SIMPLY AN.

Dear THS Students,

Hey everybody! What's going on? Remember all of those strange people walking around taking pictures of our every move? How about the times when they were trying to get money out of us. Yeah, we know we were annoying at times, but as you can see, it was well worth your time and ours. Well, all of these activites are just a small part of putting together your 1992 Mallard. Putting together this book of memories was a long and tedious job, but it proved to be a total success as you can see. This wild and crazy product was a result of the Mallard Staff's quest to catch everyone at their best and their worst. As we searched, all we could decipher from THS was attitudes. Everywhere we went, different people were expressing their unique attitudes. So when we put them all together, we discovered THS had SIMPLY AN ATTITUDE. Well, so long for now! Enjoy!!

The Editors

A CHANGE IN ATTITUDE

C-H-A-N-G-E really scares people. Oft times, tradition overshadows ingenuity, simply because there is no innovative leader to say, "What the heck-let's just do it our way!" This year at the Leadership Conference held at the National Guard Armory, THS counselors and faculty tried their best to plant the seeds of originality in the minds of the 42 students attending. Several wild brainstorming sessions gave students a chance to voice their opinions and offer novel suggestions to ELIMINATE the negative and ACCENTUATE the positive within the simple harmony of THS.

"Not only did great ideas to improve THS evolve, the DUCK SPIRIT was rejuvenated, and pride in THS filled the day," commented senior Heidi Zimmerhanzel.

A NEW DIMENSION IN FASHION

If there is one thing that's true about fashion for the 90's, it's definitely hot. Styles varied greatly this school year from cowboy attire to preppy styles; students always dressed fashionably.

Students looked for a new dimension in ready to wear fashions. The important elements were blue jeans, a t-shirt, loafers or boots, and of course something black.

Different trends come and go every year. There are the people who spend money on every trendy thing and others who like to dress traditionally, and not spend a penny on the fashions. "I usually shop for sales, and I create a whole different look that I like," says Junior Marsha Kokes.

Not everyone chose to follow the latest trends; some realized that these trends were just a passing thing. Senior, Joe Esquivel, stated, " I don't dress to follow anyone. I dress the way I want to dress, just as long as I'm comfortable.

The fads of Taylor High were different among the various cliques, but they definitely took on a NEW DIMENSION in fashion.

▲ **"Very color coordinated aren't we?"** say seniors Paula Johnson and Heidi Zimmerhanzel, as they show off the checkerd styles many people chose to wear.

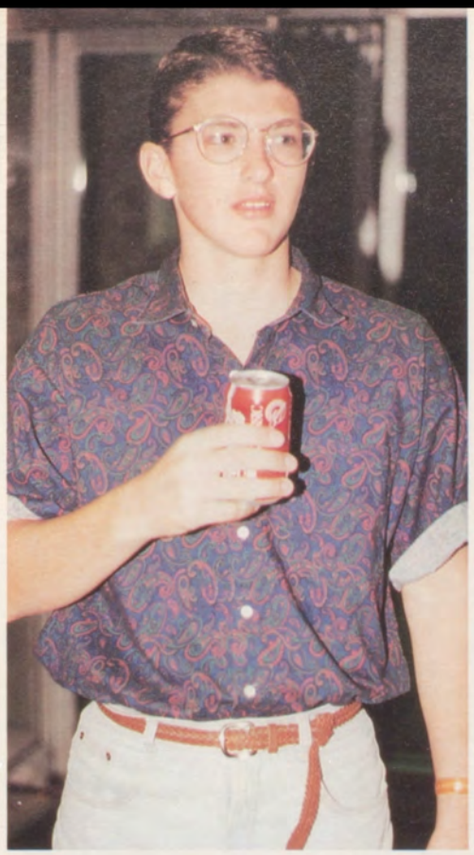

▲▲ **"Do we look good or what?"** asks Seniors Lee Canalas, Zach Horne, and Jeffrey Jansky, as they sport their ties at the game.

▲ **Busting them Kool-Aid smiles**, are Juniors Jennifer Hubble, Rebecca Diaz, Andrea Martin, and Brandy Hughes, as they show the more casual styles.

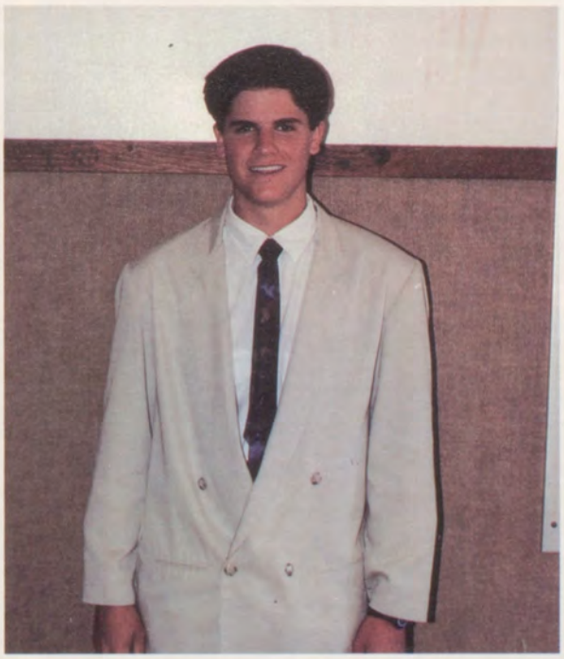

► **"Unhandcuff me!"** says Senior Erin Ruthven in her silk jacket and black suede shoes giving us the Erin Ruthven style.

◄ ▼ **It's the New Style!** No, just Junior Gene Cervenka showing us his own style, with a suit and tie, and SHORTS?! look.

▲ ▲ ► **Are we seeing double?** Seems that way, but it's just Seniors Jennifer Hejl and Heidi Zimmerhanzel dressing similiar in the latest denim style.

▲ ◄ **What's so funny?** In all smiles these Senior girls are modeling the variety of fads that struck the year.

▲ **"Things that make you go hmmmm"** says Freshman Quint Demps along with his posse as they sport the more casual styles.

GET READY FOR IT

An Honored Tradition

Though the September sun beats down unrelentlessly on Heritage Square, animated spirit fills the air. The football team and Hi-Steppers stand in smiling groups as the cheerleaders and Bad Boyz perform skits and cheers. This is no ordinary pep rally: cameras flash and mums jingle as the students of THS past, present, and future unite for the most honored high school tradition-HOMECOMING.

The past week had been full of activities, including the election of Queen nominees: Sandra Ancira, Jenavie Carmona, Patricia Dominguez, Stacy Gonzalez, Paula Johnson, Diane Melendrez, Trekeshelia Sorrels, Andrea Torres, and Heidi Zimmerhanzel. A spirit walk to Memorial Field was organized for Thursday night, followed by the burning of the THS and a car rally. On Friday,the Pep Rally began at 1:30. Later, former THS students gathered for an assembly and were presented with a blast-from-the-past "Jeopardy" game performed by the Drama Club. Pre-game ceremonies began at 7:00, along with the crowning of the '91 Homecoming Queen, Paula Johnson. Princesses were Heidi Zimmerhanzel and Trekeshelia Sorrels. Kickoff began with a burst of spirit from the packed stadium. The Ducks kept us on the edge of our seats as they battled the McCallum Knights. Though the close game ended in a 21-15 victory for the Knights, the strong, united spirit and the memories of Homecoming '91 never died.

▲ **"Am I the king?"** asks Jeffery Jansky as Paula Johnson is being crowned Homecoming Queen.

▲ **"Do we have spirit or what?"** asks Kim Kropp, Tara Hays, Heather Haverland, Carla Potts, Bethany Carlson, Brad Schmidt, Joe Esquivel, and Josh Schroeder.

▶ **"Smile for the camera everyone!"** Zach Horne escorting Princess Heidi Zimmerhanzel, Jeff Jansky escorting Homecoming Queen Paula Johnson, and Valery Jackson escorting Princess Trekeshelia Sorrels.

◀ Is that leg attached to a body? Heather Mott and Tessa Rhoades wonder as they pose mysteriously.

▲ Huddling together to support our Duck team are Terry Zrubek, Alice Hejl, Heidi Zimmerhanzel, Jennifer Hejl, and Darren Moeller.

▲ Why burn T-H-S? To show how hot our school spirit is.

▲ "Are our teeth white enough?" asks Steppers Brandy Hughes, Andrea Martin, and Anna Riggs.

▶ "We're almost there" says Homecoming Queen nominee Patricia Dominguez escorted by David Ariola.

DOMESTICATED CRITTERS

A spiced up definition of the word pet is a domesticated critter treated with affection and kept for fun and companionship. Some pets are quiet. Some pets are loud. But, to an owner, no meow, bark, glub, squeak, or quack is either too silent or too noisy. Some pets require minimal care. Some pets require maximal care. At any rate, no effort is strenuous when it comes to taking care of a beloved pet. Some pets are furry. Some pets are scaley. Nevertheless, no fur is excessively fluffy and no scales are overly dry. Some pets are cute. Some pets are ugly. However, beauty is always in the eye of the pet owner.

Each pet undoubtedly has special meaning to its owner, but have you ever noticed that many people truly look and act like their pets? Cat people are aloof. Dog people "slobber" all over the ones they love. Lizard people don't eat flies but are a little off beat. Fish people often fail in their efforts to breathe under water. Last, but not least, duck people are spirited.

Pets brighten their owners' days and provide the consistent love, understanding, and companionship that even the best of human friends seldom provide.

◄ ◄ **Ooohl That feels really good.** Tabby purrs as his owner Val Jackson pets him.

◄ **"Cut my hair please!"** says Smokey as he and David Carrizales pose in front of the Christmas Tree.

▲ **Aren't we one big happy family?** Darren Moeller, Abby, and Bruser smile for the camera.

▲ ► **101 spots!** This beautiful dalmation Smokey belongs to Cheryl Janek.

► **Beware of Attack cat!** Spot stands guard over Principal Doug Ruthven.

► ► **Swim fishies swim!** Joey Razo keeps many of his pet goldfish in his aquarium.

▲ ◄ **Snowy want a cracker?** Patricia Dominguez tries to get her bird Snowy to perch on her finger.

▲ **Kiss me. I Love you!** Brandi Marek owns these two spunky dogs Oscar and Buffy.

◄ ◄ **Fluffy is more than a handful.** This big beautiful rabbit belongs to Natalie Roznavak.

◄ **My cat walks all over me!** Monee Reichenbach loves her beautiful cat Sebastian.

▲ **One of a kind.** These dogs are truly one of a kind. Zach Horne shows off Fuzzball and Daisy.

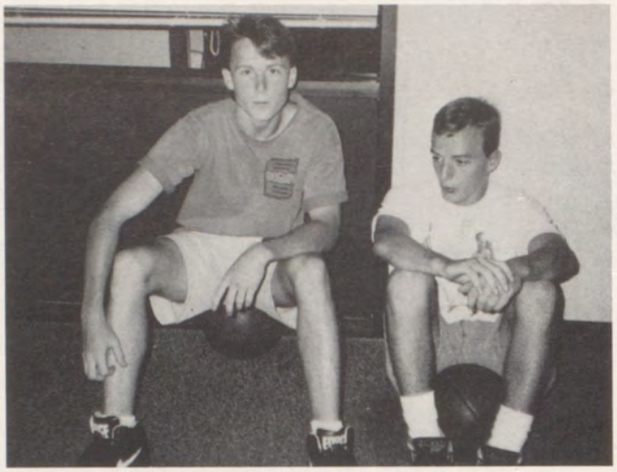

Popular Pets

Of 170 students surveyed at Taylor High on their favorite pets, these were the results:

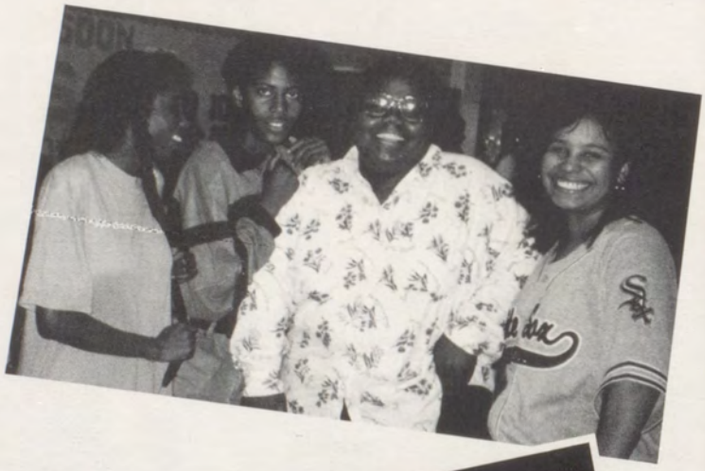

Dogs	72
Cats	44
Horses	15
Rabbits	12
Reptiles	9
Fish	9
Birds	9

▲ **"Do we have to pose for this picture?"** think Seniors Paula Johnson and Tammy Limmer.

▲ **Sitting on the sidelines,** Sophomores Karl Fuessel and Stephen Rieger wait for a burst of energy to go play some ball.

◄ **"Peace to ya'll!"** proclaim the cheerleaders Andrea Torres, Diane Melendrez, and Stephanie Kruse.

▲ ▲ **"Hey, look. She's taking a picture of us!"** says Benell Blakely as Keisha Ross, Lakentra McNeal, and April Hannes gather around her.

▲ **Let's get together!** Seems to be the thoughts of Karla Potts, Tammy Stiles, and Brandy Roznovak as they show their spirit.

◄ **The Studs?!** Seniors T.J. McCully, John Salazar, and Tammy Limmer think that they are studs posing for the camera.

Unconditional Friendship

As children, our parents were the most influential people in our lives. They gave us our values, morals, and rules, and led us through every situation by holding our hands and offering comforting hugs.

Now, as high school students, we have asserted our independence, and though our parents still make the rules(unfortunately, at times), our friends are most often the major influence on our lives. With the many problems we face through our high school years, our friends are the ones who give as a shoulder to lean on and a smile to cheer us up. They are the ones who love us unconditionally, and though squabbles may erupt, the friendship overcomes in the end.

A true friend cries with you when you're upset, laughs with you when your goofy, and takes pride in your accomplishments, and no matter what falls in your path, a friend will stand beside you.

Our lives ahead are unknown, and the unknown is often scary. Many of us will go on to college; others will head straight into the working world, but all of us will need friends along the way. Though our friends may change in the years ahead, the ones we have made in high school will hold the biggest place in our hearts and the fondest memory in our minds, and that's definitely something we can count on.

▲ **Time Out!** Rebecca Diaz, Andrea Martin, and Cindy Remmert take time out from their soda to pose for the camera.

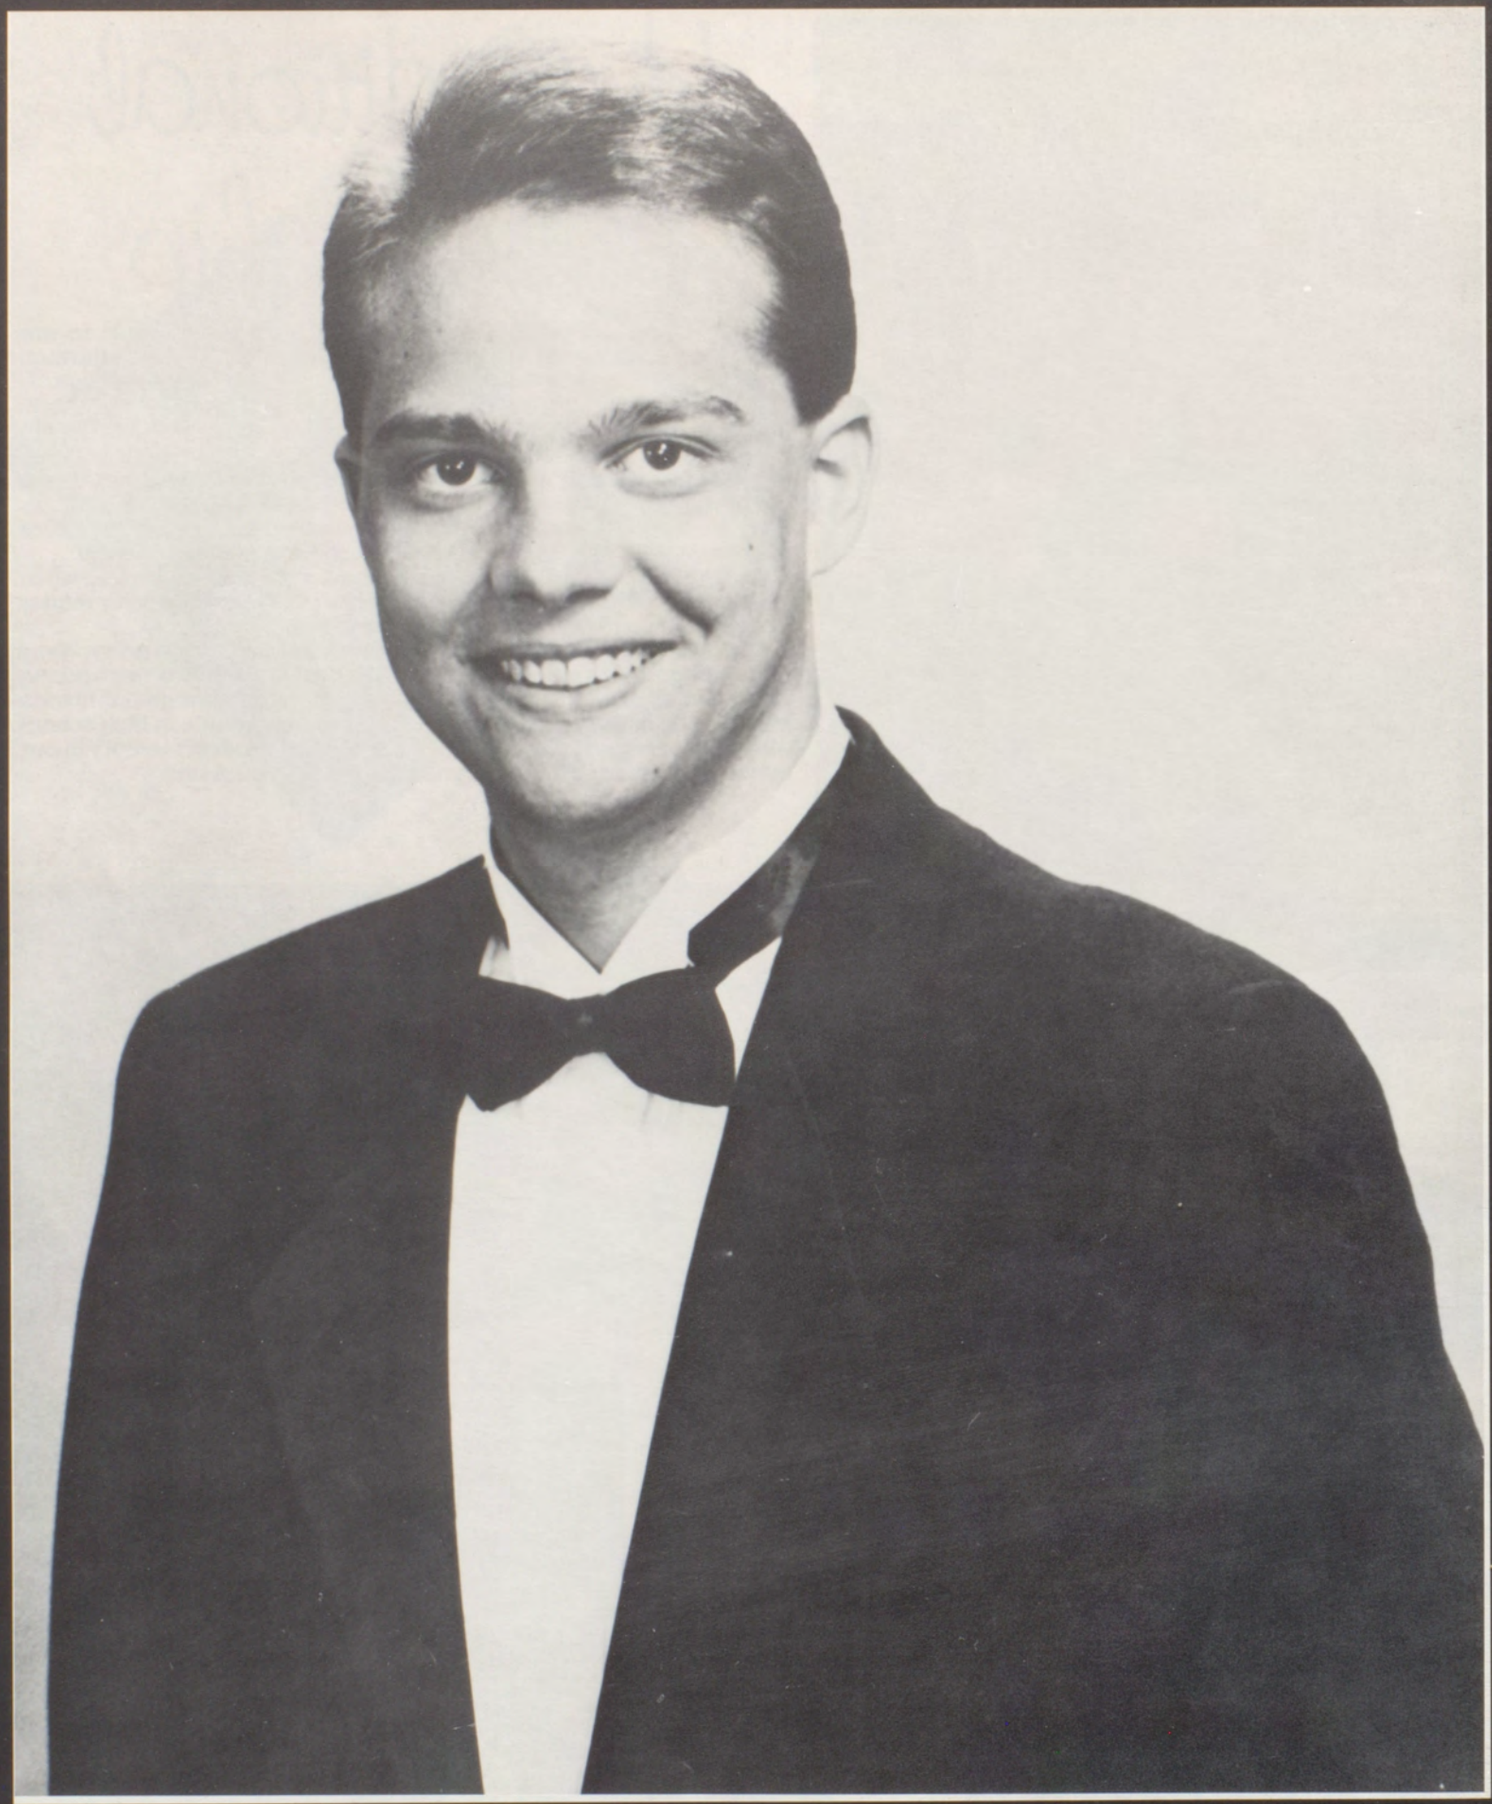

▲ **"Aren't they just picture perfect?"** Catherine Raesz and Kari Caplinger hug each other.

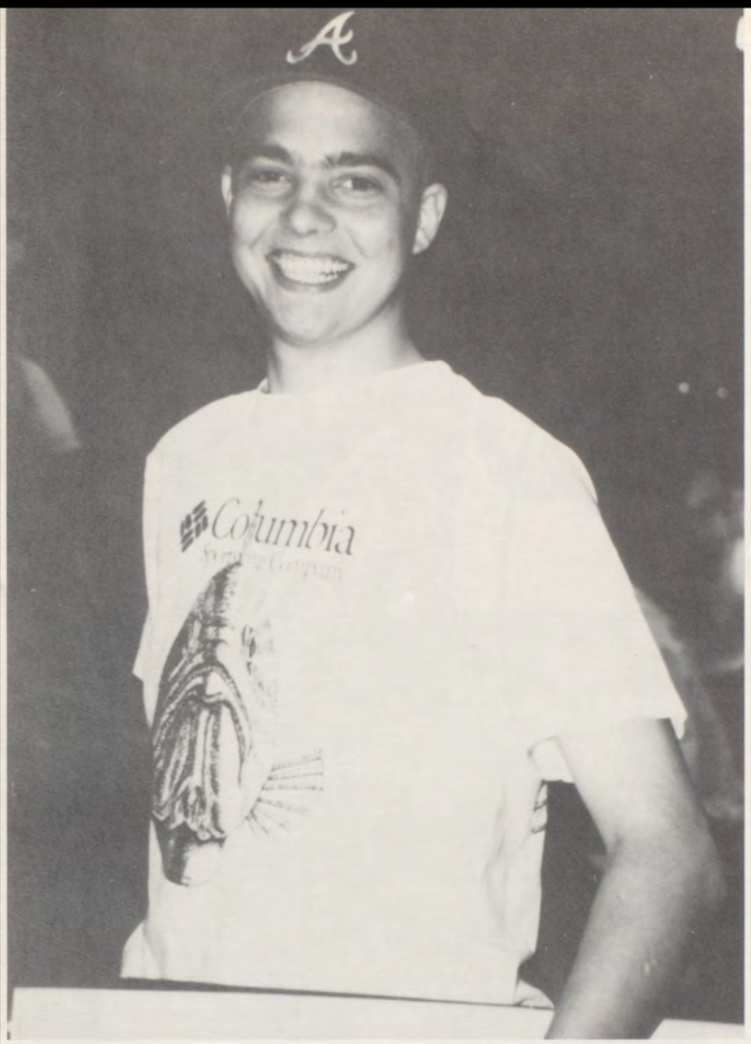

► **"Wow! Look at those gorgeous faces."** These friends smile beautifully for the camera:Shelly McAlpine, Becky Turner, Bethany Carlson, Patricia Dominguez, Kari Caplinger, and Heidi Zimmerhanzel.

► ▲ **All Aboard!** Paula Johnson, Rebecca Diaz, and Andrea Martin pile in on their way to New Braunsfels.

The Oldest Attitude

"I'm a Senior, DEAL WITH IT!" This seemed to be the overwhelming attitude, and the blunt(sadistic) air of all seniors. Why? Senior year was a time of uncertainty. Filled with so many hopes, dreams, and great expectations, all seemed to be lost in the shuffle between research papers, tests, admission/scholarship applications, friendships, and more importantly- growing up. As memories of the past twelve years filled the air, senior year was a time of chaos and confusion, fear and worry — but despite all this a sense of joy and happiness overcame in the end. Graduation meant more than just finally "getting out." Graduation represented the closing of past chapters and the start of new beginnings, for it was a time to venture out and experience new and different things. It was the time for getting in touch with our innerselves. Senior year was a time of great responsibility. Deadlines were around every corner, scores from SAT/ACT were in the mail, important decisions that would affect the rest of our lives were being made, our curfews were later, and the pressure was definitely on us. That's why, if stopped on a busy day by someone who might ask what his problem was, a twelfth grader's only reponse would more than likely have been, "I'm a Senior, DEAL WITH IT!"

We're Outta Here!

Graduation — an end? No, a beginning! For twelve years we waited for the night when we could say, "We're outta here!" As the Class of 92 listened to Paula Johnson, valedictorian, and Amy McLean, salutatorian, everyone remembered the memories, good and bad. What we didn't realize was that on that night we were making memories on the stage in the auditorium. It was a night that was long awaited and was over in a flash. As we traded crayons for our diplomas with Mr. McMakin, we were trading childhood for adulthood. We showed we were ready to venture into a new world, but we would not forget the old one. The memories and friendships shared among the Class of 92 would forever be true and never forgotten.

Class of 92

▲ *Listen carefully.* Valedictorian Paula Johnson enlightens the crowd with her metaphorical speech during commencement.

▲ ▲ ▲ *All that money!* Twenty-six proud scholarship winners smile as they pose for a quick picture after graduation.

▲ ▲ ◄ *We made it!* Patricia Dominguez happily receives her diploma from Mr. Ruthven.

▲ ▲ ► *"Aren't they great?"* Principal Doug Ruthven tells the audience what a wonderful class the Class of 92 has been.

▲ *I'm getting tired.* Seniors listen attentively as the graduation draws toward the end.

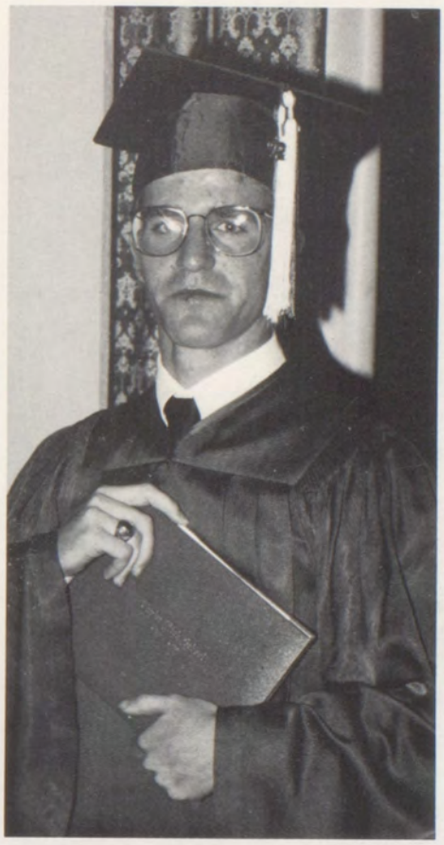

▼ *Thanks so much.* Mark Schroeder shakes hands and smiles as he is given his diploma.

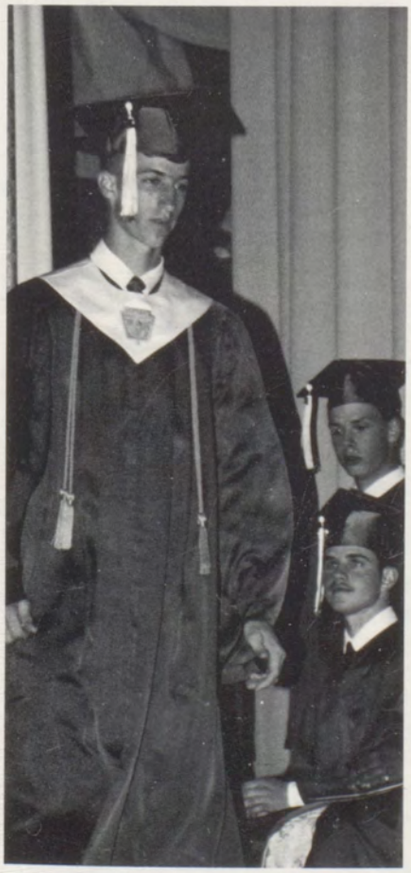

▼ *The tears in their eyes tell it all.* Sandra Ancira, David Ariola and Jenavie Carmona sadly hug each other goodbye.

▼ *"I'm not letting go of this!"* Chris Kuempel holds on to his long awaited diploma with a firm grip.

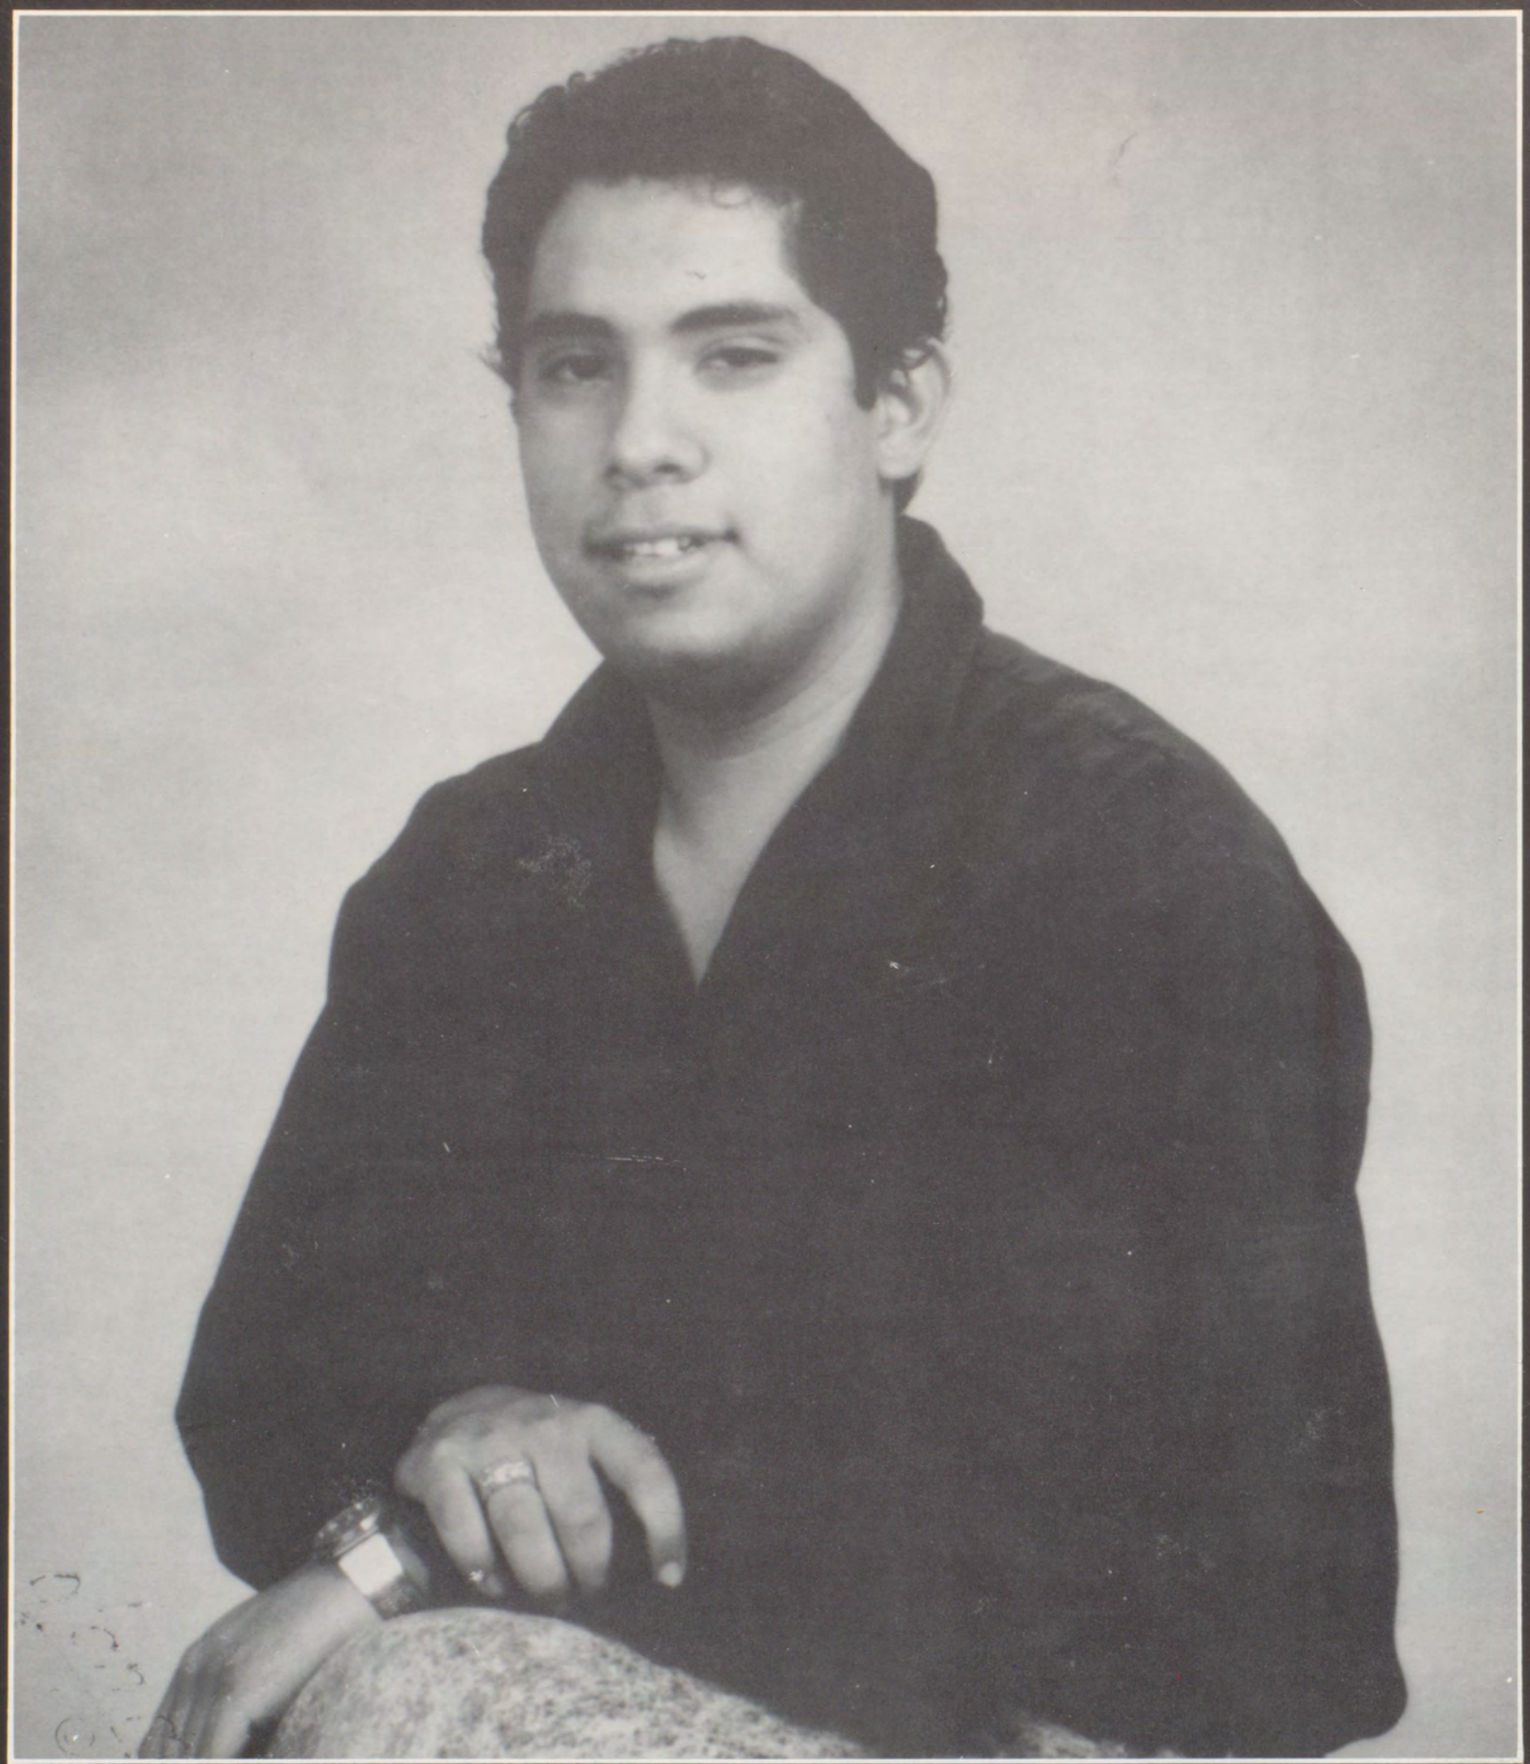

▲ *March this way.* Jeff Jansky anxiously marches across the stage to receive his diploma.

▲ *One last big hug.* Joe Esquivel, Amy Stalmach, Zach Horne and Bobby Martin give each other support before graduation.

▲ *All seniors come together as one.* Valery Jackson gives a tear-jerker speech that won the audience over during graduation.

Enchanted atlantis

It all started in November. First it was going to be the "Generic Theme". Then a sudden burst of creativity yielded the "We Can't Decide on a Theme Theme". Finally, the Class of '93, inspired by the class of '85, came up with the NAUTICAL idea for "Enchanted Atlantis". So we spent the night under the sea with Fred and Francis Fish and their crew of men-o-war.

Once the gals sculptured their nails and up'd their do's and the guys fastended their bow ties, the night swept many of us away to places where we couldn't pronounce the menu. After dinner, the folly of frolicing in our new duds created zany memories for the '92 prom-goers. With a *snap*snap* the pictures were taken, and we all pranced off into the moonlight, and for some the sunrise, to cherish the magic in our own individual styles.

▲ ▲ **It it really over?** Chris Godwin helps take down a star after the prom — a souvenir of a fun night.

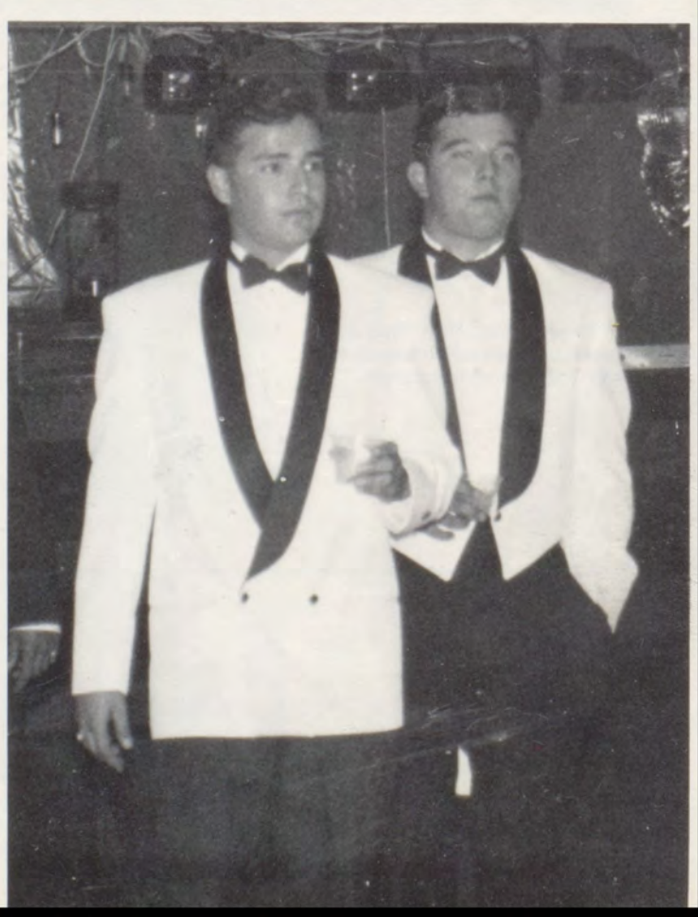

▲ ▲ ► **Taking a break from the dance floor**, Jason Bland, Letha John, Cheryl Janek, Joyce Hluchan, and her date admire the decorations.

► ► **"Hey- We're here, the party can start now!"** Joe Esquivel and Lee Canales scope out everyting going on at the prom.

► ► ▲ **Bottoms up!** Mike Turner and William Jackson toast to the Junior Class on an excellent Prom.

▲ ◄ **Best night of the year- except Graduation!!** Jennifer Hejl and Heidi Zimmerhanzel enjoy their senior prom.

▲ **Wha'd you say? ----!----!** Let's all do the Cotton-eyed Joe! Kim Holub, Tina Wilhelm, Melissa Blaha, and Cheryl Janak grab their partners and do-si-do!!

▲ ◄ ◄ **Are you down with PPA?(Pre-prom activity that is!)** Aaron Stevens got it- as he left the Magic Time Machine, and went to the prom!

▲ ◄ **It's hard to surf under the seal! But we are going to try.** Val Jackson, Joe Esquivel, and Zach Horne teach the "airplane effect" to Greg Hyzak.

▲ **"It's my fish-you can't have it!"** Natalie Roznovak holds one of the many fish that were created for prom night. This one was most likely made by her!

▲ ◄ ◄ **The Doublemint twins??** Almost! Rebecca Diaz and Andrea Martin enjoy the prom, especially because they know they helped to create it.

▲ ◄ **"Odie, get off of my dress!!"** Kim Schaeffer and Odie Vanacek are already at it, as they are caught off guard while entering the prom.

◄ ◄ **"Which way to the beach?!"** Tracy Dominquez, Tanya Holub, Candy Patchke, and Karla Potts, four of the freshman servers, pose for a quick snap.

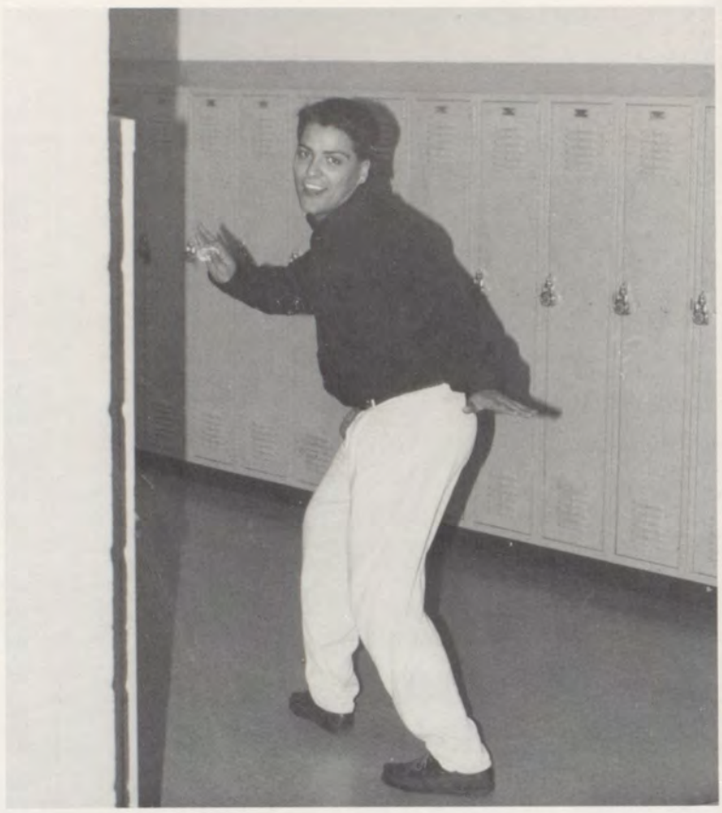

◄ **Looking good.** Michelle Freeland and Robert McDonald jam and party hardy in an enchanted sea.

Caught in the Act

Inquiring minds always want to know what this junior class is up to. Whether the headline reads "ENTIRE ENGLISH CLASS CROUCHES IN CORNER TO SING HAPPY BIRTHDAY" or "SILLY PUTTY AT FAULT IN CLASSROOM CATASTROPHE", innocent bystanders know exactly who to point the finger at. Yes, we were responsible for the awful singing resounding from the Physics lab. And we have been known to turn off the lights and belt out our priceless rendition of "Never Tear Us Apart"(You know- Don't ask me/what you know is true/Don't have to tell you/I love your. . .BLAH, BLAH, BLAH, etc.) Forever exchanging "Deep Thoughts" and our favorite SNL memories, we continue to grow as "sitting-up-mud" and entertain our less humorous underclassmen, coaching them in the art of folly. (Hey, at least we think our jokes are funny!)

And what excellent cinamatography. Friends, country, Roman men! It's a boy all right! Long live Ni-i-i-ck and Caesar. Speak eggbeaters for me! Definitely proving our movie-making abilities, the junior class turned in some funky videos if the assignment was right. We simply belong in front of the camera, even if it kills us. (Remember when we hit Misty with the car?)

All in all, despite our zany musical rituals and mindless worship of that love god Pat, the junior class is- well, frankly we're just weird. But we're good at it and that is what really counts. Let's have one more show stopper guys! rrrRRrr!

22 Barrels of red-necks
19 Dashes of old-fashioned normals
40 Scoops of wanna-be's
25 Handfuls of jocks
20 Liters of nerds
13 Gallons of preps
33 Bushels of punks

To enjoy a scrumptuous sophomore mix, follow the instructions and combine into one medium sized high school.

First of all, pour in 33 bushels of persistent punks. Then add 13 gallons of "stuck on themselves" preps. Next toss in 25 handfuls of muscular jocks. Mix 40 scoops of wanna-be's and 19 dashes of old-fashioned normals. Finally, gradually add in the final ingredients of 22 "yippee-ei-aye" red necks and 20 liters of nerds.

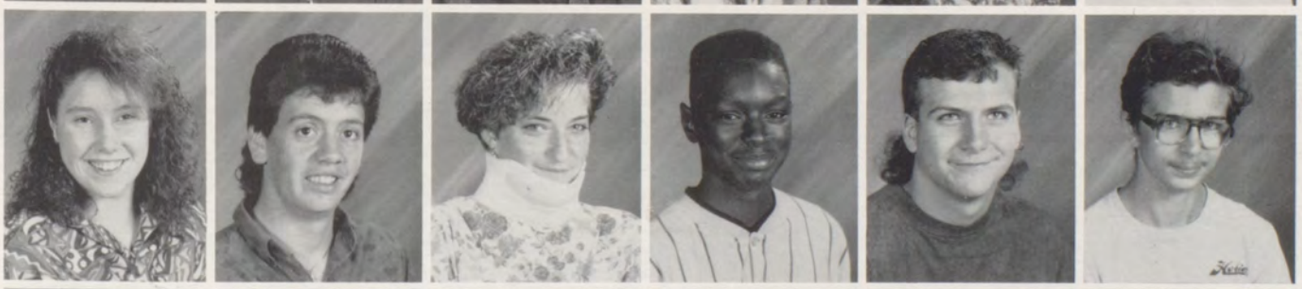

When this mix is completed throw in a few driver's licenses, a couple of cars, and a lot of changed personalities.

This makes 1 sophomore class consisting of 172 different unique "attitudes".

"Hey, look at us!" These sophomores from Mrs. Cole's class are studying hard.

Where's room 602? OUTSIDE?
What do you mean by lock out?
Can I have a ride to lunch? PLEASE?
What exactly is a Freshman?
Senior Answer: A member of a very, very lost breed of Tuna.
Junior Answer: You know! Those things that grow on whales.
Sophomore Answer: An unwanted past indentity that has serious mental and physical problems.
Some of us are Freshman once in life.
Some of us were 9th graders but never Freshman.
Some people are Freshman all their lives.

A Faculty of Friends

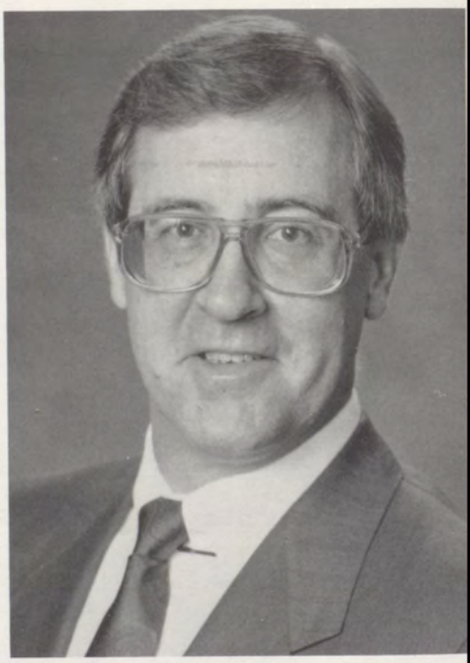

The faculty at Taylor High School had always tried to influence the students to be one big family. This year the faculty succeeded in that. Taylor High School had had so many different types of problems, but with the help of the teachers and the administrators, Taylor High School over came the many difficult problems we faced every day. The teachers at Taylor High didn't just come to teach, but they also came to be your friends. No matter what type of problem you had, whether it was with a research paper or a personnal problem you could always count on and feel comfortable coming to one of the many caring teachers that we were privileged to have had. We feel honored and proud to have had teachers here at Taylor High School that we could learn from and be friends with.

Sportin' an ATTITUDE

FOOT BALL

The Winning Tradition Continues

Their Very Best

It has come and gone once again, the football season of the Fighting Taylor Ducks. Although we had only three victories, all the games were closer than they actually appeared to be. As the season progressed so did the companionship and moral of the team and all the supportive Duck fans. At the conclusion of each and every game, there was still the crowd of fans around the football team.

As the season started off slow with a loss to Austin Travis 20-31, we looked forward to the remainder of the season so that we would be able to prove ourselves to our school and community that we could win and end up on top. At the conclusion of non-district play, our record of 2-3 was one that could be better. We knew that all of the five previous games didn't count toward our playoff hopes.

We went into district looking for a great way to finish the season. For the first time in several years our first district game was to be played at home on Memorial Field. We went into the Midway game looking for a win to even our record, however, it was not meant to be our game or our season. Each and every one of our district games came down to the wire, specifically the game at Georgetown. We went into the final five minutes with a 14-7 lead. Our defense did their best but we ended up losing 14-17 to the Eagles. The attitude of the team, however was one of winners, even with a record of 3-7 winners they will always be-playoff bound or not.

"It was a very disappointing season since we thought we were going to the playoffs once again. It just wasn't meant to be, however the kids worked really hard and did Taylor proud." Coach Kuhl

"Although it wasn't the most successful of seasons, it was valuable in supplying experience to underclassmen and fun for both the players and the fans that participated this year." Travis Stiba

FOOT BALL

Future of a Winning Tradition

A Sight To See

The Junior Varsity and Freshman teams have shown that Taylor High School Football will be very rewarding in the near future. The freshman were 9-1 and District Champs. The only game that they lost was the first game of the season by only one point. The freshman proved that they were for real and are the future of Taylor Athletics. Although the season started off slow they flew through their district schedule allowing only 32 points in five games.

The Junior Varsity really had a great year on the field. They allowed only 47 points to be scored on them this year while their opponents allowed the Ducks to score 250 points during their five games of competition. They ended up being Co-District Champs after losing their final game by eight points to endup 9-1 on the year.

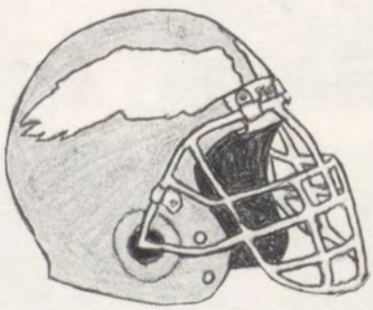

So do look out for the Ducks of the future because it is plain to see they'll be a sight to see!

FIGHTING LADY DUCKS SAY

Together We Can!

Volleyball season began in the summer while most students were still enjoying the long vacation. The girls slowly filed into practice with great expectations, excitement, and a combination of fear and anticipation of the upcoming competition. After cuts, dedicated team members began practicing for predistrict tournaments, however, all eyes were set on the district contests which were set to begin later in the year. Everything was going along steadily with an even number of losses and wins until unfortunately all hopes were banished as negative attitudes ripped the unity of the team apart. "The beginning of the season was very frustrating and disappointing. With each losing game, the team drifted further apart, but since things always get worse before they get better, I'm glad I stuck with it," said Senior Octavia Gray.

Mid-season several team members were expelled from Freshman, Junior Varsity, and Varsity leaving the Lady Ducks struggling to rebuild a new team only two weeks before district. The Lady Ducks came together with only two teams — Varstiy which had only three seniors, two sophomores, and three freshman; and a Junior Varsity team with almost all freshman and a few sophomores. "TOGETHER WE CAN!" was their motto and together they did. They weren't very successful as far as scores were, but as far as determination, spirit, hard work, and team work . . .they could have been district champs. "In my eyes they were the district champs," said Varsity Coach DeArylon Jones.

WORKING TOGETHER

Together We Can!

The 1992 season started off successfully as the team defeated most of their opponents and earned the consolation championship at the Hutto tournament. The twelve players on the team worked very well together and were one of the best JV teams in the central Texas area. After the loss of some players, the team consisted of mostly freshman members and a few sophomores. Although playing against much more experienced teams, the JV showed some flashes of brilliance during a few matches. Thus, the coaches are very optimistic about next year's team. With so much JV experience behind them, this year's crop of freshmen and sophomores should excel next year. The team was led by hitter Daphne Cervenka and setter Tracy Dominguez while defensive specialists Diana Safarik and Felicia Thompson backed them up. Tanya Holub also provided good sets for hitters Leslie Blackmon and Nicole Felder while Makesha Houston provided excellent passing from the back row.

Hoopin' It Up

The numbers don't always tell the whole story. You might ask, "What is the whole story?" Our boys continued to put up a good fight even through hard times. These guys put in more hard work than most teams, and there were no bad attitudes! They worked together as one, and their team work paid off on the court.

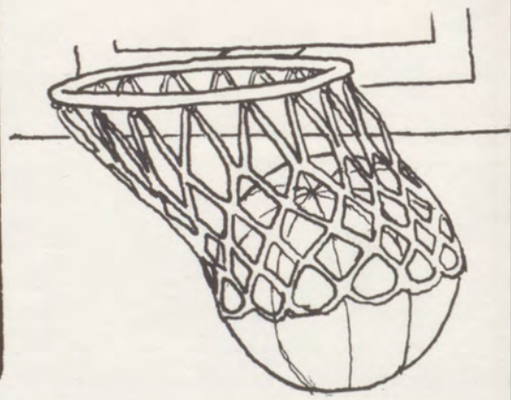

Times became tough when they lost some players the game before district started, but the players never gave up. Another misfortune faced the team when they lost a fellow teammate and close friend, Jason Rydell. Always behind him 100%, our guys wore black ribbons on their jerseys and played their hardest for him!

Their final record of 20-11 proved how hard our guys worked to overcome barriers. Having entered three tournaments, Taylor came out 1st in the Burnet tournament, 2nd in the Harlingen tournament losing the championship game by 1 point, and 2nd in the Taylor tournament being beat by McAllum who went to the final four in the state playoffs. Not only that but the stars where shining. All stars were Keithon Kerley (1st team and Academic all district), Jeff Jansky (2nd team and Academic), Val Jackson (Academic), and Thomas Barcuch and Edwin Hill (Honorable Mention).

Next year, even though they are losing all their seniors: Jeff Jansky, Keithon Kerley, Thomas Barcuch, Edwin Hill, and Valery Jackson, their determination will keep them going strong.

Showing Their Stuff

Basketball

It was a very eventful year for this year's Lady Duck Basketball team. They participated in the Taylor, Burnet, and Rockdale Basketball tournaments before district play started in January. The girls had a really hard district schedule with teams like Midway and the state runner-up Georgetown. Our girls showed up well when they had to go up against teams like these.

The girls started the year off with several wins in non-district play. Unfortunately, when their tough district season come around, they struggled and were only capable of pulling out one district win. There were some good points in this season though as Coach Gerald Jones stressed when he said that they "were able to play a lot of younger girls, so that they have experience for next year.

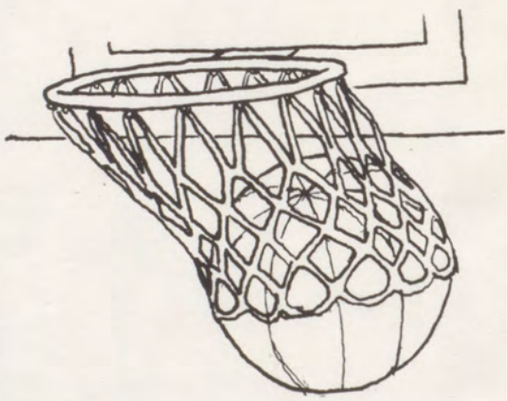

The Lady Ducks are ready for what the future holds in the next couple of years. The majority of the girls were very young and said that they were definitely "looking forward to the next years basketball season, and what Coach Jones had in store for them."

Because of the young girls on the girl's basketball team they should have a good team next year and will be able to play with the best teams in the state. The only players that they lost this year were Hosetter Hargrove, Patricia Dominguez, and Beverly Branson.

So come out next year and back the Lady Ducks as they play their hearts out and show what Taylor High School Basketball is all about.

Hoopin' It Up

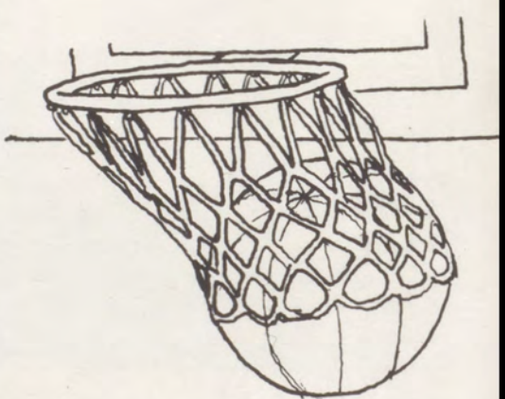

The 91-92 Junior Varstiy and Freshman boys basketball teams did an excellent job. They both started the year off strong and as the end of the season rolled around they still were ticking like clockwork. The Junior Varsity team, consisting entirely of Sophomores, really excelled in non-district and in district play. The future of the Taylor High School basketball teams looks very good.

When you think of Freshmen, you usually think of immaturity and an unwillingness to cooperate, but this class really had "Class"; both the boys and girls teams were very successful. The boys ended the season with 23 wins and 4 loses, were 9-1 in district, and won the district championship for 18 4A. The Freshman girls also excelled in a way. They proved that their program is on the up and up.

The future of basketball in Taylor is going to be excellent. So look out Taylor High, here comes a group of winners.

Boy's Track

The Taylor Duck Boys Track team made us extremely proud because of their performance during the track season. Although the team did not consist of all the talent it had in years past, their will and desire to compete and excel brought each individual member to his peak of fitness. Each person gave his best effort, not wanting to let his teammates down.

This group of hard workers knew that to make a team it takes tough, strong, and united teammates all reaching for the same goal, to be winners. The team always pulled together to reach their fullest potential and to accomplish everything they were capable of.

Girl's Track

The girl's track team really had to stuggle this year. With a very limited amount of track members, each girl had to put forth an extra effort just to be able to compete with the other teams. Despite all their hardships, the team managed to pull out first places in the 100 meter dash, the Sprint Relay, and the 800 meter relay at the district track meet in Midway. Diane Safarik also got third place in long jump.

In the end, due to their hard work and intense will to win, the result was a year they could take pride in, and show everyone that when the odds are against THS, we always seem to come out on top.

th anything in life, it takes hard o be successful. Preparation, ation, and dedication are three acts to follow, but the Taylor team had no trouble in any of departments this year. Our ere set on the Regional Team Tournament in Houston. We ked hard every day, and each e tested our ability with dual Finally, the District meet in town arrived where we won were on our way to Regionals! to stay in the fancy Holiday Inn ston, and though our team advance to state, we had met our goal-now who says hard work doesn't pay off?!

After our Christmas break, the tennis team was back on the courts again, preparing for the big spring season. We set an even higher goal this time-an enviable position at the state meet. Through the cold winds of February to the hot, humid days of April, we gave our best on the court.

We were rewarded with the trophies we took home with us.

Finally our preparations were put to the test. The Spring District meet in Georgetown was upon us, and we were determined to advance to Regionals. The spirit and pride was obvious. To our excitement, the three doubles teams; Keith MaCuk and Terry Zrubek, Patricia Dominguez and Tracy Dominguez, and Monee Reichenbach and Kristen David had all advanced to Regionals in Huntsville. Though their trip ended in Regionals, one thing is clear-hard work does pay off!!

At the beginning of the season, it was doubtful the team would be successful. But as the golf season progressed the competitive spirit enveloped each individual and the desire to win surfaced. One player in particular, Tracy Dominguez, rose to the challenge and displayed her golf skills by placing 5th in Regionals at Huntsville.

The golf team went to many tournaments and did very well for a small team made up mostly of inexperienced players. Even if they didn't win every tournament, it was still fun to just spend the afternoon playing a relaxing game of golf in the sun. It was also a good excuse to miss school. People realized how much fun golf can be, and all of the great friendships that form during the golf trips.

The Tradition Returns

Baseball

For the first time since 1989 the Taylor High School Varsity Baseball team was in the playoffs. The Ducks won their first and second round playoff games; the same that they did in 1989.

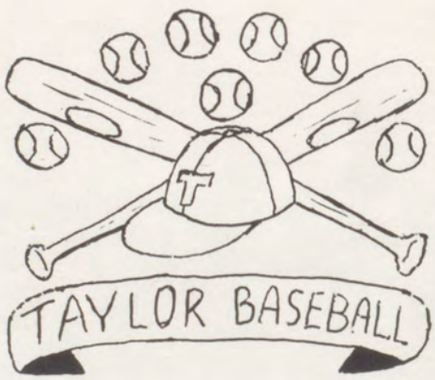

The team was very capable and were very dedicated to what they were doing playing Taylor Duck Baseball the way it should be played. The guys practiced really hard everyday after school and played their guts out during the season, and when they got into the playoffs, they practiced even harder because they knew the teams that they would be playing would be tougher and the games more exciting.

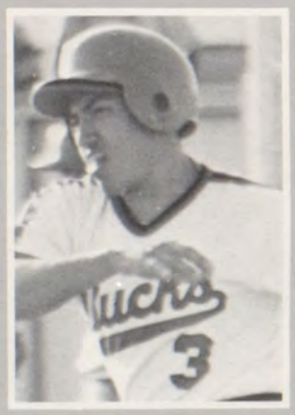

This year both the Varsity and J.V. teams went 7-3 in district. At the beginning of the year there were so many guys out for baseball that Coach Kuhl made up a short schedule for a strictly Freshman team. The Freshman team also fared well in the games that they were able to play in the early part of the season. They showed great potential and will more than likely do Taylor proud in the future. However, after the Freshman schedule was finished, the majority of them ended up playing on the Junior Varsity team.

The students of Taylor High School should be proud of the accomplishments of the baseball team this year. The team has done Taylor High School proud in so many ways; they went to the playoffs and won, they ranked with the top ten in the state at one point in the season, and they returned a two time state championship tradition to Taylor Duck Baseball.

ATTITUDE

A Distinct Honor

You could say that National Honor Society was one of the most prestigious clubs at Taylor High School, but it takes more than just good grades to become a member. When filling out an application for NHS one had to be involved in other clubs and had to have some service projects under his belts. After applications were filled out, teachers put the final approval on them. As a member, they donated toys for needy children at Christmas. They helped at the benefit for Jason Rydell. NHS also named one of the scholarships to be given in his memory. The major fundraiser for the year was the varsity football concession stand. It provided enough money to give generous scholarships and kept the members from having to serve a dinner. Overall NHS had a very productive year. They displayed leadership and finished the year feeling they had helped and serviced many people.

Math Efforts

After a busy and hectic year, Mu Alpha Theta had many good intentions. In December, the club tried to raise some money by trying to sell family portraits. Due to lack of sales and interest of the public, the fundraiser idea fell through. Also due to the lack of a availability of dates on the calender, Mu Alpha Theta scheduled a Talent show in late May. With everything going on, no one had time to participate. Both activites were great ideas, they just fell in the wrong place at the wrong time. We applaud their efforts and wish them success next year.

Business Professionals of America

Business Professionals of America(BPA) is an organization of students that have taken at least one of the five courses: Office Administration, Accounting, Office Support System, Business Information Processing, or Business Office Support Services. These courses prepared students for the business world. They learned how to operate different types of equipment, programs, and learned the correct ways to write business letters. Also members of BPA that participated in at least one of several different events attended a leadership conference. This year the conference was held in Caldwell on February 1. The members that placed advanced to nationals in Cincinnatti, Ohio. Those that didn't place left with experience gained from the conference. Business Professionals of America was just one of the great organizations for the year.

A Wagon Full of Trailblazers

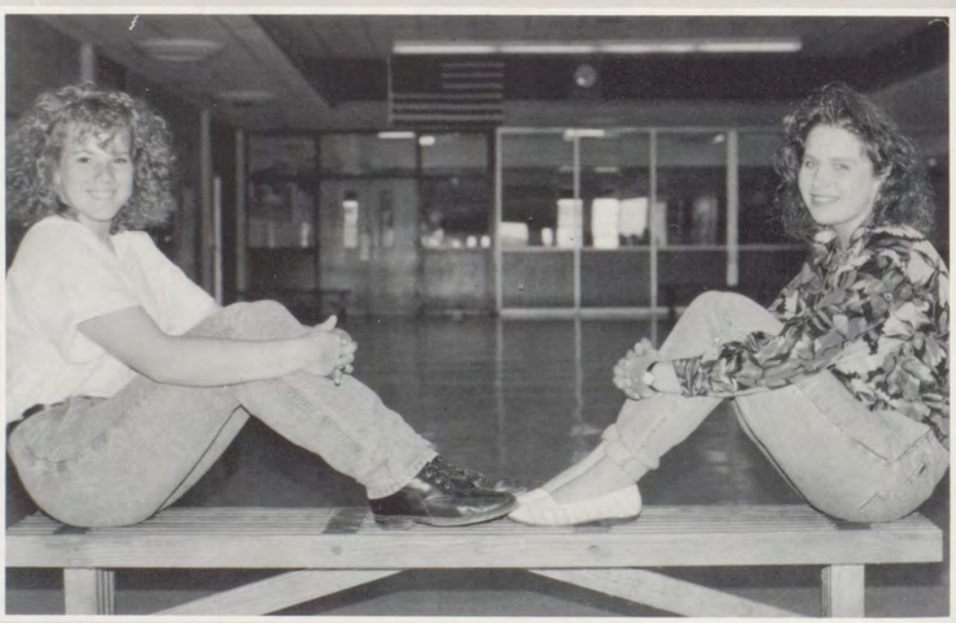

As the dawn encroached upon the sleepy town of Taylor, the cowboys tethered their horses to the hitching post of THS. Minutes later, a wagonful of trailblazers hit the trail with donuts in hand on a journey up north to Waco, Tx. They were mean and angry. They were out for medals.

When the wagon pulled up to the old McClennon Community College, the cowboys anticipated the fierce rivalry of the archenemy from Waco Midway. As they sauntered past on the sidewalk, the cowboys' hands twitched holding their pens and pencils. They felt no fear, only eagerness to begin the dueling. AND DUEL THEY DID!

By sundown, the writing pens scratched no more. The deed was done. The trailblazers had prevailed once again. The dangerous duo of Travis Stiba and Marsha Kokes annihilated the Readywriters and made off with the gold and silver that Waco Midway usually kept locked in a vault. Cheryl Janek and Mona Schneider keenly calculated how to steal the gold in the Accounting division, while Rebacca Kautz proved she had the fastest fingers in the west in the Keyboarding competition. Brad Hargis sweet talked his way into the 4th place spot in Lincoln-Douglas Debate, while Misty Lawrence and Kim Holub placed 4th in the Spelldown. At last all our broncobusters rode off into the sunset to duel another day. Hi-Ho Silver!

Leading The Way

Future Teachers of America, an organization designed for students who wished to be leaders, had been exceptionally busy this year. Before the 91-92 school year began, F.T.A. participated in the Story Hour at the Taylor Public Library, and served as role models for kids. In October, they held one of their annual fundraisers by operating the concession stand. Money that was raised was used towards district convention. December was jam packed for F.T.A. members who sponsored the Christmas door contest. Members also escorted children during the "Dentist With a Heart" program. They also adopted foster children and wrapped Christmas presents for them. Carnation sales in February helped fund the State Convention, an overnight trip held in March.

"Through F.T.A. I have had the opportunity to be involved in the community and to participate in many worthwhile service projects," said sophomore Kimberly Schaefer. "I encourage others to get involved in F.T.A. because it offers enjoyable and fulfilling experiences."

Let's Perform

"Nim Nim, MeMe-Uh huh! The proper way to warm one's voice is to concentrate on the sounds and breath from the diaphragm." That's what we learned this year in Speech and Drama. First semester, Mr. Volek said we'd get to ACT goofy, but when the time finally came, he didn't believe we were ACTING at all. The skits presented were as off-the-wall as this year's class of Thespians.

Second semester, a chosen few began to prepare for UIL literary and One-Act Play. When times got rough and the auditorium was not a happy place to be, the UIL'rs learned to hide in the "calm down" box until the coast was clear. While One-Act Play learned the importance of Think-Feel-Talk from a judge who looked like Moses, the rest of the class had DEBATEABLE assignments. All in all, um, Speech and Drama taught us to, um, talk better, um, in front of people.

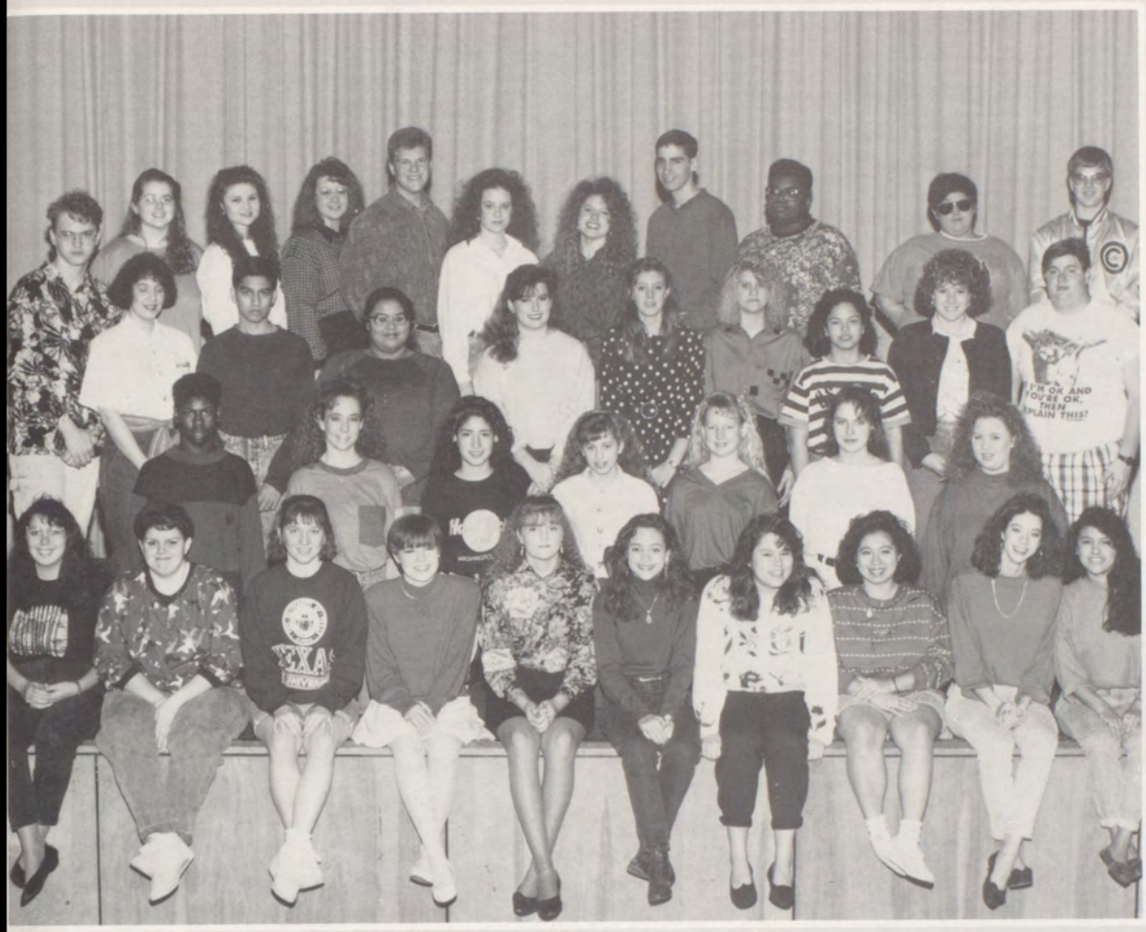

▲ ▲ ► **"Who me? I can't believe I won!"** Marsha Kokes sits mummified after being told she won Honorable Mention for her acting role.

A Little Bit of Love to Grow

"Give a little bit of heart and soul- give a little bit of love to grow." These words to a song suggest a message anyone can apply to his life. To give of yourself and your time to making a young child or young adolescent's life more bearable is honorable. This message was instilled in the hearts of eight Duck Pals. This bunch traveled to Northside, T.H. Johnson and Taylor Middle School to talk to and tutor children. Discussions ranged from tutoring to study skills to fitting in without giving in to pressure. Some students worked on our own campus, utilizing their skills for the benefit of others. The students the Duck Pals helped became better acquainted with themsleves, received more individual attention, and knew someone special was rooting for them. Duck Pals was more than a class; it was a cherished responsibility gladly accepted by caring students.

Science Club — What A Year!!

Although Science Club was in its first year of exsistence, over 75 people joined as members, and enrollment continued to increase.

In the fall, Science Club held a barbecue dinner. Proceeds were used towards the Texas A&M Symposium trip. Students watched experiments and learned many science theories. Junior Rebecca Diaz attended the workshop and said, "It was a learning experience that better explained the laws of science."

Science Club, along with A.A.U., sponsored the Physics Circus. Two scientists from the University of Texas demonstrated Physics Laws by using group participation. The assembly was very enlightening.

Science Club also took a trip to Six Flags and sold "Earth Day" t-shirts. This organization continues to grow in popularity and will greatly benefit all Taylor High students.

Surfin The Safe Way

SURF started off the school year with a big splash. The groups main goal was to recruit as many new members as possible. The big blue wave was placed in the student center and several new faces were added to the clubs membership list. As the year progressed, SURF was involved in many activities. The SURF club, along with the Science Club, sponsored a Leap into Spring dance to kick off the new spring semester. The dance was held in the cafeteria and was decorated with pink and green streamers. Alcohol Awareness Week was one of SURF's biggest projects. Each day a different activity was done involving a variety of students from the school. A special pep-rally was also held in hopes of getting the students more aware of the dangers of drugs and alcohol. The end of the year trip was held at Schlitterbahn in New Braunfels. All in all, it was a very successful year for the SURF club. The dedicated people of the SURF group helped to pull everyone together to promote positive lifestyles. It was a club that taught students the dangers of drugs and alcohol and showed them that their actions speak louder than words. Sponsors of the SURF club urged people to become part of a special club that would help them in their future lives. Because of the important messages given during Alcohol Awareness Week, many students successfully completed a safe, drug free year.

Working Hard . . .

A great way to get involved in school and the community is Marketing and Education. Marketing and Education is a vocational class with students that work either in a grocery store or a retail clothing, etc. in place of classes.

The students in the class are members of Distrubutive Education Clubs of America(DECA). Members of DECA went to contest on February 8, at South West Texas University. Gloria Garza, Robert Ackerman, and Sandra Sanchez participated and placed in Quick Serve and Food Marketing Contest. The Club members attended an overnight Leadership conference at Highland Lakes Baptist Encampment in September. Other activities were distributed throughout the year, and everyone enjoyed the learning experiences.

For The Money

Vocational Industrial Clubs of America(VICA) had a really neat sponser, Mr. Tennill. The class had many different types of jobs available for students that chose to work, but the class was not boring. Other activities that VICA did during the year were Employee Appreciation Banquet and VICA outing where they participated in skeet shooting, fishing, horseshoes, etc... Everyone knows that relaxation has to come after hard work.

Officers for the year were: Terry Stefek-President, Paul Bell-Vice President, Paul Smith-treasurer, Craig Stenholm-secretary, Keith Johnson-parlimentarian, Bradley Hines-reporter, and Micha Teeple-advisor.

Boot, Scoot, and Boogie

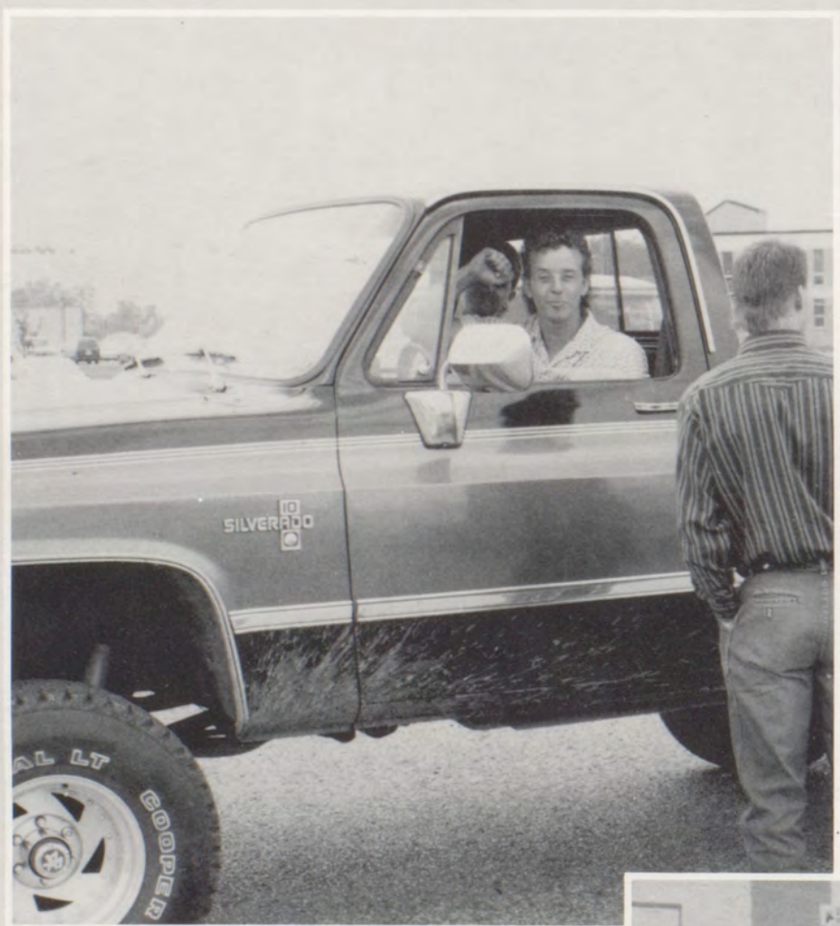

The good ole boys and girls are back for another round of cow pokin and bronco bustin. Get the cows and sheep herded up and let's head off to the stock show.

We had a very successful year in the animal raisin' business. FFA and 4-H members combined to present some of the finest looking animals at this year's Williamson County Livestock show. Some of them even made it to state.

FFA was also an important part in teaching students the necessity of careful planning and management, crop rotation, and the skills needed to produce the best animals and crops available. Being an important part of American life as farmers, ranchers, or ag technologists was the goal of many FFA students.

All in all, FFA is a very important organization which prepares students for their futures.

Power of The People

Few people realized the responsibility of Student Senate, and by just a little hard work and determination, we have accomplished a great deal. During the Christmas season, Student Senate sponsored a Christmas tree decorating contest between the classes, after which they donated the trees to needy families. In addition, we were in charge of various school elections like Homecoming Queen, Mr./Miss THS, and class favorites. Not only did we help with high school students, but we served as leaders when the eighth graders came for orientation, by taking them around to various classes and answering any questions they asked. Consequently, the members of the Student Senate delegated their power and led the school in a positive way.

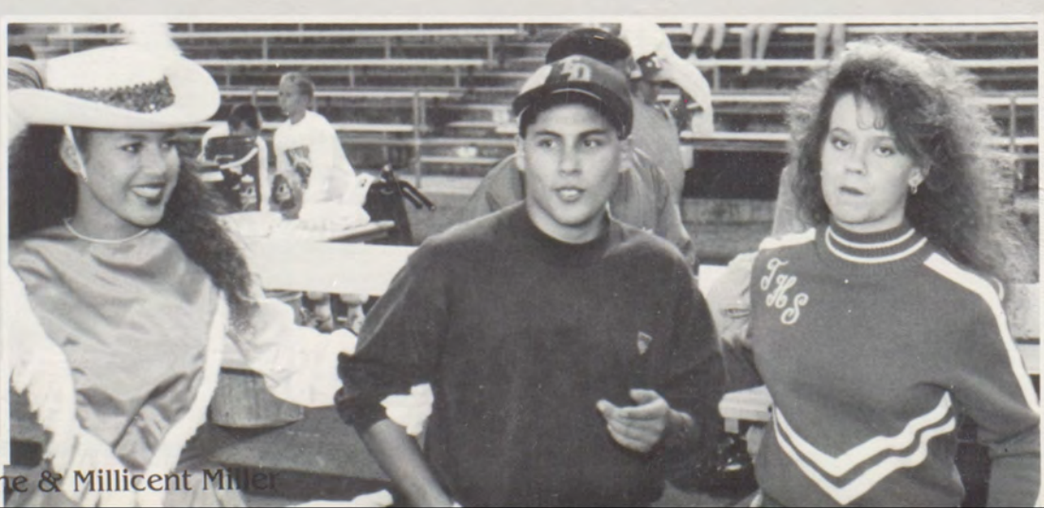

91-92 Student Senate officers: Rep. Millie Miller, Treas. Tricia Dominguez, VP Brandi Marek, Pres. David Carrizales, Parl. Val Jackson, Sec. Jenavie Carmona.

Extra, Extra Read All About It. . .

Those words were heard a lot, but there's also a lot of hard work and patience involved in making the Cotton Boll. This year's staff produced six issues, keeping students informed with each of them at THS.

Throughout the year, Bob Ochoa and his staff were real proud of their accomplishments. Even though their schedules were taken up, they took time out at the end of the year to take a trip to Six Flags.

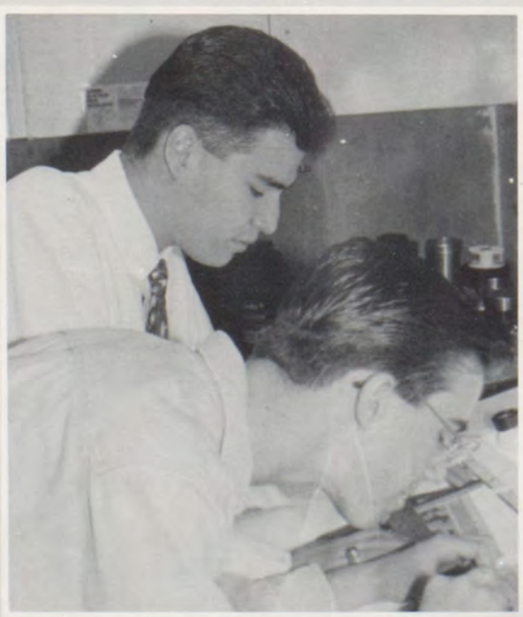

It was always a pleasure for students to be able to read about the issues they made happen, articles about people you never knew were so interesting and events you never knew took place at THS. So, when you heard those words, Extra, Extra . . ., make sure you get your copy of the Cotton Boll.

Chaotic Fun

TONIGHT! Yes tonight! YOUNG LIFE GOES TO absolutely no expense TO BRING YOU the announcements! After a "playing around" session, this famous quote begins the fun filled evening. Young life is a social club where kids from all grades gather to have fun. There seems to be no "status"; everyone is just like everyone else gathering for the same reason-"to have clean(well not always) fun!" Pies thrown in the face, flour all over the place, water balloons, wet chicken feed, shaving cream, ice cream olympics. These are just a few of the American Young life Gladiatior events. Along with all the fun and games comes a serious moment. At every gathering a Christian story is told. This is an oppurtunity for the kids to relate Christ to themselves, and to relate how He is involved in our everyday lives. Young life is obviously the place to be.

Perhaps Leaps & Bounds?

"Choir, yuck! Nobody cool is in CHOIR. That's a stupid class!!" NOT!! This year the THS Choir went leaps and bounds to build an outstanding reputation as being a talented and entertaining show choir.

They started the year off right with a fund raiser, selling Christmas tins and cookies to raise money for their trip at the end of the year. At the annual Christmas program the high school choir combined with the elementary and middle school choir to make a performance that was a great success. The choir wasn't able to go to contest as a whole this year; however, many members took solos and did very well. Misty Laurence and Keithon Gibson made district choir, and Keithon advanced all the way to state. In May the choir went to Corpus Christi to perform at the Naval Base and had some fun at the coast.

The year ended with a spring show on May 21st that showed what the choir had been working on during the second semester. The program contained many selections, most of which were choreographed, such as "Under the Sea" and a medley of songs from "Phantom of the Opera." It was definitely a great year for the THS choir , but don't just read about it, Join!!.

THS Band

Practice, Concerts, and Contests

The Taylor High School Band did many exciting things this year. The group "Native Sun" held a concert for the student body. Everyone enjoyed the music and break from class. The Taylor High School Marching Band performed during half-time at every football game and played in the stands during the game. They voted on and crowned Band Beau and Band Sweetheart, Stacy Ward and Tom Hays. This year's twirlers, Kristen Stiles and Stephanie Thompson, qualified for state by making 1st divisions at Region Twirling contest.

Band members arrived at school at 7:30 in order to practice for Friday night football games and UIL marching contest held in Round Rock. In December they had a ham dinner and performed during it. Many Band members also practiced outside of class in order to participate in the solo and ensemble contest. Many of these participants received a first division on their solos. In the spring they practiced for their spring concert and participated in concert contest.

The Right Attitude

A new year, a new wave. This year was definitely a year of change. The THS cheerleaders made sure we would make a difference in how we did things, or how the outcomes would be at pep rallies or basketball games. Whatever we did, it was sure to be done with the right attitude.

With two new sponsors, it was difficult to get use to the changes that we had planned, but somehow we managed. Our summer was filled with days of practice, long hours perfecting cheers and just learning how to work as a team. At camp, we all did great, and we learned a lot more about being a "cheerleader". The football games were some of the best moments in cheerleading. The Ducks didn't have a real good season, but with the right attitude, we made the best of it!

1-2-3-4-

5-6-7-8. That seems easy, but ask any Taylor High Stepper, and they might feel differently. Even though performances are spectacular, a lot of hard work and dedication is involved. During the week, things seemed to be hectic. After 2 to 3 hours of practice everyday after school, we became very moody and tired. Little problems came up as they do in everything, but we always over came them by Friday night.

Walking onto the field and hearing the crowd yell and scream for us was a great reward. If you have never been out there, you couldn't begin to imagine the thrill and excitement that filled our bodies as the Stepper red lipstick surrounded our pearly white teeth. For many of us, Steppers was a dream come true. A dream that we had had since we were little. A dream that we could always look back on in the future.

Magical World of Stepper Land

After long strenuous hours of determination and hard work, the year rolled to an end. We had experienced an exciting, funfilled football season, a stressful but successful contest in Katy, and then it was time for Spring Show. At contest we won sweepstakes and received a one on our officer's routine. Several solos, duets, and trios also received excellent ratings of either a one or a two. It was easy to understand such accomplishments when you looked at all of the extra hours of preparation. But tedious hours of labor were not the only necessary elements; it also took those extra little ingredients called "want to" and "togetherness."

For the seniors, Spring Show then was our last chance to perform in front of our Taylor crowds. Throughout the years, we had made close friendships and crazy memories that would be cherished forever. I only hope that the Steppers of the future will put out as much an effort and have as great a time as we have had. We will miss it deeply, but we will always come back and watch. And we know that with the impressionable image that we left behind, the honorable name of "The Award Winning Taylor Hi-Steppers" will carry on as usual.

Guten Tag!

Although learning a foreign language was difficult, many students will tell you that it provided a challenge and continued to make learning fun. German was one of three languages offered by Taylor High School. Besides presenting students with a view of another culture, German was exciting and extremely worthwhile.

The THS German Club allowed people to receive a more in-depth knowledge of the language and culture of Germany. In German Club, students attended parties with a German accent, went on field trips, and helped stimulate interest in the language. Many students also chose to participate in regional German contests, Sprachfest, and Houstonfest, and some advanced to state. German Club members studied new customs and traditions, while they also had a fabulous time!

▲ ▲ ► **"Can we go now?"** Houston fest participants pose quickly for a picture before boarding the bus to begin the long ride home.

Que Sabas Espanol?

Que? Sabes Espanol? That's OK-don't feel bad! Foreign languages for some was just a trial to go through in order to graduate with the advanced with honors seal. But for others it was an oppurtunity to learn more about their heritage, or even just to explore a new culture. Whatever the reason, it was definitely an interesting class to take. We watched movies, had mini-fiestas, and even got to take field trips to Apple-Tree every now and then. As for Spanish Club, we had a bake sale in April, and those who helped out were allowed to go on a field trip to San Antonio. While in San Antonio we visited a mission and learned about the people who used to live there. Over all we had a great year. Let's do it again! Yee-Ha Ariba!

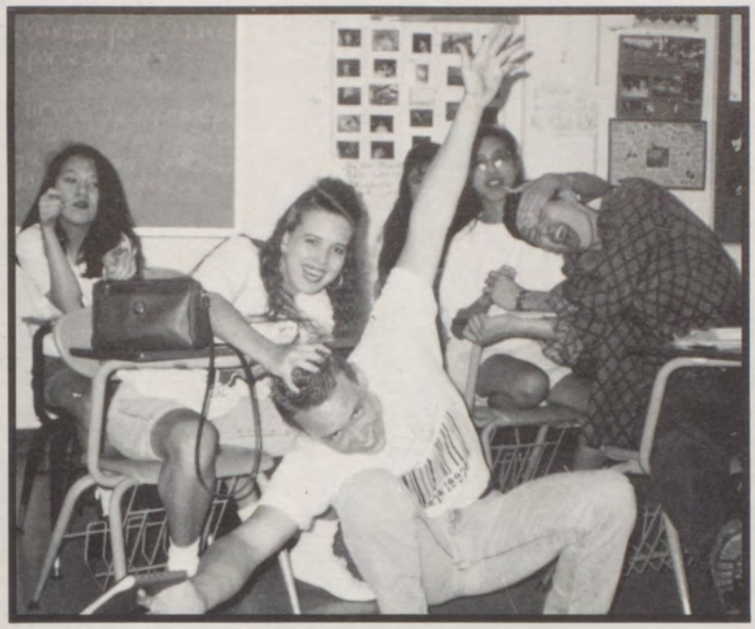

▲▲ **"I can't speak Spanish!"** Anna Riggs gets in on a close up flashing a "I can't speak Spanish look!"

▼ **Learning the culture is the key.** Paul Salazar and Teresa Arquelles enjoy learning about what their heritage and the Spanish heritage in general is all about.

▲ ◄ **Spanish art?!** Leslie Perez seems to think so as she poses by her collage that was made for one of the many projects that the Spanish class is required to do.

▲ **Showing their dedication to their work.** These Spanish II students are concentrating hard on their assignment for the day, so they don't have to work at home.

◄ **"No Problemo!"** Rebecca Diaz seems to feel that Spanish is a breeze as she is able to relax and calmly sit and smile at the camera during Spanish class.

Quid Est Latina?

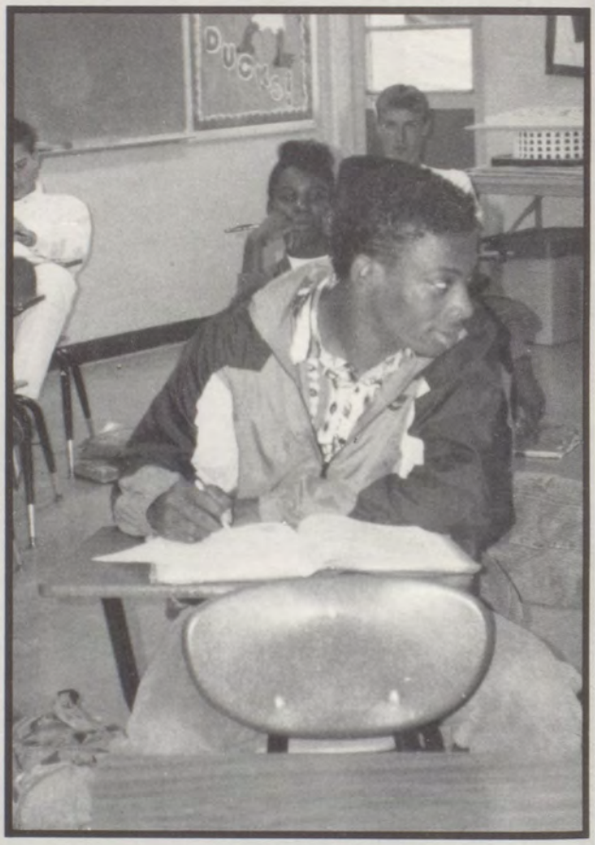

Latin Club has been especially busy this year. In December, Latin Club adopted foster children and purchased Christmas gifts for them.

Latin Club also sold wrapping paper to help fund their year end trip. The club sponsored their annual Slave Day. Participants dressed up as Roman Slaves and had to obey their masters. All involved said it was a blast. Last, but not least, on May 4, the Latin Club went to Six Flags over Texas for their end of the year trip. Students left at 12:00 p.m. and returned at 4:00 a.m. Everyone who went said they had fun although they were tired and glad to be home.

Latin Club's popularity will continue to grow and will benefit all future Latin students in the years to come. It will be an organization to look for in its many activities that benefit others. But take our word for it, join the Latin Club.

ENGLISH

Us kids done learnt some neat stuff in the english classes we tooked this year. After the drudgery of grammar and TEAMS, the REAL creativity of THS had a chance to burst through. Projects surfaced with the wackiest presentations being those major motion pictures of the sophomore and junior classes. Cajun Man won the laughs from Mrs. Cole's class rendition of *Julius Caesar*. All the while, Mrs. Parsons' Honors English class was busy running over classmates with automobiles in laud of Fitzgerald's *The Great Gatsby*. Some students even presented DRAWRINGS of Fitzgerald's tale in a bathtub full of water. Who knows what enkindled such theatrical talent within the halls of THS, but whatever it was, it definatlely seemed to enlighten both our patient teachers and appreciative audiences with the joy of snappy ironic humor.

▲ ► **"I think I liked the Cliff Notes better,"** said senior Odie Vanacek during a class outing to the library.

▲ **Cheese!** Mrs. Parsons English class agreed the best part of "The Nutcracker" was when the Prince dropped the Sugar Plum Fairy.

► **"And this is my prom dress..."** Freshman Leslie Johnson and Lori Faltesek present a Shakesperian project.

► ▼ **"Tease, tease, spray, spray."** Juniors Marsha Kokes and Misty Laurence primp on the set of *The Great Gatsby*.

TRAVIS STIBA

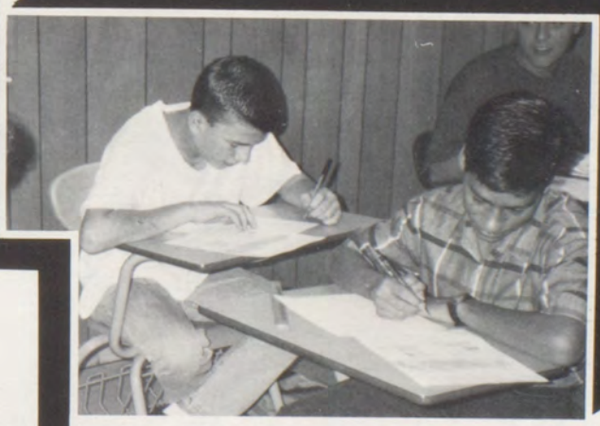

son of Mr. and Mrs. James Stiba was selected as one of the English department's nominees for the 92' Mallard Who's Who recognition. Travis plans to attend Texas A&M in the fall of 93. But, first he must contend with Hamlet and Mrs. Foley.

MARSHA KOKES

daughter of Mr. and Mrs. Marvin Kokes was also selected for the English Who's Who recognition. Marsha is an admitted Ag-horn and plans to do some heavy negotiation before committing to either university.

MATHMATICS

Derivitives, right angles, pythagorean thereom, trig functions, logarithims. Are you clueless? Well, I guess you haven't taken any math classes here at THS. Math is a very delicate subject. It can be put two ways: Either you have the skill or you don't. I mean for most of us it takes long strenuous hours just trying to figure out what's going on. Why couldn't sign errors be like punctuation errors? If you make a punctuation error you still know what's going on; with a sign error your lost. But for others, why study? All that's involved are a numbers and thing-a-ma-gigs. Let's demonstrate a couple of the "Calculus" terms. If you take the integral of a geometry class, you get an Algebra I class. If you take the derivitive of an Algebra II class, you get Pre-Calculus class. Now if you add all of that together you get a Calculus class. Weird? That's Math. . .

▲ ► **"Now look Stephen this is the problem you have to do"**, says Jason Bland to Stephen Raesz.

◄◄▼▼ "You've got to be kidding. That's the answer?!" Scott Jezek questions the answer to one of his many math problems from his homework assignment.

Senior Paula Johnson has been chosen by Dixie Ross, the head of the Math Department, as the Who's Who in Math at Taylor High School. "Paula has demonstrated consistent excellence in her mathematics classes at all levels. She also intends to pursue a career in a math related field," quotes Dixie.

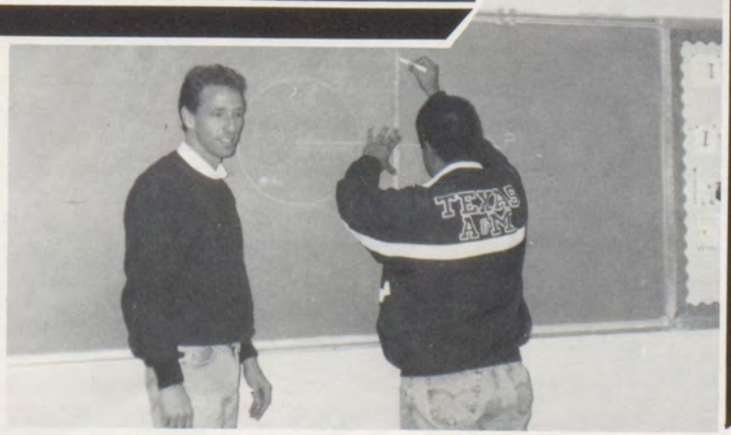

WHO'SWHO

▲ "Pay attention Keith, this is the way to work the problem!" David Carrizales instructs Keith Richardson on one of the many Calculus problems the class was working on.

SCIENCE

It took a little patience, dedication, and listening skills mixed with a lot of desire to master any science class here at Taylor High School.

Solving problems through observation and experimentation were just a few things that baffled students in both physics and chemistry. For physical science students, they grasped the concept of inertia while biology classes spent their year looking at pond water through microscopes and disecting frogs.

With a new physics teacher, Mr. Brian Didier, many students found learning physics to be a lot of fun, yet a lot of hard work. The science department really put their ideas together this year and made it into one of the best years for science at THS. Science: "Don't Leave Home With Out It!!"

▲ **"This one is going to be tough!?!"** says Steven Rieger as Bobby Martin and Mike Biehle help him with a problem in physical science.

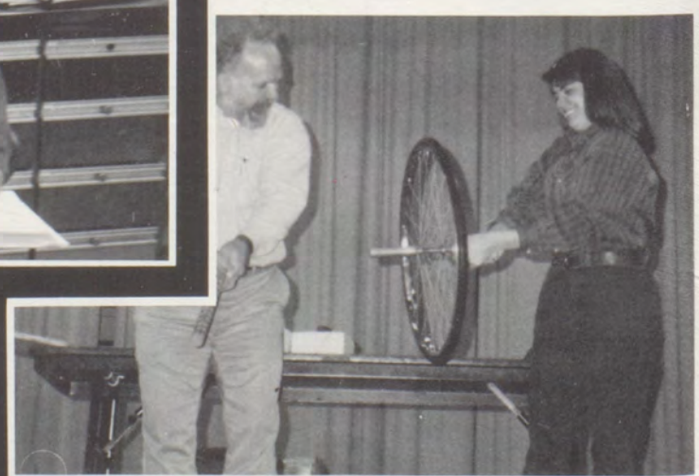

▲ ► **"I can't believe this"**, says Keithon Gipson as he disects his clam in biology class.

◄▼ **Listening attentively to a speaker**, these science students make sure they get all of the information.

◄ ◄ ▼ ▼ **"Hey dudes!"** Mr. Didier takes time to vogue for a quick snap.

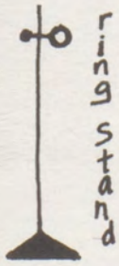

WHO'S WHO

Freshman Diana Safarik was chosen by her biology teacher Doug Kuhl as a scholar in science. "In biology, Diana is like a scientist; she wants to observe, identify, and experiment all areas that we discuss. She has the capacity to acquire knowledge and apply it to the task assigned. She wants to excel in class,and she wants to be the BEST", says Coach Kuhl. Diana well deserves this award that she has worked very hard to achieve.

▲ **"I can't see that far!!"** Dolores Gonzales tries to read the overhead in chemistry as Lynn Urbis and Stephanie Carrizales try as well.

SOCIAL STUDIES

WWII took place in 1975. . .Right? The Pacific Ocean borders Spain. . .Doesn't it? The Germans invaded the United States. . .Didn't they? History, History, History. We all wonder what the point is. I mean who really cares about the past anyway!!

From Mr. Crow and his neverending I.D. sheets to Mr. Pool and his confusing grading system, social studies and government became an important aspect of our daily lives here at Taylor High School. Ha, Ha! And then who could forget Coach Cole, Mr. Muniz, and Mr. Terrazas, and how they loved to make us draw maps. No matter how many tests we took, or how many films we watched, at least we came away with knowledge and understanding of the past.

▲ **Working hard together.** Tammy Limmer and Bobby Martin make the most of their government class.

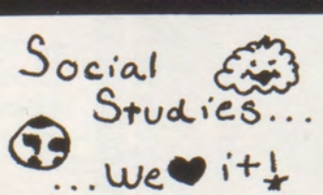

▲ ► **The History Man** Joey Razo knows his history and works diligently to get his work in on time.

◄▼ **The Social Studies Crew** The social studies students take time off from their hard work to pose for a picture.

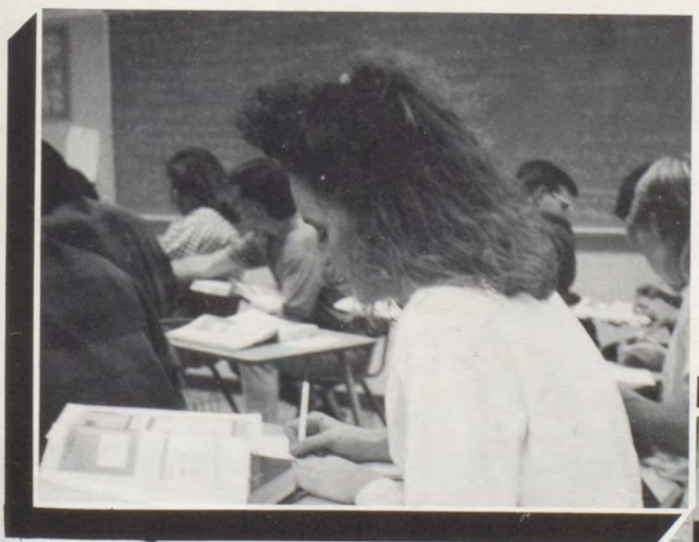

◄▼▼ **"Don't talk to me, I'm concentrating!"** Tanya Mott tries to get her work done before the bell rings, so she doesn't have to do it for her homework.

John Simcik was nominated by Mr. Crow as the Who's Who social studies scholar of the year. "He show's a general interest in history and is enthusiastic and punctual with his work. He is an exemplary student," says Mr. Crow.

WHO'SWHO

▲ **"Does anyone know the answer?"** Coach Johnny Cole asks his students if they understand what he is going over.

◄ **"I never knew history was so funny!"** Students laugh at the way the teachers make jokes about history making the class all together more interesting and fun.

VOCATIONAL

Buzzzzz! No, don't roll over! If you don't get out of bed right now you'll never make it to 7:30 class. And you've got such a busy day. Your schedule says you work at Central Office until noon. Today Mr. Caplinger wants you to pick up donuts(lucky you). Then you rush to Hardee's to get a quick bite to eat, and you're off to government for that chapter test. Then you have English, remember your scrapbook! Finally, you get to watch Pip, the Mime. Now do you believe me when I say you're going to be busy? Well, don't lay there. . .GET UP!

ACADEMICS

CHOICES

With the diversity in today's younger generation, Taylor High School accommodates the range of interests by offering a variety of electives. Every individual is different, thus everyone has different paths to follow and everyone chooses a curriculum to suit their future plans.

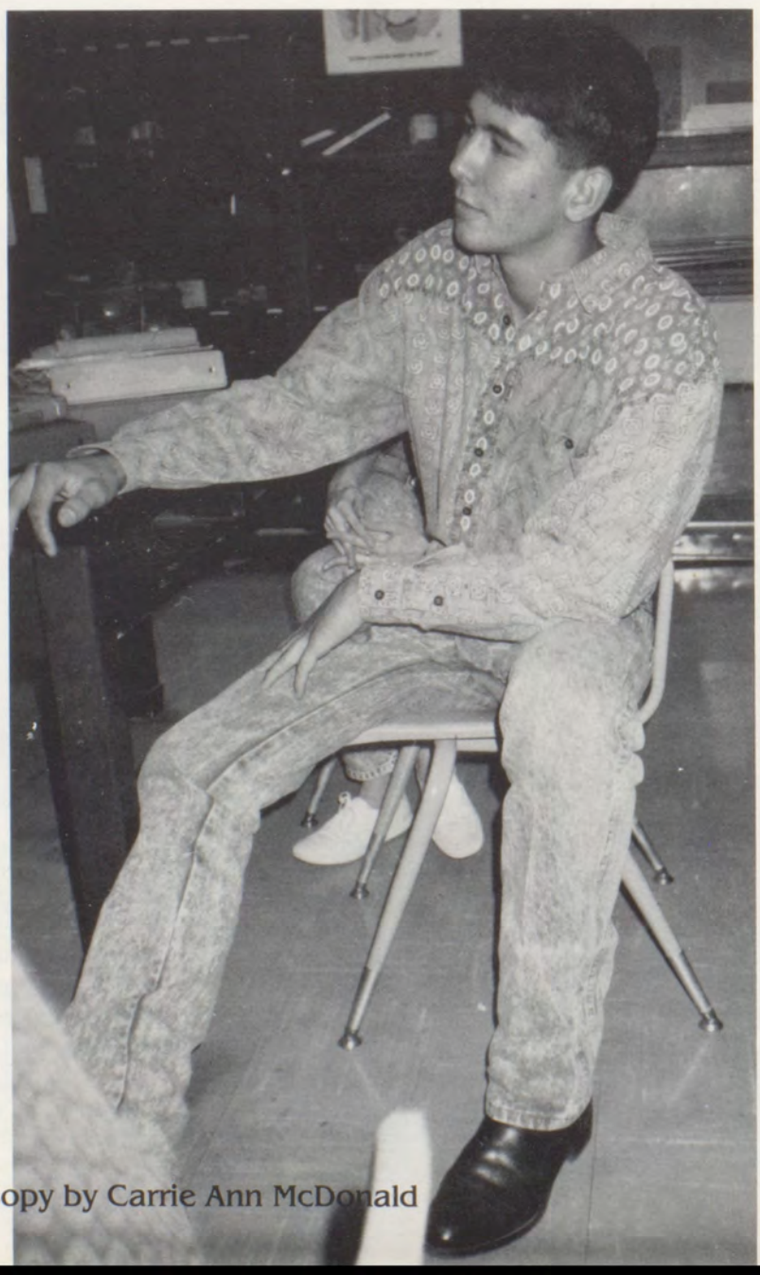

For those seeking a computer oriented career, Taylor High School offers Business Information Processing, a course which trains students to think, listen, follow directions, and work on their own. Students enrolled in this class also learned business applications using word processing, records management, and electronic spreadsheets, and were shown how to apply these skills in the modern electronic office.

Animal Science, Cabinetmaking, Horticulture, Apparel, Art, and three foreign languages are just a few more of the many electives offered to Taylor High School students.

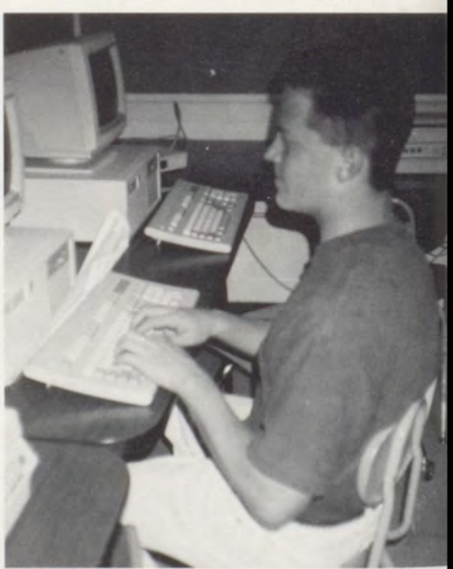

Everyone had different dreams and various paths to venture while in school, and Taylor High sufficed each individual's path by offering a wide range of electives to choose from.

EXPECTATIONS

... we all have them, and sometimes things happen to change them.

But there are some expectations that never change — like the fun and comfort of a best friend, the satisfaction of a good test grade, or the chills a school song brings when sung across a lighted field.

At TU Electric, we realize you have expectations of us, too — like having the electrical power ready when you turn on your computer, put on some records or plug in the blow dryer. And when the power does go off, we know you expect it to be restored quickly.

And it will be. That's just part of our commitment to provide quality electric service to customers.

Hmm!! Class of 1992?

The **Goals** you have in mind are the same as all mankind. The only difference between yours and theirs is the manner in which you approach your destiny.

A **Positive Attitude** is nothing but a mere thinking process. Until applied, the amount of success is unknown...

Look for the light and drudge through the fog. It is your parade and you control the march. One assertive step after another is the key. **Control** that step and prepare for the next. Let no one alter your momentum. A positive Reaction to one persons actions may be the difference between the Storm and the Sun.

The **Attitude** applied.
The **Control** of your thoughts and Actions.
Can be the difference between you
achieving your **Goals** and all of mankind
falling short of theirs.

The Achievement of your **Goals** should be final chapter of your future.

Good Luck and may all your dreams be a reality

Getting It All Together

Our Mallard Staff consisted of a group of unique individuals with a variety of attitudes working toward one common goal. Each person had his own idea about how the book should look and what it should say. Although we didn't always agree, we seemed to pull together to create one outstanding book. We're pretty proud of how it turned out. Here's who's responsible:(Advisor) Priscilla Parsons; (Editors-in-Chief) Shelly McAlpine, Jennifer Hejl, Erin Ruthven; (Staff Members) Heidi Zimmerhanzel, Chad Widmer, Odie Vanecek, David Carrizales, David Ariola, Keith McCuk, Paula Johnson, Trekeshelia Sorrels, Millicent Miller, Mike Turner, Catherine Raesz, Octavia Gray, Andrea Torres, Andrea Martin, Stephanie Kruse, Carrie McDonald, Kelly Griffin, Marsha Kokes, Haylie Hawkins, and Anna Riggs. Our office is located at 3101 N. Main in Taylor, Texas. Taylor Publishing Company prints everything when we're finished with it, and Jim Anderson is our head man. They will print 350 of these 192 page books on 100 lb. paper.

Special thanks have to go to the Taylor Daily Press, Billy Berkenbile, Mr. Ruthven, Mr. Bartosh, Mrs. Potts, Mr. Caplinger, the School Board, Mr. Clifton, Chris Kuemple, the Cotton Boll Staff, and the THS faculty. Keep a positive attitude. We're outta here. Enjoy the book. **Shelly, Jenn, and Erin**

▲ ▲ **The 92 Mallard Editors**: Erin Ruthven, Jennifer Hejl and Shelly McAlpine.

▲ **Just one big happy family.**

▲ ◄ **"Are we having fun yet?"** Senior members Millicient Miller and David Carrizales finish last minute spreads before their final deadline.

◄ **"Make sure that we don't leave anyone out."** Sponsor Priscilla Parsons and staff member David Ariola go through Mallard receipts to see who has not made final Mallard payments.

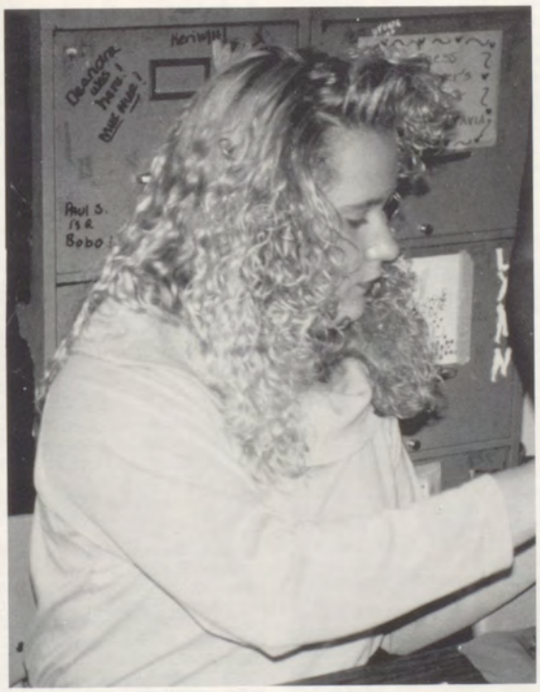

◀ THE 92 MALLARD STAFF

▼ ◀ *Decisions, decisions!* Carrie McDonald thumbs through pictures trying to decide which ones to use on her spread.

▼ *"Hey, I like to pose for this kind of picture."* Jennifer Heji, Paula Johnson and Shelly McAlpine allow Odie Vanecek to sneak into the picture, too.

▼ ▼ ◀ *We're so tired,* but never too tired to pose for the camera. Mallard Staff members take a short break as the final deadline approaches.

▼ ▼ *"Do it right, David, or Mrs. Parsons will make us do it again.* Andrea Torres helps David Carrizales edit as he works on the computer typing in copy.

A New

Dear THS Students:

Well, we thought we'd write you all again and see what you thought of those attitudes. We, the Mallard Staff, saw the good and the bad, but definitely had a wonderful time trying to capture all of the spectacular moments that happened during the school year. We took pictures until our fingers broke and found that the seniors had a unique attitude, and those freshman didn't do so bad themselves. Everywhere we went we saw different attitudes that set Taylor High apart from the rest. In fact, no where could anyone find a more diverse range of attitudes, and this book reflects them all. We certainly hope that with this book everyone can find and recall the special memories and special attitudes we shared. Therefore, we only found it fitting to name our book, SIMPLY AN ATTITUDE! Hope you enjoyed it. Thanks for the memories!
