NATIONAL HONOR SOCIETY

The National Honor Society is a nation-wide organization that recognizes students who possess outstanding qualities of Scholarship, Leadership, Service, and Character. Membership in this organization is granted through a vote of the faculty who have actually taught the students under consideration. The symbol of the National Honor Society, worn by its members, is recognized throughout the United States as a mark of outstanding scholastic achievement in high school. The Taylor High School Chapter was founded in 1957 for the purpose of encouraging and supporting the high ideals set by the national organization.
