MISS BEATRICE McKINLEY

WE DEDICATE IN 1968 . . .

Miss Beatrice McKinley has taught at Taylor High School since the fall of 1943 with the exception of a brief leave. She has always been very active in both faculty and student organizations.

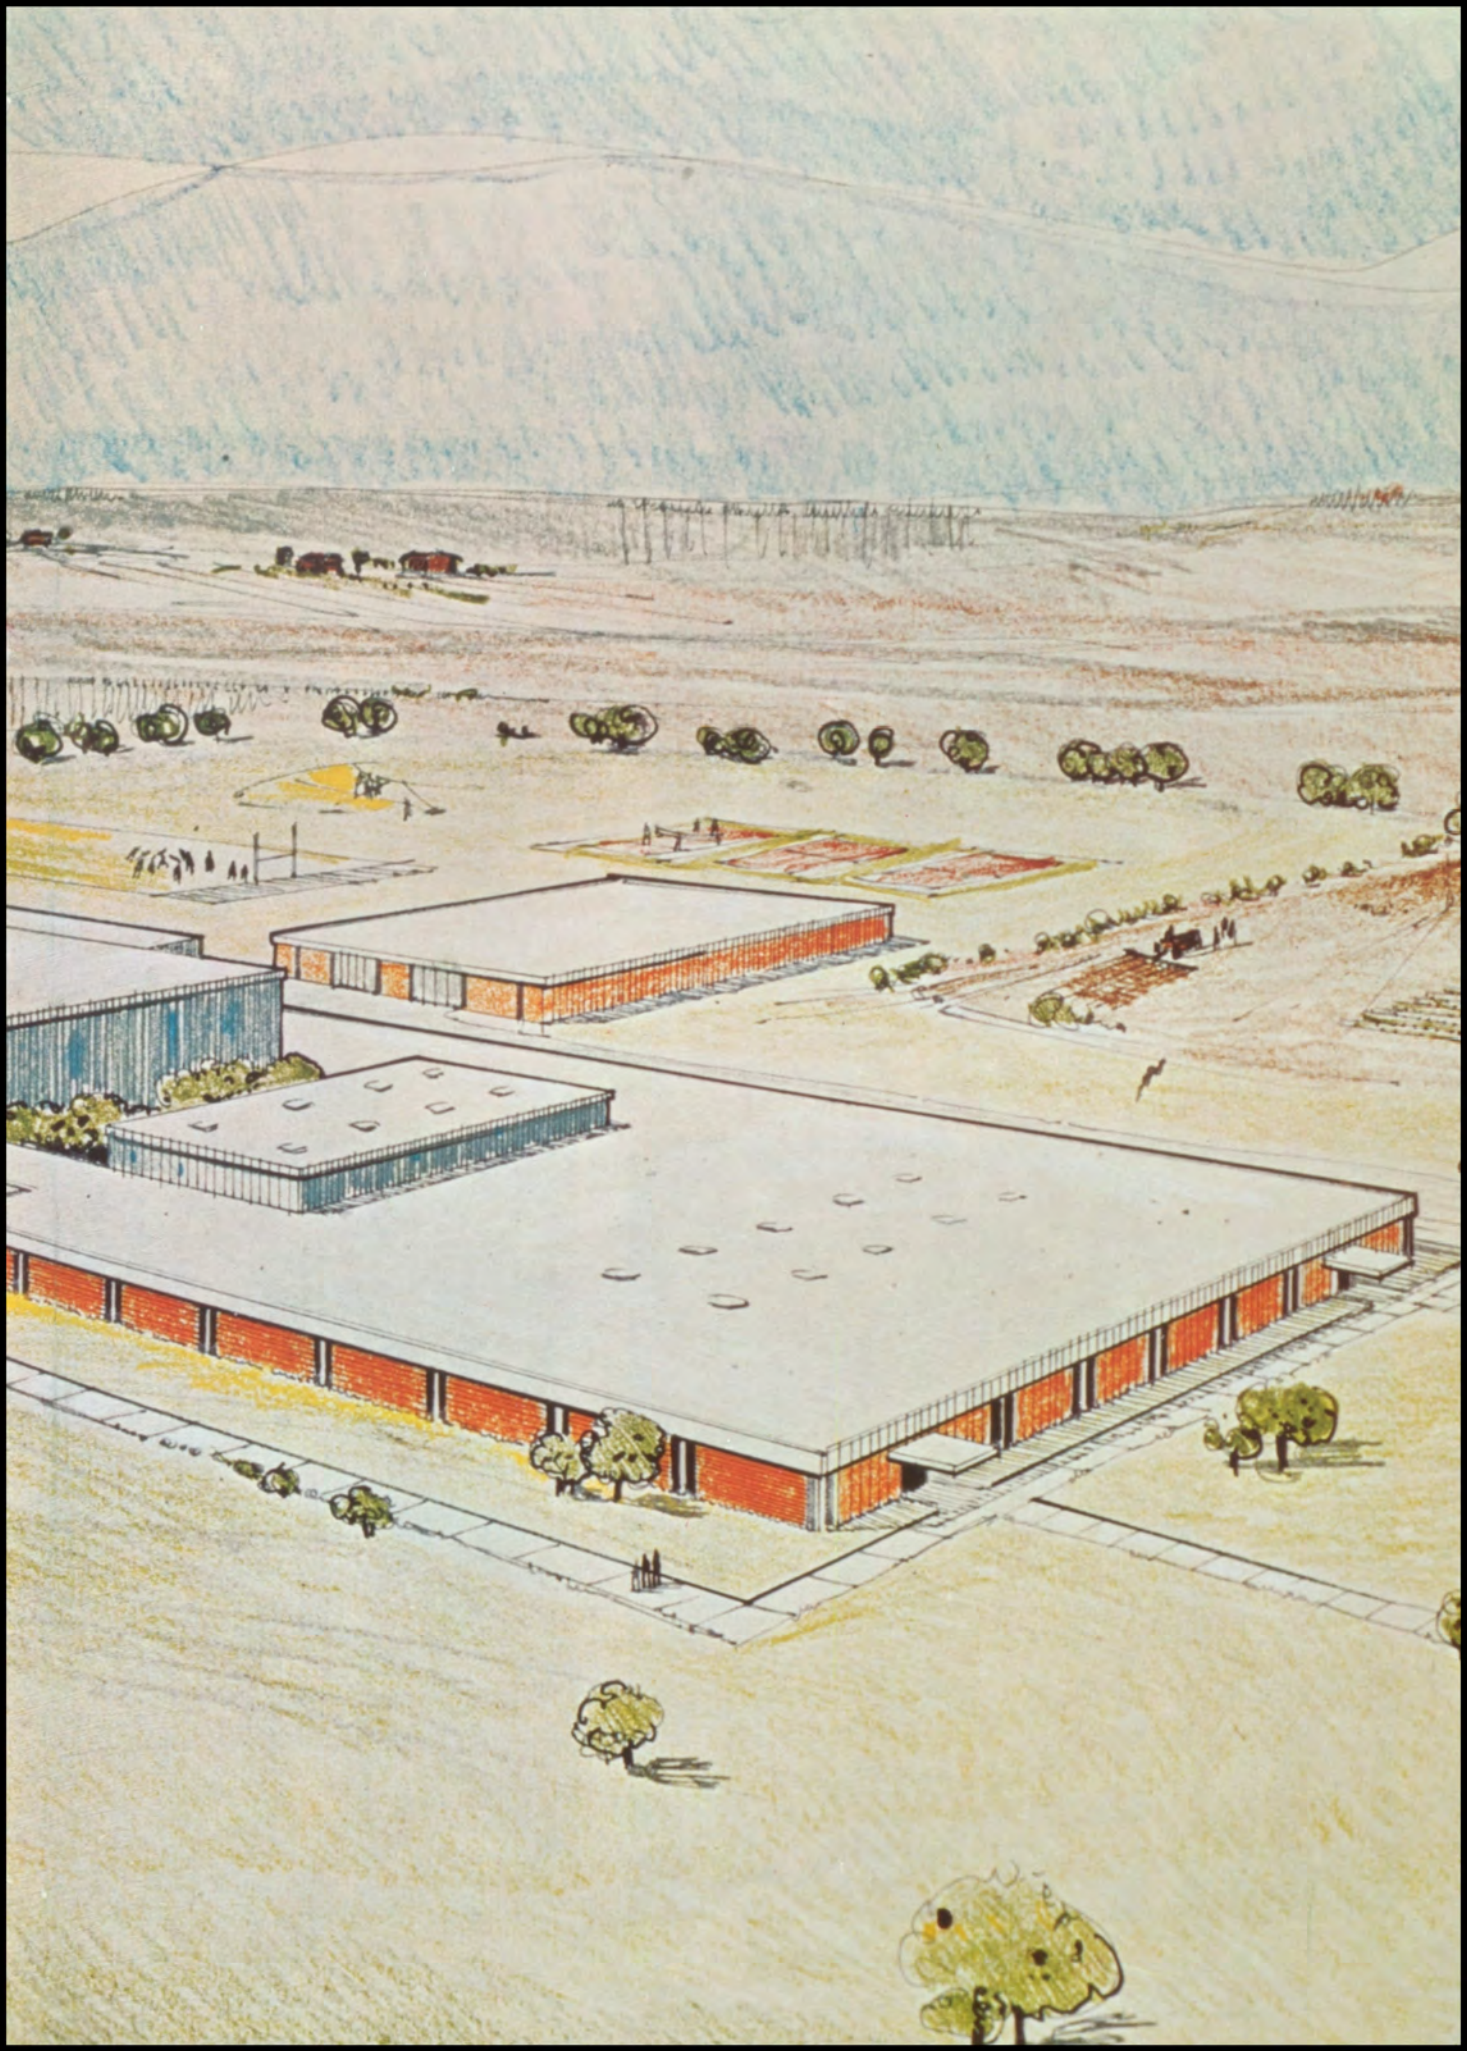

Through her guidance, the Spanish Department has grown to a three-year program utilizing a modern speech laboratory to provide not only active speaking knowledge, but also emphasis on cultural aspects for her students.

She is a conscientious person who is known by students and faculty alike as someone on whom you can depend when there is a job to be done. We feel honored to have you, Miss McKinley, on our faculty here at Taylor High School, and we the members of the MALLARD staff proudly dedicate this 1968 MALLARD to you.

TOMORROW HAS BEEN CANCELLED FOR LACK OF INTEREST -

Shocking thought. But it can happen.
It's my job to keep people interested in tomorrow--the future--by providing financial security for them and their loved ones through life insurance.
With life insurance, people's future interests are guaranteed. Whether it's a college education for a youngster ... a comfortable retirement ... financial security for the family ... business protection ... or many other interests.
Don't cancel your tomorrows. Guarantee them with life insurance.
