Notice:

The information in this directory was correct on the date this directory was compiled, but is subject to change by order of the Public Utility Commission of Texas.

This directory contains Important Information about your rights as a telephone customer starting on Page 29 of this Customer Guide.

If you are not an SBC customer, please consult your local telephone directory for emergency numbers.

Automatic Number Identification... Per-line or per-call blocking does not prevent transmission of your telephone number when you call a company using an 800, 888, 900 or other toll-free number. Therefore, your number may be available to that company's service representative before your call is answered.

Cellular 9-1-1 Calls... When calling 9-1-1 on a cellular phone, be prepared to provide the following information: your name, cellular phone number, nature of the emergency, and the location of the incident. Please note: Your call may be answered by a telephone company operator or a 9-1-1 dispatcher outside of your area.

Privacy Considerations... The 9-1-1 emergency telephone number quickly summons emergency service in a crisis. When you report an emergency by dialing 9-1-1, your telephone number (including non-published numbers) and address may be automatically displayed on a viewing screen located at the 9-1-1 answering centers and your call may also be recorded. This display of the calling number and address enables the emergency agency to quickly locate the caller if the call is disrupted by the crisis.

Callers who do not wish to have their telephone number or address displayed on the viewing screen should report an emergency by dialing the seven-digit telephone number of the appropriate emergency agency. For blocking options, see the Caller ID section of this Directory's Customer Guide pages.

Caller ID-Caller ID muestra el número y/o nombre de las personas que llaman en un equipo especial y guarda estos datos. Ahora muestra más números, incluyendo los de larga distancia, y de celulares también. Cuando haga una llamada, su número telefónico (aunque sea privado o no esté listado en el directorio) aparecerá automáticamente en las unidades de los clientes suscritos al servicio Caller ID. Si desea evitar que se transmita su número telefónico, puede hacerlo oprimiendo *67 (ó 1167 desde un teléfono de disco) antes de marcar su llamada.

Call Waiting-Lo mantiene en comunicación con las personas que son importantes para usted porque pueden localizarle aunque esté en el teléfono. Y cuando no quiera que le interrumpan, simplemente desactive Call Waiting.

Cuando esté en el teléfono, un tono le avisa que entró otra llamada. Oprima y suelte el gancho de colgar para saber quién está llamado. Oprima y suelte el gancho de colgar de nuevo para regresar a la primera llamada.

Para desactivar Call Waiting en una sola llamada, oprima *70 antes de hacerla. Para desactivar Call Waiting cuando ya esté en una llamada, oprima y suelte rápidamente el gancho de colgar, marque *70, y oprima y suelte el gancho de nuevo para regresar a su llamada.

Call Waiting ID- ¿Alguna vez ha estado en el teléfono y escuchado el bip de Call Waiting y se pregunta si debe pasar o no a la otra llamada? Con Call Waiting, Caller ID y este servicio nuevo, su teléfono o unidad Caller ID mostrará el nombre y número (incluyendo los números no listados o privados) de la persona en la nueva llamada para que usted tome una decisión informada de pasar o no a esa llamada.

Call Waiting ID Options-Call Waiting Deluxe complementa tanto a Caller ID como a Call Waiting por que le permite decidir qué hacer con la llamada recibida. Cuando escuche el bip, el nombre y número (incluyendo los números no listados y privados) de la persona en la nueva llamada se mostrarán en su teléfono Caller ID con pantalla. Entonces, la pantalla mostrará varias opciones para que usted atienda esa llamada recibida. Y si tiene el servicio de mensajes grabados CallNotes de SBC, SBC Messaging Services, incluso puede enviar la llamada nueva directamente a este servicio.

***69 Call Return-Regresa** la llamada al último número del que le llamaron (lo marca por 30 minutos) - aunque usted no sepa quién fue.

Llame a nuestra oficina de servicio para hacer preguntas sobre este servicio, desconectar la activación por llamada u ordenar el servicio de uso ilimitado.

Para desactivar Auto Redial, oprima *86.

Llame a nuestra oficina de servicio para hacer preguntas sobre este servicio, desconectar la activación por llamada u ordenar el servicio de uso ilimitado.

Call Blocker-Bloquea las llamadas de hasta 10 números específicos. El último número que le llame (aunque usted no sepa cuál es) puede ponerse en la lista. La persona que llama escuchará un mensaje grabado diciendo que usted no está aceptando llamadas. Y su teléfono ni siquiera timbrará.

Para activarlo, oprima *60 y siga las instrucciones. Para desactivarlo, oprima *80 y siga las instrucciones.

Caller ID Services From SBC

Caller ID Services from SBC-Texas are designed to protect your privacy and give you more control over how you use your phone. These services include Calling Number Delivery, Calling Name Delivery, and Anonymous Call Rejection.

Calling Number Delivery and Calling Name Delivery

Caller ID is an optional service that lets the subscriber know who is calling even before picking up the phone. Caller ID allows you to see the date, time, and phone number (Calling Number Delivery) and/or name (Calling Name Delivery) of most direct-dialed local calls and some long-distance calls on a special display unit. A display unit is required, which stores the number and name, as well as the date and time of the call. That way if you're not home, or just don't want to

answer the phone, the stored numbers will permit you to return calls. This also works with answering machines or voice messaging systems ... even if the caller doesn't leave a message. These units are available from various retail vendors, including SBC. Each time you make a phone call, your name and number will be automatically sent to the Caller ID subscribers in your area unless you choose to block that information.

Blocking Delivery Of Your Number

If you should ever want to "block," or prevent sending your number and name to Caller ID subscribers, you need only dial *67 (on a Touch-tone phone) or 1167 (on a rotary phone) before dialing the telephone number. Then you will hear a "stutter" tone which tells you "per-call" blocking is working. Calls blocked on a per-call basis will be displayed on the Caller ID display unit as "anonymous" or "private." Per-call blocking is free of charge and automatically available on everyone's line wherever Caller ID is available. There is no need to subscribe to Caller ID to have per-call blocking.

It is important to keep in mind that even if you have a non-published or non-listed number, your number will be passed along unless you choose to block on a per-call or per-line basis. We believe per-call blocking will provide you with flexibility in those situations when you do not want to have your telephone number or name deliv-

ered to Caller ID subscribers.

However, if you have a compelling need for per-line blocking, meaning you want to always have your number and name blocked, you can have per-line blocking at no charge by mailing a written request for per-line blocking. The request must include (1) your name, address and telephone number (as shown on your bill), (2) your signature, and (3) the following statement: "I have a compelling need for per-line blocking." Then mail the request to: SBC, PO Box 80349, Austin, Texas 78708. You need not explain your compelling need because all requests are AUTOMATICALLY granted. Or, you may obtain per-line blocking by simply completing the reply card which will be sent to you before the service is offered and dropping it in the mail. If at any time you want to cancel per-line blocking, and reinstate per-call blocking, just call the SBC Service Center. Per-line blocking automatically blocks a customer's number on every call without the need to dial *67 or 1167. Calls placed from a line that subscribes to per-line blocking will be displayed on

the Caller ID display unit as "anonymous" or "private."

Customers who subscribe to per-line blocking can un-block their name and/or number on a call-by-call basis. You can turn off per-line blocking on a specific call by dialing *82 (on a touch-tone phone) or 1182 (on a rotary phone) before dialing the phone number. This feature turns off per-line blocking for only the call placed after *82 or 1182 is dialed, and will result in your name and/or number being received by subscribers of Caller ID. Once the call is ended, per-line blocking will be restored. If you select per-line blocking, then calls to ACR customers (see the following page) will not be completed. If you must reach that customer, you may do so by dialing *82 or 1182, calling from a pay phone or cellular phone, making a credit card or operator-assisted call, or asking someone who does not have per-line blocking to place the call for you.

*Caller ID is available in most areas.

Caller ID Services From SBC

Examples of Caller ID Messages

Currently there are some calls that Caller ID won't identify. These include cellular calls, some long-distance calls, operator-assisted calls, and calls originating in areas where Caller ID is not available. For these calls, the Caller ID display unit

will display the message "out of area." Even though you won't have the number, you will still have information about the call, such as the date and time. Below are examples of what will likely be displayed, depending on the type of calls received.

TYPE OF CALL

CALLER ID MESSAGE EXAMPLES

	Name	Number	Date	Time
Local Calls (1)	Doe Jane	512-555-6666	10/17	9:31am
Long Distance By SBC (1)	Smith John	512-555-7777	10/22	9:14pm
Pay Phone	Pay Phone	512-555-9999	11/20	8:31am
Long Distance by Others	"Out of Area"/"Unavailable" (2)		10/22	9:53pm

Credit Card, Cellular	"Out of Area"/"Unavailable"		11/25	3:00pm
Per Call Blocked (*67)	"Private" or "Anonymous"		11/25	3:06pm
Per-Line Blocking	"Private" or "Anonymous"		11/25	3:18pm

(1) Only where technically available.

(2) Unless the long-distance company provides the calling telephone number to SBC.

Anonymous Call Rejection (ACR)

Anonymous Call Rejection (ACR) is a Caller ID Service that allows a subscriber to automatically reject all calls that have been marked anonymous, or blocked. It is not necessary to subscribe to Calling Number Delivery or Calling Name Delivery to subscribe to ACR, nor is a display unit necessary. With ACR, the telephone will not ring if the person calling you has blocked his or her number through per-call or per-line blocking. The caller will receive a message that the party he or she is trying to reach is not accepting calls from a blocked number. The caller will be instructed to redial without blocking the number or be asked to call the operator for

assistance in completing the call. (An operator-handling charge will apply). ACR service also allows you the flexibility to turn on or off your ACR service by dialing a code, which will be provided upon subscription to ACR.

It is important to remember that both per-call and per-line blocking will not block your billing telephone number to Emergency 9-1-1, nor will it currently prevent your number from being transmitted on 700, 800, 888 or 900 calls. Also, calls made from a pay phone cannot be blocked.

Not all services are available in all areas.

Information on 900/976 Calls

Calls to 900/976 Numbers Will Result in a Charge Per Call

A number of entertainment and informational programs offered by information providers ("sponsors") are available on telephone numbers that begin with 900 or 976. There is a charge for such calls. The amount of the charge for each call to a 900/976 service is determined by the sponsor and can vary among individual 900/976 programs. The charge for a 900/976 program must be clearly stated as part of the 900/976 message. Any advertisement

promoting 900/976 service must clearly state the charge for the call. Programs offered by 900/976 sponsors are recorded only (no "live" two-way conversations). The content of 900/976 programs is developed and produced by the sponsor and not by the telephone company. **But SBC-Texas can refuse to allow unsuitable programs or language on its 900/976 network.**

Billing Information

Charges for calls placed to 976 numbers will appear on the customer's monthly SBC bill. Charges for calls placed to 900 numbers may appear on the customer's monthly SBC bill. The customer is obligated to pay

such charges. A customer's local telephone service cannot, however, be suspended or disconnected for non-payment of 900/976 charges.

No Charge for Blocking 900/976 Calls

If calls to 900/976 programs are a problem due to unwanted charges, or if a customer wishes to avoid the potential of uncontrolled usage, customers may request 900/976 Call Restriction, which is free, and the telephone company will block access to all 900/976 numbers. Calls to 900/976 services cannot be blocked separately. When access is blocked to one service, the other is automatically blocked also. Some customers' telephone numbers do not have access to 900/976 calls at

all. To request the free blocking service, call your local SBC Service Center. Some restrictions do apply. In addition to the free blocking service, SBC-Texas can require mandatory blocking of 900/976 programs for nonpayment of charges incurred by a customer. There is a one-time charge to the customer when mandatory blocking is required.

Billing Questions? Call Your Service Center

For billing questions about 900/976 service, please call your local SBC Service Center at 1-800-585-7928

for your home and 1-800-559-7928 for your business.

Before Dialing 900/800 Numbers, Please Note

Per-line or per-call blocking does not prevent transmission of your telephone number when you call a company using 800, 888, another toll-free prefix, or 900 number.

Therefore, your number may be available to that company's service representative before your call is answered.

Your Rights As A Customer And Other Important Information From SBC.

SBC-Texas is committed to these consumer rights:

Dependable, High Quality Services at Reasonable Prices

SBC-Texas strives to provide quality telecommunications services for all consumers at fair prices.

Full Information About Our Services

Consumers have a right to the information necessary to make sound decisions. It is our policy to provide consumers with information about their telephone service, service options, including the lowest price service available and payment options.

Choice Of Services

We believe consumers should have free and open choices of telecommunications services. When dealing with us, the consumer should have the opportunity to select from all available service options. These services are provided to consumers without discrimination as to race, nationality, color, sex, religion, marital status, income level, source of income, or from unreasonable discrimination on the basis of geographical location.

Telecommunications Privacy

We fully safeguard every individual's right to privacy as an essential aspect of our service. We carefully protect communications services from unlawful wiretapping or other illegal interception. Customer service records, credit information and related confidential personal account information are fully protected.

An Accurate, Easily Understood Bill and Reasonable Billing Procedures

We believe consumers should receive an accurate, easily understood bill that makes it clear when payment is due. Consumers are entitled to reasonable billing procedures and clear explanations about deposits, late payment of bills, collections, suspensions and disconnection of service for nonpayment. In case of true emergencies, we try to avoid disconnection of service for nonpayment.

Alternative Payment Plans For Business And Residence Customers

You are responsible for making your payment in full and on time each month. If you can't pay by the due date, but can pay before the due date of the next bill, please call your service representative to make a payment arrangement. If SBC-Texas issued a suspension or disconnection

notice prior to the payment arrangement being made, that suspension or disconnection will be delayed in accordance with the payment arrangement. If the payment arrangement is not kept, SBC-Texas may suspend or disconnect service without further notice.

Residence Customers-Deferred Payment Plans

If you are unable to pay all of your bill, you may enter into a deferred payment plan if we have not issued more than two termination notices on your account in the preceding 12 months.

Under the terms of a deferred payment plan, your service will not be terminated if you pay current bills and a reasonable amount of the outstanding bill and the balance in reasonable installments until the bill is paid. You will not be required to pay in one month more than 1/3 of the total deferred amount when entering into a deferred payment plan. However, in addition to the deferred amount, you will be required to pay monthly charges as they accrue. If you do not meet the terms of a deferred payment plan, your service may be terminated after proper written notice.

SBC-Texas is not required to enter into a deferred payment plan with any customer who has telephone service for three months or less if that customer lacks sufficient credit or a satisfactory history of payment for previous service. Call your service representative for more information. You have the right to request these alternative payment plans.

Credit And Deposit Information

Residential applicants can demonstrate satisfactory credit using either a payment record with another local telephone service provider or other means, including generally accepted credit history, letters or verifiable names of credit references, or proof of ownership of substantial equity that is easily liquidated. It is our policy to apply a customer's credit history equally for 12 months to a spouse or former spouse who shared the service. Credit history maintained by a customer will be applied equally to the spouse or former spouse without modification and without additional qualifications required of the customer.

A deposit may be required if you have not established credit for telephone service within the last two years (exceptions apply if you are a qualified senior or domestic violence victim), if you have paid your bill late more than once during the last 12-

month period, or if your service was disconnected for non-payment. Deposits for residential and business customers cannot exceed the actual or estimated amount billed for 2 months of tariffed charges (averaged over a 12 month period). For residential customers, the deposit shall not include the amount billed for long distance service other than those provided by SBC Companies. For business customers, the deposit may include the actual or estimated amount billed for long distance charges of other carriers where SBC bills those charges. The deposit amount related to local telephone service shall be separately identified from the amount related to long distance service. Upon disconnection, the deposit amount shall be applied to local service charges first.

SBC-Texas reserves the right to request an additional deposit in certain instances. Interest will be paid on any deposit held over 30 days at a rate set annually by the Public Utility Commission of Texas. This rate is effective January 1 of each year. Accrued interest will be credited to your account if you are and have been paying your bill in a timely manner (12 months for your residence service or 24 months for your business service). The deposit will stop drawing interest on the day it is returned or credited to your account.

The Opportunity To Be Heard

We believe in listening to consumers and taking their advice and criticism into consideration in our policy and decision making. We also believe consumers should have the opportunity to be heard on issues affecting our business.

How To Get Credit For Loss Of Service

If you have reported that you have no dial tone and are unable to make or receive calls for 24 normal working hours or longer, and your service interruption is a result of network problems, you are entitled to credit on your next bill for part of the local service charges. If the adjustment doesn't appear on your next bill, call your SBC Service Center at 1-800-585-7928 for residence or 1-800-559-7928 for business service.

Bill Payment and Adjustments

Your telephone bill is due upon receipt and is past due if the bill has not been paid or a deferred payment arrangement has not been entered into within 16 days after the bill was issued (postmarked). A one-time penalty of \$5.00 will be applicable on all residential bills if undisputed charges greater than \$10.00 are carried over to the next bill. A one-time penalty of five percent (6.5%) will be applicable on commercial or business accounts not received by the next bill date.

To obtain the hours and addresses of locations where bills may be paid,

please call the following toll-free number 1-800-585-7928.

Your local telephone service will not be suspended or disconnected for nonpayment as long as you fully and timely pay all charges for local tariffed (essential) telephone service. If you do not pay non-tariffed charges such as long distance, voice mail, Inline, Wireless, and Internet, those services may be disconnected. Refunds are made via bill credit unless otherwise requested.

Suspension/Disconnection of Service

Upon ten days written notice, SBC-Texas can suspend or disconnect basic local telecommunications services for any of the following reasons:

Failure to pay tariffed charges for local telecommunications services or to make deferred payment arrangements by the date of suspension or disconnection;

Failure of a residential customer to pay long distance charges incurred after toll blocking was imposed;

Failure of a business customer to pay long distance charges only where the telephone company bills those charges to the customer or failure to make deferred payment arrangements by the date of suspension or disconnection;

Failure to comply with the terms of a deferred payment plan. Customers with Pre-paid Local Telephone Service (PLTS) can have their service suspended or disconnected upon notice for failure to comply with the terms of a deferred payment plan only after all advanced payments have been applied to the customer's account and the customer's account has a zero balance;

Failure to pay a deposit;

Failure of the guarantor to pay an amount guaranteed;

Violation of SBC's rules on interfering with the service of others or the operation of nonstandard equipment if a reasonable attempt has been made to notify the customer and the customer does not remedy the situation in a reasonable time.

SBC-Texas can suspend or disconnect basic local telecommunications service without notice for any of the following reasons:

Where service is connected without authority;

Where service is reconnected without authority;

Where there are instances of tampering with SBC's equipment, evidence of theft of service, or other efforts to defraud SBC;

SBC-Texas will not suspend or disconnect local telephone service at the permanent residence of a delinquent customer if the customer establishes that such action will prevent the customer from summoning emergency medical help for someone who is seriously ill residing at that residence. Prior to the date of the suspension or disconnection, the customer must: 1) have the person's attending physician submit a written statement to SBC; 2) enter into a deferred payment plan; and 3) have the person's attending physician contact SBC by the stated date of suspension or by the stated date of suspension or disconnection. If all these requirements are met, no suspension or disconnection will occur within 63 days from the issuance of the bill, unless a shorter period is agreed upon between SBC and the customer or physician.

If you are asked to make an additional deposit based on your actual usage and you do not pay the deposit or usage within 10 days, service may be disconnected.

If you are asked to make an additional deposit based on your actual billings and you do not pay the deposit or bill within 15 days, service may be disconnected. After proper notice and a reasonable opportunity to remedy the situation, telephone service may also be disconnected if you violate our rules regarding the use of service in a way that interferes with the service of others or regarding the operation of non-standard equipment.

Unlawful Wiretapping

It is a crime under federal and state laws to wiretap or otherwise intercept a telephone call unless the consent of one or both of the parties actually participating in the call has been obtained. Telephone Solicitation

Texas law requires that a telephone solicitor who calls your home must:

- identify himself or herself by name;
- identify the business on whose behalf he or she is calling;
- identify the purpose of the call;
- identify the telephone number at which the person, company, or organization making the call may be reached.

A telephone solicitor may not call a residence before 9 am or after 9 pm on a weekday or Saturday or before noon or after 9 pm on Sunday.

If a telephone solicitor uses an automatic dialing/announcing device, the machine must disconnect from your line within 30 seconds after termination of the call.

Telephone Solicitation Complaints

The Texas Attorney General investigates complaints relating to a violation of this law, which is found at the Business and Commerce Code Chapter 37. If you have a complaint about a telephone solicitor whom you believe has violated this law, contact:

Consumer Protection Division of Texas
Office of the Attorney General
PO Box 12548
Austin, Texas 78711
(512) 463-2070

Another law, found at 3.659 and 3.660 of the Public Utility Regulatory Act of 1995, requires a telephone solicitor to make every effort not to call a consumer who asks not to be called again. Complaints relating to a violation of this law are investigated by the Public Utility Commission of Texas. If you have a complaint about repeated solicitation from a telephone solicitor you have asked not to call you again, contact:

Office of Consumer Affairs,
Public Utility Commission of Texas
PO Box 13326
Austin, Texas 78711-3326

(512) 936-7136 (TTY only)

You may have additional rights under federal law. Please contact the Federal Trade Commission or the Federal

Communications Commission for further information on these additional rights.

Exceptions

The above requirements do not apply to telephone solicitations made at your request, or solicitations made in connection with an existing debt or contract, or calls from a telephone solicitor with whom you have a prior or existing business relationship.

If you use a credit card to purchase goods or services from a telephone solicitor other than a public charity (an organization exempt from federal income tax under the Internal Revenue Code 501(c)(3)), the seller must:

- offer a full refund for the return of undamaged and unused goods within seven days after you receive the goods or service (the seller must process the refund within 30 days after you return the merchandise, or cancel your order for undelivered goods or services); or
- provide you with a written contract fully describing the goods or services being offered, the total price charged, the name, address, and business phone of the seller, and any terms and conditions affecting the sale.

Slamming

Selecting A Telecommunications Carrier-Your Rights As A Customer.

Telephone companies are prohibited by law from switching you from one telephone service provider to another without your permission, a practice commonly known as "slamming."

If you are slammed, Texas law requires the telephone company that slammed you to do the following:

1. Pay all charges associated with returning you to your original telephone company within five business days of your request.
2. Provide all billing records to your original telephone company within ten business days of your request.
3. Pay your original telephone company the amount you would have paid if you had not been slammed.
4. Refund to you within 30 business days any amount you paid for charges during the first 30 days after the slam and any amount more than what you would have paid your original telephone company for charges after the first 30 days following the slam.

Your original telephone company is required to provide you with all the benefits, such as frequent flyer miles,

you would have normally received for your telephone use during the period in which you were slammed.

If you have been slammed, you can change your service immediately back to your original provider by calling your local telephone company. You should also report the slam by writing or calling the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326, (512) 936-7120 or in Texas (toll-free) 1 (888) 782-8477, fax (512) 936-7003, e-mail address: customer@puc.state.tx.us. Hearing and speech-impaired individual with text telephones (TTY) may contact the commission at (512) 936-7136.

You can prevent slamming by requesting a preferred telephone company freeze from your local telephone company. With a freeze in place, you must give formal consent to "lift" the freeze before your phone service can be changed. A freeze may apply to local toll service, long-distance service, or both. The Public Utility Commission of Texas can give you more information about freezes and your rights as a customer.

Cramming - Charges on Your Telephone Bill

Placing charges on your telephone bill for products or services without your authorization is known as "cramming" and is prohibited by law. Your telephone company may be providing billing services for other companies, so other companies' charges may appear on your telephone bill.

If you believe you were "crammed," you should contact SBC and request that it take corrective action. The Public Utility Commission of Texas requires SBC-Texas to do the following within 45 days when it learns of the unauthorized charge:

- Notify the service provider to cease charging you for the unauthorized product or service;
- remove any unauthorized charge from your bill;
- refund or credit all money to you that you have paid for an unauthorized charge; and
- on your request, provide you with all billing records related to any unauthorized charge within 15 business days after the charge is removed from your telephone bill.

Your Rights As A Customer And Other Important Information From SBC.

If SBC-Texas fails to resolve your request, or if you would like to file a complaint, please write or call the Texas Public Utility Commission, P.O. Box 13326, Austin, Texas 78711-3326, (512) 936-7120 or toll-free in Texas at (888) 782-8477. Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136.

Your phone service cannot be disconnected for disputing or refusing to pay unauthorized charges.

You may have additional rights under state and federal law. Please contact the Federal Communications Commission, the Attorney General of Texas, or the Texas Public Utility Commission, if you would like further information about possible additional rights.

Pre-Paid Local Telephone Service (PLTS)

SBC-Texas offers Pre-paid Local Telephone Service

(PLTS) for those qualified customers who need to maintain local phone service and want greater control over their local phone usage.

PLTS customers receive the following services: flat rated Basic Local Telephone Service including Touch-tone; access to 911; access to SBC Repair and Business Offices; a white page directory listing; and toll blocking. The above services are priced at tariffed rates (not including taxes and municipal fees). Additional charges may apply depending upon your service location. Normal service connection and restoral fees may apply.

PLTS does NOT include long-distance calling, collect calling, access to directory assistance (411) or access usage sensitive products such as Call Return, Auto Redial and Call Trace.

It is the customer's responsibility to make payments for service. The initial payment consists of the monthly rate for up to two months of service plus all connection charges. No deposit is required. All subsequent payments are billed one month in advance.

It is the customer's responsibility to make sure that the PLTS account is paid on time before the due by date and that no additional charges such as long-distance are incurred. Violation of the terms and conditions of the PLTS plan may result in disconnection with-

out notification. If disconnected from PLTS for violation of the terms and conditions of the service, the customer is not eligible again for PLTS service with SBC.

To return to Basic Local Telephone Service from PLTS, the customer must have a zero balance on the PLTS account, and have paid all outstanding debt owed to SBC including toll charges.

Please call SBC at 1-800-529-7499 to subscribe to PLTS or obtain additional information.

Right to Modify

SBC-Texas reserves its right at any time to modify these rights as a customer due to any change in the law, any regulatory order, any court order, or any change in SBC's procedures or policies. Your rights as a customer are governed by applicable laws, regulations, court and regulatory orders, and tariffs. In the event of a conflict between the applicable law, regulation, court or regulatory order, or tariff, and the information contained in this Help Guide, such applicable law, regulation, court or regulatory order or tariff shall control.

Collect Calls

When you receive a collect call, prior to accepting the call you have the option to ask the operator how much you will be billed and who is calling you. If you do not recognize the person who is calling you collect, use caution in accepting the call. Some collect callers in the past have been known to keep the called party on the line as long as possible to increase the collect call charges. If you do not recognize the "collect call" charges on your phone bill, or believe that you were billed more for a collect call than the rate quoted by the operator, please call your SBC Service Center at 1-800-585-7928. You have the right to dispute unauthorized charges on your phone bill. To see those rights, see the section labeled "Disputed Bills".

Texas No-Call List

Beginning January 1, 2002, residential customers may add their name, address and non-business telephone number to a state-sponsored no-call list that is intended to limit the number of telemarketing calls received. List will be updated for telemarketers on a quarterly basis. Within 60 days of the date your number appears on a published list, you should stop receiving most telemarketing calls. A fee will be

charged to register for the no-call list. Registration of a non-business telephone number on the no-call list expires on the third anniversary of the date the number is first published on the list. You may register your non-business number by Internet at www.texasnocal.com; or by phone at 1-866-TXNOCAL (1-888-896-6225) (this is a toll-free call); or via United States Postal Services at TEXAS NO CALL, P.O. Box 313, E. Walpole, MA 02032. The customer registration fee, which is currently \$2.25, must be paid by credit card when registering online or by telephone. When registering by mail, the fee must be paid by credit card, check or money order. A customer that registers for inclusion on the no-call list may continue to receive calls from groups, organizations, and persons who are exempt from compliance with this section. Telemarketers may contact customers: with whom they have an established business relationship (or had such a relationship within one year); if the customer requests contact; to collect a debt; on behalf of a non-profit organization or charity if the call does not meet the definition of a "telephone solicitation" by attempting to make a sale or gather information that will lead to a sale. Telemarketers may also contact customers if the telemarketer is a state license (for example insurance or real estate agent) and the call is not made by an automated device; the solicited transaction is completed with a face-to-face presentation to finalize a sales transaction and make payment; or the consumer has not previously told the licensee that the consumer does not wish to be called. Details of these exceptions are available at Section 26.37(e) of the Substantive Rules of the Public Utility Commission of Texas.

Opciones de servicio

Creemos que los consumidores deben tener la libertad de seleccionar los servicios de telecomunicación. Al tratar con nosotros, el consumidor debe tener la oportunidad de seleccionar entre todas las opciones de servicio disponibles. Estos servicios se ofrecen a los consumidores sin discriminación racial, nacionalidad, color, sexo, religión, estado civil, nivel de ingresos, fuente de ingresos, tampoco discriminamos de manera irracional debido a la ubicación geográfica.

Privacidad en las telecomunicaciones

Como un aspecto esencial de nuestro servicio, garantizamos completamente el derecho de todo individuo a la privacidad. Protegemos cuidadosamente los servicios de comunicación para evitar la intervención o cualquier otra forma de interceptación ilegal. Los registros de servicio del cliente, su información crediticia y la información personal confidencial de su cuenta, se encuentran debidamente protegidos.

Recibo telefónico exacto, fácil de comprender y procedimientos de facturación razonables

Creemos que los consumidores deben recibir un recibo telefónico exacto y fácil de entender, que establezca claramente cuándo se vence el pago. Los consumidores tienen derecho a procedimientos de facturación razonables y a explicaciones claras sobre sus depósitos, pagos retrasados, cobranza, suspensiones y desconexiones del servicio por falta de pago. En caso de verdadera urgencia, tratamos de evitar la desconexión del servicio por falta de pago.

Planes de pago alternativos de negocios y residenciales

Usted tiene la responsabilidad de realizar el pago total y a tiempo cada mes. Si no puede pagar a más tardar en la fecha de vencimiento, pero puede hacerlo antes de la fecha de vencimiento del siguiente recibo, por favor llame a su representante de servicio para realizar un convenio de pago. Si SBC-Texas ha enviado un aviso de suspensión o desconexión antes de hacer el convenio, dicha suspensión o desconexión se aplazará, según lo acordado en el convenio. Si no se cumple con el convenio, SBC-Texas podrá suspender o desconectar el servicio sin previa notificación.

Planes de pagos diferidos para clientes residenciales

Si no puede pagar todo su recibo podrá inscribirse en un plan de pagos diferidos, siempre y cuando no hayamos enviado más de dos avisos de terminación de su cuenta durante los 12 meses anteriores.

De acuerdo a los términos del plan de pagos diferidos, no se cancelará el servicio si usted continúa pagando sus recibos actuales y una cantidad razonable de los recibos y saldo pendientes, en montos razonables, hasta que el recibo quede pagado completamente. Si se inscribe en algún plan de pagos diferidos, no se le exigirá pagar en un mes más de 1/3 del total de la cantidad diferida. Sin embargo, además de la cantidad diferida, se le pedirá pagar los cargos mensuales que se acumulen. Si no cumple con los términos del plan de pagos diferidos, podrá darse por terminado el servicio, previa notificación por escrito.

SBC-Texas no está obligada a subscribir ningún plan de pagos diferidos con ningún cliente que haya contado con el servicio telefónico durante tres meses o menos, si dicho cliente no cuenta con el crédito suficiente, o no tiene un historial de pagos satisfactorio en servicios previos. Llame a su representante de servicios para obtener mayor información. Usted tiene el derecho de solicitar estos planes de pago alternativos.

Información de crédito y depósito

Los solicitantes de servicio residencial pueden demostrar su historial de crédito satisfactorio mostrando su historial de pagos con otra empresa de servicio telefónico local, o mediante cualquier otro medio, por ejemplo, el historial de crédito generalmente acepta-

do, cartas o referencias de crédito verificables, o comprobantes de propiedad de bienes de fácil liquidación. Nuestra política es aplicar el historial de crédito de manera igualitaria durante 12 meses al cónyuge o ex-cónyuge que haya compartido los servicios. El historial de crédito de un cliente se aplicará igualmente al cónyuge o ex-cónyuge sin ninguna modificación, y sin pedir requisitos adicionales al consumidor.

Podrá exigirse un depósito, si usted no cuenta con crédito establecido por servicios telefónicos durante los últimos dos años (excepto cuando se trata de personas elegibles de la tercera edad o víctimas de violencia doméstica), si usted ha pagado sus recibos con retraso más de una vez durante los últimos 12 meses, o si le han desconectado el servicio por falta de pago. Depósitos para clientes residenciales o negocios no podrán exceder de la cantidad real o estimada de 2 meses de cargos por tarifas (el promedio en un período de 12 meses). Para clientes residenciales, el depósito no incluirá la cantidad facturada por servicio de larga distancia que no sea suministrado por empresas de SBC. Para negocios, el depósito podrá incluir la cantidad real o estimada facturada por cargos de larga distancia de otras empresas, si SBC factura esos cargos. El monto del depósito por servicios de telefonía local deberá desglosarse por separado del monto de servicios de larga distancia. En caso de desconexión, el monto del depósito deberá aplicarse primero a los cargos por servicio local.

SBC-Texas se reserva el derecho de solicitar un depósito adicional en ciertos casos. Se pagarán intereses sobre los depósitos retenidos durante más de 30 días, a una tasa establecida anualmente por la Comisión de empresas de servicios públicos de Texas (Public Utility Commission of Texas). Esta tasa entra en vigor a partir de Enero 1 de cada año. Los intereses acumulados se acreditarán a su cuenta si usted paga y ha estado pagando sus recibos puntualmente (12 meses para el servicio residencial, ó 24 meses para el servicio de negocios). El depósito dejará de generar intereses el día en que se le reembolse o sea acreditado a su cuenta.

La selección de una compañía telefónica-Sus derechos como cliente

La ley federal prohíbe a las compañías telefónicas cambiarle de una compañía de servicio telefónico a otra sin su permiso, una práctica comúnmente conocida como "slamming."

Si usted es víctima de slamming, la ley de Texas exige que la compañía telefónica que cambió su servicio sin autorización haga lo siguiente:

1. Pagar todos los cargos relacionados con su regreso a la compañía telefónica original dentro de cinco días hábiles de su solicitud.
2. Dar a su compañía telefónica

original todos los datos de facturación dentro de diez días hábiles de su solicitud.

3. Pagar a su compañía telefónica original el monto que usted hubiera pagado si no se hubieran cambiado su servicio sin su autorización.
4. Reembolsarle dentro de 30 días después del cambio no autorizado y cualquier cantidad en exceso a la cantidad que usted hubiera pagado a su compañía telefónica original por cargos después de los primeros 30 días posteriores al cambio no autorizado.

Su compañía telefónica original está obligada a darle todos los beneficios, como millas de viajero frecuente, que usted normalmente recibiría por usar su teléfono durante el período en que ocurrió el cambio no autorizado.

Si ha sido víctima de slamming, puede regresar su servicio a la compañía original inmediatamente al comunicarse con su compañía telefónica local. También debe reportar el cambio no autorizado proscrito o por teléfono a la Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326, (512) 936-7120 o en Texas (una llamada gratis) al (888) 782-8477, fax (512) 936-7003, dirección de email: customer@puc.state.tx.us. Las personas con impedimentos auditivos o del habla con teléfono de texto (TTY, por sus siglas en inglés), pueden comunicarse con la comisión al (512) 936-7136.

Puede prevenir los cambios no autorizados al solicitar de su compañía telefónica local un formulario para congelar la compañía telefónica que usted prefiere. Una vez establecida la congelación, tiene que dar su consentimiento formal para quitar la congelación antes de que se pueda cambiar su servicio telefónico. La congelación puede aplicarse al servicio de llamadas locales con cargo, de larga distancia o a ambos. La Comisión de Empresas de Servicio Público de Texas puede darle más información sobre la congelación y sus derechos como cliente.

Sus Derechos Como Consumidor e Información Importante de SBC

Servicio Telefónico Pre-pagado (PLTS)

SBC-Texas le ofrece el Servicio telefónico prepagado.

(PLTS) para clientes que necesiten el servicio de telefonía local y que deseen tener un mayor control sobre el uso de la telefonía local, siempre y cuando reúnan los requisitos correspondientes.

Los clientes de PLTS reciben los siguientes servicios: tarifas fijas en Servicio Telefónico Básico Local (Basic Local Telephone Service), incluyendo el servicio Touch-tone, acceso a 911; acceso al servicio de reparaciones de SBC y a sus oficinas; listado en el directorio de páginas blancas y bloqueo de cuotas. Los servicios mencionados tienen un precio a tasas tarifadas (sin incluir impuestos ni cuotas municipales). Podrían aplicarse cargos adicionales, dependiendo del lugar donde se preste el servicio. Podrían aplicarse cuotas normales de conexión y restauración del servicio.

PLTS NO incluye servicio de llamadas de larga distancia, llamadas por cobrar, acceso a Servicio de información (411), ni acceso al uso de productos tales como Regreso de llamadas (Call Return), Remarcado automático (Auto Redial) y Rastreo de llamadas (Call Trace).

Es responsabilidad del cliente el realizar los pagos por el servicio. El pago inicial consiste de la tarifa mensual por hasta dos meses del servicio, además de todos los cargos por conexión. No se requiere ningún depósito. Todos los pagos subsiguientes serán facturados con un mes de anticipación.

Es responsabilidad del cliente asegurarse de que la cuenta PLTS sea pagada a tiempo, antes de la fecha de vencimiento, y que no se incurra en cargos adicionales, tales como larga distancia. La violación a los términos y condiciones del plan PLTS pueden dar como resultado la desconexión sin previo aviso. Si se realiza la desconexión del PLTS por violaciones a los términos y condiciones del servicio, el cliente no podrá ser elegible nuevamente para obtener el servicio PLTS con SBC.

Para cambiar de PLTS y volver a contar con el Servicio Telefónico Básico Local, el saldo del cliente en la cuenta del servicio PLTS deberá estar en ceros, y no deberá tener cuentas por pagar a SBC, incluyéndose también los cargos por tarifas.

Por Favor comuníquese a SBC llamando al 1-800-529-7499 para suscribirse

a PLTS, o para obtener información adicional.

Derecho a modificaciones

SBC-Texas se reserva el derecho a modificar en cualquier momento los derechos del consumidor por cambios en la legislación, por cualquier orden reglamentaria o de los tribunales, o por cambios en los procedimientos o políticas de SBC. Sus derechos como consumidor están regidos por las leyes en vigor, los reglamentos, órdenes judiciales y reglamentarias y tarifas. En caso de discrepancia entre las leyes en vigor, los reglamentos, los órdenes judiciales o reglamentarias, o las tarifas, y la información contenida en esta Guía, prevalecerá la ley, reglamento, orden judicial o reglamentaria, o tarifa.

Llamadas por cobrar

Cuando recibe una llamada por cobrar, usted tiene la opción de preguntarle a la operadora cuánto se le cobrará y quién llama antes de aceptar la llamada. Si no reconoce la persona que está llamando por cobrar, sea precavido al aceptar la llamada. Se sabe que antes algunas personas que llamaban por cobrar mantenían a la persona en la línea todo el tiempo posible para que se le cobrara más por la llamada. Si no reconoce los cargos de una "llamada por cobrar" en su factura telefónica, o cree que le cobraron más por una llamada de este tipo de lo que le había dicho la operadora, por favor, comuníquese con la oficina de servicio al cliente de SBC al 1-800-585-7928. Usted tiene derecho a disputar cargos no autorizados que aparecen en su factura. Para ver esos derechos, consulte la sección titulada "Cuentas en disputa".

Lista de No Llamar en Texas

A partir del 1 de enero de 2002, los clientes residenciales pueden agregar su nombre, dirección y número telefónico residencial a una lista de no llamar patrocinada por el estado que tiene la intención de limitar el número de llamadas de televendedores recibidas. Las listas se actualizarán para los televendedores de manera trimestral. Dentro de 60 días de la fecha en que su número aparezca en una lista publicada, deben de terminar la mayoría de las llamadas de los televendedores. Se cobrará una cuota para inscribirse a la lista de no llamar. La inscripción de un número telefónico residencial en una lista de no llamar termina en el tercer año de la fecha en que el número se publicó por primera vez en la lista. Usted puede inscribir su número residencial pro Inernet en www.texasnocall.com; o por teléfono al 1-866-TXNOCALL (1-866-896-6225)

(ésta es una llamada gratis); o por medio del Servicio Postal de los Estados Unidos en la siguiente dirección TEXAS NO CALL, P. O. Box 313, E. Walpole, MA 02032. La cuota de inscripción de cliente, que actualmente es de \$2.25, se debe pagar con tarjeta de crédito cuando se inscriba en línea o por teléfono. Cuando se inscriba por correo, la cuota debe pagarse por medio de tarjeta de crédito, cheque o giro postal. Un cliente que se inscriba para que se le incluya en la lista de no llamar puede que continúe recibiendo llamadas de grupos, organizaciones y personas que no están exentas del cumplimiento con esta sección. Los televendedores pueden comunicarse con los clientes: con los cuales has establecido una relación de negocios (o han tenido tal relación dentro de un año); si el cliente solicitó un contacto; para cobrar una deuda; de parte de una organización sin fines de lucro o caridad si la llamada no cumple con la definición de "solicitudes telefónicas" al intentar hacer una venta o recabar información que resulte en una. Los vendedores también pueden comunicarse con los clientes si los vendedores tienen alguna licencia estatal (por ejemplo agente de seguros o bienes raíces) y: la llamada no se hace por medio de un aparato automatizado; la transacción de venta se lleva a cabo en una presentación cara a cara para concluir la misma y hacer el pago; o el consumidor no le ha dicho a la persona autoizada que no quiere que le llamen. Los detalles de estas excepciones están disponibles en la Sección 26.37 (e) de los Reglamentos Substantivos de la Comisión de Empresas de Servicio Público de Texas.

Get the recognition you deserve.

Make it easy (and fun!) for anyone to find your number. With Personalized Listings, you can choose from three features, combine or use separately, to help you stand out from the crowd. Each feature is available for a small monthly fee. Additional savings if you select more than one.

Personality Logosm

makes your listing distinctive. Select a symbol that depicts your hobby, interest or school.

Choose from these symbols, or call us to see if another logo you prefer is available.

Actual sizes are larger than shown.

Line of Distinctionsm

is like a "vanity plate." Create a phrase* (up to 34 spaces) that says something about you, your family or affiliations.

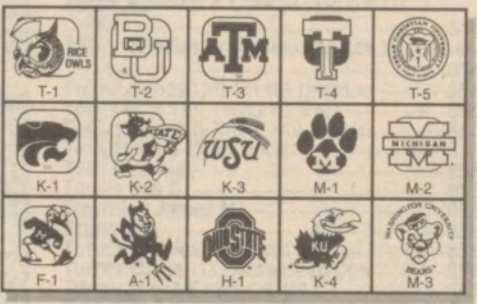

Need more space? Up to eight lines available. Additional per-line charges apply. Call for details.

*Guidelines and content restrictions apply.

Signature Listing[®]

sets you apart from the others in a style that best reflects you. Select a contemporary bold or sophisticated script type style for your listing.

And remember, Additional Listings provide a separate and alphabetically distinct listing for the names of anyone else living at your home - your spouse, children, roommates or live-in parents.

Call your local business office to order.

**Let's get something straight.
You're supposed to have a number.
Not be one.**

It seems other phone companies have forgotten one important thing. You are a person. And you should be treated accordingly-with dignity and respect. Which is why we think you'll appreciate the 12 promises we're making to our customers. Things like never trying to trick you into signing up for anything. Or never disturbing your dinner with a sales call. It's called our pledge, and it's something we think you'll like. Considering that, you know, you're a person.

It's amazing what happens when you discover the perfect combination.

Kinda like CallNotes® and Call Waiting. You see, CallNotes voice mail is the perfect complement to Call Waiting. If you choose not to interrupt an important call, CallNotes records the message. Because unlike an answering machine, it picks up even if you're on the line. So now there's a better way to get your messages. Granted, it's no SPORK™. But we think you'll find it every bit as useful. Call 1-800-234-BELL.

**Your friendly neighborhood
global communications company.™**

Southwestern Bell

CallNotes service provided by Southwestern Bell Messaging Services. Call Waiting service provided by Southwestern Bell Telephone. Services available in most areas. Restrictions may apply. *SPORK is the trademark of WOW Plastics, Inc.

about you, your family or affiliations.

**Let's get something straight.
You're supposed to have a number.
Not be one.**

It seems other phone companies have forgotten one important thing. You are a person. And you should be treated accordingly-with dignity and respect. Which is why we think you'll appreciate the 12 promises we're making to our customers. Things like never trying to trick you into signing up for anything. Or never disturbing your dinner with a sales call. It's called our pledge, and it's something we think you'll like. Considering that, you know, you're a person.

**Your friendly neighborhood

Southwestern Bell

Another school year.

Another 1,375,924 phone calls for your kid.

Another 1,007,586 phone calls by your kid.

Another 23,818 calls you can't make or can't get.

Another 25 points on your blood pressure.

Another bunch of gray hairs.

Another phone line?

Another phone line just may make another school year seem like another day in paradise. Or as close as you can hope to get.

Call 1-800-234-BELL.

Southwestern Bell

Service provided by Southwestern Bell Telephone.

It's amazing what happens when you discover the perfect combination.

Kinda like CallNotes[®] and Call Waiting. You see, CallNotes voice mail is the perfect complement to Call Waiting. If you choose not to interrupt an important call, CallNotes records the message. Because unlike an answering machine, it picks up even if you're on the line. So now there's a better way to get your messages. Granted, it's no SPORK.[™] But we think you'll find it every bit as useful. Call 1-800-234-BELL.

**Let's get something straight.
You're supposed to have a number.
Not be one.**

It seems other phone companies have forgotten one important thing. You are a person. And you should be treated accordingly—with dignity and respect. Which is why we think you'll appreciate the 12 promises we're making to our customers. Things like never trying to trick you into signing up for anything. Or never disturbing your dinner with a sales call. It's called our pledge, and it's something we think you'll like. Considering that, you know, you're a person.

Another school year.

Another 1,007,586 phone calls by your kid.

Another 23,818 calls you can't make or can't get.

Another 25 points on your blood pressure.

Another bunch of gray hairs.

Another phone line?

Another phone line just may make another school year seem like another day in paradise. Or, as close as you can hope to get.

HOMELAND SECURITY

Preparing Makes Sense. Get Ready Now.

The likelihood that you and your family will survive a house fire depends as much on having a working smoke detector and an exit strategy as on a well-trained fire department. The same is true for surviving a terrorist attack. We must have the tools and plans in place *to make it on our own*, at least for a period of time, no matter where we are when disaster strikes. Just like having a working smoke detector, preparing for the unexpected makes sense. *Get ready now.*

STEP ONE:

MAKE AN EMERGENCY SUPPLY KIT.

Be prepared to improvise and use what you have on hand to make it on your own for *at least* three days, maybe longer. While there are many things that might make you more comfortable, think first about fresh water, food and clean air. Consider putting together two kits. In one, put everything needed to stay where you are and make it on your own. The other should be a lightweight, smaller version you can take with you if you have to get away.

You'll need a gallon of water per person per day. Include in the kits canned and dried foods that are easy to store and prepare. If you live in a cold-weather climate, include warm clothes and a sleeping bag for each member of the family.

Start now by gathering basic emergency supplies and setting them aside – a flashlight, a battery-powered radio, extra batteries, a first-aid kit, toilet articles, prescription medicine and other special things your family may need.

Many potential terrorist attacks could send tiny microscopic “junk” into the air. Many of these materials can only hurt you if they get into your body, so think about creating a barrier between yourself and any contamination. It's smart to have something for each member of the family that covers their mouths and noses.

Plan to use two to three layers of a cotton t-shirt, handkerchief or towel. Or

consider filter masks, readily available in hardware stores, which are rated based on how small a particle they filter. It is very important that the mask or other material fit your face snugly so that most of the air you breathe comes through the mask, not around it. Do whatever you can to make the best fit possible for children.

Also, include duct tape and heavy-weight garbage bags or plastic sheeting that can be used to seal windows and doors if you need to create a barrier between yourself and any potential contamination outside.

STEP TWO:

MAKE A FAMILY COMMUNICATIONS PLAN.

Plan in advance what you will do in an emergency. Be prepared to assess the situation, use common sense and whatever you have on hand to take care of yourself and your loved ones. Depending on your circumstances and the nature of the attack, the first important decision is whether you stay put or get away. You should understand and plan for both possibilities.

Develop a Family Communications Plan:

Your family may not be together when disaster strikes, so plan how you will contact one another and review what you will do in different situations. Consider a plan where each family member calls, or e-mails, the same friend or relative in the event of an emergency. It may be easier to make a long-distance phone call

(More information on the next page)

SPECIAL NATIONAL YELLOW PAGES INSERT

(Information continued from previous page)

than to call across town, so an out-of-state contact may be in a better position to communicate among separated family members. You may have trouble getting through, or the phone system may be down altogether, but be patient.

Create a Plan to "Shelter-in-Place":

There are circumstances when staying put and creating a barrier between yourself and potentially contaminated air outside, a process known as "shelter-in-place," can be a matter of survival. Choose an interior room or one with as few windows and doors as possible. Consider precutting plastic sheeting to seal windows, doors and air vents. Each piece should be several inches larger than the space you want to cover so that you can duct tape it flat against the wall. Label each piece with the location of where it fits.

If you see large amounts of debris in the air, or if local authorities say the air is badly contaminated, you may want to "shelter-in-place." Quickly bring your family and pets inside, lock doors, and close windows, air vents and fireplace dampers. Immediately turn off air conditioning, forced air heating systems, exhaust fans and clothes dryers. Take your emergency supplies and go into the room you have designated. Seal all windows, doors and vents. Watch TV, listen to the radio or check the Internet for instructions.

Create a Plan to Get Away:

Plan in advance how you will assemble your family and anticipate where you will go. Choose several destinations in different directions so you have options in an emergency. If you have a car, keep a half-tank of gas in it at all times. Become familiar with alternative routes as well as other means of transportation out of your area. If you do not have a car, plan how you will leave if you have to. Take your emergency supply kit and lock the door behind you. If you believe the air may be contaminated, drive with your windows and vents closed and keep the air conditioning and heater turned off. Listen to the radio for instructions.

Make Plans for School and Work:

Think about the places where your family spends time: school, work and other places your family frequents. Talk to your children's schools and your employer about emergency plans. Find out how they will communicate with families during an emergency. If you are an employer, be sure you have an emergency preparedness plan. Review and practice it with your employees. A community working together during an emergency also makes sense. Talk to your neighbors about how you can work together.

**STEP THREE:
BE INFORMED.**

Some of the things you can do to prepare for the unexpected, such as assembling a supply kit and developing a family communications plan, are the same for both a natural or man-made emergency. However there are important differences among potential terrorist threats, such as biological, chemical, explosive, nuclear and radiological, that will impact the decisions you make and the actions you take. Call 1-800-BE-READY (1-800-237-3239) for a free brochure, or go to www.ready.gov to learn about potential terrorist threats.

**STEP FOUR:
REMAIN CALM.**

Be prepared to adapt this information to your personal circumstances and make every effort to follow instructions received from authorities on the scene. Above all, stay calm, be patient and think before you act. With these simple preparations, you can be ready for the unexpected. If you have a working smoke detector, you understand that preparing makes sense. Get ready now.

This common sense framework is designed to launch a process of learning about citizen preparedness. For the most current information and recommendations, go to www.ready.gov or call 1-800-BE-READY (1-800-237-3239).
