Important information about your rights as a telephone customer can be found starting on Page 15 of this Customer Guide.

Información importante sobre sus derechos como un cliente con servicio telefónico puede encontrarse a partir de la página 20 de esta Guía del Cliente.

If you are not an AT&T customer, please consult your local telephone directory for emergency numbers.

Notice

Automatic Number Identification... Per-line or per-call blocking does not prevent transmission of your telephone number when you call a company using 800, 888, 900 or other toll-free numbers. Therefore, your number may be available to that company's service representative before your call is answered.

Cellular 9-1-1 Calls... When calling 9-1-1 on a cellular phone, be prepared to provide the following information: the location of the incident, your name, cellular phone number, and the nature of the emergency. Please note: Your call may be answered by a telephone company operator or a 9-1-1 dispatcher outside of your area.

Privacy Considerations... The 9-1-1 emergency telephone number quickly summons emergency service in a crisis. When you report an emergency by dialing 9-1-1, your telephone number (including non-published numbers) and address may be automatically displayed on a viewing screen located at the 9-1-1 answering centers and your call may also be recorded. This display of the calling number and address enables the emergency agency to quickly locate the caller if the call is disrupted by the crisis. Callers who do not wish to have their telephone number or address displayed on the viewing screen should report an emergency by dialing the seven-digit telephone number of the appropriate emergency agency. For blocking options, see the Caller ID section of this Directory's Customer Guide pages.

Caller ID Services from AT&T

Caller ID Services from AT&T Texas are designed to protect your privacy and give you more control over how you use your phone. These services include Calling Number Delivery, Calling Name Delivery and Anonymous Call Rejection.

Calling Number Delivery and Calling Name Delivery

Caller ID is an optional service that lets the subscriber know who is calling even before picking up the phone. Caller ID allows you to see the date, time, and phone number (Calling Number Delivery) and/or name (Calling Name Delivery) of most direct-dialed local calls and some long-distance calls on a special display unit. A display unit is required, which stores the number and name, as well as the date and time of the call. That way if you are not home, or just do not want to answer the phone, the stored numbers will permit you to return calls. This also works with answering machines or voice messaging systems—even if the caller does not leave a message. These units are available from various retail vendors, including AT&T. Each time you make a phone call, your name and number will be automatically sent to the Caller ID subscribers in your area, unless you choose to block that information.

Blocking Delivery of Your Number

If you should ever want to "block," or prevent sending your number and name to Caller ID subscribers, you need only press *67 (on a touch-tone phone) or dial 1167 (on a rotary phone) before dialing the telephone number. Then you will hear a "broken" dial tone which tells you "per-call" blocking is working. Calls blocked on a per-call basis will be displayed on the Caller ID display unit as "anonymous" or "private." Per-call blocking is free of charge and automatically available on everyone's line wherever Caller ID is available. There is no need to subscribe to Caller ID to have per-call blocking. It is important to keep in mind that even if you have a non-published or non-listed number, your number will be passed along unless you choose to block on a per-call or per-line basis. We believe per-call blocking will provide you with flexibility in those

situations when you do not want to have your telephone number or name delivered to Caller ID subscribers. However, if you have a compelling need for per-line blocking, meaning you want to always have your number and name blocked, you can have per-line blocking at no charge by calling the AT&T Service Center at: **1-800-288-2020** or by writing:

AT&T Texas
P. O. Box 1535-PLB
Topeka, KS 66601-1535

Written requests should include your name, address and telephone number and the statement, "I have a compelling need for per-line blocking." If at any time you want to cancel per-line blocking, and reinstate per-call blocking, just call the AT&T Service Center at **1-800-288-2020**. Per-line blocking automatically blocks a customer's number on every call without the need to dial *67 or 1167. Calls placed from a line that subscribes to per-line blocking will be displayed on the Caller ID display unit as "anonymous" or "private." Customers who subscribe to per-line blocking can un-block their name and/or number on a call-by-call basis. You can turn off per-line blocking on a specific call by pressing *82 (on a touch-tone phone) or 1182 (on a rotary phone) before dialing the phone number. This feature turns off per-line blocking for only the call placed after *82 or 1182 is dialed, and will result in your name and/or number being received by subscribers of Caller ID. Once the call is ended, per-line blocking will be restored. If you select per-line blocking, then calls to ACR customers (see the following section) will not be completed. If you must reach that customer, you may do so by dialing *82 or 1182, calling from a pay phone or cellular phone, making a credit card or operator-assisted call, or asking someone who does not have per-line blocking to place the call for you.

*Caller ID is available in most areas.

Anonymous Call Rejection (ACR)

Anonymous Call Rejection (ACR) is a Caller ID Service that allows a subscriber to automatically reject all calls that have been marked anonymous or blocked. It is not necessary to subscribe to Calling Number Delivery or Calling Name Delivery to subscribe to ACR, nor is a display unit necessary. With ACR, the telephone will not ring if the person calling you has blocked his or her number through per-call or per-line blocking. The caller will receive a message that the party he or she is trying to reach is not accepting calls from a blocked number. The caller will be instructed to redial without blocking the number or be asked to call the operator for assistance in completing the call (an operator-handling charge will apply). ACR service also allows you the flexibility to turn on or off your ACR service by dialing a code, which will be provided upon subscription to ACR.

It is important to remember that both per-call and per-line blocking will not block your billing telephone number to Emergency 9-1-1, nor will it currently prevent your number from being transmitted on 700, 800, 888 or 900 calls. Also, calls made from a pay phone cannot be blocked.

Not all services are available in all areas.

Caller ID Services from AT&T

Examples of Caller ID Messages

Currently there are some calls that Caller ID will not identify. These include cellular calls, some long-distance calls, operator-assisted calls, and calls originating in areas where Caller ID is not available. For these calls, the Caller ID display unit will display the message "out of area." Even though you will not have the number, you will still have information about the call, such as the date and time. Below are examples of what will likely be displayed, depending on the type of calls received.

TYPE OF CALL

AT&T Repair Service

If you need to report a problem with your telephone service, AT&T Texas is here to help, 24 hours a day, every day. AT&T's Repair Service Center is staffed with highly trained experts who can conduct sophisticated tests on your line instantly—just seconds after you report the problem, and the tests are always free.

Repair Charge Policy

We repair the phone lines on AT&T's side of the network interface at your home or business at no charge to you.

There will be a charge if you ask us to make a repair visit, and the trouble turns out to be on your side of the network interface such as:

- In your telephone or other phone equipment;
- In the inside wiring in your home or business;

Repairs you ask us to make to your inside wiring require an additional charge, unless you subscribe to our InLine® Plus or InLine® wire maintenance services.

Check Before You Call

To save yourself unnecessary charges, here are a few simple things to do before calling our Repair Service Center:

- Look for problems on your telephone, like cracked plastic housing, a broken or frayed cord, or lights that do not work.
- If you have just one phone, unplug it and plug in a borrowed phone. If the borrowed one works, the problem is in your telephone.
- If you have more than one phone, make sure each phone's receiver is on the hook. Then unplug every phone. Plug each phone back into any wall jack, one at a time, and check each phone for dial tone. The phone that causes the line to go dead is the one needing repair.
- If all your phones are not working, take a single-line phone to your Telephone Network Interface box. This small box is usually located on the outside wall of your home or business, near the electric meter.

Open the box and locate the test jack inside. Remove the modular plug from the test jack, wait three minutes, and insert the modular plug from your phone.

- If the problem disappears when you use the test jack, the problem is in your inside wiring or phones.
- If the problem occurs again when you plug your phone into the test jack, the problem is in our telephone lines. Call us and we will fix it for free.

Information on 900 Calls

Calls to 900 Numbers Will Result in a Charge Per Call

A number of entertainment and informational programs offered by information providers ("sponsors") are available on telephone numbers that begin with 900. There is a charge for such calls. The amount of the charge for each call to a 900 service is determined by the sponsor and can vary among individual 900 programs. The charge for a 900 program must be clearly stated as part of the 900 message. Any advertisement promoting 900 service must clearly state the charge for the call.

Programs offered by 900 sponsors are recorded only (no "live" two-way conversations). The content of 900 programs is developed and produced by the sponsor and not by the telephone company. **AT&T Texas can refuse to allow unsuitable programs or language on its 900 network.**

Billing Information

Charges for calls placed to 900 numbers may appear on the customer's monthly AT&T bill. The customer is obligated to pay such charges. A customer's local telephone service cannot, however, be suspended or disconnected for non-payment of 900 charges.

No Charge for Blocking 900 Calls

If calls to 900 programs are a problem due to unwanted charges, or if a customer wishes to avoid the potential of uncontrolled usage, customers may request 900 Call Restriction, which is free, and the telephone company will block access to all 900 numbers. Calls to 900 services cannot be blocked separately. When access is blocked to one service, the others are automatically blocked also. Some customers' telephone numbers do not have access to 900 calls at all. To request the free blocking service, call your local AT&T Service Center. Some restrictions do apply.

In addition to the free blocking service, AT&T Texas can require mandatory blocking of 900 programs for nonpayment of charges incurred by a customer. There may be a one-time charge to the customer when mandatory blocking is required.

Billing Questions? Call Your Service Center

For billing questions about 900 service, please call your local AT&T Service Center at 1-800-288-2020 for your home and 1-800-559-7928 for your business.

Before Dialing 900/800 Numbers, Please Note

Per-line or per-call blocking does not prevent transmission of your telephone number when you call a company using 800, 888, another toll-free prefix, or 900 number. Therefore, your number may be available to that company's service representative before your call is answered.

About Your Bill

For an explanation regarding your bill, visit us online at:
www.att.com/support

Understanding your bill

You may notice your first bill is higher than your regular monthly rate. That is because the first bill includes the charges for a partial month's service—from the date your service began to the end of the billing period—and the charges for the first full month of service, which is billed in advance.

You can expect a bill from us about the same time each month. Your payments are required by the due date on your bill. You are billed a basic monthly charge for service with a description of itemized long-distance calls and other charges.

For your convenience, we do billing for various long-distance companies. This means you receive just one simple monthly statement.

To obtain an itemized list of your current monthly bill, call your AT&T Service Center at the number listed above.

Operator Assistance & Directory Assistance

Reaching the Right Operator*

Dial "0" to place a Calling Card, Collect, Person-to-Person, Third-Number Billed, Verify a Busy Line or Interrupt a Line. Dial 411 or 1+411 for Directory Assistance Local and Nationwide

Our experienced Directory Assistance and "0" Operators are available, 24 hours a day, 365 days a year.

Collect, Person-to-Person Call

If the person you are calling agrees to pay for the call, you may call Collect. If you call Person-to-Person, you will not be charged if the person or extension you want is not available.

Third-Number Billed

A call you place while you are away from your home or office, but is still billed to your phone number—or any other phone number if the party at the number agrees to pay for the call. Our Operator may verify the third-number charge before placing the call.

Verify Busy and Interrupt Service

When you get a busy signal, you can have the Operator verify conversation on the line. You are charged for the service whether or not conversation is detected. At your request, the Operator will ask the speaking customers if they are willing to terminate their call. The charge for interrupting applies whether or not the existing call is terminated.

Local Directory Assistance

When you dial 411 or 1+411 from your residence, you will be charged for each local Directory Assistance call you place to AT&T. You may request two listings per call. All calls dialed from a business will also be billed.

Requests for phone numbers that are unlisted or cannot be located count as local Directory Assistance calls. You should inform the Directory Assistance operator at the beginning of the call if you are requesting more than one listing per call.

To bill Directory Assistance to a calling card or third-number, dial "0". You will be charged beginning with the first call.

Directory Assistance Call Completion

Get a local phone number and complete your call, all in one easy step, with Directory Assistance Call Completion. After you receive your number, just dial "1" to have the call completed. Use this service from your home or business.

When Local Directory Assistance Charges Do Not Apply

Call your AT&T Service Center at 1-800-288-2020 for information if you are unable to use the AT&T White Pages directory due to a disability.

National Directory Assistance

National Directory Assistance listing service allows you to gain easy access to phone numbers across the country just by dialing 411 or 1+411. You are charged the appropriate National Directory Assistance listing rate.

Reverse Directory Assistance

Reverse Directory Assistance allows you to call 411 or 1+411 with a telephone number and get the listed name, address and zip code information associated with the number for local or nationwide numbers. The appropriate Reverse Directory Assistance listing rate is charged for each call.

Business Category Search

BCS provides you with the ability to request a listed phone number of a business in a specific category—such as restaurants, dry cleaners, etc., when you do not know the exact name of the business you are seeking. We can give you the name and number of any type of listed business, anywhere, nationwide. There is a charge for the search. If one number is provided, there is no additional charge. If more than one number is provided, there is a charge for each additional number.

*When you need an Operator to complete a call, service charges will apply in addition to long-distance rates or other charges. Current service charges are always available from your AT&T Service Center at 1-800-288-2020 for your home service, and 1-800-559-7928 for your business. If you are unable to call without Operator assistance because of a physical disability, you may be eligible for an exemption. Please call your AT&T Service Center for more information. A pay telephone service provider or long-distance carrier can set its own charges as allowed by state and federal regulations.

Your Rights as a Customer and Other Important Information from AT&T

AT&T strives to provide quality telecommunications services for all consumers at fair prices.

Full Information about Our Services

Consumers have a right to the information necessary to make sound decisions. It is our policy to provide consumers with information about their telephone service, service options, including the lowest price service available and payment options.

Choice of Services

We believe consumers should have free and open choices of telecommunications services. When dealing with us, the consumer should have the opportunity to select from all available service options. These services are provided to consumers without discrimination as to race, nationality, color, sex, religion, marital status, income level, source of income, or from unreasonable discrimination on the basis of geographical location.

The Opportunity to Be Heard

We believe in listening to consumers and taking their advice and criticism into consideration in our policy and decision making. We also believe consumers should have the opportunity to be heard on issues affecting our business.

Telecommunications Privacy

We fully safeguard every individual's right to privacy as an essential aspect of our service. We carefully protect telecommunications services from unlawful wiretapping or other illegal interception. Customer service records, credit information and related confidential personal account information are fully protected.

An Accurate, Easily Understood Bill and Reasonable Billing Procedures

We believe consumers should receive an accurate, easily understood bill that makes it clear when payment is due. Consumers are entitled to reasonable billing procedures and clear explanations about deposits, late payment of bills, collections,

Your Rights as a Customer and Other Important Information from AT&T

suspensions and disconnection of service for nonpayment. In case of true emergencies, we try to avoid disconnection of service for nonpayment.

Alternative Payment Plans for Business and Residence Customers

You are responsible for making your payment in full and on time each month. If you cannot pay by the due date, but can pay before the due date of the next bill, please call your service representative to make a payment arrangement. If AT&T Texas issued a suspension or disconnection notice prior to the payment arrangement being made, that suspension or disconnection will be delayed in accordance with the payment arrangement. If the payment arrangement is not kept, AT&T Texas may suspend or disconnect service without further notice.

Residence Customers-Deferred Payment Plans

If you are unable to pay all of your bill, you may enter into a deferred payment plan if we have not issued more than two termination notices on your account in the preceding 12 months. Under the terms of a deferred payment plan, your service will not be terminated if you pay current charges and an agreed upon amount of the outstanding bill and the balance in agreed upon installments until the bill is paid. You will not be required to pay in one month more than 1/3 of the total deferred amount when entering into a deferred payment plan. However, in addition to the deferred amount, you will be required to pay monthly charges as they accrue. All terms of the deferred payment plan will be included in a letter to you requiring your signature. If you do not meet the terms of the agreement, your service may be terminated.

AT&T Texas is not required to enter into a deferred payment plan with any customer who has telephone service for three months or less if that customer lacks sufficient credit or a satisfactory history of payment for previous service. Call your service representative for more information. You have the right to request these alternative payment plans.

Credit and Deposit Information

Residential applicants can demonstrate satisfactory credit using either a payment record with another local telephone service provider or other means, including generally accepted credit history, letters or verifiable names of credit references, or proof of ownership of substantial equity that is easily liquidated. It is our policy to apply a customer's credit history equally for 12 months to a spouse or former spouse who shared the service. Credit history maintained by a customer will be applied equally to the spouse or former spouse without modification and without additional qualifications required of the customer.

A deposit may be required if you have not established credit for telephone service within the last two years (exceptions apply if you are a qualified senior or a domestic violence victim), if you have paid your bill late more than once during the last 12-month period, or if your service was disconnected for non-payment. Deposits for residential and business customers cannot exceed the actual or estimated amount billed for 2 months of tariffed charges (averaged over a 12 month period). For residential customers, the deposit shall not include the amount billed for long-distance service other than those provided by AT&T Companies. For business customers, the deposit may include the actual or estimated amount billed for long-distance charges of other carriers where AT&T bills those charges. The deposit amount related to local telephone service shall be separately identified from the amount related to long-distance service. Upon disconnect, the deposit amount shall be applied to local service charges first.

AT&T Texas reserves the right to request an additional deposit in certain instances. Deposits are refunded when you are or have been paying your bill in a timely manner (12 months for your residence service or 24 months for your business service). Interest will be paid on any deposit held over 30 days at a rate set annually by the Public Utility Commission of Texas. This rate is effective January 1 of each year. Accrued interest will be credited to your account when the deposit is refunded or credited to your account. The deposit will stop drawing interest on the day it is returned or credited to your account.

Bill Payment and Adjustments

Your telephone bill is due upon receipt and is past due if the bill has not been paid or a deferred payment arrangement has not been entered into within 16 days after the bill was issued. For residence customer(s), if undisputed charges greater than \$10.00 are carried over to your next bill, a late payment charge of \$5.50 plus 1% on unpaid balances greater than \$10.00 will apply. A one-time penalty of six and one half percent (6.5%) will be applicable on commercial or business accounts not received by the next bill date. A fee of \$30.00 will be assessed on all returned checks. To obtain the hours and addresses of locations where bills may be paid, please call the following toll-free number 1-800-288-2020.

Pay your bill online! AT&T eBill service stops your paper bill and allows you to view, pay, and print your residential and business phone bill online. It is easy, secure and free. You will also be able to choose your preferred method of payment. Enroll in AT&T eBill online now at www.att.com.

Your local telephone service will not be suspended or disconnected for nonpayment as long as you fully and timely pay all charges for local tariffed telephone service. If you do not pay non-tariffed charges such as long distance, voice mail, inline*, Wireless, and Internet, those services may be disconnected. Refunds are made via bill credit unless otherwise requested.

Suspension/Disconnection of Service

Upon ten days written notice, AT&T Texas can suspend or disconnect basic local telecommunications services for any of the following reasons:

Failure to pay tariffed charges for local telecommunications services or to make deferred payment arrangements by the date of suspension or disconnection;

Failure of a residential customer to pay long-distance charges incurred after toll blocking was imposed;

Failure of a business customer to pay long-distance charges only where the telephone company bills those charges to the customer or failure to make deferred payment arrangements by the date of suspension or disconnection;

Failure to comply with the terms of a deferred payment plan. Customers with Pre-paid Local Telephone Service (PLTS) can have their service suspended or disconnected upon notice for failure to comply with the terms of a deferred payment plan only after all advanced payments have been applied to the customer's account and the customer's account has a zero balance;

Failure to pay a deposit;

Failure of the guarantor to pay an amount guaranteed;

Violation of AT&T's rules on interfering with the service of others or the operation of nonstandard equipment if a reasonable attempt has been made to notify the customer and the customer does not remedy the situation in a reasonable time.

AT&T Texas can suspend or disconnect basic local telecommunications service without notice for any of the following reasons:

Where service is connected without authority;

Where service is reconnected without authority;

Where there are instances of tampering with AT&T's equipment, evidence of theft of service, or other efforts to defraud AT&T.

AT&T Texas will not suspend or disconnect local telephone service at the permanent residence of a delinquent customer if the customer establishes that such action will prevent the customer from summoning emergency medical help for someone who is

Your Rights as a Customer and Other Important Information from AT&T

seriously ill residing at that residence. Prior to the date of the suspension or disconnection, the customer must: 1) have the person's attending physician submit a written statement to AT&T; 2) enter into a deferred payment plan; and 3) have the person's attending physician contact AT&T by the stated date of suspension or by the stated date of suspension or disconnection. If all these requirements are met, no suspension or disconnection will occur within 63 days from the issuance of the bill, unless a shorter period is agreed upon between AT&T and the customer or physician.

If you are asked to make an additional deposit based on your actual usage and you do not pay the deposit or usage within 10 days, service may be disconnected.

If you are asked to make an additional deposit based on your actual billings and you do not pay the deposit or bill within 15 days, service may be disconnected. After proper notice and a reasonable opportunity to remedy the situation, telephone service may also be disconnected if you violate our rules regarding the use of service in a way that interferes with the service of others or regarding the operation of non-standard equipment.

Reconnection of Service

Call your AT&T billing representative at the number listed below. It is important that any past-due charges for service be paid. Basic local telephone service will be restored upon execution of a deferred payment plan or payment of the total amount due for local telecommunications service. There is a charge to have your service restored. Sometimes an advance payment or a deposit may also be required to re-establish your credit.

How to Get Credit for Loss of Service

Recording Two-Way Telephone Conversations

If your telephone conversation is being recorded, one of these conditions must exist:

- 1a. All parties being recorded must hear a beep or distinctive recorder tone approximately every 15 seconds, or all parties to the telephone conversation must give their prior consent to the recording of the conversation.
- 1b. The prior consent must be obtained in writing or be part of and obtained at the start of the recording, or
2. In lieu of 1b, the recording party can give verbal notification in a clear, unambiguous manner, which is recorded at the beginning as a part of the call.

Under certain restrictions, exemptions to these provisions exist for commercial broadcast licensees, emergency reporting systems and law enforcement authorities.

Unlawful Wiretapping

It is a crime under federal and state laws to wiretap or otherwise intercept a telephone call unless the consent of one or both of the parties actually participating in the call has been obtained (the exceptions are properly authorized law enforcement officers acting under court order, according to state and federal law). The penalty for illegal wiretapping can be a fine, imprisonment, or both.

Customer Proprietary Network Information (CPNI)

Under federal law, AT&T Texas, its affiliates and authorized agents must ask your permission before disclosing or providing access to your customer information (CPNI) to market products and services to you that you are not currently purchasing from us. Customer information includes where, when, and to whom a customer places a call, as

well as the types of telecommunications services to which the customer subscribes and the extent to which the service is used. Your customer information also includes how you use those services and the related billing of those services. For example, we could use your customer information to advise you of products that may be of interest to you, from those AT&T Texas affiliates. If these uses of your customer information are acceptable, then no further action on your part is required.

Protecting the privacy of your service and usage records is your right and our duty under federal law. We are required to inform you that you can direct us not to use any of the information about the services you receive from AT&T Texas, AT&T Long Distance, or other AT&T Texas telecommunications provider affiliates to offer additional products and services to you. If you do not want us to use any of this service and usage information to offer products and services, please call 1-800-315-6303 and follow the prompts. There is no charge for electing to restrict your information. Restricting your information will not affect the products you currently have from AT&T Texas and may not eliminate all marketing contacts. Even if you restrict the use of your information, AT&T Texas may use your records to market to you additional services from AT&T Texas affiliates from which you already have services provided. Even if you restrict the use of your information, it may be used to market (see above) services to you when you call us to inquire about such services. Your election is valid until you affirmatively revoke or limit it.

AT&T Texas, its affiliates and authorized agents will not sell, trade, or share your customer information with anyone outside the AT&T family of companies, or others authorized to represent us to offer products and services, except as authorized by law.

Texas No-Call List

Residential customers may add their name, address and non-business telephone number to a state-sponsored no-call list that is intended to limit the number of telemarketing calls received. This list will be updated for telemarketers on a quarterly basis. Within 60 days of the date your number appears on a published list, you should stop receiving most telemarketing calls. A fee will be charged to register for the no-call list, unless registering online. Registration of a non-business telephone number on the no-call list expires on the third anniversary of the date the number is

first published on the list. You may register your non-business number online at www.texasnocall.com; or by calling toll-free: 1-866-TXNOCALL (1-866-896-6225); or via United States Postal Services at:

TEXAS NO CALL
P.O. Box 313
E. Walpole, MA 02032

The customer registration fee, which is currently \$2.25, must be paid by credit card when registering by telephone. When registering by mail, the fee must be paid by credit card, check or money order. A customer that registers for inclusion on the no-call list may continue to receive calls from groups, organizations, and persons who are exempt from compliance with this section. Telemarketers may contact customers: with whom they have an established business relationship (or had such a relationship within one year); if the customer requests contact; to collect a debt; on behalf of a non-profit organization or charity if the call does not meet the definition of a "telephone solicitation" by attempting to make a sale or gather information that will lead to a sale. Telemarketers may also contact customers if the telemarketer is a state licensee (for example: insurance or real estate agent) and: the call is not made by an automated device; the solicited transaction is completed with a face-to-face presentation to finalize a sales transaction and make payment; or the consumer has not previously told the licensee that the consumer does not wish to be called. Details of these exceptions are available at Section 26.37(e) of the Substantive Rules of the Public Utility Commission of Texas.

Slamming

Selecting a Telecommunications Carrier—Your Rights as a Customer

Telephone companies are prohibited by law from switching you from one telephone service provider to another without your permission, a practice commonly known as "slamming".

If you are slammed, Texas law requires the telephone company that slammed you to do the following:

1. Pay all charges associated with returning you to your original telephone company within five business days of your request.
2. Provide all billing records to your original telephone company within ten business days of your request.

Your Rights as a Customer and Other Important Information from AT&T

3. Pay your original telephone company the amount you would have paid if you had not been slammed.
4. Refund to you within 30 business days any amount you paid for charges during the first 30 days after the slam and any amount more than what you would have paid your original telephone company for charges after the first 30 days following the slam.

Your original telephone company is required to provide you with all the benefits, such as frequent flyer miles, you would have normally received for your telephone use during the period in which you were slammed.

If you have been slammed, you can change your service immediately back to your original provider by calling your local telephone company. You should also report the slam by writing or calling the:

Public Utility Commission of Texas
P.O. Box 13326
Austin, Texas 78711-3326
(512) 936-7120 or in Texas:
(toll-free) 1-888-782-8477
fax (512) 936-7003
e-mail address: customer@puc.state.tx.us

Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136.

You can prevent slamming by requesting a preferred telephone company freeze from your local telephone company. With a freeze in place, you must give formal consent to "lift" the freeze before your phone service can be changed. A freeze may apply to local toll service, long-distance service, or both. The Public Utility Commission of Texas can give you more information about freezes and your rights as a customer.

Cramming - Charges on Your Telephone Bill

Placing charges on your telephone bill for products or services without your authorization is known as "cramming" and is prohibited by law. Your telephone company may be providing billing services for other companies, so other companies' charges may appear on your telephone bill.

If you believe you were "crammed," you should contact the telephone company that bills you for your telephone service, AT&T Texas, at 1-800-288-2020, and request that it take corrective action.

The Public Utility Commission of Texas requires AT&T Texas to do the following within 45 calendar days of when it learns of the unauthorized charge:

- Notify the service provider to cease charging you for the unauthorized product or service;
- Remove any unauthorized charge from your bill;
- Refund or credit all money to you that you have paid for an unauthorized charge; and
- On your request, provide you with all billing records related to any unauthorized charge within 15 business days after the charge is removed from your telephone bill.

If AT&T Texas fails to resolve your request, or if you would like to file a complaint, please write or call the:

Public Utility Commission of Texas
P.O. Box 13326
Austin, Texas 78711-3326
(512) 936-7120 or in Texas:
(toll-free) 1-888-782-8477
fax (512) 936-7003
e-mail address: customer@puc.state.tx.us

Hearing and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136.

Your phone service cannot be disconnected for disputing or refusing to pay unauthorized charges.

You may have additional rights under state and federal law. Please contact the Federal Communications Commission, the Attorney General of Texas, or the Public Utility Commission of Texas, if you would like further information about possible additional rights.

Pre-Paid Local Telephone Service (PLTS)

AT&T Texas offers Pre-paid Local Telephone Service (PLTS) for those qualified customers who need to maintain local phone service and want greater control over their local phone usage. PLTS customers receive the following services: flat rated Basic Local Telephone Service including Touch-tone; access to 911; access to AT&T Repair and Business Offices; a white page directory listing; and toll blocking. The above services are priced at tariffed rates (not including taxes and municipal fees). Additional charges may apply depending upon your service location. Normal service connection and restoral fees may apply. PLTS does NOT include long-distance calling, collect calling, access to directory assistance (411) or access usage sensitive products such as Call Return, Auto Redial and Call Trace.

It is the customer's responsibility to make payments for service. The initial payment consists of the monthly rate for up to two months of service plus all connection charges. No deposit is required. All subsequent payments are billed one month in advance.

It is the customer's responsibility to make sure the PLTS account is paid on time before the due by date and that no additional charges, such as long-distance, are incurred. Violation of the terms and conditions of the PLTS plan may result in disconnection without notification. If disconnected from PLTS for violation of the terms and conditions of the service, the customer is not eligible again for PLTS service with AT&T.

To return to Basic Local Telephone Service from PLTS, the customer must have a zero balance on the PLTS account, and have paid all outstanding debt owed to AT&T including toll charges.

Please call AT&T at 1-800-529-7499 to subscribe to PLTS or obtain additional information.

Collect Calls

When you receive a collect call, prior to accepting the call, you have the option to ask the operator how much you will be billed and who is calling you. If you do not recognize the person who is calling you collect, use caution in accepting the call. Some collect callers in the past have been known to keep the called party on the line as long as possible to increase the collect call charges. If you do not recognize the "collect call" charges on your phone bill, or believe you were billed more for a collect call than the rate quoted by the operator, please call your AT&T Service Center at 1-800-288-2020. You have the right to dispute unauthorized charges on your phone bill. To see those rights, see the section labeled "Disputed Bills".

Right to Modify

AT&T Texas reserves its right at any time to modify these rights as a customer due to any change in the law, any regulatory order, any court order, or any change in AT&T's procedures or policies. Your rights as a customer are governed by applicable laws, regulations, court and regulatory orders, and tariffs. In the event of a conflict between the applicable law, regulation, court or regulatory order, or tariff, and the information contained in this Customer Guide, such applicable law, regulation, court or regulatory order or tariff shall control.

Los consumidores tienen derecho a información necesaria para tomar buenas decisiones. Es nuestra política prestarles a los consumidores información sobre su servicio telefónico, opciones en servicio, incluso el servicio más económico disponible y opciones de pago.

Opciones en servicio
Nosotros creemos que los consumidores deberían de contar con opciones abiertas y gratis en servicios de telecomunicaciones. Cuando trate con nosotros, el consumidor debería tener la oportunidad de escoger entre todas nuestras opciones en servicio disponibles. Estos servicios se ofrecen a los consumidores sin discriminación en cuanto a raza, nacionalidad, color, sexo, religión, estado civil, nivel de ingresos, fuente de ingresos, ni localidad geográfica.

La oportunidad de opinar
Nosotros creemos en escuchar a los consumidores y considerar sus consejos y crítica sobre nuestra política y las decisiones que tomamos. También creemos que los consumidores deberían tener la oportunidad de opinar sobre los asuntos que afectan nuestra industria.

La privacidad en telecomunicaciones
Nosotros plenamente protegemos el derecho de cada persona a la privacidad como un aspecto esencial de nuestro servicio. Con cuidado protegemos los servicios de comunicaciones contra intervención electrónica ilícita u otro tipo de interceptación ilegal. Los archivos de servicio, los datos de crédito y los datos personales y confidenciales de la cuenta del cliente se protegen completamente.

Una factura exacta, fácil de entender y procedimientos de facturación razonables
Nosotros creemos que los consumidores deberían recibir una factura exacta y fácil de entender que claramente diga cuándo se vence el pago. Los consumidores tienen derecho a procedimientos de facturación razonables y explicaciones claras sobre depósitos, pagos de facturas atrasadas, cobranzas, suspensiones y la desconexión de servicio por falta de pago. En casos de emergencias reales, tratamos de evitar la desconexión del servicio por falta de pago.

Otros planes de pago para los clientes comerciales y residenciales

Usted es responsable de hacer su pago completo y a tiempo cada mes. Si no puede pagar para la fecha de vencimiento, pero sí puede pagar antes de la fecha de vencimiento de la próxima factura, por favor llame a su representante de servicio para hacer los arreglos de pago. Si AT&T Texas emitió un aviso de suspensión o desconexión antes de hacerse el arreglo de pago, esa suspensión o desconexión se demorará conforme al arreglo de pago. Si no se cumple el arreglo de pago, AT&T Texas puede suspender o desconectar el servicio sin otro aviso.

Clientes residenciales-planes de pago diferido

Si no puede pagar su factura por completo, puede pasar a un plan de pago diferido si no hemos emitido más de dos avisos de cancelación en su cuenta en los 12 meses anteriores. Bajo las condiciones de un plan de pago diferido, no se cancelará su servicio si usted paga los cargos corrientes y una cantidad acordada de la cuenta pendiente más el saldo en abonos acordados hasta saldar la cuenta. No se le exigirá pagar en un mes más de una tercera parte del monto total diferido cuando pase a un plan de pago diferido. Sin embargo, aparte del monto diferido, se le exigirá pagar los cargos mensuales a medida que se acumulen. Todas las condiciones del plan de pago diferido se incluirán en una carta redactada a usted y exigiendo su firma. Si no cumple con las condiciones del arreglo, su servicio puede cancelarse.

AT&T Texas no tiene obligación alguna de celebrar un plan de pago diferido con un cliente que tenga servicio telefónico por tres meses o menos si ese cliente carece de crédito suficiente o antecedentes de pago satisfactorios por servicio previo. Llame al representante de servicio al cliente en su área para más información. Tiene derecho a solicitar estos planes de pago alternativos.

Información sobre créditos y depósitos

Los solicitantes residenciales pueden demostrar antecedentes de crédito satisfactorios por medio de historiales de pago con otra compañía telefónica local o de alguna otra manera, incluso antecedentes crediticios normalmente aceptables, cartas o nombres verificables de referencias de crédito, o comprobantes de propiedad de capital considerable y fácilmente liquidable. Nuestra política aplica los antecedentes crediticios de un cliente igualmente por 12 meses a su cónyuge o ex cónyuge con quien compartía el servicio. El historial de crédito que un cliente lleve se aplicará igualmente al cónyuge o ex cónyuge sin

modificaciones y sin exigirle requisitos adicionales al cliente.

Podría exigirse un depósito si usted no ha establecido crédito para servicio telefónico durante los últimos dos años (aplican excepciones a personas de la tercera edad o víctimas de violencia doméstica que califiquen), si ha pagado su factura con retraso más de una vez durante los últimos 12 meses, o si se desconectó su servicio por falta de pago. Los depósitos para clientes residenciales y comerciales no pueden exceder el monto real o estimado cobrado por 2 meses de cargos tarifados (un promedio a lo largo de un período de 12 meses). Para clientes residenciales, el depósito no incluirá el monto cobrado por el servicio de larga distancia que no presten las compañías de AT&T. Para los clientes de servicio comercial, el depósito podrá incluir el monto real o estimado cobrado por los cargos de larga distancia de otras compañías, si AT&T factura esos cargos. La cantidad del depósito relacionada al servicio telefónico local se identificará aparte del monto relacionado al servicio de larga distancia. Una vez que se desconecte, la cantidad del depósito se aplicará primero a los cargos del servicio local.

AT&T Texas se reserva el derecho de solicitar un depósito adicional en ciertos casos. Los depósitos se reembolsan cuando usted está o ha estado pagando su factura a tiempo (durante 12 meses por su servicio residencial ó 24 meses por su servicio comercial). Se pagarán intereses por cualquier depósito retenido más de 30 días a la tasa que la Comisión de Empresas de Servicio Público fije cada año. Esta tasa entra en vigor el 1 de enero cada año. Los intereses acumulados se acreditarán a su cuenta cuando el depósito se reembolse o acredite a su cuenta. El depósito dejará de ganar intereses el día en que se reembolse o acredite a su cuenta.

Pagos y ajustes a la factura

Su factura telefónica se vence al recibirse y se considera atrasada si no se paga o no se hacen arreglos de pago diferido dentro de 16 días después de haberse emitido. Para los clientes de la residencia, si disputados cargos mayor de \$10.00 se transportan a su cuenta siguiente, una carga de pago tardío de \$5.50 más el 1% en los equilibrios sin pagar mayores que \$10.00 aplicarán. Aplicará un recargo único del seis por ciento y medio (6.5%) a las cuentas comerciales o empresariales que no se reciban para la próxima fecha de facturación. Un honorario de \$30.00 será determinado en todos los cheques vueltos. Para obtener los horarios y direcciones de los lugares donde se pueden pagar las facturas, por favor llame al siguiente número sin cargo 1-800-559-0050.

Sus Derechos Como Consumidor e Información Importante de AT&T

¡Pague su factura en línea! El servicio AT&T eBill termina con su factura de papel y le permite revisar, pagar e imprimir la factura telefónica de su casa y negocio en línea. Es fácil, seguro y gratis. También podrá escoger el método de pago que prefiera. Inscríbase en AT&T eBill en línea ahora mismo en <http://espanol.att.com/>.

Su servicio telefónico local no se suspenderá ni desconectará por falta de pago, siempre y cuando usted pague en su totalidad y a tiempo todos los cargos por el servicio telefónico local tarifado. Si no paga los cargos no tarifados, como los de larga distancia, servicio de mensajes grabados, InLine, servicio celular e Internet, podrían desconectarse esos servicios. Los reembolsos se realizan por medio de un crédito a la cuenta, salvo que se solicite lo contrario.

Suspensión/desconexión del servicio

Al dar un aviso con diez días de anticipación, AT&T Texas puede suspender o desconectar los servicios de telecomunicaciones locales básicos por cualquiera de las siguientes razones:

La falta de pagar los cargos tarifados por los servicios de telecomunicaciones locales o hacer arreglos de pago diferido para la fecha de suspensión o desconexión;

La falta por parte del cliente residencial de pagar los cargos de larga distancia incurridos después de imponerse el bloqueo de llamadas con cargo;

La falta por parte del cliente comercial de pagar los cargos de larga distancia sólo donde la compañía telefónica cobra esos cargos al cliente o la falta de hacer arreglos de pago diferido para la fecha de suspensión o desconexión;

La falta de cumplir con las condiciones de un plan de pago diferido. A los clientes con el Servicio Telefónico Local Prepagado (PLTS, por sus siglas en inglés) se les puede suspender o desconectar el servicio al avisarles del incumplimiento de las condiciones de un plan de pago diferido sólo después de aplicar todos los anticipos a la cuenta del cliente y la misma tenga un saldo de cero;

La falta de pagar un depósito;

La falta por parte del garante de pagar alguna cantidad garantizada;

La violación de las reglas de AT&T sobre la interferencia con el servicio de otras personas o la operación de equipo no estándar si se hizo un intento razonable de avisarle al cliente y éste no resuelve la situación dentro de un plazo de tiempo razonable.

AT&T Texas puede suspender o desconectar el servicio de telecomunicaciones local sin aviso alguno por cualquiera de las siguientes razones:

Donde el servicio se conecte sin autorización;

Donde el servicio se reconecte sin autorización;

Donde haya casos del mal uso del equipo de AT&T, pruebas de que se haya robado el servicio u otros esfuerzos para defraudar a AT&T.

AT&T Texas no suspenderá ni desconectará el servicio telefónico local en la residencia permanente de un cliente moroso si éste establece que dicha medida le impediría llamar por ayuda médica de emergencia para alguien gravemente enfermo que vive en la misma residencia. Antes de la fecha de suspensión o desconexión, el cliente debe: 1) pedirle al médico de cabecera de la persona que presente una declaración por escrito a AT&T; 2) pasar a un plan de pago diferido, y 3) pedirle al médico de cabecera de la persona que se comunique con AT&T para la fecha de suspensión dispuesta o para la fecha de suspensión o desconexión dispuesta. Si se cumplen todos estos requisitos, no ocurrirá suspensión o desconexión alguna dentro de 63 días de emitirse la factura, a no ser que AT&T y el cliente o médico acuerden en un plazo más corto.

Si se le pide un depósito adicional de acuerdo a lo que realmente usa el servicio y no paga el depósito o uso dentro de 10 días, el servicio podría desconectarse.

Si se le pide un depósito adicional de acuerdo a lo que realmente se le factura y no paga el depósito o la factura dentro de 15 días, el servicio podría desconectarse. Después del aviso apropiado y la oportunidad razonable de resolver la situación, el servicio telefónico también podría desconectarse si usted viola nuestras reglas sobre la operación de equipo no estándar o sobre el uso del servicio en una manera que interfiere con el servicio de otras personas.

Reconexión del servicio

Llame a su representante de facturación en AT&T al número indicado más abajo. Es muy importante pagar todos los cargos de servicio atrasados. El servicio telefónico local básico se restablecerá una vez que se celebre un plan de pago diferido o se pague el monto total pagadero por el servicio de telecomunicaciones local. Existe un cargo por el restablecimiento de su servicio. A veces también puede requerirse un anticipo o depósito para restablecer su crédito.

Cómo obtener crédito por servicio interrumpido

Si reportó que no tiene tono de marcación y no puede hacer o recibir llamadas por 24 horas hábiles normales o más, y problemas con la red causaron la interrupción de su servicio, usted tiene derecho a un crédito en su próxima factura por parte de los cargos del servicio local. servicios que actualmente no nos compra. Los datos del cliente incluyen adónde, cuándo y a quién llama el cliente, al igual que los tipos de servicios de telecomunicaciones a los que el cliente se suscribe y cuánto los usa. Sus datos de cliente también incluyen cómo usa usted esos servicios y la facturación correspondiente a los mismos. Por ejemplo, podríamos usar sus datos de cliente para avisarle de productos que le puedan interesar, de esas afiliadas a AT&T Texas. Si no tiene ningún inconveniente con esta manera de usar sus datos de cliente, entonces usted no necesita hacer nada más de su parte.

Proteger la privacidad de los archivos sobre su servicio y cómo lo usa es su derecho y nuestro deber bajo la ley federal. Se nos exige informarle que usted puede darnos instrucciones de no usar ninguno de los datos sobre los servicios que recibe de AT&T Texas, AT&T Long Distance u otras compañías de telecomunicaciones afiliadas a AT&T Texas para ofrecerle más productos y servicios. Si no quiere que usemos los datos sobre su servicio y cómo lo usa para ofrecerle productos y servicios, por favor llame al 1-800-315-8303 y siga la indicaciones grabadas. No se cobra nada por limitar el uso de sus datos. La restricción de sus datos no afectará los productos que usted tiene actualmente de AT&T Texas y no eliminará todas las llamadas de mercadeo. Incluso si usted restringe el uso de sus datos, AT&T Texas puede usar sus archivos para venderle servicios adicionales de afiliadas de AT&T Texas que ya le han prestado servicios. Aunque limite el uso de sus datos, estos pueden usarse para venderle (vea más arriba) servicios cuando usted nos llame para hacer preguntas sobre estos servicios. Su preferencia es válida hasta que usted la revoque o limite afirmativamente.

AT&T Texas, sus afiliadas y agentes autorizados no venderán, intercambiarán ni compartirán sus datos de cliente con nadie más fuera de la familia de compañías AT&T u otras entidades autorizadas para representarnos a fin de ofrecerle productos y servicios, salvo como la ley lo autorice.

Lista de No Llamar en Texas

Los clientes residenciales pueden agregar su nombre, dirección y número telefónico residencial a una lista de no llamar patrocinada por el estado que tiene la intención de limitar la cantidad de llamadas de telemarketing recibidas. Las listas se actualizarán para los televidentes de manera trimestral. Dentro de 60 días de la fecha en que su número aparezca en una lista publicada, deben de terminar la mayoría de las llamadas de los televidentes. Se cobrará una cuota

para inscribirse a la lista de no llamar. La inscripción de un número telefónico residencial en una lista de no llamar termina en el tercer año de la fecha en que el número se publicó por primera vez en la lista. Puede registrar su número residencial por medio de Internet en www.texasnocall.com o por teléfono al 1-866-TXNOCALL (1-866-896-6225) (ésta es una llamada sin cargo alguno) o por el correo de los Estados Unidos a:

TEXAS NO CALL
P.O. Box 313
E. Walpole, MA 02032

La cuota de inscripción del cliente actualmente es de \$2.25 y debe pagarse con tarjeta de crédito cuando se inscriba en línea o por teléfono. Cuando se inscriba por correo, la cuota debe pagarse por medio de tarjeta de crédito, cheque o giro postal. Un cliente que se inscriba para que se le incluya en la lista de no llamar podría seguir recibiendo llamadas de grupos, organizaciones y personas que están exentas del cumplimiento con esta sección. Los televidentes pueden comunicarse con los clientes: con los cuales han establecido una relación de negocios (o han tenido tal relación dentro de un año); si el cliente solicita la llamada; para cobrar una deuda; de parte de una organización sin fines de lucro o caridad si la llamada no cumple con la definición de una "telesolicitud" al intentar hacer una venta o recabar información que resulte en una. Un televidente también puede llamar a clientes si éste es un concesionario estatal (por ejemplo, agente de seguros o corredor de bienes raíces) y la llamada no se hace por medio de un aparato automatizado; la transacción solicitada se lleva a cabo cara a cara para concluir la misma y hacer el pago; o el consumidor anteriormente no le ha dicho al concesionario que no quiere que le llamen. Los detalles de estas excepciones están disponibles en la Sección 26.37(e) de los Reglamentos Substantivos de la Comisión de Empresas de Servicio Público de Texas.

"Slamming", o sea, cambios no autorizados

Cómo escoger una compañía de telecomunicaciones - Sus derechos como consumidor

La ley prohíbe que las compañías telefónicas le cambien de una compañía de servicio telefónico a otra sin su permiso, una práctica comúnmente conocida como "slamming".

Si usted es víctima de "slamming", la ley de Texas exige que la compañía telefónica que cambió su servicio sin autorización haga lo siguiente:

1. Pagar todos los cargos relacionados con su regreso a la compañía telefónica original dentro de cinco días hábiles de su solicitud.
2. Dar a su compañía telefónica original todos los datos de facturación dentro de diez días hábiles de su solicitud.
3. Pagar a su compañía telefónica original el monto que usted hubiera pagado si no se hubiera cambiado su servicio sin su autorización.
4. Reembolsarle dentro de 30 días hábiles todo monto que usted pagó por cargos durante los primeros 30 días después del cambio no autorizado y cualquier cantidad excedente a la cantidad que usted hubiera pagado a su compañía telefónica original por cargos después de los primeros 30 días posteriores al cambio no autorizado.

Su compañía telefónica original está obligada a darle todos los beneficios, como millas de viajero frecuente, que usted normalmente recibiría por usar su teléfono durante el período en que ocurrió el cambio no autorizado.

Si ha sido víctima de slamming, puede regresar su servicio a la compañía original inmediatamente al comunicarse con su compañía telefónica local. También debe reportar los cambios no autorizados, por escrito o llamando a:

Public Utility Commission of Texas
P.O. Box 13326
Austin, Texas 78711-3326
(512) 936-7120 o en Texas:
(sin cargo alguno) 1-888-782-8477
fax (512) 936-7003 o e-mail to:
customer@puc.state.tx.us

Las personas con impedimentos auditivos o del habla que usan teléfonos de texto (TTY, por sus siglas en inglés) pueden comunicarse con la comisión al (512) 936-7136.

Puede prevenir los cambios no autorizados al solicitar que su compañía telefónica local congele la compañía telefónica que usted prefiere. Una vez establecida la congelación, tiene que dar su consentimiento formal para quitar la congelación antes de que se pueda cambiar su servicio telefónico. La congelación puede aplicarse al servicio de llamadas locales con cargo, de larga distancia o a ambos. Sus Derechos Como Consumidor e Información Importante de AT&T

"Cramming", o sea, cargos en su factura telefónica no autorizados

El cobro de cargos en su factura telefónica por productos o servicios que usted no autorizó se llama "cramming" y está prohibido por ley. Es posible que su compañía telefónica preste servicios de facturación a otras compañías, así que los cargos de otras compañías pueden aparecer en su factura telefónica.

Si cree haber sido víctima de "cramming", debe comunicarse con la compañía telefónica que le cobra por su servicio telefónico, AT&T Texas al: 1-800-559-0050 y pedirle que tome medidas correctivas. La Comisión de Empresas de Servicio Público de Texas exige que AT&T Texas haga lo siguiente dentro de 45 días consecutivos de la fecha en que se enteró del cargo no autorizado:

- Notificar a la compañía que deje de cobrarle por el producto o servicio no autorizado;
- Retirar cualquier cargo no autorizado de su factura;
- Reembolsar o acreditar todo el dinero que usted haya pagado por un cargo no autorizado; y
- A solicitud, darle todos los archivos de facturación relacionados con cualquier cargo no autorizado dentro de 15 días hábiles después de que el cargo se retire de su factura telefónica.

Si AT&T Texas no cumple con la solicitud o si usted quiere presentar una queja, por favor escriba o llame a:

Public Utility Commission of Texas
P.O. Box 13326
Austin, Texas 78711-3326
(512) 936-7120 o en Texas:
(sin cargo alguno) 1-888-782-8477
fax (512) 936-7003 or e-mail to:
customer@puc.state.tx.us

Las personas con impedimentos auditivos o del habla que usan teléfonos de texto (TTY, por sus siglas en inglés) pueden comunicarse con la comisión al (512) 936-7136.

No se puede desconectar su servicio telefónico si usted disputa o rehúsa pagar cargos que no autorizó.

Puede tener derechos adicionales bajo la ley estatal y federal. Por favor comuníquese con la Comisión Federal de Comunicaciones, la Procuraduría General de Texas o la Comisión de Empresas de Servicio Público de Texas

si desea más información sobre estos posibles derechos adicionales.

Servicio telefónico local prepagado (PLTS, por sus siglas en inglés)

AT&T Texas ofrece el Servicio Telefónico Local Prepagado (PLTS) para los clientes que califiquen y necesiten conservar su servicio telefónico local y que quieran controlar mejor el uso del mismo. Los clientes del PLTS reciben los siguientes servicios: Servicio telefónico local básico con tarifa fija incluyendo el servicio de teclado Touch-tone; acceso al 911; acceso a las oficinas de servicio y reparación de AT&T; un listado en el directorio de las páginas blancas; y bloqueo de llamadas con cargo. Estos servicios tienen precios tarifados (no incluyen impuestos ni cuotas municipales). Pueden aplicar otros cargos, según la localidad de su servicio.

Pueden aplicar cuotas por la conexión y restauración normales del servicio.

El PLTS NO incluye llamadas de larga distancia, llamadas por cobrar, acceso al Servicio de Información (411) ni acceso a productos que se cobran por uso como Call Return, Auto Redial y Call Trace.

El cliente es responsable de hacer los pagos por el servicio. El pago inicial consiste en la tarifa mensual por hasta dos meses de servicio más todos los cargos por la conexión. No se requiere depósito alguno. Todos los pagos subsiguientes se cobran un mes por adelantado.

El cliente es responsable de asegurar que la cuenta del PLTS se pague a tiempo antes de la fecha de vencimiento y que no se incurran cargos adicionales como en llamadas de larga distancia. La violación de los términos y condiciones del plan PLTS puede resultar en la desconexión sin previo aviso. Si se desconecta el PLTS debido a la violación de los términos y condiciones del servicio, el cliente ya no calificará para tener el servicio PLTS con AT&T.

Para regresar al Servicio Telefónico Local Básico del PLTS, el cliente debe tener un saldo de cero en la cuenta PLTS y haber pagado en su totalidad todo lo que le debe a AT&T, incluso los cargos por llamadas con cargo.

Por favor llame a AT&T al: 1-800-529-7499 para suscribirse al PLTS o para obtener más información.

Llamadas por cobrar

Cuando recibe una llamada por cobrar, usted tiene la opción de preguntarle a la operadora cuánto se le cobrará y quién llama antes de aceptar la llamada. Si no reconoce la persona que está llamando por cobrar, sea precavido al aceptar la llamada. Se sabe que antes algunas personas que llamaban por cobrar mantenían a la persona en la línea todo el tiempo posible para que se le cobrara más por la llamada. Si no reconoce los cargos por "llamadas por cobrar" en su factura telefónica o cree que le cobraron más en una llamada por cobrar de lo que le cotizó la operadora, por favor llame a la oficina de servicio de AT&T en su área al 1-800-559-0050. Usted tiene derecho a disputar los cargos no autorizados en su factura telefónica. Para ver esos derechos, consulte la sección titulada "Facturas en disputa".

Derecho a modificar

AT&T Texas reserva su derecho en cualquier momento a modificar estos derechos del cliente por motivo de cambios en la ley, algún fallo reglamentario, fallo tribunal o cualquier cambio en los procedimientos y políticas de AT&T. Las leyes, reglamentos, fallos tribunales y reglamentarios, y tarifas correspondientes rigen sus derechos como cliente. En caso de que hubiera un conflicto entre la información contenida en esta Guía de Ayuda y las leyes, reglamentos, fallos tribunales o reglamentarios, o tarifas, todos los anteriores regirán.
