Taylor High

The life at Taylor High School is an endless parade of novelty and enthusiasm. Students who are very much alike - and very much different! - plan and pattern what they hope to make of their future lives. And they grow roots in Taylor which will never quite pull loose, no matter how far away they may go. The spirit, brimming over into the everyday lives of the students, makes the life at Taylor High a rich one.

We Were Alive in '65 . . .

Seniors

Senior Class Officers

Senior life at THS was an activity-filled one in '65 ... Leading the way to the Quarter-Finals began our year with a big success ... Tedious but rewarding work when Senior candidate for Cottonboll Relays was crowned ... Auditions for Hilltop Lakes held on exciting Career Day ... Kids for a day will long be remembered ... But somehow the fun-filled mysterious actions of our Senior trip will always be the highlight ... Unforgettable experiences, lasting friendships, and four years of fun ... These things we'll always remember.

Juniors

Junior Class Officers

The class of '66 has made its mark. We received our beautiful class rings in May. Juniors were into everything... frequently had the highest number on the honor roll... played Powder Puff football (without eleven girls) on the coldest night of the year... slaved over English research reports and pitched camp in the library... toiled day and night for weeks, using the profits from concession stands, to stage what everyone knew was the best prom ever. We sniffled at graduation but feel positive that we can fill the Senior's shoes.

Sophomore Class Officers

This year we were no longer the scum of the earth; we finally climbed one more rung on the ladder of importance. Our prominence was accompanied by mounds of homework. What with World History, Latin II, and Spanish II we never seemed to have time to raise money ...came in last but certainly not least in the Cotton Boll Relays race but admirably donated our class savings to the cause with no avail... and our class picnic has to be financed by individuals...Proved our worth by tying with the Freshmen in the Powder Puff game. We also were the first class to have four cheerleaders elected. And next year, we'll do better, if we have any money!!!

Freshman Class Officers

We came into high school as "fish" this year. We had mixed feelings of anxiety and apprehension. Our morale was temporarily dented as we were transformed from the biggest wheels of junior high to the smallest wheels of T.H.S. Frustrations mounted as we uncovered the mysteries of Latin I and Spanish I. Who could forget the plaintive cry, "Freshmen, don't forget the yardline markers"? During the Powder Puff Game, Haas' Hustlers happily hustled homeward for a touchdown. With the year's end came the awareness that soon we would be able to exercise the privileges of Sophomores.

The Taylor Chapter of the National Honor Society was founded in 1957 to encourage and support the high ideals set by the national organization. This national organization recognizes students with outstanding qualities of Scholarship, Character, Service, and Leadership. Members in the Taylor chapter are chosen by the faculty alone. The symbol of the Society is recognized throughout the United States as a mark of outstanding scholastic achievement in high school.

Moments to Remember

Homecoming

Wayne Schroeder, President of Student Body, invites exes to review past at THS.

"Hello, exes!"

Maybe the nicest thing about a homecoming is the atmosphere it conjures. The greeting of old friends, the pep rally, the mums, and the crowning of a pretty girl: these are lasting memories. From registration to football game, the exes relive the days of their high school past. But time passes, and soon the last football player leaves the field house, and the janitors cut off the lights, and so ends Homecoming 1964.

"Bubble, bubble, toil and trouble."

Sarah returns from a typical Senior trip.

Climb high, climb far.
Your goal the sky,
Your aim the star.

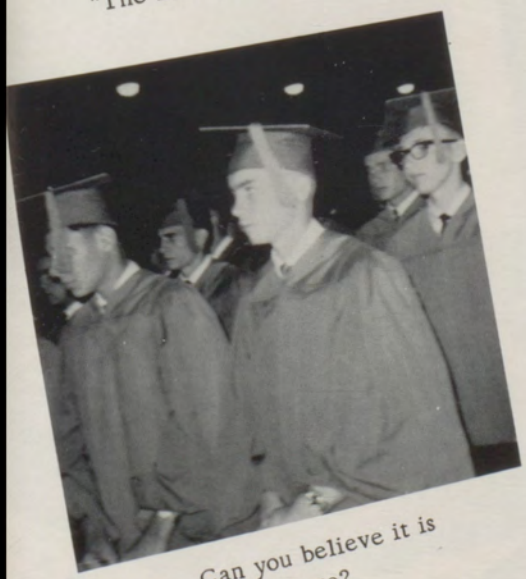

Down the isle that leads
to a new future.

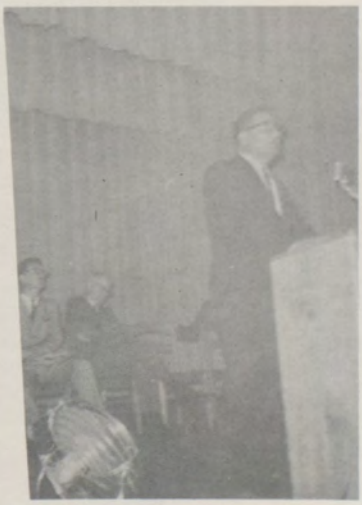

Betty Ray sings
"The Lord's Prayer."

Progress means to improve or advance toward perfection or to a higher state. The '65 Seniors, during our four years of high school, have studied, had fun, experienced sad moments of trial and error, the same as all students. We have tried to keep up the high standards of THS while striving for improvement.

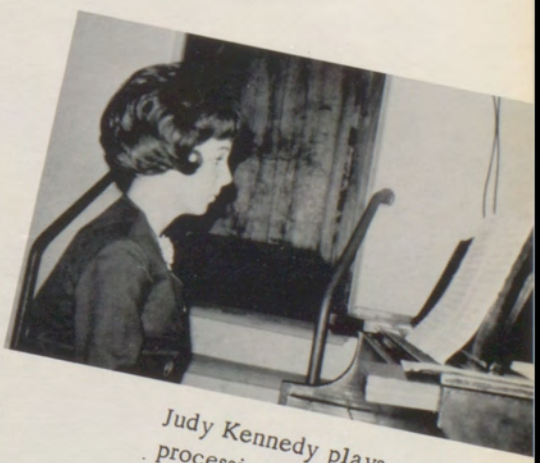

Our high school days are filled with cherished memories. Some we remember better than others, such as that Quarter-Finals Championship, or our four Senior representatives at State Literary Meet, or the thrill of being a Senior, and at last the wonderful feeling of accomplishment when that coveted diploma is placed in your hand. We, graduates, will go our separate ways, but we will use the knowledge we have gained here to reach our success.

"A SIGN OF PROGRESS"

Enrichment . . . Abundance . . . Fulfillment

ALL POSSIBLE THROUGH THRIFT

When you save, you add quantity and purpose to that which you already possess. As you progress, your life grows richer . . . your future outlook becomes brighter. Then - sometimes almost before you expect it, your goals are reached, giving the satisfaction of accomplishment in providing a better life for those you love.

- - - and I'm

Still Studying!

Why am I still studying?

It's part of the job of a good life insurance man to study continuously so that he will always be up to date in the complex life insurance field.

And too, my Company requires all of its career representatives to devote some 500 extra hours over a three-year period to a graduate-level course of instruction in life insurance. After that, there is "post graduate" study that continues year after year.

All this study is for one purpose, very important to you: to assure you of thoroughly competent assistance in planning your life insurance program. A program that will measure up to your modern insurance needs.

Don't Just
Stand There,
Gossip!!
Mrs. Lee
The year passed fast, we were barely through,
The excitements were many, disagreements were few.
No matter what you ever hear, we worked real hard and slaved all year.
And to show how generous we can be;
We're sharing the credit with Mrs. Lee.
