-distance calls before you answer the telephone.

When you get a call, Caller ID shows the phone number and/or name of the caller on a special display unit. A display unit is required for Calling Number Delivery and Calling Name Delivery. The Caller ID display unit

stores the number and name, as well as the date and time of the call. That way if you're not home, or just don't want to answer the phone, the stored numbers will permit you to return calls. This also works with answering machines or voice messaging systems... even if the caller doesn't leave a message. These units will be available from various retail vendors, including Southwestern Bell Telephone. Each time you make a phone call, your name and number will automatically be sent to all Caller ID subscribers in your area unless you choose to block that information.

If you should ever want to "block," or prevent sending your number and name to Caller ID subscribers, you need only dial * 6 7 or 1167 on your phone *before* dialing the telephone number. Then you will hear a

"stutter" tone which tells you "per-call" blocking is working. Calls blocked on a per-call basis will be displayed on the Caller ID display unit as "anonymous" or "private." Per-call blocking is free of charge and automatically available on everyone's line wherever Caller ID is available. There is no need to subscribe to Caller ID to have per-call blocking.

It is important to keep in mind that even if you have a non-published or non-listed number your number will be passed unless you choose to block on a per-call or per-line basis. We believe per-call blocking will provide you with flexibility in those situations when you do not want to have your telephone number or name delivered to Caller ID subscribers.

However, if you have a compelling need for per-line blocking, meaning you want to always have your number and name blocked, you can

have per-line blocking at no charge by mailing a written request for per-line blocking which includes (1) your name, address and telephone number (as shown on your bill), (2) your signature, and (3) the following statement, "I have a compelling need for per-line blocking" to: Public Utility Commission of Texas, P.O. Box 10600, Austin, Texas 78766-9978. You need not explain your compelling need because all requests are AUTOMATICALLY granted. *Or, you may obtain per-line blocking by simply completing the reply card which will be sent to you before the service is offered and drop it in the mail.* If at any time you want to cancel per-line blocking and reinstate per-call blocking, you need only call the Southwestern Bell Telephone Company Business Office. Per-line blocking automatically blocks a customer's name and number on every call without the need to press *67 or dial 1167. Calls placed

from a line that subscribes to "per-line" blocking will be displayed on the Caller ID display unit as "anonymous" or "private." Customers who subscribe to per-line blocking can unblock their name and/or number on a call-by-call basis.

You can turn off per-line blocking on a specific call by dialing *82 or 1182 before dialing the phone number. This feature turns off per-line blocking for only the call placed after *82 or 1182 is dialed, and will result in your name and/or number being received by subscribers of Caller ID. Once the call is ended per-line blocking will be restored. If you select per-line blocking, then calls to ACR customers (see next page) will not be completed. If you must reach

that customer, you may do so by dialing *82 or 1182, calling from a pay phone or cellular phone, making a credit card or operator-assisted call or asking someone who does not have per-line blocking to place the call for you.

Currently there are some calls that Caller ID won't identify. These include cellular calls, some long-distance calls, operator-assisted calls, and calls originating in areas where Caller ID is not available. For these calls, the Caller ID display unit will display the message "out of area." Even though you won't have the number, you will still have information about the call, such as the date and time. Below are examples of what will likely be displayed, depending on the type of calls received.

Anonymous Call Rejection (ACR)*

Anonymous Call Rejection (ACR) is a Caller ID Service that allows a subscriber to automatically reject all calls that have been marked anonymous, or blocked. It is not necessary to subscribe to Calling Number Delivery or Calling Name Delivery to subscribe to ACR nor is a display unit necessary. With ACR, the telephone will not ring if the person calling you has "blocked" his/her name and number through per-call or per-line blocking. The person calling will receive a message that the party he/she is trying to reach is not accepting calls from a blocked number. The caller will be instructed to redial without blocking the number or be asked to call the operator for assistance in completing the call. (An operator-handling charge will apply.)

ACR service also allows you the flexibility to turn on or off your ACR service by dialing a code, which will be provided upon subscription to ACR.

It is important to remember that both per-call and per-line blocking will not block your billing telephone number to Emergency 9-1-1, nor will it currently prevent your number from being transmitted on 700, 800, or 900 calls. Also, calls made from a pay phone cannot be blocked.

Repair Service

We do everything possible to make sure your phone service remains the best. And we try just as hard to fix any problems that do occur as quickly as possible.

We make repairs to the phone lines outside your home or business at no charge to you. Repairs you ask us to make to your inside phone lines may require an additional charge, unless you subscribe to our InLine Plus® or InLine® wire maintenance services. (See the "No-Worry" section on page 43 for more details.)

Before You Call Our Repair Service Center

Because some of our repair assistance requires a fee, we work with you to help determine the source of the problem, wherever possible.

Here are a few simple things to do before calling our Repair Service Center.

- Look for symptoms on your telephone set(s) like cracked plastic housing, a broken or frayed cord, or lights that don't work.

- If you have just one phone, unplug it and plug in a borrowed phone. If the borrowed one works, the problem in your telephone set and not the telephone line. (See the "Ins and Outs" section on page 43 for what to do next.)

- If you have more than one phone make sure each phone's receiver is on the hook. If none are off the hook, unplug every phone. Then start by plugging each phone back into any wall jack one at a time, checking each phone for a dial tone as you go. The telephone set that causes the line to go dead is the one needing repair. (See the "Ins and Outs" section on page 43 for what to do next.)

If You Need To Call Our Repair Service Center

Please be prepared with answers to these questions when you call:

1. What is the telephone number you're reporting trouble on?
2. Does the problem occur on all your phones? (See "Before You Call" section on previous page.)
3. Do you have a dial tone?
4. Is noise the problem on the line?
5. Can you call out?
6. Can you receive calls?
7. How often does the problem occur?
8. Is the problem on local and/or long-distance calls?

- If your phone or phones appear to be working, take a working phone to your Telephone Network Interface box. (See drawing on the following page). This box is located on the outside wall of your

home or business, usually near the electric meter. *(It is where our outside lines and your inside telephone wiring connect, or interface.)*

Open the Network Interface box and locate the "test jack" inside (see next page for details). Remove the modular plug from the test jack and insert the phone jack from your phone.

If the same problem occurs when you plug your phone into the test jack, the problem is in our outside telephone lines. Call our Repair Service Center toll-free for assistance.

Directory Assistance Call Completion (DA CL COMP)

Now when you dial Directory Assistance and hear your requested number, just stay on the line and we'll place your call directly for a small charge. No need to hang up and call again.

In most areas, Directory Assistance Call Completion is a service that provides customers the option of having their local or intraLATA eligible calls automatically completed when they request a telephone listing from the Directory Assistance Operator.* The call may be completed automatically or by the Directory Assistance Operator.

The DA CL COMP portion of the call may either be billed in the same manner as the DA portion or alternately billed by using a telecommunications company calling card, billing to a third number, or collect.

Where facilities permit, DA CL COMP will be offered to all classes of service except from Public, Semi-Public, Private Pay Stations, and hotel guests.

Three types of DA CL COMP service are offered:

Fully automated - The customer receives the requested directory number from an automated voice system. The customer accepts DA CL COMP by pressing "1" from a touch-tone telephone when prompted by the DA CL COMP announcement.

Semi-automated - The customer receives the requested directory number and then requests the Operator to provide Call Completion to the requested number.

Person-to-Person - The customer receives the requested directory number and then requests the Operator to complete the call to a specified person.

**Only those calls within the Southwestern Bell Telephone serving area are eligible for Call Completion.*

Multiple Listing Directory Assistance

If you need several telephone numbers or address and ZIP Code verifications, now you can call and get the numbers for up to 10 listings at one time. Customers needing more than 10 listings can make an appointment with one of our Southwestern Bell Telephone Operators. *(Charges may apply.)*

Operator Assistance

Our Southwestern Bell Telephone Operators are available 24 hours a day, 365 days a year, to help you with your long-distance and local calling needs. They can be reached by simply dialing 0. (*Charges may apply.*)

See page 59 of this "Connections" Guide for a map of Southwestern Bell Telephone long-distance service areas

Types of Operator Assisted Calls

Collect Calls

You may call collect if the person or firm you are calling agrees to pay the charges. Dial 0 + the area code + the desired number. Your call will be processed through our automated call system. Or, if you prefer an Operator, simply press 0 (zero) any time during the call or ignore the recording and a courteous Operator will give you personalized service.

Calling Card Calls

For convenience in placing calls while away from your home or place of business, you may bill the charges to your SWB Calling Card.

Simply dial 0 + the area code + the desired number. If you are calling from a touch-tone telephone, key your card number when you hear the prompt tone. Or, when the Operator answers, give your calling card number.

If you do not already have a SWB Calling Card, call your local Business Office Service Center or dial "0" and order one today.

Third-Number-Billed Call

You can make a long distance call from another telephone and bill it to your own telephone number or another number if that party agrees to pay for the call.

Dial 0 + the area code + the desired telephone number. Your call will be processed

Operator Assistance

through our automated call system. Or, if you prefer an Operator, simply press "zero" any time during the call or ignore the recording and a courteous Operator will give you personalized service. The equipment will automatically check the billing to verify that no restrictions apply. If the number is restricted, the equipment will not permit the call to be processed.

When making a third number call from a public (*coin or coinless*) telephone, verification of the third number charge must be made by calling the third number and confirming that the charges will be accepted. If there is no confirmation, the call cannot be completed unless you make other billing arrangements.

Time and Charges

When placing a long distance call, you may ask the Operator to tell you the length of time you talked and how much it cost. Dial 0 + the area code + the desired telephone number. When the Operator comes on the line, say

that you want time and charges when the call is completed. You must remain on the line at the end of the call to receive the time and charges quotation.

Verify Busy and Interrupt

When you encounter a busy signal, you can have the Operator verify the line to determine if there is conversation. You are charged for the service whether or not conversation is detected. The current charge is \$1.35.

If there is conversation, you can request the line be interrupted. The Operator will interrupt the line and ascertain if the speaking customers are willing to terminate their conversation. The charge for interrupt service applies whether or not the existing call is terminated. The current charge is \$2.20.

When both Verify Busy and Interrupt are provided on the same call, only the Interrupt charge applies.

Operator Assistance

Types of Operator-Assisted Calls (cont.)

Person-To-Person Calls

This is the most expensive type of long-distance call. Call person-to-person when you wish to speak to a particular person or extension number. Dial 0 + the area code + the desired telephone number. When the Operator comes on the line, say you are placing a person-to-person call and give the name of the person you wish to talk to. The Operator will leave the line when the person you are calling has answered the telephone.

Mobile Calls

You can make local and long-distance calls to motor vehicles equipped with telephones.

Vehicles traveling within their city of registration may be dialed direct by dialing 1 + the telephone number. Vehicles traveling outside their city of registration (*roamers*) can only be reached through the Mobile Operator for the desired area.

Dial the Operator and ask for the Mobile Operator in the desired city.

Cellular Calls

You can make local and long-distance calls to motor vehicles equipped with cellular phones. However, since cellular companies operate differently, dialing instructions should be provided by the company providing service to the party you're trying to reach.

Conference Calls

You can talk with several people in different places at the same time by making a conference call. For a conference call within your Southwestern Bell Telephone service area, dial "0" and an Operator will assist you in reaching a Conference Operator. For a conference call outside your Southwestern Bell Telephone long-distance service area, you will need to contact a conference call provider.

Reaching the Right Operator

Southwestern Bell Telephone provides Operator assistance for all local and long-distance calls placed within a Southwestern Bell Telephone service area. (See *Southwestern Bell Telephone service area map on page 59.*)

Dialing 0 + Area Code + the telephone number is still the most convenient way to obtain assistance with collect, calling card, third number billed and person-to-person calls. 0 + dialing for these types of services, automatically connects you with the appropriate Operator.

When to Dial "0"*:

- To verify that a number you are trying to reach within your Southwestern Bell Telephone service area is busy. (A *service charge applies.*)

- To interrupt a call within your Southwestern Bell Telephone service area. (A *service charge applies.*)

- To reach an Operator for assistance in reaching an emergency agency.

- To obtain credit when you have experienced trouble for a long distance call placed inside your Southwestern Bell Telephone long-distance service area.

- To obtain assistance with a call from a Southwestern Bell coin telephone. (A *service charge may apply.*)

- To place an order for a Southwestern Bell Telephone Calling Card.

When to Dial "00"*:

If your long distance company provides Operator services, dial "00":

- To obtain credit when you have experienced trouble for a call placed to another long-distance service area.

- If you are having trouble dialing a call outside the shaded area on the map. (See *page 59.*)

- If you need dialing instructions for calling overseas or Mexico.

*If you are unsure whether you need to dial "0" or "00", dial "0" and a Southwestern Bell Telephone Operator will be glad to assist you in placing your call.

Operator Assistance

Public Phone Calling

A number of long-distance companies now offer service for long-distance calls made from Southwestern Bell Telephone pay telephones to numbers outside the Southwestern Bell Telephone Service area.

The way you dial calls from Southwestern Bell Telephone pay phones remains the same. This change simply allows other long distance companies to provide service through Southwestern Bell Telephone pay phones. However, you should be aware that the rates charged by long distance companies for service may vary.

This change involves only those pay phones owned by Southwestern Bell Telephone.

Calls dialed within Southwestern Bell Telephone's service area will still be processed by Southwestern Bell Telephone.

Calls dialed to cities outside Southwestern Bell Telephone's service area will be routed automatically to the long distance company serving the pay phone that you are using. The name of the long distance company will be posted on the pay phone.

If you dial 0+, the Operator who answers your call should identify the name of the long distance company that you wish to handle your call. If you have any questions about rates and billing, you should ask the long distance Operator before placing the call.

Of course, if you need assistance, you may still reach a Southwestern Bell Telephone Operator by dialing "0".

Operator Assistance

Automated Alternative Billing Service

Would you like to make collect or third-number billed Southwestern Bell* long-distance calls without operator assistance?

You can! Texas customers can use the Automated Alternative Billing Service from any home, business, mobile or Southwestern Bell Coin Telephone for calls within your Southwestern Bell* long-distance calling area.

** A map showing the Southwestern Bell long-distance calling areas can be found on page 59.*

Simply dial "zero" followed by the area code and telephone number. A recording will walk you through the steps required to place and bill the call.

Just dial "0" + Area Code + seven-digit telephone number.

If you want to speak with an Operator, dial "0" any time during the call, or ignore the recording. A helpful, courteous Operator will give you personalized service

Operator Service Charges

The initial period for a long distance Operator-assisted call is one minute. The initial period is billed at the direct-dial rate plus a service charge (see chart on the next page). Additional minutes are billed at direct-dial rates and include the same discount applicable to the time period when you call. Discounts do not apply to service charges. Local Operator-assisted calls are billed on an occurrence basis. For example, if you place a local collect call, you are only charged the service charge applicable for Operator Assistance.

To place a local Operator-assisted call, dial "0" and tell the Operator what you need. (A service charge may apply.)

Need Further Assistance?

If you have trouble dialing direct using Southwestern Bell Telephone service, (*other than a busy signal or the number you are calling doesn't answer*) call the Operator and explain the difficulty. The call will be placed for you, and you will be charged at the direct dial rate.

Credit for poor connections, wrong numbers or cutoffs
When you use Southwestern Bell

Telephone long distance service and reach a wrong number, poor connection or cut off, hang up and dial the Operator right away. Explain to the Operator what happened so that arrangements are made for proper credit. The faster the problem is reported, the easier it will be to give you credit. If you are using another company's long distance service, follow the instructions they have provided you.

Long-Distance Calling

Direct-Dialed Long-Distance

Direct-dial calls are those completed from a residence or business phone without Operator assistance. The initial rate period is one minute any time of day or night. Charges are based upon rates in effect at the time the call is placed and will change if the call continues into the next time period.

All long distance calls dialed within the Southwestern Bell Telephone service area must include an area code - even when calling within the same area.

To place a direct-dial call, dial:

1 + Area Code + seven-digit telephone number.

To place a Calling Card® call, dial:

0 + Area Code + desired phone number.

When the Operator comes on the line, say you're placing a Calling Card call and give your card number.

To place a Calling Card call, from touch-tone phones only, dial:

0 + Area Code + desired phone number (wait for special tone) + card number.

Only enter the last four digits of your card number, if calling the number to which your card is billed.

Sequence Calling Saves Time

If you are using a touch-tone phone, you don't have to hang up between calls to make more than one Calling Card call terminating within your Southwestern Bell service area. Just press the "#" sign and dial another telephone number (including the area code.) After the first call, each call in sequence will be billed to your Calling Card number. You may obtain a Southwestern Bell Telephone Calling Card from your telephone business office at **1-800-464-7928.**

Long-Distance Calling

Assistance with Direct Dialing

If you are placing a call inside a Southwestern Bell Telephone long-distance service area and get a wrong number, bad connection or cut off, immediately call your Southwestern Bell Operator (*just press 0*) to explain what happened. Our Operator can arrange for you to get proper credit. *(The quicker the problem is reported, the easier it will be to issue your credit.)*

If you place a call outside a Southwestern Bell Telephone long-distance service area and have a problem, dial 00 for Operator assistance or refer to the operator assistance instructions provided by the long-distance company you are using.

International Calls

If you have selected a company to provide your international long-distance service, please follow the dialing instructions they have provided you.

to get international country and city codes, phone numbers, or to call countries that cannot be dialed direct:

Long-Distance Calling

Long-Distance Rates

Any service charge for Operator Assistance is in addition to long-distance rates.

These rates do not apply to international calling or to calls placed through long-distance carriers.

Examples shown do not include taxes. Additional minute rates illustrated are approximations due to rounding. Charges are based on rates in effect at the point where the call originates. When a call is established in one rate period and ends in another, the rate in effect in each rate period applies to the portion of the call occurring within that rate period.

Long-Distance Calling

1+"Easy Access" Dialing

Easy Access Dialing may not be immediately available to everyone. In addition, not all long distance companies will choose to provide this service.

If Easy Access Dialing is not available in your area, in order to use other long distance companies, you may be required to dial an access code plus an authorization code in addition to the number you are calling.

If you have contracted with a company to provide you with long distance calling services, follow the dialing instructions they have provided you.

Easy Access Dialing may be available in your area. With Easy Access Dialing, you choose one long distance company through which you can make 1+ (or 0+)* calls outside your service area. To use Easy Access Dialing, you simply dial: **1(or 0) + (Area Code, if required) + phone number.**

Contact the participating long distance company of your choice to subscribe to Easy Access Dialing.

There's no charge for your initial Easy Access Dialing selection if you make your choice within six months after the service becomes available to you.

You can also use other long distance companies by dialing:
5-digit access code + 1 (or 0)* + (Area Code, if required) + phone number.

You will need to establish an account with each long distance company you wish to use. Each company will provide you with their five-digit access code.

***Not all long distance companies will choose to offer operator service. Contact your carrier to discuss your operator service options.**

Selecting A Long-Distance Company

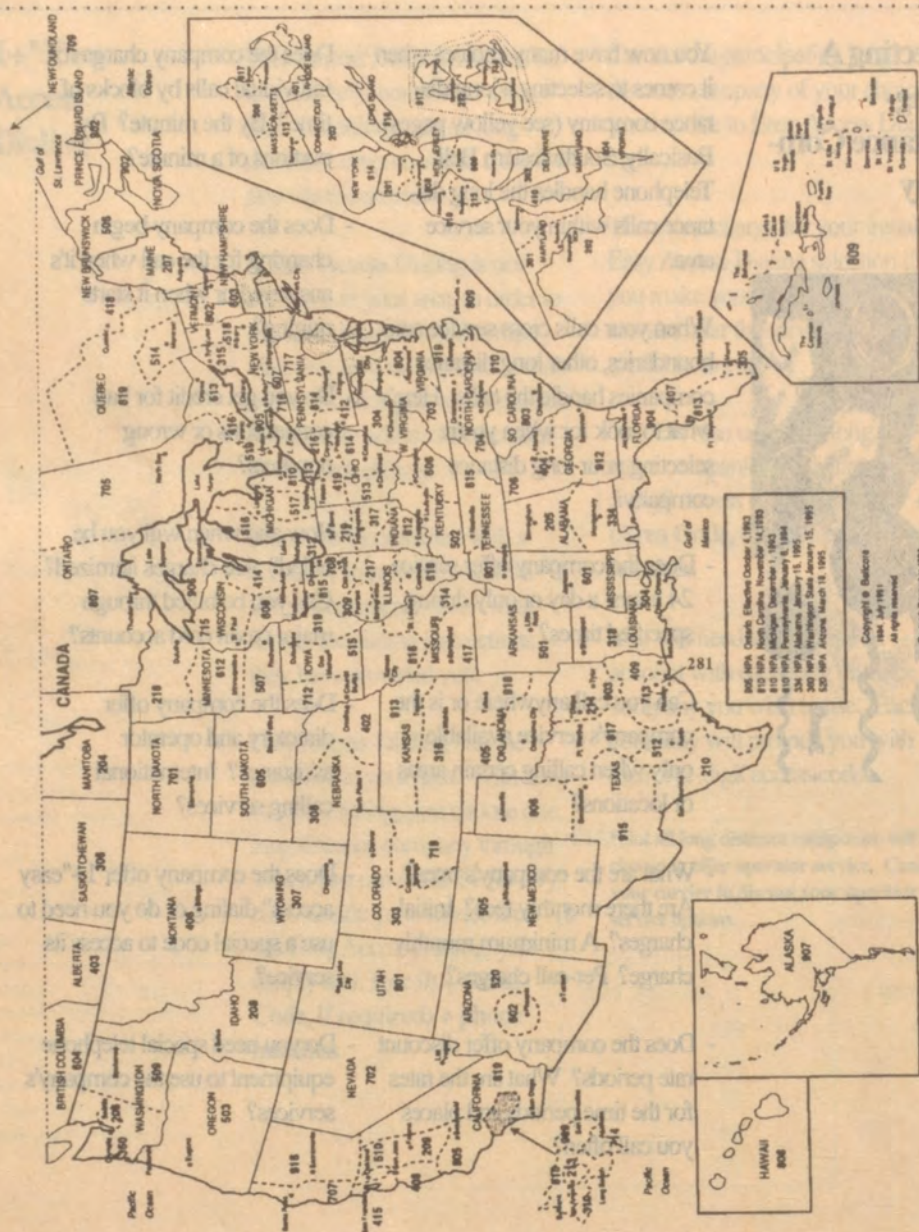

You now have many choices when it comes to selecting a long distance company (see yellow pages). Basically, Southwestern Bell Telephone handles the long distance calls within your service area.

When your calls cross service area boundaries, other long distance companies handle the calls. Here's what to look for when you're selecting your long distance company:

- Does the company offer service 24 hours a day or only during specified times?
- Can you call anywhere or is the company's service available only when calling certain areas or locations?
- What are the company's rates? Are there monthly fees? Initial charges? A minimum monthly charge? Per-call charges?
- Does the company offer discount rate periods? What are the rates for the time periods and places you call often?
- Does the company charge for individual calls by blocks of time? By the minute? By portions of a minute?
- Does the company begin charging for the call when it's answered or when it starts ringing?
- Do you get credit for bad connections or wrong numbers?
- How and when will you be billed? Are charges itemized? Can you be billed through major credit card accounts?
- Does the company offer directory and operator assistance? International calling services?
- Does the company offer 1+"easy access" dialing or do you need to use a special code to access its service?
- Do you need special telephone equipment to use the company's services?

Information Delivery Services

Calls To 900/976 Numbers Will Result In A Charge Per Call

A number of entertainment and informational programs offered by information providers ("sponsors") are available on telephone numbers that begin with 900/976. There is a charge for such calls. The amount of the charge for each call to a 900/976 service is determined by the sponsor and can vary among individual 900/976 programs. The charge for a 900/976 program must be clearly stated as part of the 900/976 message.

Any advertisement promoting 900/976 service must clearly state the charge for the call.

Programs offered by 900/976 sponsors are recorded only (no "live" two-way conversations). The content of 900/976 programs is developed and produced by the sponsor and not by the telephone company. **But Southwestern Bell Telephone can refuse to allow unsuitable programs or language on its 900/976 network.**

Important Billing Information About 900/976 Service Charges

Charges for calls placed to 976 numbers will appear on the customer's monthly Southwestern Bell Telephone bill. Charges for calls placed to 900 numbers may appear on the customer's monthly Southwestern Bell Telephone bill. The customer is obligated to pay such charges. **A customer's local telephone service cannot, however, be suspended or disconnected for non-payment of 900/976 charges.**

Unpaid 900/976 charges will cease to appear on the customer's telephone bill if unpaid for more than 60 days. At the sponsor's request, Southwestern Bell Telephone will provide the nonpaying customer's name, address and telephone number and other pertinent information to the sponsor for use in collection efforts. Sponsors may refer such nonpaying accounts to collection agencies.

Billing Ques- tions? Call Your Business Office

For billing questions regarding 900/976 service, please call your local Southwestern Bell Telephone business office. Residence and business customers should

refer to page 1 of the Customer Guide pages at the front of the directory for information on how to contact Southwestern Bell Telephone business offices.

Information Delivery Services

Calls To 900/976 Numbers Can Be Blocked; No Charge

If calls to Dial 900/976 programs are a problem due to unwanted charges, or if a customer wishes to avoid the potential of uncontrolled usage, customers may request 900/976 Call Restriction, which is free, and the telephone company will block access to all 900/976 numbers. Calls to 900/976 services cannot be blocked separately. When access is blocked to one service, the other is automatically blocked also. Some customer's telephone numbers do not have access to

900 and 976 calls at all. To request the free blocking service, call your local Southwestern Bell Telephone business office. Some restrictions do apply.

In addition to the free blocking service, Southwestern Bell Telephone can require mandatory blocking of 900/976 programs for nonpayment of charges incurred by a customer. There is a one-time charge to the customer when mandatory blocking is required.

Toll-Free Number Available For Questions Or Complaints About 976

Southwestern Bell Telephone has established a toll-free number, **1 + 800 + 446-0143**, for customer comments, questions and complaints that

are specific to 976 information programs. Additional information about customer rights regarding 976 service is also available by calling the toll-free number.

Before Dialing 900/800 Numbers, Please Note

When an 800 or 900 number is dialed from your telephone, your telephone number may be transmitted to the company you

have called and may be available to that company's service representative before your call is answered.

We fully safeguard every individual's right to privacy as an essential aspect of our service. We carefully strive to protect communications services from unlawful wiretapping or other illegal interception. Customer service records, credit information and related confidential personal account information are fully protected.

An Accurate, Easily Understood Bill and Reasonable Billing Procedure

We believe consumers should receive an accurate, easily understood bill and one that makes it clear when payment is due. Consumers are entitled to reasonable billing procedures and clear explanations about deposits (See page 34), late payment of bills, collections, suspensions or disconnection of service for

nonpayment. In case of bonafide emergencies, we try to avoid disconnection of service for nonpayment. *(For further information about your bill, see pages 37-40.)*

Alternative Payment Plans- Business And Residence Customers

You are responsible for making your payment in full and on time each month. If you can't pay by the due date, please call your service representative. We may be able to make payment arrangements in case of circumstances beyond your control.

Residence Customers

pay current bills and a reasonable amount of the outstanding bill and the balance in reasonable installments until the bill is paid. You will not be required to pay more than 1/3 of the total deferred amount when entering into a deferred payment plan. If you do not meet the terms of a deferred payment plan, your service may be terminated after proper written notice.

Southwestern Bell Telephone is not required to enter into a deferred payment plan with any customer who has had telephone service for 3 months or less if that customer is lacking sufficient credit or a satisfactory history of payment for previous service. Please call your service representative for more information on this plan. If the representative does not offer such a plan to you, you have the right to request these alternative payment plans.

Credit And Deposit Information

A deposit may be required if you have not established credit for telephone service within the last 2 years or if you have paid your bill late more than once during the last 12 month period. Deposits are equivalent to a two month bill for a particular customer (*averaged over a 12 month period*). Interest will be paid on any deposit held over 30 days at a rate set annually by the Public Utility Commission of Texas. This rate is effective January 1 of each year. Accrued interest will be credited to your account annually. This deposit will be credited to your account if you are and have been paying your bill in a timely manner for the prescribed time period*. The deposit shall cease to draw interest on the day it is returned or credited to your account.

* 12 months if you have residential service, 24 months if you have business service.

It is our policy that consumers, wherever located, have access to a readily available process to provide them with fair resolution of their complaints and grievances concerning services, billing and other practices and procedures. Accordingly, we provide consumers with helpful information about where and how to express their concerns and complaints to the company and to regulatory authorities.

The Opportunity To Be Heard

We believe in listening to consumers and taking their advice, counsel, and criticism into careful consideration in our policy and decision making. We also believe consumers should have the opportunity to be heard on issues affecting our business.

How To Get Credit For Loss Of Service

If you have reported that you have no dial tone and are unable to make or receive calls for 24 normal working hours or longer and your service interruption is a result of network problems, you are entitled to credit on your next bill for part of the local service charges. Important Information

Customer Provided Equipment

Under the Federal Communications Commission's (FCC) Registration Program you supply your own telephone equipment and connect it directly to the local network.

You are responsible for the connection, operation, maintenance and repair of this equipment and should arrange for these services through the manufacturer if needed. This equipment cannot be connected to a coin telephone. If you have a party line, contact your service representative.

Recording Of Two-way Telephone Conversations

If your telephone conversation is being recorded, one of the following conditions must exist:

1a All parties being recorded must hear a beep or distinctive recorder tone approximately every fifteen seconds, or all parties to the telephone conversation must give their prior consent to the recording of the conversation.

1b The prior consent must be obtained in writing or be part of and obtained at the start of the recording, or

2. In lieu of 1b, the recording party can give verbal notification in a clear, unambiguous manner, which is recorded at the beginning and as a part of the call.

Under certain restrictions, exemptions to these provisions exist for commercial broadcast licensees, emergency reporting systems and law enforcement authorities.

Important Information

Important Information (cont)

Leave Phones On The Hook

At times you may not want to be disturbed by a ringing phone. However, leaving a phone off the hook prevents emergency calls from getting through and ties up equipment needed to complete other customers' calls.

Telephone Solicitation

Texas law provides certain protections for a person who receives a telephone solicitation at a residence.

A telephone solicitor must:

- identify himself or herself by name
- identify the business on whose behalf he or she is calling
- identify the purpose of the call
- identify the telephone number at which the person, company or organization making the call may be reached.

A telephone solicitor may not call a residence before 9 a.m. or after 9 p.m. on a weekday or Saturday or before noon or after 9 p.m. on Sunday.

If a telephone solicitor uses an automatic dialing/announcing device, the machine must disconnect from your line within 30 seconds after termination of the call.

Your Responsibilities

Important Information (cont.)

Exceptions

The requirements above do not apply to telephone solicitations made at your request, or solicitations made in connection with an existing debt or contract, or calls from a telephone solicitor with whom you have a prior or existing business relationship.

If you use a credit card to purchase goods or service from a telephone solicitor other than a public charity (*an organization exempt from federal income tax under the Internal Revenue Code §501(c)(3)*), the seller must:

- offer a full refund for the return of undamaged and unused goods within seven days after you receive the goods or service (*the seller must process the refund within 30 days after you return the merchandise or cancel your order for undelivered goods or services*); or

- provide you with a written contract fully describing the goods or services being offered, the total price charged, the name, address, and business phone of the seller, and any terms and conditions affecting the sale.

Complaints

The Texas Attorney General investigates complaints relating to a violation of this law, which is found at the Business and Commerce Code Chapter 37. If you have a complaint about a telephone solicitor whom you believe has violated this law, contact:

**Consumer Protection Division
Office of the Attorney General
of Texas**

**P.O. Box 12548

**Important
Information
(continued)**

Another law, found at Texas Civil Statutes Article 1446c, §119 and §120, requires a telephone solicitor to make every effort not to call a consumer who asks not to be called again. Complaints relating to a violation of this law are investigated by the Public Utility Commission of Texas.

If you have a complaint about repeated solicitation from a telephone solicitor you have asked not to call you again, contact:

Your Responsibilities

Your phone service carries with it certain responsibilities which benefit both you and your family, as well as others.

Yielding a Party Line in An Emergency

Texas law requires you to yield a party line immediately when told the line is needed for any emergency. It is also unlawful to take over a party

line by falsely stating the line is needed for an emergency. The penalty for either offense carries a fine of up to \$500 or imprisonment, or both.

Fraudulent Charges

It is illegal to charge any calls to another person's telephone number or SelectCard® calling card without his/her permission.

Persons placing such calls are subject to prosecution, and, if convicted, are subject to a fine and/or imprisonment.

Harassing Calls

State and federal laws make it a crime to place obscene or harassing phone calls.

The penalty is a fine and/or imprisonment.

Unlawful Wiretapping

It is a crime under federal and state laws to wiretap or otherwise intercept a telephone call unless the consent of one or both of the parties actually participating in the call has been obtained.

(The exceptions are properly authorized law enforcement offices, acting under court order, according to state and federal law.) The penalty for illegal wiretapping can be a fine and/or imprisonment.

There's A Message In All Of This.

Get Your Teenagers Their Own Phone Line.

Someone's got your number. It's Bob, Peggy, Gary, Kelly, Tim, Cindy, Shawn and all the kids who leave urgent phone messages for your teenagers.

Day in and day out. Messages which take you away from what you're doing when your kids aren't around to take their own calls. Sound familiar?

Then give your teenagers their own phone line, with their own private number, from Southwestern Bell Telephone. That way they'll take

more responsibility for their calls. You won't have to take any more of their messages. And everyone takes care of their own business.

Stop running an answering service for your teenagers. Call to order a second phone line or receive a free brochure. You'll find our message very easy to take.

Call 1-800-234-BELL.

We Got The Idea For Our Calling Services By Accident.

You never know when something is going to happen, but isn't it nice to know you're prepared for any emergency?

With Call Waiting and Call Forwarding, emergency calls can reach you easier, whether you're on your phone or even away from home. Speed Calling helps you dial important numbers, including your doctor, quickly and efficiently. And you can even speak with your doctor

and a sick loved one at the same time with the help of Three-Way Calling.

Call today to get all of these services, just one or two, or to ask for additional information. Because when there is an emergency or accident, no news isn't necessarily good news.

Call 1-800-234-BELL.

A SelectCard® Calling Card Keeps You Connected.

There's one card you can't afford to be without. Your Southwestern Bell Telephone SelectCard® calling card. Whether it's business or pleasure, use it often to stay in touch.

It's fast and easy. Forget fumbling for change, calling collect or making third-number-billed calls. Just use your SelectCard. No more access codes. Your SelectCard number is your area code, home phone number and a four-digit PIN that you can choose yourself. Just dial "0" and the number you want to call.

Whether you're calling across town or around the world, from whatever phone, over whichever major long-distance carrier you choose, it's easy with SelectCard.

And the best part is the SelectCard is FREE. Charges apply only when you use it. With a SelectCard calling card from Southwestern Bell Telephone, you can place local and long-

distance calls, use Directory Assistance or make operator-assisted calls, and have them charged automatically to your monthly phone bill.

Make It Easy To Keep In Touch.

If you have children, parents or others you'd like to have call you more often, give them a Keep In Touch® SelectCard. Across town or across the country they'll always be able to call you (and only you) even if they don't have any change. These calls will appear on your telephone bill.

Save time. Avoid the hassles. And always stay in touch. Call 1-800-234-BELL or your Southwestern Bell business office and ask for your own SelectCard calling card today.

WARNING-EMERGENCY CALLS ON PARTY LINES

It is unlawful to refuse the use of a party line to another person for the purpose of permitting such person to report a fire or summon police, medical aid or ambulance service in an emergency situation where property or human life is in danger. It is also unlawful for anyone to falsely claim an emergency to gain access to a party line. The maximum penalty, upon conviction, is imprisonment for 30 days or a fine of \$500 or both.

DIALING INSTRUCTIONS

FOR PARTY LINE USERS—Always listen to make sure the line is not in use before you attempt to dial.

HOW TO CALL ANOTHER PARTY ON YOUR LINE—Dial the directory number then you will hear a recording that the number you have dialed is on your line. Please hang up your receiver and allow time for your called party's telephone to ring. Then pick up your receiver to converse.

HOW TO PLACE LONG DISTANCE CALLS—Please refer to the Customer Guide pages on How to Place your Long Distance Calls.

PARTY LINE COURTESY PAYS—When several persons are sharing the use of a telephone line, consideration and courtesy are important to all. Everyone will receive better service if each subscriber on the line will observe these simple rules of courtesy. Be as brief as possible...space your calls so that the other party can place his calls...and give up the line to the neighbor who needs it for an emergency use.

HUTTO CUSTOMERS MAY CALL THE TAYLOR EXCHANGE BY DIALING THE 7 DIGIT TAYLOR NUMBER.

HUTTO CUSTOMERS WHO SUBSCRIBE TO OPTIONAL EXTENDED METROPOLITAN SERVICE (EMS) CAN PLACE TOLL FREE CALLS TO THE AUSTIN METROPOLITAN AREA.

“Kick the number-fumbler habit!”

If misplaced telephone numbers give you problems, here are suggestions that can help you.

1.

Underline those special numbers in your directory.

2.

Keep the directory near the phone.

3.

Have a pencil and paper handy when you talk so you can jot down numbers you may need again.

4.

Maintain your own personal directory of frequently called numbers.

These suggestions can save time and make calling easier.

A Swbyp's® Green Tip

Save Gas, Reduce Pollution!

Don't let your car idle unnecessarily. It takes less gas to start a car than it takes to let it idle. Idling for more than 1 minute is less fuel-efficient than restarting the car.

Keeping up with the Joneses? Why not?

Whether your competitor's name is
Jones or Smith or whatever - don't let
them have the unnecessary advantage
of a larger ad in *Swbyp's*, the
Southwestern Bell Yellow Pages.Compete with them on the street and
in the Book...take out a larger ad
and tell more about you!**A *Swbyp's* Green Tip**

When insulation gets wet, it loses most of its insulating value. Check the insulation in your attic. If it's wet, consider installing a "vapor barrier" to keep moisture out.

It pays to advertise in more than
one location in *Swbyp's*, the
Southwestern Bell Yellow Pages,
because you never know where
your next customer is coming from.

Be sure you're ready
for them when they're
ready to buy. Multiple
headings are the way to go!

What is different about your business?

What do you have to offer?

Why should people call you when they're ready to buy? You've got a big story to tell. Take out a larger ad in

Swbyp's, the Southwestern Bell Yellow Pages, and tell your customers more about your business.

A Swbyp's Green Tip

When you wash dishes, fill a basin to wash in and only run the tap to rinse. Letting the tap run constantly can waste over 100 gallons of water a week.
