# MALLARD

Claudia Langford
Sr. "61"

Dear Claudia,
Remember all the fun we had and all the future. Remember that we were at the D.Q and those boys in the Ford drove up and started talking about some fake preacupied at the moment; sure were fun; I like Miss Jean, after all we should have a blast this senior year. We're big seniors!!

Claudia,

I'm looking forward to our friendship. I'm sure we will have many good times together during the future. My best goes with you!

"Lynette"

# *Dedication*

They have understood our problems, assisted us with patience of steel, listened to our complaints with an admirable smile, inspired us with confidence, and encouraged us when we were disheartened. Their determined effort to make us satisfied and happy shall always be remembered as one of our most precious high school memories. Words can't express our appreciation for their various contributions; but to show how much we love, honor, and respect them, the 1959 MALLARD staff dedicates the 1959 MALLARD to the parents of the Taylor High School students.

Claudia —
Knowing you
for two years
has been an awful
experience. Seriously
Who, you are very sweet.
Keep up your smile and
you'll go along way.

# *In Memoriam*

That smile! How well we all remember it. Never once could a Taylor teen-ager go to the Dairy Queen without feeling welcome and being met with a friendly greeting.

To understand why he is gone - we cannot. We try to understand why the Hand that made his friendly ways should now see fit to take him from us.

The memory of Malcolm Conoley will live in the hearts of Taylor High School students forever.

# Superintendent's Message

This is to extend congratulations to the students and faculty of Taylor High School for a very pleasant school year, and for the many contributions which have been made in the development of a fine school and school program. We will look forward with great pride to the success you attain in the future.

The faith, courage, co-operation, and the will to learn during your public school experiences should have developed personal qualities, good habits, and knowledge that will assist in meeting the demands and requirements of adult life. Best wishes.

Sincerely,

T. H. Johnson

# Principal's Message

My sincere congratulations and good wishes are extended to the students of Taylor High School. The year 1958-59 has exceeded even my fondest expectations. Your traits of loyalty, co-operation and citizenship have made it possible for the MALLARD to record many achievements.

There is very little need of congratulating the staff members since this book is a testimony of your endeavors. Your sense of pride in its accomplishments is justified.

May the good things of life always come your way and may you continue to practice good citizenship both in and out of school.

Sincerely yours,

Howard L. Oliphint

Dear Lang—

Well what can I say! We have been friends since 5th grade. But there was a time when I left the old gang. But thanks to you and Rosemary I got back in. I don't know if I was glad or not. (get what I mean) I sure enjoy our new crowd (I think) because lately I've been with them so much because of a darling, cute, adorable, etc. boy I know. Well enough about him.

I can't believe we are still friends!! There are so many sisters that have broken up. We've been through a lot (fights and all the rumors) but we've always come out on top. We've really had some weird times. I can't believe we passed history! Oh my probably flipped. I'll never forget get I could. I sure hope we remain friends the rest of the schools years after that. I don't see. Lets live it up these last 2 yrs. and show that school what fun can really be. I really think a lot of you despite that you gossip) just don't gossip about me and we will get along fine. I wish all the luck in the world. you really deserve it

love ya!!!!!

Louie

Dear Claudia (Rooster)
Well, there are a lot of things I could say but I won't. No seriously you are a great gal with a wonderful personality. I can't just see you when you fall in the mud on your cave hunting venture. I sure bet you had fun. I'm really looking forward to our junior year especially the Jr.-Sr. I'm not to anxious for English III though. Oh, I just have to tell you. You're a wonderful band member (That's a joke!) anyway, lots of luck to a wonderful Bee!

P.S. I like your hair brown. Love, Sandra

Dear Claudia,
Oh! If my hair was only this color. You are so lucky to have pretty hair and a good figure, too! I am really looking forward to the next 2 years with you! Let's Win District!

Dear Claudia,
I have really enjoyed running around with you. We have had some real laughs and I'm ill-sure I'll forget the bus trips and all the spatting. Remember Mrs. Rae's English class with Wayne Kael and Jerry Meyer? Let make ew last two years the best. I hope it will. I know you will go far in life because you have what it takes, as the boy from Thursdale said.

Good Luck,
Joe

Dear Claudia
